DAVENPORT NOTES.

We are pained to notice the death of Mr. Alonzo Twigg, one of the city's oldest residents. On last Thursday morning after his arrival home he decided to go fishing. While sitting on the river bank, a storm came up. He took refuge in the lumber yard and was struck by lightning and instantly killed. It was a sad blow to his wife and mother-in-law, whom he had just left a few hours before. He also leaves two brothers, John of Davenport and Wm. Twigg of Evanston, Ill.

The funeral was under the auspices of the August Wendt Post, G. A. R., of which he was a member. The funeral was held at Bethel A. M. E. church. Rev. I. B. Stovall officiated. We extend our sympathy to the bereaved family.

Sunday, July 17th, will be long remembered by members and friends of Bethel A. M. E. church. The morning dawned with thunderclouds and lightning and some rain. But long before the hour of opening services these had all dispersed and the sun shone out all its glory. After the Sunday school session, the regular morning services were opened as per program.

The Right Rev. Bishop S. T. Shaffer was introduced by P. E. Rev. L. J. Phillips. His text was 45 Psalm, 3, 4, and 5th verses. We need not say that the good bishop delivered an excellent sermon, for all who know him and have heard him are aware of the fact that he handled it well. The auditorium was crowded to its fullest capacity and the hearers were held spell bound by the eloquent words of the speaker. It seemed as though the great Shekinah was near us and our minds soared far, far above to the city of our God, and we thought of his loving kindness in the midst of his Temple. The singing by the church choir, was excellent. Mrs. Katie Green presided at the organ. The afternoon meeting consisted of short talks by the visiting ministers. It was also very interesting being highly enjoyed by all present. The C. E. L. choir under the direction of Mrs. Clara Anderson rendered excellent music. Every number was a jewel. Miss Freda Foster, pianist.

The evening service was conducted by Bishop Shaffer, who introduced our P. E. Rev. L. J. Phillips, who delivered a most excellent sermon.

The church choir was assisted by Mrs. L. Pollard and the Misses Tarver of Moline. We were also favored by a most excellent solo, One Sweetly Solemn Thought, by Miss McGee of Lima, Ohio. Williams of Washington, and several members. The result of the rally was something over \$500 for the trustees. Dinner and supper were served by the ladies in the basement, and a neat sum was realized. The same to be added to the other amount. We desire to thank our friends, who so nobly assisted us during this rally. We pray God's blessing and benediction upon them. Rev. B. U. EDITOR OBSERVATIONS.

Mason City.—We found an up-to-date, industrious class of colored citizens. Most every family doing well. Sadness had come over the town on account of the death of the oldest and most highly esteemed colored citizen, Mr. Charles Watson, who had died in the hospital in Minneapolis, where he had been taken for an operation. He was a barber and had been a resident of Mason City for nearly fifty years, and was well liked by both races. He owned some valuable property. Mr. W. L. Jones, another enterprising citizen conducts a barber shop. He is going into the poultry business, having now several hundred. He is also in partnership with another man in a hand laundry company, and they are doing a big business.

Mr. John D. Reeler, our old Des Moines friend, is still making good. He has a very fine poultry yard and every year he comes to the state fair and gets many blue ribbons. Indeed, John has one of the finest grade chickens in Iowa. He also owns a first class tinsmith shop and doing well. His lovely wife and daughter are great church workers.

Mr. Ben Hastings is another man doing well. He runs an express wagon. John Armstrong is in the barber business. Claude Curry, formerly of Des Moines, is working in a fruit store, doing well. Mr. Thomas Allen, an old Des Moines man, is doing well. He is a hustler. He wanted to know all about the old friends in the capital city. Robt. Lewis is a bright young man, working at the Boyd Drug company. Mr. Arthur Green is a hustler and in a little nearby town, called Manley, Iowa, are a few farmers. Mr. S. W. Stratton, who owns several hundred acres of valuable land here. They have Bystander Four July 21

been here for several years. The people have organized a Congregational church and was going to vote on calling a minister. There were three candidates, a man from North Carolina, Rev. E. J. Penney of Muskogee, Okla., who is known in our city and Rev. H. W. Porter of Des Moines. Rev. Penney was the successful candidate, and will soon arrive on the field for work. There are about one hundred colored people here, with no church at all.

