### Mobile Home Owner Will Appeal Rent Order

#### Haddix Couple, Ia. Rights Commission Win First Hearing

The owner — operator of a mobile home park here in Des Moines has been ordered to accept a Mason City couple who had been refused trailer space.

Mr. and Mrs. Willis M. Haddix, of Mason City, filed a sworn complaint with the Iowa Civil Rights Commission charging Oak Hill Mobile Home Park, owner of which is Mrs. Ruth Wilson, along with several other mobile parks, charging them with a violation of the section 105 A.6 (1), 1966 Code of Iowa, which, in laymen's terms, says that Mrs. Wilson along with the other Mobile home owners had committed an unfair discriminatory practice. On the basis of investigation conducted by the Commission personnel it was determined that probable cause existed for crediting the allegations in the complain of Mr. Haddix.

However, Mrs. Wilson denied each statement, charge and allegation, denied that she discriminated against Willis Haddix or that she refused to rent trailer parking space to the Mason City couple.

"Probable cause" as said by the Civil Rights Commission, executive director of which is James Thomas, was built on the renting of space for trailers and providing garbage removal, water and sewer and a utility house with washers and dryer.

The Oak Hill owner contended that the renting of space for trailers and providing such services did not bring her trailer court within the definition of public accommodation, which the word "facilities" is defined as: "... something that is built, constructed, installed or established to perform some particular function or to serve or facilitate some particular end."

#### Establishment

The Oak Hill Mobile Home Park, says the Commission, is an establishment which serves a particular function, i.e. providing a suitable place for mobile home owners to harbor their trailers for the purpose of habitation in conformance with the Laws of the State of Iowa, . . .

The hearing was held Nov. 17-18 at the State Capitol Building before Mrs. June Goldman, Rev. Philip Hamilton, Dr. Donald Boles, Dr. Harry Harper and Mrs. Merle Full.

#### Abernathy Appeals: To New Ala. Governor

Atlanta, Ga. — Civil Rights leader Dr. Ralph David Abernathy called for the new Governor of Alabama to "comply with the law of the land so that nearly 200,000 Negro and white citizens of Alabama will not lose their subsistence payments from federal funds."

The Federal Government has announced that it will cut off support for welfare programs in Alabama by the end of February if the State does not stop racial discrimination in those programs.

#### POLICE BLOTTER

San Francisco, Calif. — A young husband who chased his wife out of their apartment while beating her, turned his anger on a neighbor and a police officer who attempted to restrain him, throwing punches at the two in a wild early morning melee. According to police, the husband was arrested on suspicion of

#### Dog License Fee Due Feb. 1; Penalty is \$5

City licenses for Des Moines dogs are due Feb. 1, city officials said last Thursday.

After that date, a 25 cent penalty is added each month to the regular \$3 license fee.

Officials said dog licenses are available at the offices of any veterinarian or at City Hall.

Dogs found without licenses may be impounded and their owners will be assessed a \$5 penalty plus lodging costs at the Animal Rescue League.

#### Lincoln Would Have Shipped Negroes Off

A new book on civil rights pictures Abraham Lincoln as having been himself a "racist" as late as only a few months before he issued his Emancipation Proclamation.

The book, entitled "The Invention of the Negro," by Earl Conrad, published by Paul S. Eriksson, Inc., on Jan. 18, declares that Lincoln, even as he sought to liberate the Negro people from slavery planned to ship them back to Africa for "recolonization" in their original homeland.

The book quotes the martyred President as telling the Negroes late in 1862, "You and I are different races. Whether it is right or wrong I need not discuss. But this physical difference is a great disadvantage to us both, as I think your race by living among us, while ours suffers very greatly, many of them suffers from your presence. In a word we suffer on each side. If this be admitted, it affords a reason why at least we should be separated."

#### Rev. W. Andrews on KDMI Program

Beginning Feb. 1, KDMI FM radio station will become the second radio station to host programs headed by Rev. W. D. Andrews, pastor of the Apostolic Faith Temple, 1518 Scott Avenue.

For nearly one and one-half years he has had a church broadcast on KWKY every Sunday morning and "Consolation", a program of Negro spirituals at 10:45 p.m., Sunday night. His new programs will be heard from 9:30 a.m.-10:00 a.m. Monday-Friday.

"Redemption", a program of spirituals and comments will be heard 9:30-10 a.m. The Apostolic Hour, official program of the Temple, is aired 10-10:30 a.m.

