Rev. Carlyle Stewart Dies in Michigan

Ann Arbor, Mich. — National Council of Community Church President, the Rev. Carlyle Fielding, one of the country's best known clergymen died Thursday, Nov. 3, at University Hospital here where he had been a patient for several weeks.

Over 2,500 friends and parishioners attended his funeral at the People's Community Church in Detroit.

Rev. Stewart, 69, was in his third term as president and was the first Negro in the organization's history to become president. He founded the People's Community Church in 1954 and had been its pastor to the present.

Chaplin

In Detroit, Rev. Stewart served as Chaplain of the Chaplin of the city's Police Department, District American Legion and State of Michigan American Legion.

Rev. Stewart, born in Adrian, Mich., in 1897, was educated in Evanston, Ill., and received his B.A. Degree from Northwestern University and his Master's Degree from the University of Chicago. Additional study was at the University of Minnesota and Garrett Biblical Institute.

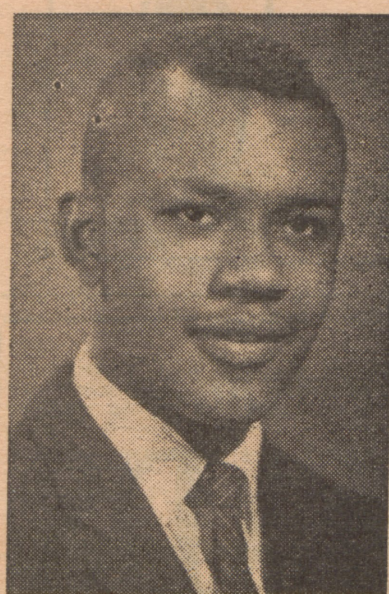

Presiding at the service Saturday, Nov. 5 was Rev. Darneau V. Stewart, nephew.

Survivors include his wife, Alice Louise, two daughters, Dr. Barbara Jenkins, Frances E. Reddick; two sons, Carlyle F. Jr., and James W.; one sister, Louise Payne and a brother, Hilbert Kenneth and other relatives.

Dowdy Named Pres. Of Assoc. NC Schools

Greensboro, N. C. — Dr. Lewis C. Dowdy, president of A & T College, was last week installed a president of the North Carolina Association of Colleges and Universities.

The installation took place at the closing session of the two-day meeting conducted at the Winston-Salem, N. C., Robert E. Lee Hotel.

The integrated organization, composed of the 58 public and private colleges and universities in the State, has for its purposes: To provide a forum for discussion of trends and issues in higher education; to provide a medium for coordination in matters of common interest to the institutions and to further the cause of higher education in North Carolina.

The organization reelected Dr. J. P. Freeman of the State Department of Public Instruction, Raleigh, N. C., as secretary-treasurer.

Dr. Dowdy, who replaces Dr. Arthur D. Wenger, the president of Atlantic Christian College, Greensboro, N. C., assumes the position after being named president-elect at the 1965 annual meeting.

Cecil King, 35 Others Are Arrested in Raid

Cecil King, 33, of 834 Thirteenth street, was charged with violation of the general prohibition act early Sunday morning. He was held on \$600 bond and ordered to appear in Municipal Court at 1:30 p.m. on Nov. 28.

King was arrested with thirty-one men, at least 20 of them Drake University students, three women and one juvenile on charges of being in a place where bootleg liquor was being sold.

The 33 other men and women were

NAACP Will Process Abuse Complaints

New York — Following defeat of the Civilian Police Complaint Review Board at the polls in New York City on Election Day, NAACP Executive Director Roy Wilkins announced plans to set up offices in four of the organization's New York branches to handle citizens' complaints about police. The plan went into effect on or about Nov. 15.

In his statement, Mr. Wilkins said, "We insist that adverse police attitudes toward — and the mistreatment of — minorities is very real. . . . The NAACP will receive complaints, take affidavits, and advise citizens on steps to be followed. Naturally, we will not hesitate to dispute decision which we do not square with the evidence."

Mr. Wilkins called for volunteers to help man the offices during evening hours in the Bronx, Brooklyn, Harlem and Jamaica.

SIGMA Ask Shriver: Reconsider Funds

New York, N.Y. — The members of Phi beta Sigma Fraternity, Incorporated, an organization of 40,000 college trained Negro men have inaugurated a national letter writing campaign protesting the termination of funds from the Office of Economic Opportunities to the Child Development Group of Mississippi.

In releasing the text of the letter being mailed to Sargeant Shriver, Executive Director, Office Of Economic Opportunity, from local Chapters of Phi Beta Sigma, William E. Doar, Jr., National Executive Secre-

Negro Identifies With Jew, Though Is Anti-Semitic

Rabbi Arthur J. Lelyveld, of Cleveland, Ohio, National president of the American Jewish Congress, said he recognized that anti-Semitism exists among Negroes. But he added: "Far stronger than Negro resentment against Jews is Negro identification with the Jewish people: not only with the Jew as victim of anti-Semitism but with the Jew as triumphant battler against the corrosion of victimization." He continued:

"Negro anti-Semitism cannot be blinked or disregarded or swept under the rug, lest the Jewish community abandon all self-respect, and the respect of others.