Into Waterloo was our next stop. Here are only a few families. Mr. S. C. Smith is the chief chef in a hotel. He is formerly from Clinton. His daughter graduated from high school this spring. Mr. Henry Par-

ker is doing well. Mr. Lorenz Dipson is cook in a hotel. He seems to be an industrious young man.

Into Dubuque we found the colored population alive to the present problems and issues. Mr. A. L. McGregor is a new man here. He is a brother to Mr. C. C. McGregor, so well known here. Mr. McGregor is a carpenter and cabinet maker. He has spent several years in the regular army and is an interesting talker. Henry Martin is still at the Julian hotel. He is talking of moving to Louisiana soon. J. M. Logan is still in the barbering trade, doing well. John C. Wells is doing well. Henry Martin is still hustling. The church is doing nicely under the leadership of Rev. B. F. Hubbard. Mrs. Jim Martin will chronicle the news for the Bystander this year.

Into Clinton, but as we were only there a few hours and as so much news from here comes to the paper, we need not at this time observe from these glasses.

Cedar Rapids.—We found everything moving along as usual. Marshal Perkins is still running his restaurant with a large patronage. E. C. Thomas is still engineer for the shops. He is one of the best known mechanicians. Mr. C. H. Seary is still in the huck business. Mr. Jones runs a restaurant on A. Avenue and is doing nicely. Ed Marshall is still doing a large carpet cleaning business. Mr. Perkins has moved out to the north part of the city limits, and also cleaning carpets. He is gardening and improving his property. Mr. R. M. Jones is still hustling. He is doing well. Thomas Jackson is still in the barber business. Mrs. H. Horne will join the Cedar Rapids budgetarian this year for the Bystander. Wm. H. Milligan is still on his fruit farm just north of our city and is doing well. Of course, the late frost cut his fruit crop. The A. M. E. church is progressing nicely under the able leadership of Rev. J. H. Partridge. Rev. R. Hally and A. Ford are retired A. M. E. divines living here. The latter was looking for his sister and some other relatives from Washington, D. C., to visit him. He has not seen his sister for more than twenty years. Wm. Robinson, an old Des Moines man, is here doing nicely.

Our next stop was in Marshalltown. A Horne found the colored race alive to the interest. Lu Johnson has gone into the cement contracting business. He has a large force of men working for him and is doing good work. We wish for him success. Geo. L. Sutor is still engineer at the water works. Isaac Brown is still in the city public library. Mr. Al Walker has charge of the Wright barber shop and is doing well. Mr. G. R. Warren has moved to the city limits, where he is gardening, doing very well. Mr. M. J. Jackson is still hustling. Mr. V. D. Crawford is here doing as well as usual.

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Oronogo, Mo.—"I was simply a nervous wreck. I could not walk across the floor without my heart fluttering and I could not even receive a letter. Every month I had such a bearing down sensation, as if the lower parts would fall out. Lydia E. Pinkham's Vegetable Compound has done my nerves a great deal of good and has also relieved the bearing down. I recommended it to some friends and two of them have been greatly benefited by it."—Mrs. MAX McKNIGHT, Oronogo, Mo.

Another Grateful Woman.
St. Louis, Mo.—"I was bothered terribly with a female weakness and had backache, bearing down pains and pains in lower parts. I began taking Lydia E. Pinkham's Vegetable Compound regularly and used the Sanative Wash and now I have no more troubles that way."—Mrs. AL. HERZOG, 6722 Prescott Ave., St. Louis, Mo.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

IT WAS ONCE HIS.

"You don't remember me, do you?"
"No; but that umbrella has a familiar look."

Old Advice.
Manager—You never get this scene right. Your business with the sweet peas is all wrong and you forget when you are to speak—you get your lines all mixed up.