Rev. Andrews, who has written 14 booklets, is presently working on a booklet entitled "Make Them One." His main goal is to establish a printing department in the Church.

#### Harold Carr Assigned to Manpower Council

Harold Carr, 50, of 3107 57th street, has been assigned by the Iowa State Manpower Development Council to work with the Des Moines Human Rights Commission in training hard-core unemployed persons in Des Moines.

The federal On-the-Job Training Program is scheduled to be launched next week.

#### Specialist

Carr, a minority specialist for the Council, will visit with employers to develop job opportunities for hard-core unemployables and to see if employers will work in conjunction with the O.J.T. program and retain such persons on the payroll once they have been trained.

The program, designed to aid 300 persons in this area, gives unem-

ployed persons training by employers while receiving the going wage for the particular job (not less than \$1.25 an hour). The federal government then reimburses the employer for the effort necessary for training.

Carr's \$7,500-a-year salary will be paid through the Manpower Development Council.

#### Rep. Cecil Reed to Speak at Banquet

Representative Cecil Reed of Cedar Rapids will be guest speaker Feb. 17 for the layman's Founder's Day. Time is 7 p.m. at St. Paul A.M.E. Church. Mrs. Helen Wimberly, layman president is making banquet reservations.

Topeka, Kan. — A fair housing bill was introduced in the Senate Monday, Jan. 16. The bill, in the form as recommended by the Legislative Council, prohibits discrimination in the sale, purchase, leasing, renting, constructing or financing of housing accommodations or real property.

Albany, N.Y. — Mrs. Ersie Hines Poston, was named by Gov. Nelson Rockefeller Wednesday as the president of the state's Civil Service Commission. She is the first of her race to hold a N. Y. Cabinet post. Her salary is \$82,265.

New York, N.Y. — Mrs. Esther James has moved to make sure she will get all profits from the congressman's new long-playing record, her attorney, Raymond Rubin said. "Keep the Faith, Baby", the album, has a restraining order on it to prevent the company from turning over any profits to Powell.

Atlanta, Ga. — Harold Lewis Prather, 24, whose arrest last September touched off Atlanta's most serious racial demonstration in modern times, has been sentenced to five years in prison. Prather, was convicted by a Fulton County, Georgia, Superior Court jury on a charge of receiving stolen goods. He was shot in the leg and arrested by a policeman last Sept. 6 in the predominantly Negro section of Summerhill. The shooting brought on a demonstration by hundreds of Negroes and led to scores of arrests.

The Des Moines chapter was organized six years ago by mothers with children between 2-19 years of age. The conference will be the first hosted by the Des Moines chapter. Participants will come from Tennessee, Arkansas, Oklahoma, Kansas, Missouri, southern Illinois and Iowa.

#### Negroes to Make Best Showing in '68 Pres. Race as Republicans

Republicans may make their "greatest showing among Negroes since Reconstruction with an appealing national ticket" in the 1968 presidential race, says a leading Negro magazine, in its February issue.

In a "backlash" vote that was the counterpart of the much-publicized "backlash," Negroes provided the margin of victory for key GOP nominees in four states.

Negro voters were credited with a key role in the election of three Republican governors, George Romney in Michigan, Winthrop Rockefeller in Arkansas and Spiro Agnew in Maryland, as well as the victory of new Senator Charles Percy in Illinois.

The Republican swing by Negroes may very well continue in 1968, built around the personality of freshman Senator Edward R. Brooke of Massachusetts, first Negro elected to the upper chamber since the post-Civil War years. "Republicans could forge ahead in a number of ways, with much depending on freshman Senator Brooke," notes Ebony.

Reports say that GOP support hit an all-time low in 1964 with Sen. Barry Goldwater when the party got less than two per cent of the Negro vote in large metropolitan areas with

#### James Jones Held in \$8,300 Robbery; Urbana Board Asks Wife Teacher to Stay

Waterloo, Ia. — 32-year-old, husband of a Urbana, Ia., school teacher, was arrested by FBI agents Saturday after he was charged with armed robbery.

James Millard Jones is being held in lieu of \$25,000 bond at Black Hawk County Jail for the \$8,300 holdup of the Urbana Savings Bank Thursday, Jan. 19, when according to first accounts, two Negro men and one elderly white man took the woman cashier, Mrs. Bonnie Richard from the bank where she was working alone.

However, authorities limited the robbers to a lone masked gunman wearing a ski mask and gloves.

