Alpha, Delta Sororities Hold Many Dec. Events

AKA Holds Election While DSL's Give Story Hours Sat.

Alpha Kappa Alpha Sorority, Beta Gamma Chapter met at the home of Soror Charlotte Parks, 1929 Buffalo Road, Sunday, Dec. 11, at 9 A.M.

Beta Gamma Sorors have been quite busy since last summer reactivating their Chapter and were presented a certificate for reactivating at the National Boudle in California last August. Thanksgiving week-end climaxed their work when they held two days of Work-shops at the Holiday Inn, South. The Mid-western Regional Director Soror Carolyn Banner conducted the Work-shops.

Basileus

Highlight of that week-end was a visit from the Supreme Basileus, Dr. Larzette Hale. All Greeks were invited to a reception held in her honor and the Mid-Western Directors. Soror Gwendolyn Fowler was General Chairman for the week-end with Soror Betty Hyde serving as Work-shop coordinator.

Phi Chapter of Delta Sigma Lambda held their December meeting at the home of Program Chairman, Soror Catherine Williams.

Special guest was Mrs. Edith Cavethorne, who held a briefing on the are of Storytelling, followed by a demonstration of her technique. She also suggested good books for learning to tell stories, which have successfully been used in Story Hours and as resources for materials.

The briefing was in preparation for a series of Story Hours sponsored and participated in by Phi Chapter members.

First Hour was at the Willkie House on Dec. 10 at 2:30 p.m., with four story groups. All children (3-12) invited to attend the session.

Mrs. Marguerite Carthorne is president.

The Library Project committee was in charge, chairman of which is Mrs. Mable Spencer, and the program Committee.

Sorors Georgine Dixon, Dorothy Sims and Marguerita Henderson were in charge of the Kindergarten group: first grade — Gladys Wagner; 4-6 grades — Mary Lynn Dixon.

Games and refreshments concluded the party.

Other assisting sorors were Mesdames Marquerite Corthorn, chapter president; Mae Olphin, Clara Bayles, Ruth Turner and Adah Johnson.

Probation Pledge Service

On Saturday night, Dec. 10, the Probation Pledge Ceremony was held with soror Ruth Davis, 730 27th street. At this service Mrs. Henderson, Ginger Miller and Mary Alice Powell were pledged.

Stunts were performed and refreshments were served.

Other scheduled events are the formal initiation and Christmas party later this month.

Election of officers was held with the following slate to be installed at the January meeting. Basileus, Arlene Morris; Basileus Elect, Ruth Easley; Anti Basileus, Betty Hyde; Grammateus, Salina Cammings; Epistoleus, Mae Watkins; Tammiochous, Ruth Easley; Dean of Pledges, Charlotte Parks; Phillackter, Billie—

DM NAACP Election Scheduled Dec. 20

The Des Moines Branch of the National Association for the Advancement of Colored People will meet Tuesday evening, Dec. 20, 7:30 p.m. at Willkie House.

Election of 1967 officers and installation are scheduled. Officers are elected for two year terms.

Evers Charges Bias In Miss. Politics

Jackson, Miss. — NAACP Mississippi Field Director Charles Evers has charged that the reapportionment of the Mississippi State Legislature was "used by the legislature as a means of discrimination against Negro voting majorities in many counties."

In a message to Gov. Paul Johnson, Dec. 5, Mr. Evers said: "It is intolerable for the Negro to be disfranchised by legislative gerrymandering after he has struggled so long and so hard to obtain his right to vote."

"The NAACP hereby serves notice on you . . . We are proceeding immediately to take whatever legal steps are necessary to prevent the reapportionment from being enforced."

Signatures Make Appeal to Am. Bank

60 prominent Americans joined Wednesday, Dec. 7, in an appeal to First National City and Chase Manhattan banks "to stop your loans to South Africa and end your operations there." The communication was in the form of an open letter to David Rockefeller, President of Chase Manhattan Bank, and to Richard S. Perkins, Chairman of the First National City Bank's Executive Committee. It was released by the Committee of Conscience Against Apartheid, of which A. Philip Randolph, civil rights and labor leader, is chairman. The Committee is sponsoring a campaign for the withdrawal of accounts from these banks in protest against their involvement in the Apartheid economy of South Africa.

The signatories of the open letter to the banks declare: "We as individuals can take a responsible step. We can protest the involvement of your bank in South Africa by removing our accounts and urging others to do the same. This we do."

Carmichael's Feb. Visit Hampered by Fund Lack

Ames, Ia. — Campus organizations are up in arms over SNCC militant Stokely Carmichael's scheduled visit here Feb. 10.

The Student Council of the College of Science and Humanities and the University Committee on Lectures, who invited Carmichael to speak, were refused by a church group, United Campus Christian Ministry to help take care of the \$1,000 payment and expenses.

Robert Cannon, chairman of the Christian co-ordinating council said

many of his members thought their money should be used for more educational value, while others didn't care for their finances aiding Black Power, those who didn't understand the theory of Black power within the civil rights movement.

Defense

Taking the stand for Carmichael's right to come was Charles A. Helfrich in a letter to the Iowa State Daily, college paper: "... Whether here."