"At the same time, we must be aware of the danger that some persons may seize on Negro anti-Semitism as an excuse to refrain from participating in the great struggle for racial equality, a struggle which is not a Negro struggle alone but an American struggle.

"Our commitment to the cause of civil rights and our involvement in the battle for racial justice remain undiminished."

Dr. King Analyzes Tuesday Election

Atlanta, Ga. — Dr. Martin Luther King Jr. declared after surveying the 1966 campaign results: "The outcome of this election is a mixture of encouragement and discouragement. On the discouraging side," he said, "this is the first election in modern times in which racism figured as one of the dominant issues in cities and states of the North and South. Scarcely disguised appeals to prejudice were accepted practice in many campaigns.

"The victory of Mrs. Lurleen Wallace in Alabama, conservative Claude Kirk, Jr. in Florida and Ronald Reagan in California, and the defeat of the Police Review Board in New York City, indicate that 'large segments of America still suffer from a

repulsive moral disease that must be cured before our moral health can be restored," Dr. King said.

Negroes across the nation refused to be frightened at the polls by the "backlash." They considered it another name for the system of human oppression called segregation, which they have resisted in the United States for three hundred years.

Dr. King found encouragement in the election of Edward Brooke of Massachusetts as the first Negro Senator since Reconstruction. Also significant were the defeats of the notorious "backlash candidates", George Mahoney in Maryland, and James Johnson in Arkansas.

"Despite appeals to bigotry of an intensity and vulgarity never before witnessed in the North," Dr. King concluded, "millions of white voters remained unshaken in their commitment to decency."

Service Brothers Meet Going to Bases

Airman Second Class Verron Morris, from Lowery Air Force Base, Colo., was here on a fifteen day leave enroute to Thailand.

Morris, who completed a photography course at Lowery, will be stationed on the front lines repairing cameras.

He was fortunate to see his brother, Corporal Edward Bernard Morris, from Ft. Benning, Ga., enroute to Viet Nam. Corp. Morris is flight engineer on the Chenook copter.

He was home on a ten-day leave, but had to return to Ft. Benning to pilot the helicopter to Camp Stockton, Calif.

NEWS In A Nutshell

St. Louis, Mo. — Eight Negroes were officially inducted into Local 562 of the Steam-fitters on Wednesday, Nov. 9. The eight new members who broke racial barriers in the metropolitan construction industry last February by being hired on a probationary status as on-the-job journeymen trainees received membership cards in Local 562.

New York — Going into bankruptcy is a more effective method of demonstrating for civil rights than marches, sit-ins and boycotts, Negroes were told at the forth-coming Black Power conference in Washington. According to The Insider's Newsletter, civil rights worker Julius Hobson will propose the idea at the conference to be presided over by Adam Clayton Powell (D-N.Y.). Hobson claims, "The great benefits of the Bankruptcy Law to the nation's poor appear to be almost unknown." He adds that if all indebted Negroes go into bankruptcy on masse, "it will have a devastating effect on the nation's economy."

Chicago, Ill. — A flash fire swept through the south side home of Mr. and Mrs. Willie Edwards Monday, killing their three children, Mark, 10 months, his brother, Shawn, 3, and Roslyn, 2. Mrs. Edwards said she lit the kitchen stove and left the oven door open before going to bed with her two older children.

Washington, D.C. — The Thirty-first National Convention of the National Council of Negro Women convened at the Sheraton-Park Hotel Nov. 9-13. Theme was "Women and Girls in the Urban Crisis." Leadership training and its application was stressed at the meeting.

Dem. Candidates Set Record Tues.

Washington, D.C. — (Special) — 133 Negro Democratic candidates including 16 women, for seats in State legislatures set a record Tuesday in 21 states. Negro Democrats won 60 new State legislative seats.

In Texas — In races for State Senate seats 24 Negroes won while 109 won seats in the lower houses. For the first time in this century, Negroes will serve in the Texas legislature as three Democrats were elected and five additional seats were won in Tennessee.

Representatives William Dawson of Illinois, Adam Powell of New York, Augustus Hawkins of California, Robert Nix of Philadelphia, John Conyers and Charles Diggs of Detroit won re-election easily.

Lucius E. Amerson of Tuskegee who won the Democratic nomination for Sheriff of Macon County, Alabama, became the first Negro to be elected Sheriff in the south since Reconstruction. Gerold A. Lamb was re-elected Treasurer of Connecticut. Richard Austin of Detroit was elected Borough President of Manhattan.

