NAACP, UL Receive $750,000 from Ford

McGeorge Bundy: 'First of Many' For Rights Groups

New York, N. Y. — McGeorge Bundy, president of the Ford Foundation, Tuesday, Jan. 3, made the following statement: "I am pleased to announce that the Trustees of the Ford Foundation have approved a one- year grant of $300,000 to the National Association for the Advancement of Colored People and a one-year grant of $430,000 to the National Urban League."

The Trustees also indicated the possibility that additional grants to these organizations might be made over the next several years. Such a decision would be based in part on whether the NAACP and Urban League could achieve a substantially greater level of support from their members, from other provate sources of funds, and from American socienty generally.

For the plain fact is that the Ford Foundation's one-year grants cannot possibly sustain the services and programs that the times demand of the Urban League and the NAACP. A whole new scale of financial support for them is essential.

Bundy said that the services of the NAACP and the Urban League were in growing demand in these matters and in strengthening community organization and self-help efforts and that their struggle for full opportunity for all Negroes was in a larger sense the struggle of "all of us for the visability of the American city and the society at large.

"This country has no more urgent domestic cause than that of fair and open opportunity for all," Bundy

De Jesus Youth is Missing; Foul Play

Patchogue, N. Y.—The mysterious death of the 27-year-old Carlos de Jesus of Greenpoint, Long Island, is being investigated by the Patchogue NAACP Branch, W. Burghardt Turner, president, reported this week.

The body of the young fisherman was washed ashore at Orient Point State Park, near here, Dec. 8. He had been missing since Nov. 4. Police suspect that he was murdered by fellow Negroes and his body thrown into the sea. However, Negroes believe that his slayers were white persons. The victim was reported to have been engaged to a white girl.

Disappeared

According to Mr. Turner at least three persons saw deJesus get into a car with several white men the night he disappeared. One witness said she observed what appeared to be fighting in the car.

Benigno de Jesus, father of the slain young man, noting that his son went around with white girls said he thought that was the motive for the murder. "This isn't supposed to be Georgia or Alabama," he said. "This business of going with a white girl . . . it (the killing) had to be racial."

In its investigation, the NAACP interviewed nine persons who knew de Jesus including some who saw him in the car the night he disappeared.

Joining Mr. Turner in the investigation were Miss Harriette Mellis and Myron Nelson, president of the Eastern Long Island NAACP Branch.

Sheriff Comments On Use of Firearms, Use Them Carefully

Many youngsters received their first rifle or shotgun this Christmas.

"It's a proud day in any young man's life," commented Polk County Sheriff Wilbur T. Hildreth, "And, an important step along the road to adulthood."

"You'll have a lot of fun with your gun in hunting and other shooting sports," Sheriff Hildreth said, "when you know your gun and operate it properly and safely."

Loaded

Always treat every weapon as if it was loaded, the Sheriff cautioned. However, be sure you keep it unloaded when not in use. Carry your gun in a case enroute to the shooting area.

Be sure of your target before you pull your trigger, avoid any horseplay and never point a weapon at anything you do not want to shoot.

Don't climb fences or trees with a loaded gun. Never pull a gun toward you by the muzzle. These are both good rules to follow.

Telephone and electric cables, crossarms and insulators provide power and communication for your community and should never be targets.

"One final thing," Sheriff Hildreth cautioned. "Every piece of ground in Polk County is owned by someone, so be sure you have the property owner's permission before you shoot or hunt on his land."

Legal Defense Lawyers Score Another Victory; Southern Governor- "No"

New Orleans, La. — The U. S. Court of Appeals for the Fifth Circuit, in a far reaching opinion, ruled Saturday that guidelines of the U. S. Department of Health, Education and Welfare should be followed by federal courts in school desegregation orders and a federal appeals court Thursday accepted the controversial HEW guidelines at the official pattern for desegregation of public schools.

By a 2-1 decision, the court said that all grades in cluding kindergarten should be desegregated by the fall of 1967.

The court's opinion was handed down in connection with seven school segregation cases filed last May by the attorneys of the NAACP Legal Defense and Educational Fund Inc. (LDF).

The cases involved school boards in the Louisiana parishes of Caddo, Bossier, Jackson, and Clayburn, and the Jefferson County, Alabama, Board of Education and boards in Fairfield and Besemer, Ala.

Jack Greenberg, Director-Counsel of the LDF, said that, based on this new court ruling, the LDF will now reopen most of its "175 school cases to bring them up to HEW standards."

In these and other school sytems, the court said, desegregation was accepted as a settled consitutional question, but results were meager.

Statistics

"The statistics speak eloquently. In 1965 the public school districts in the consolidated cases now before this court had a school population of 155,782 school children, 59,361 of whom were Negro," said the court. "Yet under the existing court-approved desegregation plans, only 110 Negro children in these districts, .19 of the school population, attend former 'white' schools."

Refuge

Judge John Minor Wisdom, who wrote the majority opinion, said that many school districts had sought refuge in the federal courts by obtaining quick decrees providing for desegregation according to plans greatly at variance with the guidelines.

Under the guidelines, segregated school systems are denied federal aid. However, those school districts that are under federal court order to desegregate or whose officials have pledged to comply with the 1964 law continue to receive federal aid.

Judge Wisdom said that the court would not permit the lower courts be used to destroy or dilute the effectiveness of congressional policy.

Same

Judge Wisdom further noted that the HEW guidelines were "substantially the same as the court's standards" and that "courts in this circuit should give great weight to HEW guidelines."