Follow Food Steps For Safe Stomach

Dr. Julius S. Conner, City-County Health Director, again urges groups and organizations planning holiday banquets and parties to consult the Health Department for help in setting up effective sanitation procedures. "Food poisoning outbreaks frequently originate in non-professional food handling groups," Dr. Conner said.

Five safe food services are: clean hands—hands and fingernails should be washed frequently with soap and water; clean service—utensils should be washed clean in hot, soapy water, rinsed in clear water and sanitized as recommended by the Health Department, then carefully handled and stored; clean food; right temperature—cold foods should be kept cold, hot foods hot. Prepared food should never be left standing at room temperature one unnecessary minute; and healthy workers.

Dr. Conner requests that you consult the Health Department today for help in setting up effective sanitation procedures.

Program

A stepped-up restaurant program for education of food service personnel in sanitary procedures was started in September by the Health Department. Records show that 487 have attended these special food schools to date. The food school is also available to groups other than restaurant personnel.

Woody Strode Makes Acting Easy; He-man

Actor Woody Strode is winning rave reviews for his performance as Jake Sharp, a bounty hunter, in Richard Brooks' "The Professionals," here.

Strode gives an excellent performance as one of four he-men who as professional soldiers of fortune set out to rescue a woman — in this case, beautiful Claudia Cardinale — and each has a specialty.

Strode's specialty is as a tracker and a handy man with knife, lasso, rifle and bow-and arrow.

Gladiator

A former all-star athlete Woody Strode has been a standout in motion pictures since his resounding hit as Kirk Douglas' gladiator friend in "Spartacus."

Prior to the start for "The Professionals," Woody spent four months at a ranch in Montana, learning not only the bow and arrow art, but also how to rope, throw a knife, bulldog a steer and lasso a steer on the dead run from a horse.

Police Nutshell

Ralph Ben Reynolds, 40, pleaded guilty to a charge of receiving and concealing a \$70 radio stolen Sept. 19, 1965, from a car owned by Duane W. Fiene, 6701 Hickman.

He was given six months in the county jail, by Polk County District Judge Harry Perkins.

Reynolds lives at 1163 9th street.

A man described as Negro, 35-40, about six feet tall, dressed in black, robbed the Clark Service station, 1818 Keosauqua and got away with \$154 in change and bills about 6:15 a.m. Sunday.

The attendant told police that when the man came in and asked for a pack of cigarettes, he went into a rear room to get them. The fellow pointed a gun at him and said, "The is a stickup. Give me all your money." The robber also threatened to kill the attendant.

Virgil Carr, 63, of 926 9th street was free of a second-offense charge of driving while intoxicated July 5, 1965, by Judge Perkins.

A jury which heard the case the first time was unable to reach a verdict last Feb. 24, so the charge was dismissed because Carr could not be identified definitely as the suspect.

Kansas City, Mo. — Roy J. Barker 77 year-old grocer was shot in the face and neck with a blast from a sawed-off shotgun Saturday night during a hold-up at his store about 6:30 p.m., as he tried to reach his own pistol hidden behind a counter.

Monthly Payments to Raise in January

"Jan. 1 will bring an increase in monthly compensation payments to parents and children of servicemen and veterans who died of service-connected causes," C. E. McCutcheon, Des Moines VA Center Adjunct Officer, said.

Legislation calling for increases in dependency and indemnity compensation rates was signed into law by President Johnson on Nov. 3, 1966.

Monthly payments for children will be increased from \$77 to \$80 for one child; from \$110 to \$115 for two children; from \$143 to \$149 for three children and from \$28 to \$29 for each child in excess of three.

Dependents

In the case of dependent parents, monthly payments are increased approximately five per cent and the maximum income limitation is extended from \$1,750 to \$1,800. The income limitation for dependent married parents was increased from \$2,400 to \$3,000. Changes in income deductions for parents were made in the new law to bring it into line with the pension and income rules for veterans' widows.

Negro is a valid, although peripheral question in this context. "This issue, as I see it, is a question of educational freedom . . .

"... Carmichael is . . . a spokesman, an influential one, representing a not unimportant view and attitude concerning our present racial confrontation on all fronts, which is, in itself, reason enough to bring him here."

A Des Moines Soldier has received the First Military Merit Medal for bravery, the first given to any Iowan.

James Flagg, 19, who died a year ago this Sunday, Dec. 18, posthumously was awarded the medal Friday, Dec. 9. Receiving it for him was his mother, Mrs. Wilma Canada, of 1311 15th street.

Medal Won't Bring Back Mrs. Canada's Son

MRS. CANADA

First of Any

The medals, believed to be the first awarded by the Vietnamese government to an Iowa soldier, were presented to Mrs. Wilma Canada, 1311 Fifteenth st., in a quiet ceremony at Fort Des Moines.

The Military Merit Medal and the Gallantry Cross with Palm were presented to Mrs. Canada by Col. Chester H. Dunning.

"The last letter I got from him," said Mrs. Canada Wednesday morning, "was Dec. 10 of last year. All he told me was that he'd been in the jungle three weeks fighting and had just gotten back. Then he was to go out on assignment."

When asked what had gone through her mind when she received the Medal for her son, she replied, "It's not hard to say, but . . . I'm proud to be getting it, but under the conditions I wasn't proud. The medal didn't bring him back."