Trespass Ordinance Involved Florida Picketers; Each Draws Fine of \$50

Washington, D. C., November 14 — By a vote of 5-4 the U. S. Supreme Court ruled Monday that demonstrators who refuse an official request to leave states' properties can be arrested under trespass ordinance.

Writing the majority opinion was Justice Hugo Black, recognized protector of free speech guarantees.

Citing the upheld trespass convictions of 32 Negroes who demonstrated outside the county jail in Tallahassee, Fla., Black said that nothing in the Constitution prevented Florida from enforcement of trespass statute against those refusing to obey a sheriff's order to remove themselves from the jail courtyard.

Police Doctrine

Justice William O. Douglas delivered a dissenting opinion in which he declared: "We now have set into the record a great and wonderful police state doctrine."

The Florida incident occurred when Negroes protested segregated facilities at the jail and the previous arrest of other anti-segregation demonstrators.

The arrests, in September, 1963, stemmed from efforts to desegregate

movie theaters and other public facilities in the city.

In affirming the conviction, Leon County Circuit Judge Ben C. Willis said the demonstrators had remained "on the premises" of the jail after the sheriff, W. P. Joyce, clearly and distinctly told them to leave.

\$50 Fines

The Negroes were convicted in a Leon County Court jury trial under a Florida law that prohibits trespassing "with a malicious and mischievous intent." They were sentenced to pay a \$50 fine each or go to jail for 30 days.

"It is the view of this court," Willis said, "that the premises of a jail or prison or other custodial institutions are not, as of right, available for massive demonstrations, particularly if they involve emotional attributes, however praiseworthy the motives or objectives may be."

Douglas, in dissenting, said the high court's decision gives the 'custodian of public property, or local police, "the awesome power to decide whose ideas may be expressed and who shall be denied a place to air their claims and petition their government."

Two Iowans Among Finalists In National Scholarship Award

Two Iowa high school seniors have become finalists in the third National Achievement Scholarship Program. They are Miss Linda Sue Bowman, of Des Moines and Martin Terrell Smith, of Cedar Rapids.

Miss Bowman, daughter of Mr. and Mrs. William Bowman, of 3005 Amherst, attends North High school and Martin, son of Mr. and Mrs. Elmer T. Smith, of 905 8th avenue S.E., goes to Washington Senior High School.

Miss Bowman ranks in the upper 3 per cent of her class, with a grade point of .0083 per cent. She plans to attend the University of Iowa.

First

This is the first time that Des Moines has had a finalist since the program's beginning three years ago. Semi-finalist was Mark Haynes, of

1430 W. 2nd street place. Martin has starred in cross country, track and swimming and has a sister attending Grinnell College.

Previous finalists Cedar Rapids last year was Debby Gibson.

Miss Bowman and Martin are among some 1150 finalists, 250 of which will win four-year college scholarships ranging from \$1,000-\$6,000. Finalists were chosen by a selection committee which had considered information on each, after analyzing a three-year assessment battery, along with academic records, school recommendations and other information submitted by the participants.

Winners will be notified in March. The Achievement Program was created by a \$7 million Ford Foundation grant to National Merit Scholarship Corporation in 1964.

Supreme Court Says No To Manslaughter Case

Mrs. Arlene Violet Shipley has been turned down by the Iowa Supreme Court last Tuesday, when it upheld her manslaughter conviction.

Judge Wade Clarke imposed an eight-year sentence in the Women's Reformatory at Rockwell City after an argument in her and Ralph Stewart's home led to his death, fatally injured by a gunshot wound in the back of the head, April 11, 1965, and was dead on arrival at Broad-

lawn's Polk County hospital. Mrs. Shipley, 41, had pleaded innocent before Municipal Judge Howard W. Brooks, who ordered her held in jail pending a hearing. Police said Mrs. Shipley had admitted shooting Stewart with a .22 caliber pistol, but that he had threatened to beat her. She said she took the pistol from her dresser, put it in a dress pocket and fired one shot at him when he went to make a telephone call.

First Negro Mayor In Michigan City

Flint, Mich. — Becoming the first Negro mayor was Floyd J. McCree, 43, a foundry foreman beginning his fifth term as Third Ward commissioner here, a city of 200,000. He was elected on a 5-4 vote by the commission, defeating the incumbent mayor, Harry Cull.

Safety Congress

Driving Reminders

Recently returned from the National Safety Congress in Chicago where he served as recorder for the School and College Division, Donald Koroch, DPI consultant, Driver Education, reports that several ideas mentioned there should be considered by Iowa motorists. They are:

1. Never pass another car by crossing a yellow or double yellow center line, whether it is on the level highway or hills.
2. State law since July 4, 1965 has directed that parking lights should be used only when a car is parked along a curb or highway.
3. Car lights should be turned on no later than sunset and remain in the morning until sunrise.
4. When a car light bulb burns out — in consideration of other motorists, it should be replaced within the hour, not the next day, next week, or the next month as seems to be the case with all too many motorists.