The court also directed those school districts that cannot meet the HEW minimum standards "to ask HEW for assistance."

The Civil Rights Act of 1964 provides that, upon request, the Commissioner of Education may render technical assistance to public school systems engaged in desegregation. The Commissioner is also empowered to make grants to school boards to defray the cost of providing in-service training on desegregation.

Judge Wisdom, who ordered "immediate compliance" for "all grades" expressed a clear indication of im-

Davenport Controversy To Iowa Supreme Court

Davenport, Ia. — The recent decision and order of District Judge Clay LeGrand in the Third Missionary Baptist Church of Davenport, Iowa controversy has been appealed to the Iowa Supreme Court by the Defendants Alfred A. Garrett, Alfred B. Newman, Rosabel Sample, Frank Camp and C. E. Randell.

Judge LeGrand issued an order on Dec. 13, 1966, directing that the defendants and the Davenport Bank & Trust Company and First Federal Savings and Loan Association deliver assets to the Third Missionary Baptist Church, Flynn R. Griffin, Chairman of the Trustee Board, assets in excess of $40,000 and the defendants were given ten days in which to comply with the Court's order which was Dec. 23, 1966.

Although the defendants refused a abide by the order of Judge LeGrand and filed a notice for a new trail and a stay order, on Dec. 2, 1966, they filed notice of appeal to the Iowa Supreme Court.

Represented

The defendants are represented by the Law Firm of Betty, Newman, McMahon, Hellstrom and Bittner of Davenport, and the Third Missionary Baptist Church is represented by Henry T. McKnight of Des Moines, Attorney.

In order for those in the case to stay Judge LeGrand's order and further proceedings on the port of the plaintiffs to collect their assets, they must post a supersedeas bond and McKnight, plaintiffs attorney, has immediately asked the court to have a hearing to determine the amount of the bond to be posted by them. If they fail to post the bond, then the assets will have to be dilivered to the Church.

Detroit Court Bans Biased Housing Law In NAACP filed Suit

Detroit, Mich. — The Wayne County Circuit Court has declared unconstitutional a Detroit "Homeowner's Ordinance" which allowed homeowners to refuse to rent or sell their property to anyone for anyone for any reason, including race.

In a brief filed with court, NAACP National Office attorneys Robert L. Carter, Barbara A. Norris, and marcus, and Detroit NAACP counsel Bruce Miller, pointed out that the ordinance protected racially discriminatory practices, further entrenched ghetto housing patterns, and violated the explicit provisions of both the U.S. and Michigan State Constitutions.

One of the provisions of the ordinance gave the property owner the right to reject any prospective buyer or tenant "for his own reasons" and interference with this "right" was punishable as a crime.

In a decision handed down on Dec. 29, the three-judge panel said the ordinance was "too imprecise to provide standards of conduct" and therefore did not meet the requirements of due process of low.

by e. tate

About midnight I was listening to Stan's Record Review—KAAY, Little Rock, and I heard this song by Miss Carla Thomas called "Something Good's Gonna Happen to You." Really, it is out of sight.

That's a crude way of putting it, but if you heard it, which some of you might have already, you'd say the same thing.

The part I particularly enjoyed were the drums.

And Dionne Warwick has one "Another Night", sort of a speeded up "Message to Michael."

"Two ways to Skin a Cat and One Monkey don't Make a Show", by Jim Reed. Talk about deep down —deep deep down.

Whatever happened to Ruby and the Romantics?

Let me dig up some background cool for you: Born in Memphis, Tenn., Dec. 21, '42, Carla started singing in high school with a group known as THE TEEN TONE SINGERS. Joined them in 6th grade and stayed with them until she left to attend Tennessee A and I (my my) University in Nashville. Now, between records, she's doing graduate work in English at Howard University in Washington. She may teach.

Could you see her teaching English, saying: Diagram this sentence —ummmmmmmmmmmmmm Baby. (?)

Oh. May 7 is Carla Thomas Day at Georgia Tech.

You remember her first big hit—"Gee Whiz", in 1960, then "Let me be Good to You", then the great one —Baby.'

I was talking with Patty Long, from the West Virginia women's job corps. I asked if Des Moines was very far behind Charleston in dances and songs.

She started to laugh, so I thought, 'what a stupid question.' But then she said that Des Moines wasn't that far behind, that Charleston would be playing some song, and it would take D.M. only two months to start playing it. Only. Well, that's not so terrifically bad. I guess.

I mean, last summer, KC's top charts had Dionne Warwick's song "You'll Never Get to Heaven if you Break my Heart", and I don't think it EVER got to Des Moines except as a Golden Oldie or whatever they're called.

Pat said when she first came to the Job Corps that she was going to stay in, but after a month, when she got to know everybody there, she went out.

The dances are just about the same, I gather.

Nick Zale wrote to me a couple of weeks ago. Said that Maxine Brown, Bo Diddley, the Vibrations, (I think) and some other entertainers had openings in their tours. Wanted to know if there would be any takers here in D.M.

Bo Diddley wouldn't be bad. According to one of the Incorporates, Bo Diddley Rock has soul all its own, and I guess they know what they're talking about.

The attorneys for the LDF were Director-Councsel Jack Greenberg, James M. Nabrit III, Charles Jones, and Norman Amaker.

Attack

The guidelines have been under attack by many southern congressmen and other political leaders who contend HEW is pushing desegregation faster and farther than the courts ordered.