According to Mrs. Canada, who lives at 1311 15th street, her son was killed Dec. 18 after he parachuted from a plane, and as he landed, a sniper's bullet caught him in the right side. He died instantly.

No Pain

"They said he didn't suffer pain, and the only other bruise I saw was a tiny one on his right cheek, probably when he hit the ground," Mrs. Canada went on.

sponsor volunteers for local field work.

"The VISTA people will not sit behind desks waiting for the poor to come to them," Secretary of Labor W. Wirtz stressed.

Though the Human Resources Program, the Employment Service is reaching out to the unemployed of all ages on a person-to-person basis and preparing them to find and hold jobs.

The volunteers may work out of any of the Nation's 2,000 local employment Service offices or 160 Opportunity Centers.

Like their Peace Corps counterparts overseas, the volunteers receive no pay. VISTA provides a daily allowance for meals, a \$50 termination allowance for each month of service, and insurance and medical care during service.

Jazz Box

by a. tate

I just had to call over to the Knights of Columbus Hall Saturday night to see what was happening with Miss Linda Darnell, Lee Diamond, Jen Robinson and the Checkmates, the troupe out of Chicago way.

Mr. Diamond told me that the crowd, about 250 or so, were keeping it cool. "It's a young crowd, laughing, talking to themselves. Sugar Daddy (Lee Johnson) is spinning the discs. Looks like they're doing the Booga-loo, the Boston monkey, but they have some dances they're doing here that either haven't gotten to Chicago or by-passed it."

(Des Moines? Doing dances Chicago doesn't know? The skate, maybe. . .)

"Charles is on bass, Jonathon — drums, Michael on guitar and Al on sax. They're playing like — 'Twine time', 'Philly Dog', 'Who Done it' and 'What For'. Show time begins in about 5 minutes, with the Wild Ones, and Miss—"

"What—what's the Wild Ones?" Ears perked up.

"Oh, they're the go-go dancers, Val Jean Burton and Maurine Johnson. Miss Darnell gets with rock 'n roll."

"And what do you like?" "Variety, a little pop and Blues. But I don't like ballads."

Some of the members have cut records, I found out. Maybe they'll be back again. . .

Did you hear something about the Ike and Tina Turner revue being in a smash-up somewhere in Missouri? I just heard the tail end of it. The driver of the car was thrown clear.

"Stand up or Out", Says Miss. Clergy

New York. — A Protestant minister from Grenada, Miss., warned fellow Christians to "stand up or get out" on the race issue in America.

In a signed article appearing in the current issue of Look magazine, The Rev. C. B. Burt, pastor of the First Methodist Church in Grenada, said that far too many white Christians refuse to practice what they say they believe.

Uncomfortable

"We can no longer be comfortable in the face of the tremendous evil in the world," added Rev. Burt. "Christians are going to have to make a choice: stand up for what you profess or get out. There is no real choice. If you can't make the already out."

teaching of Jesus relevant, you are Rev. Burt lashed out at those who could be described as the 'Christmas-faithful,' regarding the race issue.

"On Christmas," he said, "everybody loves the baby Jesus. It's no problem to love the baby Jesus. But the baby grew up, and we don't want to go with Him the rest of the way, to the Upper Room, or Gethsemane, or a crucifixion on Calvary."

Delta Ministry Entanglement in Deep South; Layman, Pastor in Spat

"The controversial Delta Ministry's tactics have been faulty," the Rev. Bruce Hilton of the National Council of Churches' Delta Ministry charged. "The organization has a mandate to work for 'basic changes in Mississippi way of life.'"

In contrast, Francis B. Stevens, a prominent attorney and church member in Jackson, Miss., blames the Delta Ministry for feeding fear, organizing agitation, ruthless determination.

"The Ministry even dumps local Negro leaders who want to think for themselves," he states.

The delta region stretches along the Mississippi River from Memphis to Vicksburg, the soil among the most fertile in the world.

Merry Xmas

★★★★★

The use of Xmas for Christmas originated in the early Christian Church, reports World Book Encyclopedia. In Greek, X is the first letter of Christ's name. It often was used as a holy symbol.

Destiny

"DM leaders argue that true reconciliation can come only when poverty-weary Negroes take the wheel of their own destiny," said the magazine. However, Mississippi church leaders "prefer to think in terms of evolutionary change, without tension, pressure, controversy."

"Exploitation of Negroes is a cornerstone of the society," he charges in criticizing Mississippi — despite the influx of new industries and tourists attracted by the state's efforts to change its image.

Mr. Hilton lists these DM accomplishments: creating hope for Negroes, enlisting government help for civil rights, projecting a new image of the church, giving poor Negroes a sense of their worth, lining up demonstrations and organizing political activity as channels for the frustrated, and showing the poor that they have friends.

"Today, 12 years after the Supreme Court's desegregation decision," the Rev. Mr. Hilton reports, "only one percent of Mississippi's Negro children are in school with whites." And he charges that intimidation dominates Negroes in rural areas.