Black Power Threat To Rights Progress

Akron, Ohio — Cries of "black power" are threatening to "drown out" the civil rights movement, assistant Secretary of Labor George L. Weaver has declared here.

He charged that the black power concept might upset "the calm and reasoned philosophy of nonviolence, of intelligent protest, of the wise use of the law and public opinion."

Mr. Weaver, in a speech at the Centennial Celebration of Akron's Wesley A.M.E. Church, noted that the goal of American Negroes has long been "to participate, not overthrow."

Cocktail

"The goal is an equitable share in the American economy, in housing in educational and social opportunity . . . and it will not be achieved by substituting a 'militant cocktail' for reason and negotiation."

He added that "black chauvinism" can't be substituted for "white chauvinism."

"When you attempt this," he said,

David Green Charged in Assault of Burglary

David Eugene Green has been held to the Story County District Court Thursday afternoon, Nov. 4, on charges of assault with intent to commit rape and burglary.

Green, 18, from Omaha, Neb., was returned to the Story County jail at Nevada in lieu of \$7,500 bond on the burglary charge and \$2,500 on the assault charge.

He was arrested last Saturday after he had admitted breaking into a guest room at the Iowa State Student Union with the intent of robbing a girl there.

A preliminary hearing also had been scheduled for Green on a lewdness charge, but this was dropped when a country attorney's information on the same charge was filed in Municipal Court. Judge McKinney set the hearing on the information for 10 a.m., Nov. 8 and Green's bond at \$1,000.

Police said Green, who had admitted six attempted assaults and exposing himself on the campus, is a physical education freshman at the university.

HEALTH FOR ALL

Holidays abound with special customs — certain habits and observances characteristic of the day and season. A unique and especially rewarding Christmas custom has come to be the use of Christmas Seals.

The Christmas Seal campaign, which begins throughout the country on Tuesday, Nov. 15, is a twentieth century tradition, but on which has already become an important part of the Christmas time heritage. Because it supports the broadscale activities of tuberculosis and respiratory disease associations, the custom of using Christmas Seals also has far-reaching, year-around benefits.

How this particular Christmas custom was born makes a true story with some theatrical touches that seem almost fictional.

In 1907 a young clubwoman in Wilmington, Del., herself designed and sold the first American Christmas Seal because \$300 was desperately needed for some penniless consumptives in an open-air shack. She even had to borrow the money to have the Seals printed.

The first contributor was a ragged newsboy who put down his penny with the comment, "Me sister's got it" — meaning tuberculosis. That heartwarming beginning was a good omen; the campaign was a huge success, raising a total of \$3,000, and setting a high standard for the years that followed.

Today money contributed to the Christmas Seal Campaign not only fights tuberculosis but other respiratory diseases, too. The sums go for research, medical education, patient services, public education, and many other activities that bring January to December health benefits to millions of people.

"TURKEY TIME". Dessert!

WITH A WONDERFUL THANKSGIVING DINNER cleared away—there's still dessert to consider! Pumpkin Chiffon Pie—light, fluffy, elegant! And for a special touch, fold a half cup of tender, flaked coconut into the mixture before chilling, then glaze the top with a drift of white flakes.

COCONUT PUMPKIN CHIFFON PIE

- | | |
|------------------------------------|--|
| 1 envelope (1 tablespoon) gelatin | ¼ teaspoon ginger |
| ¼ cup cold water | ¼ teaspoon nutmeg |
| 1½ cups mashed cooked pumpkin | ½ teaspoon cinnamon |
| ¾ cup evaporated milk | 2 egg whites |
| ½ cup water | ½ teaspoon vanilla |
| 2 egg yolks, slightly beaten | 1 cup Baker's Angel Flake coconut (toasted if desired) |
| ¾ cup brown sugar, firmly packed | 1 baked nine-inch pie shell |
| ½ teaspoon salt | |
| ½ cup cream, whipped and sweetened | |

Soften gelatin in cold water. Combine pumpkin, evaporated milk, water, egg yolks, ¼ cup of the sugar, salt, and spices in top of double boiler. Cook over boiling water 10 minutes, stirring constantly. Add gelatin and stir until dissolved. Chill until slightly thickened.

Beat egg whites until foamy. Add remaining sugar gradually and continue beating until stiff. Fold in pumpkin mixture, vanilla, and ¾ cup of the coconut. Spoon into cold pie shell. Chill until firm. Before serving, top with whipped cream and remaining coconut.

Note: 1½ cups whole milk may be substituted for the ¾ cup evaporated milk and ½ cup water in the above recipe. (ANS)

Thanksgiving Dinner Our Symbol of Plenty

Thanksgiving is traditionally a time for family get-togethers and for feasting. Dinner tables across the country will again symbolize our bounty today and cause us to reflect on the contrasting lean days of the Pilgrims' first Thanksgiving.