Actress—All right, sir, I'll be more attentive and fix the sweet peas and try to get my lines in the right place.

Manager—Your course is very simple. Just mind your peas and cues.—Pittsburgh American.

Sometimes a woman keeps on telling people how smart her husband is until she actually believes it.

Lots of marriages merely demonstrate that misery loves company.

HARD TO PLEASE
Regarding the Morning Cup.

"Oh how hard it was to part with coffee, but the continued trouble with constipation and belching was such that I finally brought myself to leave it off."

"Then the question was, what should we use for the morning drink? Tea was worse for us than coffee; chocolate and cocoa were soon tired of; milk was not liked very well, and hot water we could not endure."

"About two years ago we struck upon Postum and have never been without it since."

"We have seven children. Our baby now eighteen months old would not take milk, so we tried Postum and found she liked it and it agreed with her perfectly. She is today, and has been, one of the healthiest babies in the State."

"I use about two-thirds Postum and one-third milk and a teaspoon of sugar, and put it into her bottle. If you could have seen her eyes sparkle and hear her say 'good' today when I gave it to her, you would believe me that she likes it."

"If I was mother of an infant's home, every child would be raised on Postum. Many of my friends say, 'You are looking so well!' I reply, 'I am well; I drink Postum. I have no more trouble with constipation, and know that I owe my good health to God and Postum.'"

"I am writing this letter because I want to tell you how much good Postum has done us, but if you knew how I shrink from publicity, you would not publish this letter, at least not over my name."

FIVE BADLY HURT

Panora Business Men are Injured When Auto Hits Post

BANKER CULBERTSON MAY DIE

O. P. Hart, Dr. F. A. Towne, Edward Jennings and H. H. Warner Also Injured in Crash While Returning From Perry.

Panora, Ia., July 22.—Five prominent business men of Panora were seriously injured in an automobile accident, which occurred eight miles northeast of town. H. M. Culbertson, cashier of the Citizens' State bank, probably will die.

The injured are: O. P. Hart, driver of the car, right arm broken in two places, left shoulder dislocated and seriously bruised.

Dr. F. A. Towne, badly scratched and shaken up.

Edward Jennings, right leg broken.

H. H. Warner, head badly cut over right eye, back of head crushed.

H. M. Culbertson, one arm crushed and internally injured.

The party was returning from the firemen's tournament at Perry. All are prominent young men of Panora. About eight miles from Panora there is a sharp turn in the road. The car bumped over a small culvert just before reaching the jog and jarred the lights out. In the dark, Driver Hart, a forgetful of the turn, ran the car at a speed of eighteen to twenty miles an hour straight ahead and into the ditch where it struck a telephone post. The crash was terrific.

Dr. Towne was thrown clear over the fence into the field. He was the first to get up. He found the others lying about the car unconscious. He found all of them living, and set about the best he could to revive them. In a few minutes M. Van Deventer of Panora came along, returning from Perry, and found the wreck. He hurried to Panora for help.

Five doctors reached the scene practically at the same time. Banker Culbertson was found to be the most seriously injured of the party. He could not be taken home but was given shelter in a farm house nearby, where his bride of five months was brought from Panora.

16,000 RAILROAD MEN GO OUT

STRIKE ON GRAND TRUNK SYSTEM TIES UP FREIGHT.

Passenger Service Is Congested—Milk Famine Threatens Montreal—Strikers Are Orderly.

Montreal.—It was estimated Tuesday that 16,000 men were out of employment as a result of the strike of employees of the Grand Trunk railroad system which went into effect Monday night.

The strike order was obeyed by 6,000 conductors and trainmen and the company Tuesday locked out 10,000 men in the shops in the hope that they would accept the positions deserted by the conductors and trainmen. The coup has not been successful.

Freight and passenger traffic on the entire Grand Trunk system is congested. Freight is piling up in immense quantities at the various transfer points, with no likelihood of being moved for a long time.