Domestic Student Exchange Project

Donald W. Burger
Project Director

The Iowa Domestic Student Exchange is making plans for implementation of its second semester program beginning in January, 1967. A pilot project in educational motivation, the basic objective of the program is to enable 12 — 18 year old students of normal intelligence but of limited cultural and economic experiences to make maximum use of their educational opportunities. These students are placed in a new environment where they may broaden, enrich, and develop their specific abilities. The student exchange is

a program aimed at improving inter-group relationships.

Funded by the Office of Economic Opportunity for a one year period, the project is under the sponsorship of the Iowa Civil Rights Commission.

The project is concerned with helping those students who are capable of making greater contributions to society than present progress indicates they will make. In order to accomplish this objective, the project staff is recruiting stable, responsible host families who will bring a significant number of students into their homes for at least one semester.

Students are selected on the basis of: (1) recognizable talent in an area of vocational interest, (2) their willingness to accommodate those who extend assistance, and (3) an indica-

tion that as under-achievers, they will benefit from a temporary environmental change. As the exchange students are encouraged to motivate themselves in a positive manner, it is essential that they move into a different but nevertheless, realistic environment.

At present, the Exchange Project has five coordinators working in the Des Moines, Fort Dodge, Sioux City, and Waterloo areas, responsibilities of which include working closely with the exchange students and the host families in his location, and extending outreach services to the parental families of those exchange students who are away for the semester. This developmental aspect of the program enables the students' overall transition to be one smooth, continuous process. The semester exchange provides an opportunity for

the exchange students and host families to learn from each other.

Forty dollars per month is provided to help meet the expenses of the student in the home setting. Twenty dollars per month is given to the student to meet personal expenses incurred in school and social activities. Other student services include medical examinations, minor dental care, and insurance.

Anyone desiring further information regarding Iowa's Domestic Student Exchange Project should contact the district coordinator in his area or the Project Director, Donald W. Burger, at the following address: Iowa's Domestic Student Exchange Project, State Capitol Building, 50319. Office is located at 1209 East Court, Phone 515-281-5239.

Chosen in Committee: "Demonstration Cities"

David Pickett, Mrs. Marguerite Cothine, Dr. Julius Connor, director of Public Health and Perry Hooks, executive secretary for the Des Moines Human Rights Commission, were 4 among 28 committee members selected to head the Demonstration Cities working commission last month.

PERRY W. HOOKS

Demonstration Cities, a plan for rehabilitation which originated in Detroit, Mich., is designed to promote urban renewal, public law-cost housing, improve employment and prog-

ress health.

Mr. Pickett, president of the Walnut Hill Opportunity Center said the committee would work on each area at once. "It came through Congress in October of '66. If it is approved, we (committee) will have a form plan to send to Washington. If they approve it, we can get started."

Designed for the Walnut and Forest Hills areas, Mr. Pickett said that plans called for a cultural center, similar to Willie House, "where everyone can gather for meetings, maybe a little theater."

Unemployment Rate Goes Down in Oct.

Unemployment in Iowa reached its lowest point since 1950 when it dropped to 16,900 in October, the Iowa Employment Security Commission reported. Fewer unemployed entrants to the workforce resulted in a decrease of 1,800 from September in the number of unemployed Iowans. The Commission said that the Iowa civilian workforce jumped 25,300 from September to reach a level of 1,200,200 in October.

Decrease

Persons receiving unemployment insurance totaled 2,350 in October, an increase of 429 from September but a decrease of 858 from last Oc-

tober. Men made up most of the increase which was mainly centered in the durable goods industries.

Iowa's manufacturing production workers earned an average weekly wage of \$122.75 in October, 20 cents less a week than in September. The highest weekly average was \$140.83 for non-electrical machinery workers. No change was recorded in average hourly earnings over the month as the figure stayed at \$2.95. The average workweek of 41.7 hours was the same as in September.

Service Worker, \$1.68

Ldry. Worker, \$1.44

Applications for food service worker, \$1.68 p.h.; laundry worker, \$1.44 p.h.; nursing assist.; licensed practical nurse; medical technician; and veteran claims examiner have been issued.

The Negro in Modern American History Textbooks

CHICAGO — Making its debut in the field of curriculum research, the 126,000 member American Federation of Teachers, AFL-CIO has published a new and exciting research study entitled "The Negro in Modern American History Textbooks."

Written by Irving Sloan, a Scarsdale, N. Y. teacher, under an AFT research grant, the study reviews the thirteen best-selling textbooks used in many of our junior and senior high schools. It answers the question "Are publishers of American secondary school texts being candid when they report that their approaches to the American Negro have changed in the past year?"

Said Mr. Sloan upon publication of the study: "For the most part, authors and pub-

lishers are making genuine efforts to explore the myths of Negro history and show the Negro's rightful place in the history of this country. But none of the texts have completely succeeded, and several are so far from the target that they invite suspicion."

Copies of the Sloan study are available by sending \$1 (or \$10 for 25 copies) to the AFT Research Department, 716 North Rush Street, Chicago, Illinois 60611.

NCDH Petitions Ghetto Wipe-Out

The National Committee Against Discrimination in Housing (NCDH) last week distributed petitions to all mayors, governors, state agencies and to President Johnson urging affirmative action in the sale of real estate and elimination of segregation: "We . . . submit that it is imperative that Federal aids and powers be used to eliminate ghetto system."