Whether yours is a family that demands a modest or a giant size — this year let your turkey be the best bird you ever served. Make it tasty and plump with your favorite

"you alienate the broad community support of all groups which have been forged together in a common pursuit of justice through . . . non-violence."

Shifting

Mr. Weaver asserted that the emphasis in human rights is now shifting from legislatures and courts to communities in the fields of education and employment.

"No amount of sloganeering or cries of black power can change this historical fact," he declared. "And what is needed so desperately today is not more heat on yesterday's inequities but rather more light on tomorrow's solutions."

stuffing, or try one of the recipes below.

For best results, stuff a turkey just before roasting it. If you must prepare the stuffing a day or so ahead of time, refrigerate the dry and liquid ingredients separately.

Round out the feast with a steaming tureen of oyster stew as a start, then on to the time-honored bird, with cranberries in sauce or in relish, and complement the meal with an assortment of vegetables — perhaps creamed onions, candied yams, string beans — and finish up with one of the American all-time favorites for dessert — apple pie or mince pie. Then it's Happy Thanksgiving!

Children's Lost Years of Prince Edward County

NEW YORK — The hundreds of Negro school children whose education stopped when the public schools in Virginia's Prince Edward County were closed in defiance of a 1959 integration order says the Look magazine Nov. 15 article.

Many of those who were unable to find ways to attend public schools in adjoining counties have forgotten how to read and write.

In 1963 a way was found for Negroes to attend an ungraded free school basked by private funds "but the lost years are just that, lost."

Approximately one-third of Prince Edward County's Negro children were able to attend school in neighboring counties because of more fortunate circumstances. Virtually all of these children have progressed

normally in school. However, the unfortunate one-third unable to attend any school during 1958 to 1963 have been educationally and psychologically damaged almost beyond measure.

Since the whites set up their own private schools, the Negroes have borne the brunt of school closings, but unquestionably the whole community has lost in the struggle.

tial sense. No area of American life remains more tightly segregated than housing. This is true whether one is in the South or North; whether areas are liberal or conservative; whether there are many or few Negroes in the population. One has only to reflect upon the long hot summer of 1966 to obtain ample illustrations of this fact. . .

Facts?

"Now what are the facts? They are as follows — first, racial segregation is increasing rather than decreasing, especially if one takes public schools and housing as examples; second, the gap in unemployment has widened between the Negro and white communities; third, the economic disparity is sharper; and, fourth, the social organizations and sanctions are more difficult to control than ever before."

Poor Renters Get Less for Money

Washington — Poor families generally get less for their rent dollars in the U. S. than households with higher incomes.

This is a major conclusion of a Department of Labor survey of "Prices in Poor Neighborhoods" reported in the October issue of the Monthly Labor Review.

The article points out that in 1960 a fourth of the urban families with incomes under \$3,000 lived in housing that was dilapidated or lacked plumbing.

The survey, which covered six

The Neighborhood Youth Corps

The Neighborhood Youth Corps is one of the programs established by the Economic Opportunity Act to help young people from low income families by giving them jobs, paying them wages, providing them with experience and services that will help them hold regular jobs. The program is administered by the United States Department of Labor. It is developed and sponsored by one of the local agencies, the Polk County Board of Education.

For some young men and women, the Neighborhood Youth Corps means a chance to earn the income they need to stay in school or go back to school. For others, unable to find or hold jobs, the Neighborhood Youth Corps means a chance to acquire the work experience necessary for regular employment. But for most of these young people, the importance of the Neighborhood Youth Corps goes beyond money and work. The Neighborhood Youth Corps offers to young people, who have been neglected and pushed aside, the chance to gain self-respect and feeling of belonging that are "musts" for good citizenship.

Charge Assoc. Funds Used Illegally by Police Benevolents

New York — Attorneys for the NAACP have obtained a "show cause" order signed by Judge Edward R. Dudley on behalf of two officials of the Guardians, an organization of Negro police officers in New York City, charging illegal use of funds of the Police Benevolent Association of which they are also members.

NAACP General Counsel Robert L. Carter and associate counsel Lewi M. Steel are representing Guardian president William Johnson and chairman of the board Anthony Jenkins. They are asking the court to inspect the books and records of the Policeman's Benevolent Association to see whether there has been a misappropriation of funds, and also to order a new election of organization's officers and delegates within 60 days.

Contrary

The plaintiffs charge that the corporate laws of the PBA are drawn up to "provide material and moral support for policemen," but that the reported one-and-a-half million dollar campaign conducted by the PBA against the Civilian Complaint Review Board is contrary to the organization's purposes.

They further charge that the campaign against the Civilian Complaint Review Board, as conducted, demeaned the integrity of the police by making them look like people who will shirk their duty.

Mr. Johnson states that when the Guardians protested the use of funds for the anti-Civilian Complaint Review Board drive, they were told they "were putting race ahead of duty" and their protest was ignored. The order directed the PBA leaders to appear Nov. 17 to reply.