A few trains were run by minor officials of the road, with office clerks to take the tickets, but this method has proven a failure. Passengers will not purchase tickets because of the inability of the company to guarantee a through trip to any point.

A milk famine is threatened in Montreal by reason of the company's failure to deliver any part of the usual supply of that commodity from outlying points. Also there is a marked scarcity of other necessities.

There was nothing approaching disorder among the strikers at any point along the system, excepting in one instance, in which a brakeman on a Grand Trunk train at Flint, Mich., was attacked by the strikers and saved by his mother, who shamed the strikers into retreat.

Toronto, Ont.—The second day of the strike on the Grand Trunk has been uneventful throughout Ontario. Through passenger trains are running fairly on time. A few locals have been abandoned. No attempt is being made to move freight.

The freight situation in this city is indeed serious. The yards and sidings are congested with cars. The ice companies are suffering and much perishable freight is being ruined. But stories that the city is undergoing a milk famine and soon would suffer for want of meat are unfounded.

Cleveland, O.—Where will absolutely be no quarter given in the fight between the Canadian trainmen and the Grand Trunk and Vermont railways," said President W. G. Lee of the Brotherhood of Railroad Trainmen, on his return to this city.

"The Brotherhood of Railroad Trainmen and the Order of Railway Conductors will back the strikers to their last penny."

"The strikers will hold out for the same terms granted by the Baltimore & Ohio, and which every other railroad excepting the Grand Trunk and the Vermont has accepted."

GOV. CARROLL IS INDICTED

Grand Jury Returns Bill Charging Iowa's Chief Executive With Criminal Libel.

Des Moines.—Gov. B. F. Carroll was indicted Wednesday by the Polk county grand jury here on the charge of criminal libel preferred against him by John Cowie, former member of the state board of control, whom the governor forced to resign under charges of misconduct preferred in affidavits by girl inmates of the Girls' Reform school at Mitchellville.

After his resignation Cowie declared he was forced to resign without justifiable cause and Governor Carroll issued a published statement in which he set forth the claim that Cowie had sold diseased cattle belonging to the state and had conducted himself unbecomingly among the girls at Mitchellville.

The governor was released on his own recognizance and will demand an immediate trial. His effort will be to prove the truth of his statements and show justification for publishing them. Under the Iowa statute the penalty upon conviction is imprisonment in the penitentiary not to exceed one year or a fine not to exceed \$1,000.

Iowa State News

Events of Recent Occurrence Throughout the Commonwealth

The state executive council will not be able this year to give farm land valuations another boost for assessment purposes as last year. The real estate assessment comes only once in two years, but there is to be readjustment of the personal property assessment. Last year the council ordered an increase in assessments in twenty-four of the counties of the state, ranging from one per cent in a few counties to five per cent in others. The real estate values were increased five per cent in Polk, Plymouth, Howard, and Wapello counties. Members of the council do not hesitate to say privately, that the real estate valuations as reported by assessors are too low considering the actual price of the land. Undoubtedly next year there will be a big boost in all assessments.

Friends of Dr. J. W. Crofford, of Lamoni, states that it cost him fully \$20,000 to gain his freedom from prison after he had been sent up for life for the alleged murder of a young girl in his sanitarium. He had the case fought through the courts for six or seven years. The supreme court twice affirmed the doctor's guilt. His attorney got through the legislature a special bill which had the effect of permitting him to go free on bail pending an appeal. Finally he was pardoned on the testimony of one Dr. Brown, who long after all other resources had failed, produced the evidence that if presented on the trial would certainly have cleared Crofford. It is very likely that Dr. Crofford will be restored his certificate and will engage again in the practice of medicine.

Civil service examinations for department positions in Washington will be held this fall in the following places: Des Moines, Sept. 14, 24, Oct. 12; Council Bluffs, Sept. 14, Oct. 12; Davenport, Sept. 14, Oct. 12; Dubuque, Sept. 14, 28, Oct. 12; Fort Dodge, Sept. 14, 28, Oct. 12; Iowa City, Sept. 14, Oct. 12; Mason City, Sept. 14, 30, Oct. 12; Sioux City, Sept. 14, 22, Oct. 12; Waterloo, Sept. 14, 29, Oct. 12.