Reactions

New Orleans, La. — "I disagree completely with the majority," Gov. John J. McKeithen said Thursday, after the decision by the Fifth U.S. Circuit Court of Appeals. "I presume the case will be appealed . . . and I think there are ample grounds for the Supreme Court to reverse this 2-1 decision."

Atlanta, Ga. — "I am not surprised," said Gov. Carl E. Sanders of Georgia, who has generally left the issue to local school boards. He said he wanted to read the decision before commenting further.

went on. "Today's grants are just one aspect of our commitment. Yet I cannot emphasize too strongly that our contribution to the important new work of the NAACP and the Urban League must be matched many times over by countless others —individuals, corporations, and other prevate sources — if their full potential is to be realized."

Young

In commenting on the grant, Whitney Young, executive director of the League said, "It will certainly assist our efforts to strengthen and expand our operations to meet the

dramatic and vastly expanded demand for Urban League services nationally at a time when the seriousness of the urban situation and the seriousness of the Negro's plight within the urban setting simply cannot be overemphasized.

"The fate, not only of the Negro population, which is falling farther and farther behind the hite population in jobs and opportunities, but of the cities themselves, hangs in the balance."

COMMISSION ON HUMAN RIGHTS

Now that the New Year is here, we as citizens of Des Moines should reflect back on some of the outstanding events of 1966 such as: 1. Bridge and freeway openings; 2. Revised housing ordinance; 3. Policemen and Firemen pay increase; 4. Conference on Equal Employment Opportunity and Education — with nationally known personalities such as Samuel C. Jackson, Commissioner, Equal Employment Opportunity Commission; Dr. Dan W. Dodson, Director, Center for Human Relations and Community Studies, New York University; 5. The tragic Good Park incident; 6. The welcoming of Vice-President Hubert Humphery and Senator Robert Kennedy; 7. Oakridge Urban Renewal Program, and many, many others.

If we would regroup our thoughts of these events, we would clearly see that there was a lot of conflict involved; conflict as it applied to politics, employment, housing, education, etc. In this multi-racial and ethnic society, we can expect more conflict to follow. Some of these same issues again will be focused in the spotlight this year. Some will receive not only local but also national attention. Other issues, perhaps will not gain the attention that they should receive especially if the issue is a truly "sore sport" in our community.

At this very moment, our community is in a state of revolution. Change is all around us but let us not, however, become settled and satisfied with our progress or lack of it. Let us continue to move ahead into all areas of community living. The problems in our community are small as compared to larger Metropolitan areas, but nonetheless, the problems are very real to those affected; therefore, we all should strive to "make the revolution a parent for settlement rather than the nursery for future revolution."

As Frederick Douglas once said "if there is no struggle, there is no progress. Those who profess to favor freedom and depreciate agitation are men who want crops without plowing the field, they want rain without thunder and lightning, they want the ocean without the awful roar of its many waters. This struggle may be a moral one or it may be a physical one or it may be both moral and physical, but it must be a struggle; power concedes nothing without a demand. It never has, it never will. "Men may not get all they pay for in this world, but they must certainly pay for all they get."

The tools are at the private citizen, educators, politicans, homebuilders and associates, professionals and employers to make Des Moines a better place in which to live. My question. "What will you do this year to move our City ahead?" Finally, Adlai Stevenson once said, "The right to live in peace, to get an education, to rais a family free of fear are the major problems of mankind. They are at the core of nearly everything that must be done. They stand at the heart of every issue, for we believe no longer that any society can long endure peace, really live with itself, really prosper econoically, if in that society one race deprives another of human, political, social and economical rights.

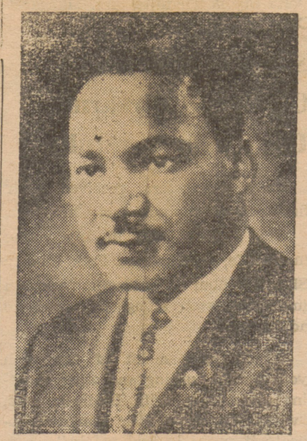

THESE RIGHTS REMAIN THE GREAT UNFINISHED BUSINESS OF MANKIND.

CHICAGO — Making its debut in the field of curriculum research, the 126,000 member American Federation of Teachers, AFL-CIO has published a new and exciting research study entitled "The Negro in Modern American History Textbooks."

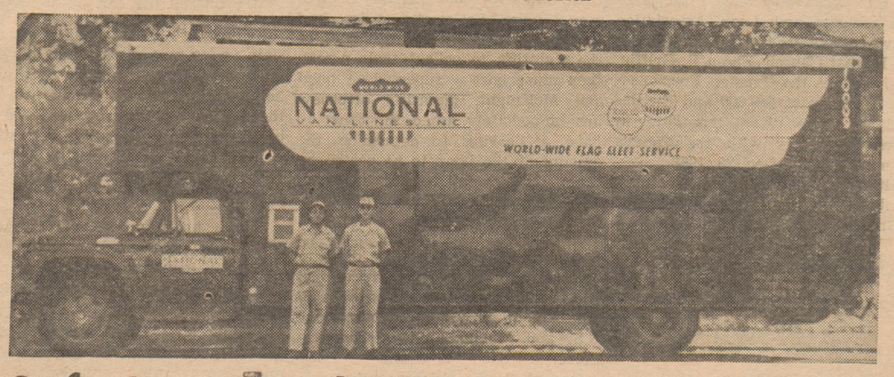

Written by Irving Sloan, a Scarsdale, N. Y. teacher, under an AFT research grant, the study reviews the thirteen best-selling textbooks used in many of our junior and senior high schools. It answers the question "Are publishers of American secondary school texts being candid when they report that their approaches to the American Negro have changed in the past year?"