Residential integration will not be achieved unless affirmative policies, regulations and practices are adopted through offices."

NCDH urged that Johnson use his authority to direct Federal Funds for development of housing accommodations, utilities and facilities.

Weaver

In a letter to Robert Weaver, Secretary of the Department of Housing and Urban Development, NCDH called for revision and modification of policies, regulations, programs and practices for certainty that Federal assistance would not be used to promote segregation, given only to local and regional programs planned affirmatively.

To the Governors and mayors, the Committee wrote for employment of qualified, specialized personnel with sufficient support and authority to review programs where state agencies are involved in planning and housing.

"These complaints," Mr. Hill said, "document patterns of separate racial seniority lines and other discriminatory practices in collective bargaining agreements negotiated by labor unions with major industrial corporations in the North as well as in the South."

He cited particularly the Timken Roller Bearing Company and the United Steelworkers Union in Columbus, Ohio. "This company," he said, "is operating with vast Federal contracts and the NAACP, in a parallel action, has asked the Office of Government Contract Compliance to cancel Timken's contract as operating in violation of U.S. Executive Orders."

Ruth Gaines Gets \$200 from Hawkeye

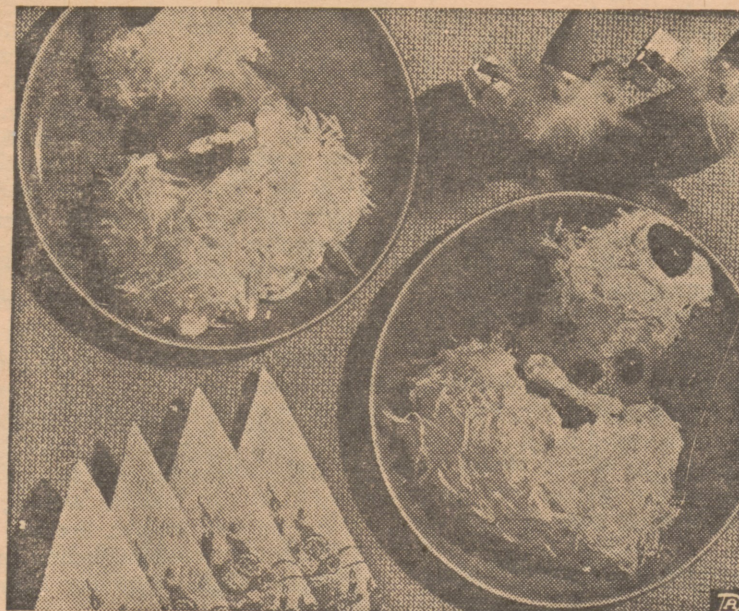

Miss Ruth Ann Gaines, sophomore at Clark College in Dubuque, Ia., recently was awarded \$200 by the Hawkeye Lodge.

The honor was due to her continued efforts in the Hawkeye Lodge No. 160 and Rose Temple No. 33 in their Educational Program.

Miss Gaines has become one of eleven persons from Clark College to travel to at least five foreign countries, during summer vacation. Possible first stop will be London, England.

Miss Gaines is the 19 year-old daughter of Mr. and Mrs. Willis Gaines, 922 26th street.

A Jolly Good Fellow!

Everyone, right down to your grimmest great-aunt, will laugh right out loud when these jolly little St. Nicks smile up at them from the Christmas party table; and the children will fall in love with them at first sight.

They are easy as can be to make—with canned or fresh pear halves. Whipped cream cheese and a generous sprinkling of snowy white coconut do justice to Santa's beard and the fur on his jaunty hat. Cut maraschino cherries do the rest. You can serve Jolly St. Nicks as a dessert, or on crisp lettuce as a salad. Either way, they'll say: "Hello! Merry Christmas!"

Jolly St. Nicks

- 1 package (8 ounces) cream cheese
- 2 tablespoons cream
- 6 canned pear halves, drained and chilled
- 6 red maraschino cherries
- 3 green maraschino cherries
- ½ cup coconut (about)

Mash cream cheese with a fork until softened. Add cream gradually; then beat until cheese is light and fluffy.

Place each pear half, cut-side down, on crisp lettuce. Use large end of pear for face and tapered end for cap. Cut round pieces from red cherries for eyes and half a ring of red cherry for

mouth. Arrange eyes and mouth on face. Spread cream cheese on tapered end of pear half for cap and at base of large end for whiskers. Cut green cherries in half and place one half at tip of each cap for tassel. Sprinkle cap with mayonnaise, if desired. Makes 6 servings.

The Christmas Tree And its Beginning

How did it all begin? Why do we connect trees and lights with the birth of the Babe whom Christians consider the Messiah?

There are several stories about the origin of the Christmas tree. People in Scandinavia once worshipped trees, and, explains World Book Encyclopedia, they made evergreen trees part of Christian festivals when they became Christians.

First

One legend tells how the first Christmas tree was shown in a miracle to the English missionary Winfrid (later called Boniface). More than 1,200 years ago, while traveling in what is now northern Germany, Winfrid found a group of heathens at an oak tree, about to sacrifice a child to the god Thor.

Winfrid stopped the sacrifice and cut down the "blood oak." As the oak fell, according to the legend, a young fir tree appeared. Winfrid said the fir was the tree of life, representing Christ.

