Dear Sir and Brother

Yours of March 11th is before me now. I was very glad to hear from you, yet I am sorry about any friction existing in your Lodge concerning you or some kind of letter that you were supposed to have written Mr. about Concerning a Mr Lewis Hayes, receiving a black ball. I am sure if you wrote such a letter to me concerning Mr. Hayes or anyone else receiving a black ball, I have not received the letter. I hope this clears up this matter and trust the ones that accused you of same will give you an apology because he sure owes you one.

Give my regards to all the Brothers

Fraternally and Sincerely Yours
Howard Brown W. M.