\$40 a month lacked hot water. But only 20 percent of the rentals of families earning \$3,000-\$6,000 were come whose housing cost less than without hot water.

Family Finances

You can budget without being a bookkeeper. All that is needed is a little common sense and nine envelopes (marked Food, Clothing, Rent, Operating Expenses, Health, Savings — Insurance, Educational and Recreation, Church and/or Charity, and Miscellaneous).

On payday put the amount you think you need to cover each of these expenses in the proper envelope. Keep this up for several paydays, trying to use the money in each envelope wisely.

At the end of a month or so, examine your "budget." You'll probably find that you have money left over in some envelopes, while others are empty.

This will tell you where you need more or can get along with less or where you need to spend more wisely. Adjust the amounts you need to place in each envelope accordingly.

Even if you pay by check, the same system will work except that you will have to do it on paper.

At Pilgrim Baptist this Sunday Dedication Services for Church

Pilgrim Baptist Church Dedication Service will be Sunday, Nov. 20, with the Rev. Carl Sanders and congregation of Second Baptist Church of Ft. Dodge in charge of the 11 a.m. service. A dinner will be served from 1:30-2:30 p.m.

Shiloh Baptist Church will be in charge of the 3:30 dedication program, with the pastor, Rev. William Heath, to bring the sermon.

The church has built a new sanctuary and remodeled the Fellowship Hall.

A reception will follow the program. William Robinson will receive the keys to the new church from the contractor.

City-wide Search For Gospel Choir

St. John's Baptist Church is looking for teenagers for the city-wide Gospel Choir.

Cheese Crusted Hamburger Pie

Here is a flavorful, colorful, meal-in-a-dish—just the thing to please the end of the month food budget.

Tempt family appetites with this Cheese Crusted Hamburger Pie early this spring. You may even be surprised yourself at how your family will accept a new dish so quickly—and demand repeats in the future.

This pie can be your economy dish for the week. The hamburger pie picks up a delicious new flavor with the "melt in your mouth" cheese crusted topping. Luckily too, it not only tastes good, but is good for you! When the cheese crust is made with enriched flour, you get extra shares of B-Vitamins and food iron along with food energy and protein.

Along with this Cheese Crusted Hamburger pie you will like to include a fresh green tossed salad with some of the new spring vegetables. This in itself would make a complete luncheon but for a dinner perhaps you'll want to include a dish of fresh new asparagus. Nothing more will be needed to get the "You're the best cook, mom!" reward.

Clip this recipe not only for this week's menu but also for future demands.

CHEESE CRUSTED HAMBURGER PIE

1 garlic bud, sliced
3 tablespoons fat or drippings
1 pound ground beef
2 tablespoons chopped green pepper
1/4 cup enriched flour
1 teaspoon salt
3/4 cups tomato juice
(1 No. 2 can)
1/2 cup chopped celery
2 teaspoons Worcestershire sauce
juice and cook until thickened, stirring constantly. Stir in celery and Worcestershire sauce. Pour into 8-inch square baking dish. Top with Cheese Pastry.

Cheese Pastry

1/2 cups sifted enriched flour
1/2 teaspoon salt
1/2 cups cold water (about)
1/2 cup shortening
1/2 cup shredded American cheese
Sift together flour and salt. Cut or rub in shortening. Add cheese. Sprinkle with water. Mix lightly until dough begins to stick together. Roll out about 1/4 inch thick. Cut into 8-inch square and cover hamburger mixture. Cut remaining pastry into strips 1/4-inch wide and arrange lattice style on top of 8-inch pastry square. Bake in moderately hot oven (400°F.) about 30 minutes. Makes 4 servings.

Old Favorite With A New Flavor

HERE IS A DELIGHTFULLY DIFFERENT VERSION of plum pudding... the traditionally perfect dessert for festive holiday meals.

According to home economists at The R. T. French Company, the key to its flavor, texture, and speedy preparation is instant mashed potato right out of the box.

PLUM PUDDING

- | | |
|--|---------------------------|
| 1 cup sifted all-purpose flour | 1 cup raisins |
| 1 envelope (1/2 cup) instant mashed potato | 3/4 cup shortening |
| 1 teaspoon baking soda | 1 teaspoon cinnamon |
| 1/2 teaspoon salt | 1/2 teaspoon cloves |
| 1 cup walnuts, chopped | 1 cup brown sugar, packed |
| 2/3 cup candied fruit and peel mix, finely chopped | 2 eggs |
| | 1 cup grated raw carrot |
| | 1/4 cup milk |

Sift together flour, instant potato, baking soda and salt. Combine nuts and fruit with flour mixture. Cream shortening, spices and sugar. Beat in eggs, blend in carrots and milk. Add floured fruits and nuts; mix well. Pour into well greased 1-1/2 quart mold; cover tightly. Place on rack in steamer or deep kettle. Add enough boiling water to reach about 1/3 of the depth of the mold. Steam 2 hours. Serve with rum flavored hard sauce. Portions for twelve.