There are over 3,000 phone companies in Iowa and the task of fixing the assessment upon them by the state executive council is no small one. In fact it will be done largely by clerical help and the council as a body will not pass on the valuation of very many of the companies.

Pensions have been granted the following Iowans: Harrison M. Anderson, \$15; John Bard, \$12; Henry C. Carper, \$15; Morris J. Corykendall, \$20; Rosabelle Hall, \$12; Alvin A. Miller, \$12; Wm. L. Oakes, \$15; Emma A. Rieck, \$12; Hamilton P. Ross, \$30; Francis E. Wilson, \$12.

She Lives in Bingleville.

A south Missouri paper is carrying this ad.: "Attractive woman, not a day over thirty, would be pleased to correspond with eligible man. Not absolutely necessary that he should be young. Would prefer one with property, but one with a good paying position would be satisfactory. The young lady is of medium height, has brown hair and gray eyes, not fat, although, most decidedly, she is not skinny. Her friends say she is a fine looking woman. Object matrimony. Reason for this advertisement, the young woman lives in a little dinky town, where the best catches are the boys behind the counters in the dry goods and clothing stores, and every one of them is spoken for by the time he is out of his short pants. When we first began our wonderful work of growing all kinds, all qualities, all lengths, and all conditions of hair, even to the growing of hair on bald places of the head, many persons scorned the idea that such a thing was possible; but we have grown the hair for hundreds; rapidly achieving success. The proof of the value of our work is that we are being imitated and largely by persons whose own hair we have actually grown and the further fact that they have very frequently mentioned us when trying to sell their goods (saying that theirs is the same or "just as good") or referred to PORO. We advise you to use only PORO Hair Grower, (the oldest and best of its kind.) See that the name PORO is on every box, not genuine without it. Prepared only by Mrs. A. M. POPE.

Denver, Col., Aug., 1907.

To the Public: I have known Mrs. T. D. Perkins more than ten years and never know her to have hair more than two inches long until the past three years. I was more than surprised when she took her hair down to prove to me that it was all her own. I put my scalp in her charge at once and words can never express the wonderful results of her treatment. I have tried so many hair treatments that my hair was in a dreadful condition. Mrs. Perkins' first treatment proved beyond a doubt her knowledge of the care of the scalp. I trust every woman who may read this will write Mrs. Perkins and secure a place in her class for scalp treatment for beautifying and growth of the hair.

DANDRUFF REMOVED AND HAIR BEAUTIFIED.

Chester, Pa., Dec. 12, 1908. Dear Mrs. Perkins: I really feel it a duty to write and let you know the wonderful results I have obtained by the use of your scalp treatment. I have not only found it to be a dandruff remover, but it is also a hair beautifier. It would do you good to see how straight and black my hair is since using your treatment. Of the many preparations of this kind on the market, yours seems to be the only one that does what it claims. You certainly have discovered the true secret of beautifying the hair, and I wish you every success—and give you permission to use this letter and my name, if you like, as I feel that I cannot too highly recommend it. Wishing you a merry Christmas and a prosperous new year.

MISS MAGGIE HO BROWN.

What I did for my hair I am doing for hundreds of others, and will do for you with my Matchless Scientific Scalp Preparations. My treatment stops falling hair or breaking off, cures split ends, removes dandruff and scalp scurf, causes the hair to grow long, no matter how short; soft, no matter how harsh; thick, no matter how thin; straight from the blubs, no matter how kinky. First treatment will show wonderful improvement. Do not wait if you are interested in your hair. I give treatments all over the United States by mail. Write me at once. I send booklet concerning the care of the hair, and testimonials of those taking my treatments when two-cent stamp is enclosed. I do not have agents. Send for booklet if you mean business. You can secure these preparations only from me. None like them made in the world. The T. D. P. Scientific Scalp Preparation, Madame Perkins, sole agent.