Said Mr. Sloan upon publication of the study: "For the most part, authors and publishers are making genuine efforts to explore the myths of Negro history and show the Negro's rightful place in the history of this country. But none of the texts have completely succeeded, and several are so far from the target that they invite suspicion."

Copies of the Sloan study are available by sending $1 (or $10 for 25 copies) to the AFT Research Department, 716 North Rush Street, Chicago, Illinois 60611.

the Camera Guild

Mother snaps a picture that will keep her memory ever-fresh of the little girl starting off on that big adventure—the first day of school.

It's School Time!

For the past few days we've been hearing bells ringing in our ears – and you know what kind, don't you? That's right — *school bells!* Practically everywhere across the country summer vacation is drawing to a close, and very soon now hoards of youngsters will be reluctantly setting forth for their annual battle with the 3R's

School is a word that covers many activities and people. At your house, school days may mean a well-scrubbed, neatly combed six-year-old who's entering Class 1-A. Or it may refer to a daughter who's on her way back to nigh school or a son setting off to college. And to a teacher—if there's one in your family—it will mean readying the classroom for a new group of youngsters.

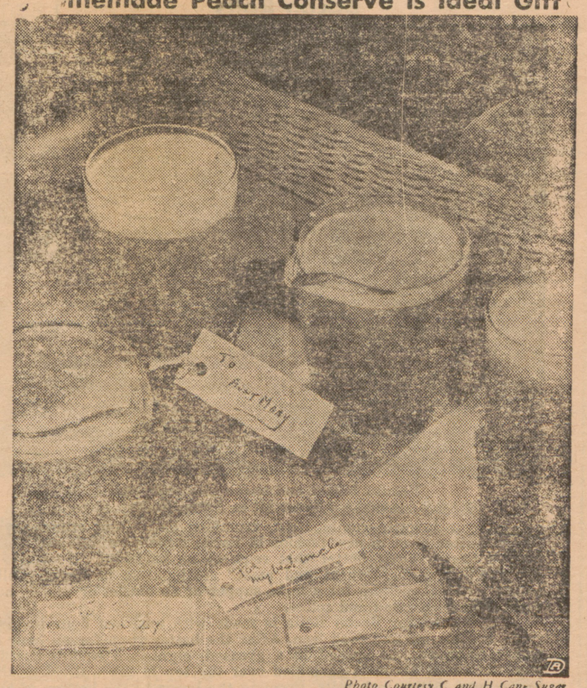

But no matter what new activities school days bring to your home, one thing is certain: It's no time to put away your camera just because vacation has ended. The school year brings with it many moments when you'll be awfully glad you had a camera handy. And remember, something as simple as a shot of the children poring over their homework projects or perhaps dressing up for the school pageant may turn out to be the most cherished picture of your collection in years to come.

The opening of school spells "camera" in another important way, too. It marks a time when junior members of the family especially appreciate having a camera of their own. Friends and classmates, school activities and events belong in any youngster's pictorial record—and he'll enjoy taking those snapshots himself recording his own impressions just as he wants to remember them.

It won't require expensive equipment, either for a simple box-type camera is all that's necessary. With a flash attachment and a supply of flash bulbs, Junior can take pictures under almost any conditions—indoors, day or night, in clear weather or cloudy, in early morning or after the sun goes down. In fact, don't be surprised if he's named official photographer for his class in school as well as for his Scout troop!

Homemade Peach Conserve is Ideal Gift

Photo Courtesy C and H Cane Sugar

Each time you make a batch of this rich-flavored, quick-cooking peach and pineapple conserve, pack part of it in some interesting way for gift use.

For a bridal shower, for example, fill a measuring cup with the conserve and tie the recipe onto the handle. Or fill a couple of tall drinking glasses and give them, complete, with straw jackets or coasters.

For a hostess gift any time, or for Christmas giving (yes, Christmas is coming sooner than you think) pack a cute breakfast jam jar with the delectable spread.

Peach Conserve Tropical

Dice coarsely enough ripe peaches to make 6 cups (It will take about 4 lbs., or 8 to 10 medium-size peaches.) Mix with ¾ cup canned crushed pineapple (not drained) in large kettle and cook 3 or 4 minutes, to soften the peaches slightly. Then add 4 cups C and H Pure Cane Granulated Sugar and 1 tablespoon lemon juice. And also, if you like, 1 or 2 tablespoons finely chopped candied ginger. Boil hard, stirring about 20 minutes, or until as thick as you like it. (Test by cooling a spoonful quickly on a cold saucer.) Let conserve cool in kettle, or pour into a shallow bowl. Stir occasionally while cooling, so fruit will absorb syrup, and won't float. Pack cold in small jars or glasses. Cover with thin coat of melted paraffin. Put on lids; label and date jars. Store in cool, dry, dark place. Makes 5 or 6 glasses.

Handy Jim's FIXIN-UP TIPS For Farm and Home

For Protecting Walls

ANOTHER use for an old rolling pin is illustrated by courtesy of the professional builders' magazine, *American Builder*.