Cosmatiste Club Conducts Annual Educational Clinic

The 15th annual Educational Clinic (Work Shop), sponsored by the Cosmatiste Club, Local 102, Inc. of Des Moines and Waterloo, had special guests Mrs. Mary Briggs Ewing of Summit Laboratories, Mrs. Peggy Bailey, Miss Clair for Color and guest artist Julius Kearny, Sunday and Monday, Nov. 13-14.

Mr. Kearny, from Philadelphia, Pa., a hair stylist, demonstrated hair shaping and styling, using scissors for the hair at the base of the neck and razors for upper parts of the hair.

"People who have had their hair cut incorrectly should go to a professional to have their hair trimmed," Mr. Kearny said.

Men Fussier

When asked if men or women were fussier, he said that men tended to be fussier "because they come in less regularly than women. And since their hair is shorter, it's more of a problem."

Mr. Kearny, who said that he travels with a company each week-end, is with the Apex Company in Baltimore, Md.

About African styles, Mr. Kearny said that it took nerve to wear the hair natural, but that in the past 3 months, especially on the East Coast, the new fashion has been gaining in popularity.

Natural

"It really belongs to the African, but since it is the Negro woman's original style, there's nothing wrong with it."

Mrs. Ewing, Sales Technician consultant, said that Summit Laboratories, with which she has been for eight years, were the pioneers in the field of chemical based relaxers, starting in 1957.

"I teach the theory of chemical process and practical way of applying it. Many beauticians fail to condition hair for relaxers."

She recommended protein treatments for the hair before applying chemicals.

"Our line of products are used universally," she said, "so it isn't restricted to Negroes."

"It isn't necessary to apply the product all over the hair; if a special section is unruly, the relaxer can be put on there."

From here, Mrs. Ewing goes to Chicago, Buffalo, N.Y., her home, and then to Winston-Salem, N.C.

Damaged Hair

Mrs. Peggy Bailey explained that damaged hair can be damaged from the wind, excess heat or general improper care.

"In 1950 the Miss Clair tint was put on the market and was the first product to combine techniques in a

IT TAKES ACTION
TO GET RESULTS

Earlier this year, Negroes in St. Louis went to Court and blocked the continuance of a bricklayers' apprenticeship program because they had been denied participation. We are not informed just what happened thereafter.

During the litigation, federal investigators were sent to St. Louis to find if in other areas Negroes were being discriminated against. Other unions, fearing a blast at their discriminatory practices, began to adjust to a new way. The steamfitters' union was one of these which saw the light of what court action accomplished and organized a crash apprenticeship program. The men attended classes two nights a week and worked on the job receiving journeymen's pay.

Last week the St. Louis Argus carried a full page story of the induction of the new men into the union with a picture of union officials and the apprentices. All the union officials were white.

The people of St. Louis got results because they were unwilling to stop at conciliation and persuasion knowing full well that the unions would do only so much as they were forced to do. The steamfitters saw the handwriting on the wall.

Monday, Mrs. Hernandez of California, a member of the Equal Opportunity Commission, resigned her post charging little, if anything, was being done to carry out the responsibilities entrusted to that body. She charges that complaints were not being processed with the result that more than 8000 cases remained undisposed of.

The federal, state and local governments have passed laws, set up commissions but have not given them the backing necessary to do a job. Pressure has been put on them to go easy on certain groups with the result that their work has not been very successful, leaving the NAACP and local groups as the moving force to get things done. No labor unions have changed their policies in Des Moines in spite of the fact that each of their constitutions contains non-discrimination provisions. This is most discouraging and makes one wonder if some of these commissions are but window dressing, providing something for officials to hide behind when charges of discrimination are made.

HITLERS RAISE
THEIR HEADS HERE

Vandals succeeded in painting swastikas on the new Merrill Junior High School last week. The matter almost went unnoticed by the general public. School authorities, although they knew about it, thought the matter unimportant, apparently.

It was only after a Jewish Rabbi, whose synagogue is in the area, spoke out condemning the action terming it an act of grown-ups and not of youngster pranks as some people had suggested.

Later the National Conference of Christians and Jews issued a strongly worded resolution condemning the action; Mayor George Witmer did likewise before the city council Monday; later the school board.

Des Moines, like all cities, has race haters in its midst, some of whom share the views of Adolph Hitler toward Jews and of course other non-Nordic groups. They can do a lot of damage to a community if left to peddle their low brow ideas. For this reason, every responsible organization should condemn them.

Like the Ku Klux Klan, these people are cowards operating under the cover of darkness.

America has many groups that thrive on hate for other people. They work to divide us and would rather live under a Hitler than see all segments of the population enjoy equality.