The Germans probably were the first to decorate Christmas trees. They used stars, angels, toys, gilded nuts, and candies wrapped in bright paper, and later added tinsel and lighted candles. Scandinavians at one time trimmed their trees with little flags. Now they also use cookies, apples, and gilded nuts.

No matter what the origin, the tree ablaze with lights is something we remember from our earliest childhood . . . and something the very youngest children will begin to learn this Christmas.

Negro History to Be In American Industry

A number of business firms have filled a void in Negro history, and as a result, have developed successful communications campaigns in the Negro market, according to the November issue of The Gibson Report which told of the companies and the programs they have initiated using Negro history.

Contribution

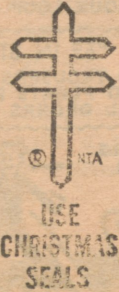

According to the Report, "The development and research that has gone into these programs reflect an otherwise obscured look at the Negro's contribution to American life, business and industry."

The corporate campaigns using Negro history have taken the forms of advertisements in Negro-oriented media, convention exhibits, long-playing records, booklets, serializations in Negro newspapers, and other methods which have in turn produced a positive response to the campaigns in the Negro community.

Guides

American Oil Company has, for example, distributed some 500,000 copies of its "Guides to Negro History" since 1963. Negro churches, fraternal orders, civic and social groups actively solicit Negro history material and distribute to membership, as well as individuals.

The use of Negro history, according to The Gibson Report, fills a need that has existed in the community, and also pointed out that such use should be expanded to give white Americans an opportunity to know of the significant contributions of Negroes to America.

Cherries Are Red for Winter Holidays

FEBRUARY'S A MONTH FOR PARTIES . . . and this easy-to-make cherry coconut pie may be decorated with hearts for Valentines . . . with cherries or hatchets for a Washington's Birthday party . . . or with cut-out pastry flags for Lincoln . . . which make this pie as versatile as it is delicious!

In addition, this excellent cherry pie lives up to the familiar rhyme "She can bake a cherry pie, quick as a cat can wink her eye"—and with tender-thin coconut flakes to enhance both flavor and color, it's sure to be a holiday favorite.

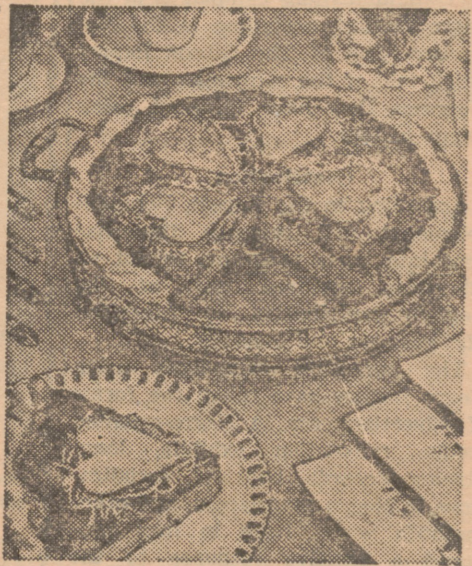

CHERRY GLAZED COCONUT PIE

- 1 cup Baker's Angel Flake Coconut
- 2 tablespoons butter
- 1 package vanilla pudding and pie filling mix
- 2 cups milk
- 1 baked 9-inch pie shell
- 2 teaspoons gelatin
- 1 cup cherry juice and water
- ¼ cup sugar
- 1½ cups drained canned red sour pitted cherries, packed in heavy syrup
- 2 teaspoons lemon juice

Saute ¼ cup of the coconut in butter in saucepan until golden brown, stirring constantly. Add pie filling mix and milk; blend well. Cook and stir over medium heat until mixture comes to a full boil. Cool only about 5 minutes, stirring once or twice. Pour into pie shell. Chill.

Combine gelatin and ¼ cup of the cherry juice. Heat remaining juice and dissolve gelatin and sugar in hot juice. Add cherries and lemon juice. Chill until thick, but not firm. Turn onto chilled pie filling. Sprinkle with remaining ¼ cup coconut. Chill until firm.

Valentine Pie. Use recipe for Cherry Glazed Coconut Pie. Cut small hearts from leftover pastry. Bake hearts in hot oven (450° F.) about 10 minutes, or until done. Arrange mounds of coconut on cherry topping to resemble lace and place hearts on coconut. (ANS)

THE GOSPELAIRES were the leading performers last Sunday in Mrs. Josephine Jones' presentation of "The Seven Candles" at St. Paul A.M.E. Church. Gospelaire are Pauletta Hill, Jennifer Campbell, Marilyn Hill, Eugene Wease, LaMar Henry, Tony Spears, Penny Rhodes, Patty Holmes, Pat Atkins, Connie Atkins, and Maretta LaMay. The group is to be complimented not only for their fine singing but for their willingness to forgo skating party plans for their program. Tony Spears, pianist, sang the lead in his arrangement and the group's rendition of "The Love of God" set to the music of "The Love of My Man". This was a beautiful arrangement and nicely done. Given time, this group should be quite outstanding.