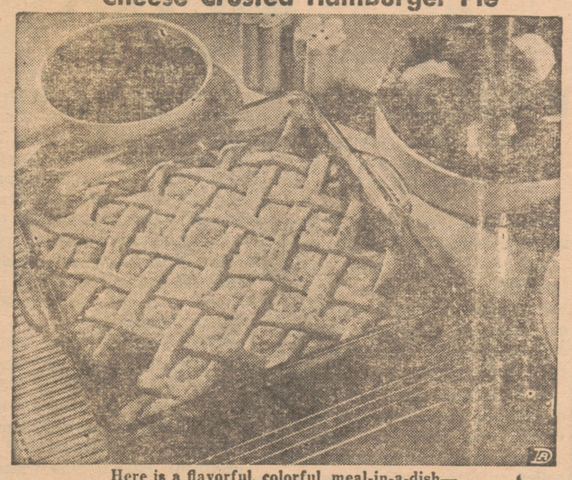

The rolling pin has been installed at the top of a ladder to be used

in painting a house. It has been covered with a piece of carpeting glued in place.

Other operations required to make this improvement, which simplifies the moving of the ladder and prevents scratching the wall, include the drilling of a hole through the center of the pin lengthwise, and the insertion of a long threaded rod or bolt. Washers and jam nuts are then attached to hold the rolling pin firmly in place

Cheese Crusted Hamburger Pie

Here is a flavorful, colorful, meal-in-a-dish— just the thing to please the end of the month food budget.

Tempt family appetites with this Cheese Crusted Hamburger Pie early this spring. You may even be surprised yourself at how your family will accept a new dish so quickly—and demand repeats in the future.

This pie can be your economy dish for the week. The hamburger pie picks up a delicious new flavor with the "melt in your mouth" cheese crusted topping. Luckily too, it not only tastes good, but is good for you! When the cheese crust is made with enriched flour, you get extra shares of B-Vitamins and food iron along with food energy and protein.

Along with this Cheese Crusted Hamburger pie you will like to include a fresh green tossed salad with some of the new spring vegetables. This in itself would make a complete luncheon but for a dinner perhaps you'll want to include a dish of fresh new asparagus. Nothing more will be needed to get the "You're the best cook, mom" reward.

Clip this recipe not only for this week's menu but also for future demands.

CHEESE CRUSTED HAMBURGER PIE

1 garlic bud, sliced
3 tablespoons fat or drippings
1 pound ground beef
2 tablespoons chopped green pepper
⅛ cup enriched flour
1 teaspoon salt
2¼ cups tomato juice (1 No. 2 can)
½ cup chopped celery
2 teaspoons Worcestershire sauce

Fry garlic in fat or drippings in heavy skillet for about 5 minutes. Remove garlic. Add ground beef and green pepper and brown well. Stir in flour and salt. Add tomato juice and cook until thickened, stirring constantly. Stir in celery and Worcestershire sauce. Pour into 8-inch square baking dish. Top with Cheese Pastry.

Cheese Pastry

1½ cups sifted enriched flour
½ teaspoon salt
½ cup shortening
¼ cup shredded American cheese
3 tablespoons cold water (about)

Sift together flour and salt. Cut or rub in shortening. Add cheese. Sprinkle with water. Mix lightly until dough begins to stick together. Roll out about ¼ inch thick. Cut into 8-inch square and cover hamburger mixture. Cut remaining pastry into strips ½-inch wide and arrange lattice style on top of 8-inch pastry square. Bake in moderately hot oven (400°F.) about 30 minutes.

Makes 4 servings.

MAPLE STREET BAPTIST CHURCH NEWS

Bacon Rolls

Peanut butter and bacon bits team up to make a flavor hit in Bacon Rolls.

Long a favorite combination, crumbled bacon and crunch-style peanut butter meet in new fashion in Bacon Rolls. The rolls are made from a beaten yeast batter that requires no kneading.

You'll find the "wheat and meat" combination of Bacon Rolls makes an ideal pick-up for a light supper of an omelet or souffle, hot vegetable, crisp salad and coffee.

The batter for Bacon Rolls is made with enriched flour to give three B vitamins and food iron. After the batter rises for an hour it is stirred down and spread in a greased, eight-inch square baking pan. Crumbled bacon is sprinkled over the top in rows, dividing the batter into 16 two-inch rolls. Pressing the bacon to the bottom of the pan firmly separates the rolls and gives a "bacony" taste all the way through.

When you haven't time for making yeast rolls at home you can still give your family a variety of tasty, enriched breads. Choose them from the wide selection at your bakery or food store.

Bacon Rolls

1 package yeast, compressed or dry
¼ cup water (lukewarm for compressed yeast, warm for dry)
½ cup milk
¼ cup brown sugar
1 teaspoon salt
2 cups sifted enriched flour (about)
¼ cup crunch-style peanut butter
1 egg
2 slices bacon

Soften yeast in water. Scald milk. Add brown sugar and salt and cool to lukewarm. Add 1 cup flour and peanut butter and beat until batter is smooth. Add softened yeast and egg. Mix well. Add enough more flour to make a thick batter. Beat thoroughly. Cover and let rise in warm place until bubbly (about 1 hr.). When light, stir down. Fry bacon until crisp. Drain on absorbent paper and crumble lightly. Spread batter into greased 8-inch square pan. Sprinkle crumbled bacon in rows over batter dividing into 16 2-inch squares. With floured finger, press bacon through batter to bottom of pan. Let rise until doubled (about 30 minutes). Bake in moderate oven (350°F.) about 25 minutes.

Makes 16 rolls.