The mayor said the police department is checking into the matter in order to find the guilty parties. It is hoped that the check began the day after it happened, for if they knew about it and are just beginning to check, something is lacking there.

The Bystander stands square on law enforcement and believes nobody should be spared because of position, politics, connections or organizations. It is one way of making a better community and better citizens.

We couldn't help but feel a little disappointed as we waited to file out of the IOWA UNIVERSITY stadium Saturday. This was a game the HAWKS really wanted — one they could have and should have won. But the lack of a big bruising fullback was the difference. Talk about dropper or missed passes. A big two hundred twenty pound fullback might have made those passes unnecessary.

COACH RAY NAGEL explained that when his team was knocking at the goal line, he went with his strength, which is wide plays. They just didn't work.

Although we really felt sorry for the poor fellow who dropped what might have been the game in the closing seconds, we thought he turned to run before he had actually caught the ball. A common mistake, even among pros, who aren't supposed to make mistakes. But this IOWA team is getting better each week. Mind you, this was the same OHIO STATE team that played MICHIGAN STATE to a 12-11 game. And you know what the SPARTANS did to IOWA.

Maybe next year we will pull up. IOWA STATE exploded on KANSAS STATE and came up with a good one. Drake pulled out a real win and now has a fine 7-2 record. Not bad. With one more game to play, the BULLDOGS could have an 8-2 mark.

The DES MOINES WARRIORS lost the P.F.L. play-off at OMAHA SUNDAY. This put them finishing second. A lot better than last year. We hope the team makes it back here next year.

Oh yes, Our DOWLING critics reminded us that DOWLING player we called GARRISON should have been HARRIS. Really sorry. We are trying and now we know you read this dope.

There were some amateur boxing matches last week and as we gather, the local lads didn't do too well. Can't train around a pool room, boys.

Then CASSIUS CLAY, the heavy-weight champ, belted the daylights out of CLEVELAND WILLIAMS who was a feared better until he took a bullet one night. This was the first time sports writers have said CLAY was really good. They even said the champ packs a good wallop, but it never landed. Now comes ERNIE TERRELL and then maybe the ARMED FORCES.

To Undergo Surgery
On Sore Knee

Baltimore, Md. — The American League's most valuable player, Frank Robinson, will undergo surgery at an undetermined date in either Baltimore or Los Angeles.

The pain is still there," said Robinson. "As a matter of fact, it may even be worse. There's no sense in waiting any longer to make up my mind."

The cartilage was described as being similar to a washer between the thigh and calf bones.

Robinson currently lives in Los Angeles, where he resides during the off-season and where he would like to have the surgery done.

SIXTH AND GRAND, DES MOINESClay Retains Title in Houston Fight;
Williams Out in Three Rounds

Heavy-weight champion, Mohammed Ali successfully, almost non-chantly, defended his title for the sixth time Monday night, after knocking down challenger Cleveland (Cat) Williams to the floor four times.

The win came after one minute, eight seconds of the third round when the referee stopped the fight.

Knockouts

At one time Williams, who had scored 51 knockouts in his 16 year career, lay stretched out on the deck, but was saved by the bell.

"A sharp left followed by a right to the jaw toppled the bloody Williams to the deck. He was up at six but had to wait for the mandatory eight count. A barrage of rights and lefts sent the challenger down

for an actual five and a mandatory eight.

"Williams staggered in but Clay met him with the one-two to the jaw and the challenger went sprawling on his back, presumably out cold. But the bell saved him when the count reached four. The three knock-down-in-a round rule was not in effect.

Fight Ends

"Clay clouted Williams once more with a two-handed assault, and down fell the guy again. Clay belted Williams right and left, left and right. Then the referee stopped the fight."

It was the twenty-seventh victory for unbeaten Mohammed Ali. Only five have gone the fifteen rounds.

Mohammed Ali's next scheduled fight is with Ernie Terrell.

Deer Season to Open,
Bring out Shotguns

Licensed deer hunters were reminded that the mid-point of Iowa's deer season has been reached and that the shotgun portion will begin at 8 A.M. on Nov. 19, in both the short and long zones. It closes at 4 P.M., Nov. 20, in Zone 1, and at the same hour on Nov. 22, in Zone 2.

In the past, a deer permit was valid throughout the state. This year, deer hunters will have to hunt in either the long or short zone.

There will be no special deer checking stations this year. Instead, personnel from the Biology and Game sections will be designated as roving checkers. In addition to checking the harvest in the field, they will be contacting various locker plants by telephone to check on the age and sex of deer taken.

Snipe Season Ends

Closing of the open season on Wilson's snipe or Jack snipe occurs at sunset Nov. 19, the State Conservation Commission noted. As usual, this sporty little bird of marsh and meadows leads the parade of clos-

crooning into their midst, patting
each cheek

thrust forward with the breath of
honeybees.

If she could stay so — thus, finger
on time —

what need would you or I have for
this rhyme?