MR. A. P. TROTTER, Chairman of the Trustee Board of Lincoln Post 126 American Legion, was exuberant over that organization's newly purchased headquarters at 1625 8th Street. Mr. Trotter said of the building it is a "wonderful buy". A nice building, able to accommodate not only the American Legion but we can arrange space for having small parties of 25 — 30 people. We have all the facilities to work with. We are having our first meeting in the building on the third Tuesday in December. At that time we will plan our Grand Opening. We are hoping to reorganize all the past commanders and past auxiliary presidents. We will have a party for plans." Sounds like a Grand Opening for a New Year!

Magic Fruit Cakes For Holidays

FRUIT CAKE IS SOMETHING OF A TRADITION at the holidays. In "the old days" this delicacy took hours in preparation, with chopping of fruit and meat and suet, grinding of spices, shelling and chopping of nuts, and slicing of fruit peel. Nowadays you can make a perfect fruit cake in just a few minutes, by using packaged condensed mince meat and sweetened condensed milk, and buying nut meats and candied fruits ready to use. To add to the beauty of your taste-tempting cake, top with snowy frosting, decorate with green wreaths and cinnamon drops for candy holly.

This fruit cake would make a welcome gift as well as good eating at holiday celebrations.

MAGIC FRUIT CAKE

1 9-ounce package mince meat 1 can (1½ cups) sweetened condensed milk
½ cup water 1 cup walnut meats, coarsely chopped
1 egg, beaten ¼ cup sifted flour
1 cup (8-ounces) mixed candied fruit, coarsely chopped ½ teaspoon baking soda

Break mince meat into small pieces and put in a two-quart saucepan. Add water. Place over heat and stir until lumps are thoroughly broken. Boil briskly one minute, stirring constantly. Remove from heat and cool. Add egg, candied fruit, sweetened condensed milk and nuts. Blend well. Stir in flour and baking soda until just blended. Pour mixture into 9 by 4 by 3 inch loaf pan which has been greased, lined with waxed paper and greased again. Bake in moderate oven (350°F.) 1 hour and 30 minutes or until center springs back when lightly touched with finger.

Xmas Decorations Are Easy to Make

Christmas tree decorations can be bought at a store or made at home. The store-bought ones may have more glitter and sparkle. The ones made at home have other ingredients. They are the products of a closely-knit family. They have warmth. They have love.

Here are some Christmas decorations that even the youngest children can make, with their mother's help:

Snowman
To make a fuzzy snowman, start by drawing three circles on stiff paper. Make one big circle, one middle-sized circle, and one small circle. Cut out all three circles. Then paste the circles together as shown in the picture.

Draw in a face. Draw buttons on the snowman. Cut a hat out of paper and put it on the snowman's head. The hat can be colored black, or you can cut it out of black paper.

Carefully cover the snowman with glue. Try not to put the glue where the buttons and the facemask are.

Now, sprinkle the snowman with the store snow. The snow will stick to the wet glue. Let it dry, and tie a string to the top of the snowman so that you can hang it from a tree.

Candy Cane
To make a candy cane, begin by bending a pipe cleaner into a cane shape. Cut a thin strip of crepe paper. Then wind the strip on a slant around the pipe cleaner. Glue the ends to the pipe cleaner. Then hang the cane on your Christmas tree.

REPRESENTATIVE POWELL
A POOR EXAMPLE

Some people are just too big for their pants—a situation Representative Adam Clayton Powell has gotten himself into. He is slippery, as George Schuyler said, and may get out of this jam. But his image as a leader, as a citizen to whom youngsters can point to for inspiration, he goes down as a dismal failure.

Blessed with education, security and position, Powell has used his status as a legislator to violate the law, engage in practices unbecoming his position and now finds himself a fugitive from justice.

Of course, some people in his position have done the same things as Powell does but this is no reason to excuse his shortcomings.

Representative Powell is a law maker and chairman of a most important committee in Congress. Yet he defies the jurisdiction of the court by remaining outside the district from which he was elected. And if he can get away with such tactics, he joins with those people today who have no regard or respect for the courts.

It must be distinctly remembered that Rep. Powell is not being persecuted because he is a Negro but because of the misdeeds he himself has committed.

GOOD NEIGHBORS MAKE
GOOD NEIGHBORHOODS

In many cities, low cost housing has been provided for people displaced as a result of urban renewal or growth of the community. Many of these people don't know or practice good housekeeping with the result that they have simply moved ghettos into new neighborhoods.

Nobody wants to live next to a neighbor who does not keep his property up; who allows rubbish and grass to accumulate, doors and windows are repaired with newspapers and old broken furniture on the porches and in the yards.

Many of these displaced people have improved their surroundings; many have carried the practices from the old neighborhood to the new.

Some of this carelessness results because people are not taught differently; many because they have no pride or respect for other people.

Negroes have moved into most sections of Des Moines. Their coming has been orderly and a careful inspection will show that just about all have done a good job maintaining their homes and in so doing are considered just another neighbor.

The anti-poverty program, with the neighbor centers, are in a position to help and teach people self pride, responsibility and willingness to see that their surroundings don't mar those of other people. A lot of people don't know how to live, many of them can be taught.

WHAT WOULD BLACK
POWER DO HERE?

Testifying before a senate committee last week, Floyd McKessick, national director of CORE, said that civil rights were dead and that Negroes should resort to black power to gain their objectives.