Deaconess Council Meets Tues. Jan. 10

MARY HYDE, as many of you may know, is a teacher at Tuttle Elementary School which is a University of Minnesota Demonstration School. I well remember Mary as a Drake coed, don't you? And Robert, Jr. and Eric—in that order—entering the scene? They are an admirable threesome: Mary, playing a very important role in the teaching field; Robert, Jr. making an exciting entrance into his chosen field of medicine; and Eric in the enviable position of outstanding high school sportsman even as he considers several choices as to where he wishes to pursue his career. Robert, Jr. and Eric are the sons of Robert S. and Betty Jean Hyde of here. Mary helped make my stay in Minneapolis a real pleasure. When I first arrived in the Twin Cities, she was celebrating her birthday and enjoying her new car, a '67 Buick Skylark. It is the new shade, Blue Mist, has a white top, interior, and wall tires. We shall present more Minneapolis news next week, if all goes well with yours truly.

NEW YEAR PARTY CLOAK ROOM GIRLS sometimes have more fun than the party-goers. Ever thought about it? One chic chick made me forget last week's urge to become a cross-country trucker. Hat checkers have more fun! One girl has served as annual New Year's party regularly. She and a friend. The girls, it seems, are forbidden to leave the cloakroom without being replaced. When one must leave, a guest pinch hits for her. Meals and drinks are brought to them in abundance—anything to keep them happily content! But in the cloakroom. The girls check men's coats, ladies capes, jackets, and full-length coats of mink, ermine and sable. One girl saw her first Black Mink here! The girls spend an enjoyable evening trying on anything to their liking. One of them, over-exposed to such luxury, bought herself an Autumn Haze Mink Stroller (girls, this is fingertip length). Last but not least—as the New Year came in, they were given their share of kisses and goodbyes—and fat tips.

MARIE ROSS, formerly of the Bystander staff and known personally to most of you, generously sent us a few notes after my reminder that she is missed!

MARIE ROSS WRITES NEWS IN THE CHRISTMAS NOTES:

"A sort of thrill comes over me at this season of the year as I anxiously await the daily mail with its warm greetings from relatives, friends and well-wishers scattered about the country and a few in places around the world. And, like looking for prizes in a box of Cracker Jacks, I search for the postscripts, little notes and annual messages."

"Many notes come from Des Moines friends like Mrs. Louise Glass, 1517 Second Avenue, who inquires: 'What are you up to now? Some interesting projects', she hopes. I'm wondering. Another postscript, from Mrs. Annie Ware, 1215 E. 15th street, was her standing invitation to come and have lunch with her and she would fix one of my favorite menus: fried fish, mashed turnips and hot cornbread, like she did on several wintry days when I would drop by her home at lunch time on some business for the Bystander. Of course, I had nose for news; but hers always had an odor of food filling the atmosphere."

"Mrs. Ilene Dalthrop of West Des Moines uses the back of her Christmas card to record the highlights of her year's activities. Seems that she had a busy time with much for which to be thankful. Her family traveled in a trailer to nearby State parks, then took a 16-day trip to the Pacific Northwest — 'cutting across about 150 miles north of San Francisco to see Redwood Forest and on up to the Coast to Oregon and Washington—took a boat trip from Seattle to Victoria — back through Yellowstone — a marvelous vacation.'

'When I received a fat greeting card from San Diego, Calif., I knew it was the annual report of the Alfred Florence family, written by former Bystander secretary, Harriet. On her agenda, she referred to the 'minutes' of last year's message, speaking of accomplishments:

"Your last note left me breathless and tired after reading about all the sweaters you knitted and various other tasks performed . . . As it is I have just finished a sweater for our oldest daughter which I have spent time on for the past two years, it seems. I tell her when she receives it, it will be conveying greetings for all the holidays and her birthdays covering the two-year period. Such a mother I am.

I suppose you know Marri Johnson is writing the column for the Bystander now. I enjoy her column—such a well-informed person. We were in Des Moines one day this past spring on a rush trip back to the Coast. Needless to say, all we saw were relatives who were well. I enjoyed the one day as it was balmy.

The children are fine. The oldest has starting taking scholarship examinations and so far so good. The middle one is working on a Science Fair project which concerns molds and you should see the refrigerator. The youngest is spending his last year in elementary school in the 'cluster group'.' So much from the Florences.

"With greetings for a 'Merry Chistmas and a Happy New Year,' the card from the A. P. Trotters, 934 14th street place, revealed that their hearts are heavy this Yuletide season when they think of having to move from their home of many years. During the past summer they had a 'grand time' celebrating their golden wedding anniversary at their home. "Now we are planning to move soon. We are in the Urban Renewal area. This is the only home we have ever kept house in—so you know. We know nothing about moving'. For some good assistance, see your Columnist Marri, who with her husband, John, helped me to get moved from Des Moines."

Family Cheer With a Pot of Tea

New Year's parties are traditional—and traditionally planned for the adult members of the family and their friends, or for the near adults and their respective friends. Not often enough are New Year's parties given exclusively and privately for the intimate family group. There's no one loves a party more than your small-fry — and there's no one who needs the emotional security of belonging to the adult family group than these youngsters. So why not plan a family New Year's party especially to include the early-to-bed-early-to-rise members.

There's no need to go into a lot of party preparations, either. Just a few noise-makers, paper hats and streamers will do to give your regular evening meal a festive look. One of those ready-mix cakes, baked in an 8-inch square pan, frosted and decorated with the words *Happy New Year*, will make them happy.

And to give the youngsters the feeling of attending a real grown-up party, prepare a pot of hearty, relaxing tea. Serve it as is for the adult members with sugar, milk or lemon. To the youngsters serve cambric tea (very, very weak tea with *lots* of milk). There's nothing like the atmosphere created over a friendly cup of tea around the family table to aid the camraderie and esprit de corp needed to cement family relations.

To make very, very weak tea for cambric tea, make regular tea according to the rule of 1 teaspoonful tea or 1 tea bag per cup plus one for the pot, and weaken the tea by adding hot water.

The essential principles in making regular tea are simple. All you need is the proper proportions of tea, boiling water and a brewing period of three or five minutes. Real tea-lovers prefer milk with their tea because they say milk lets the true flavor of the tea come through.

WE MUST WORK HARDER IN 1967

The New Year takes up where the old left off. It is not easy to assess all the good or bad things that accrued in 1966 but there are some which will stick in our minds.

Certainly our participation in the war was and is the big event and will continue, while the election in November was a good second.

Frankly, it is unfortunate that America is involved in the struggle in south Viet Nam. However, this is beside the point. We are involved in the affair with the Viet having underestimated their strength, their ability to supply themselves, or the kind of fighting which must be employed to conquer the enemy.

A great New Years wish is this conflict comes to a close in 1967 saving the lives of thousands of young men who have not had the opportunity to develop and live a normal life.

A second wish is that more effort be made to teach people how to live rather than lifting them from one area to another with little knowhow to live with self-respect.

The third is that every effort be made to emphasize to all that the basis of the democracy is law and order, responsibility and a respect for the rights of other people.

America may not be able to accomplish all these things at once, but if they are given serious attention constantly, much can be accomplished.

CIRCUIT COURT BACKS NEW GUIDELINES

The school desegregation case was decided by the U.S. Supreme Court in 1954 declaring that racial segregation had no place in the public school. There have been almost 13 years since the decision. In the meantime, several states and school districts have ignored the decision; some dug up various road blocks to prevent their areas from complying. The federal government has seemed powerless to enforce its own laws.

Succeeding decisions have outlawed segregation and discrimination in other areas. More recently the department of Health, Education and Welfare has laid down certain guidelines as a requisite for schools, hospitals and other agencies to meet in order to be eligible for federal funds.

Last week the circuit court of appeals in New Orleans held that these guidelines were reasonable and the same as that followed by the court in other litigation.

All kinds of pursuasion has been employed to get the violators of these laws to comply but many have ignored them. This recent approach to secure compliance will work. It is not unreasonable to place reductions on a grit, especially when it is done to accomplish certain results.

A WELCOME GIFT TO THE NAACP

The Ford foundation has granted the NAACP $300,000 and the Urban League $450,000 in order to assist in carrying on their programs.

The Urban League has been fortunate over the years in receiving large grants from various sources. But this is the first big contribution to the general operating program of the NAACP.

The NAACP has carried a heavy load over the years but large donors have tended to shy away. It has not been able to stay in the black and thus its officers have labored under heavy handicaps.

Fortunately, the Ford foundation has concluded that the work of the NAACP has been intelligent, honest and directed toward securing for minority groups their place as citizens.

The donors emphasized, in making this gift, that they expected Negroes to do a better job supporting their organizations, a message to the smart intelligent who think they should not carry an NAACP card.

Both Ford and these two groups should be commended for seeing that a job is need and were out to help get it done.

We guess all football fans got just about all they wanted over the weekend. Our personal observations were varied—we thought if Syracuse could have come up with any kind of a passing game, they might have won that one Saturday. Then we just didn't see how the WEST was going to do much with that EAST defense or the offense that had two of the best college runners in the game. Well, the WEST didn't.

We were impressed by the speed of ALABAMA'S backfield and lines as they ran around and over NEBRASKA. Then we recalled the time the CORNHUSKERS certainly didn't look like they deserved a No. 3 rating. Especially at IOWA STATE and OKLAHOMA.

Maybe the boys from ALABAMA will play some of the top teams in their own section — GEORGIA, GEORGIA TECH, FLORIDA, FLORIDA STATE or some of the TEXAS teams. Then we would consider them as a great ball club. But as long as they play teams that are merely workouts for them, we can't see them as number one or even in the top half dozen.

SOUTHERN METHODIST' JERRY LEVIAS had nothing to be ashamed of in his bowl game. He lived up to his name of BIG PLAY LEVIAS. Too bad the MUSTANGS lost. We were very much in sympathy with SOUTHERN CAL in the ROSE BOWL game. We thought that two point effort was the only thing to do, under the circumstances. They say SOUTHERN CAL has lost four of those games that could have been won by a two point play. They tried each time, too.

Now we will sit back and wait for the dust to clear and the big game between the champions of the two leagues. The KANSAS CITY CHIEFS really racked up their AMERICAN LEAGUE opponents, but the PACKERS had to have a couple of penalties at the right time to make it. Who do you pick to win the thing?

Here at home we shall watch to see how the high school ratings are, now that ROOSEVELT has dropped two and NORTH is unbeaten in at least eight games. Maybe the local schools are catching up with the RIDERS.

Over at TECH they have a guy named PETE STEWART who is tall enough to look down into the basket. When they say he dropped in fifty five points in one game, they mean just that. That mark sets a new one game scoring record for local high schools. Just about all the local schools seem to have better than usual ball clubs and that makes the city title just about up for grabs. At the risk of jinxing them we favor NORTH.