During this same week, the United States Supreme Court held that the right of free speech guaranteed to Julian Bond was violated when the Georgia house of representatives denied him a seat to which he had been elected. The case was handled by the NAACP.

Representative Bond said he opposed the war in Viet Nam and that he admired the courage of those who burned their draft card. And while these are unpatriotic remarks the court said he had a right to make them.

It would be interesting how McKessick would have used black power to secure Bond his seat. Certainly he would not have the number of people or anything else except persuasion to get the job done.

The speaker of the Georgia house said the court had declared what the law is, that the legislature was a law-abiding body and as far as he is concerned Bond would be seated.

This approach is far superior to any effort "McKessick's black

power" would employ. And in a few years, if Bond conducts himself as a legislator should, the whole thing will be forgotten.

OLD TIMERS SPOT

After the Drake-Iowa game, (90-83) one of our guys remarked how Negroes were dominating basketball, forgetting a couple of pretty fair clubs, Kentucky and Duke. But the guy was right. Except that Negroes have played a major part in the cage game for some time before our young friend was as big as a basketball.

Back in the late twenties and thirties the leading professional basketball team was the New York Celtics, often called one of the All-time great teams of the game. Then just where that leaves the great Negro team called the Renaissance makes one wonder.

The games between the CELTICS and the Renaissance basketball were classics of the day. High school and college coaches brought their entire squad to see those two teams play and hoped some of what they saw would rub off on their charges.

Then when the Celtics finally bowed out along came a group of Negroes from Philadelphia called the SPHAS. What that meant we never knew.

They and the Renns were tops in pro basketball for several years. And as they aged along came the WASHINGTON, D.C. BEARCATS. Back in the late thirties there use to be a tournament called the world pro-basketball championship and all the leading professional teams were invited. The Harlem Globe Trotters won twice, the Renns and Bearcats once.

One of the greatest games we ever saw was between the Bearcats and a college All American team before a packed Chicago Stadium crowd.

Then came the National Basketball League and rounded up all the talent

"I encourage girls interested in sports," she said, "not just because I enjoy track so much but because sports teach confidence, something the girls really need."

Mrs. Eldridge said that she knew "exactly how the girls feel because I had my heroes too, track star Jesse Owens and play-coach Bill Russell of the Boston Celtics."

She remembers 1960 as the unforgettable year when she won three gold medals and set two records, running 100 meters in 11 seconds and 200 meters in 24 seconds.

available. They included enough Negroes, so the best players could get in.

But don't think Negro basketball players just arrived on the scene yesterday. It never hit many of the daily papers, but when Long Island University was the Nation's number one cage team they played VIRGINIA UNION, a Negro school, in an exhibition game. The Negroes won by a large margin.

To the Editor

A few weeks ago, the city hired a firm to spray trees on parkings and city parks for dutch elm.

I for one, think this is a waste of tax money. The city has been spraying parkings and parks for two years now, and the trees are dying just as fast as ever. Every elm tree I have seen for the last ten years has.

Dutch elm spraying will slow it down? Maybe. But the sad thing is that, in ten to fifteen years all of our elm trees will be gone. 50,000 or more of our elms died this past summer on the west-side alone.

Going back to the city again, I'm not going say that there is anything funny going on, down at city hall, concerning this Dutch elm. But have you ever noticed the trees that are marked, are in people's yards who own their home free and clear, and, or have a good income, while a block down the street, is a tree that's been dead for two years, is falling apart? It may be marked but it's been marked for a year. While other trees still living are marked and cut down right on time.

So, if anyone who has a elm in their yard, don't let anyone spray it. Cut it down. Or throw some coal oil on it. It will do as much good as spraying.

Maybe I'm crazy and don't know what I'm talking about. But I wouldn't bet on it.

Letters from Our Readers

A bit of prose . . . a line or two of poetry . . . a letter now and then to express thoughts in the minds of our many readers.

Send Yours Today

A Christmas Poem

Christmas Day is a joyous occasion;

It's a time for glee and yuletide passion.

Sending cards and gifts to all our friends;

Has always been the Christmas trend.

Preparing for Christmas can be a hectic chore;

If you regard Christmas as useless bore.

Even old Scrooge as Dickens did say; Held utter contempt for Christ's Birthday.

The true significance of Christmas Day;

Seems totally obliterated in our lives today.

Since Man's existence upon God's creation; Hate and evil has plagued each nation.

Upon seeing the earth being swept by sin;

God summoned Jesus to enterin.

Hence, Christmas Day God sent His Son;

To save the world from damnation. Thus through Joseph and the Virgin Mary;

Was born our Saviour in all His glory.

The Christ Child Jesus came to teach;

To live as brothers in love and peace.

To live our lives in a Christian way; Adhere the "Golden Rule" from day to day.

To help our neighbor when in distress;

To help our neighbor when in distress;

As the "Good Samaritan" who was surely blessed.

To cleanse our minds of war and hatred;

Forever cease discrimination and bloodshed.

To teach our children present and future;

To "Love Thy Neighbor" is the Christian virtue.

If these few thoughts we bear in mind;

As we approach the Holy Christmas time;

Were made apart of our individual aim;

Then Jesus Christ will not have died in vain.