Oh yes, there is going to be another heavyweight title boxing bout. This time it involves the two champs —ERNIE TERELL, champion in New York and the other guy who is in the ring and just about everywhere else—Mohammed Ali. See where the two guys had a yelling match the other day that ended in a draw. But it will probably add another fifty thousand to the dough paid out to see the two.

Whatever else he may be the champ really knows how to draw a crowd. Which champ? Why, Clay, of course.

Ossie Davis Stars In Run for Your Life

Ossie Davis, noted stage and screen actor, will guest star in two consecutive episodes of Universal Television's highly rated TV series, "Run For Your Life." The first segment, "Flight from Tirana," will air over the NBC Television Network Monday, Jan. 9 and the second, "A Rage For Justice," is Jan. 16.

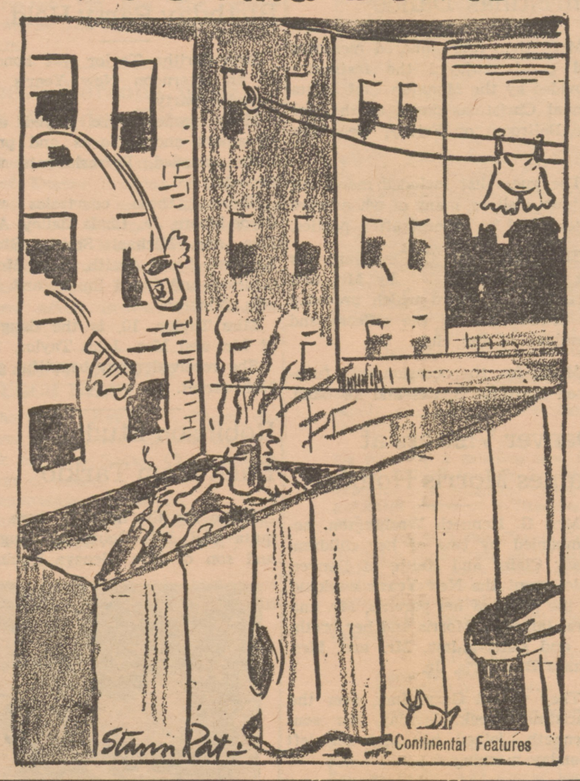

Stewart Sets City Scoring Record

6-foot 8-inch Pete Stewart set a city scoring record Friday night when he pumped in 55 points to send Tech to a 90-72 victory over Boone.

Stewart, a senior center, hit 10 points in both first periods and dropped in 20 of 30 point shots hitting on 15 of 23 free throws.

His total beat the all-time high by a City Series player and was the best in the state this season, breaking Roosevelt's Tom Kreamer 37 points.

Do's And Don'ts

HEALTH FOR ALL

Old misconceptions die out as slowly as old diseases. When the old misconception is about an old disease, it can take even longer.

Many people must have been startled to learn that tuberculosis was fifth among diseases for which disability benefits were granted in a recent year under the Social Security program. TB is supposed to have got lost or mislaid somewhere, according to a popular notion. Unhappily, it is still around to the tune of almost 50,000 new cases and 10,000 relapsed patients every year.

Even worse than the effects of tuberculosis, as reflected in the disability tables, were the ravages caused by another serious lung disease—emphysema. Persons certified as disabled by emphysema in a single year totaled about 15,000—second in number among all diseases.

Tuberculosis and emphysema are just two among many diseases of the breathing system that are fought by Christmas Seals. Unlike TB, emphysema has been on the increase. Steady research and increasing experience have enabled doctors to develop techniques for making more comfortable, but so far no cure is in sight.

Other respiratory diseases, including chronic bronchitis, asthma, hay fever, and the common cold, also are the objects of a long-range attack by the Christmas Seal organizations active throughout the nation.

You get a lot of action for your investment in Christmas Seals. It isn't too late to respond to the 1966 Christmas Seal Campaign appeal.

TO THE EDITOR

The grant of $300,000 to the National Association for the Advancement of Colored People announced is an added indication of the Foundation's commitment to the correction of ecial inequities in our country. The NAACP welcomes this assistance in coping with the nation's most urgent domestic problem — the elimination of discrimination based upon race, religion or national origin.

The Foundation grant is a pump primer intended to enable us to expand our youth activities and to make more effective our existing programs in community action, legal test cases, voter registration and education, employment, consumer education and protection, integrated quality education, and improvement of cocmunity -police relations.

But the new funds will not meet our total needs. We must continue to rely upon the financial and moral resources of our membership to expand our legislative activities at all governmental levels, to carry on certain aspects of political action, to meet our housekeeping needs, and to work generally in areas where the use of foundation grants is prohibited.

The Ford grant does not require a matching of funds by the NAACP, but the Foundation has made clear that a definable increase in our own fund-raising totals will be a "persuasive factor" in any consideration of a request next year for a renewal of this aid.

The road ahead is different from that of the past and, in some ways, more complex and difficult. New approaches and tactics are needed to eliminate basic economic and cultural inequities, and we expect to adopt what ever useful ones are required, irrespective of their relationship to traditional methods. The grant will help us to push ahead more promptly and vigorously with programs geared to meet the changing situation.

METHUSELAH

Methuselah ate what he found on his plate,
And never, as people do now,
Did he note the amount of the calorie count:
He ate it because it was chow.
He wasn't disturbed as at Dinner he sat,
Devouring a roast or a pie,
To think it was lacking
In granular fat
Or a couple of vitamins shy.
He cheerfully chewed
Each species of food,
Unmindful of troubles or fears
Lest his health might be hurt
By some fancy dessert;
And he lived over nine hundred years!