Reports say the accused robber walked into the bank building about 12:45 p.m. and forced Mrs. Richard to open the vault. After grabbing the bills and change he fled out the rear door.

#### Clothes

After ripping out the bank's four telephones, he ordered Mrs. Richard to remove her clothes, except her brassiere, forced her into a light

blue 1960 Ford with a Black Hawk County license plate, which county sheriff said had been stolen earlier Thursday from the parking lot of the John Deere Waterloo Works.

As a result, Jones' wife, Mrs. Carol Jones, a kindergarten teacher with the Urbana public school system, was suspended Monday while school officials decided whether to fire her or to let her stay on.

The board's action followed a dramatic public meeting at which 75 parents appeared to discuss whether she should be retained.

Board President Warren Richart told the meeting that she agreed to go along with the wishes of the community. He continued that the board had told Mrs. Jones that the Community felt "there would be more harm done to the children to take Mrs. Jones away as a teacher."

School Superintendent Birney Durand told the group he had not known Mrs. Jones was married to a Negro until the day of the bank robbery "when an FBI agent told me that the chief suspect was a Water-

#### Discrimination Keeps Only 58 Percent Negro Men Employed Throughout the Year

Washington, D.C. — Discrimination, lack of salable skills and inadequate education basically mean that Negroes were nearly twice as likely as whites to be jobless at least once in 1965.

#### Record

Negro men in their prime working years, 25-45 years old, were, in fact, just as likely as teenage white boys to suffer some unemployment as a record 86 million worked during the year.

These are major points brought to light in a special report, entitled "Work Experience of the Population in 1965," in the latest issue of the Labor Department's Monthly Labor Review.

In 1965, full-time, year-round employment rose 1.6 million, with Negro men accounting for 20 percent of the rise among males, while comprising only 10 percent of all men who worked.

#### Only Half

Even with this improvement, however, the article notes that only 58 percent of the Negro men worked

full time throughout the year, compared with 68 percent of the white men.

The report, written by Forest A. Bogan and Thomas E. Swanston of the Bureau of Labor Statistics, reveals that some 12.3 million persons were unemployed sometime in 1965 — the lowest level since 1959.

Yet, Negroes, while comprising 11 percent of all persons who had worked at some point in 1965, accounted for a staggering 23 percent of those unemployed 15 weeks or longer.

#### Women 56%

The article also makes these points: — Unemployed Negro white-collar workers were nearly twice as likely as whites to be unemployed 15 weeks or more; the proportion of Negro youths, 16-21 years old, with some unemployment in 1965 was 37 percent, compared with 23 percent for white youths; between 1950 and 1965, the proportion of Negro women working during the year has dropped slightly to 56 percent, while that of white women has risen from 39 to 47 percent.

under way only a short time."

Success of such a technique would be a major advance in heart surgery because the mitral valve becomes diseased more frequently and because current methods of correcting mitral valve defects are less satisfactory than those for correcting other diseased heart valves.

#### UL, US Employment Plan Ability Tests

Washington, D.C. — The National Urban League and the U.S. Employment Service will conduct a joint demonstration and research project to learn how testing can be used to open up job opportunity for Negroes.

The project, to be conducted at Urban League offices in Pittsburgh and New Orleans, is expected to indicate whether tests accurately reflect occupational potential of Negroes and what can be done to lower Negro unemployment.

Whitney Young, Executive Director of the Urban League and Stanley H. Rutenburg, Assistant Secretary of Labor, signed an agreement to release the General Aptitude Test Battery for use in the project.

Mrs. Lela Turner, director of the Central Region of Jack and Jill of America, of Topeka, Kans., arrived in Des Moines Saturday noon for planning session for the teenage convention to be held here June 16-18.

Mrs. Turner was met at the airport by the Des Moines chapter president, Mrs. William Wells and Mrs. James Morrow, pogram chairman and teenage advisor. They took Mrs. Turner to luncheon at the

Wakonda Bishop Buffet and then on to the Holiday Inn South, where Mrs. Turner was an overnight guest and the planned headquarters for the convention.

Later Saturday evening, Mrs. Turner was guest at a brief business meeting and social get together in the home of Mrs. William Cropp, 4512 Wakonda parkway.

Saturday afternoon, Mrs. Turner met with the planning committee,

general co-chairmen, and members of the teenage group, JAJOLA, at the home of Mrs. James Bethel, 1326 11th street.

David Lewis, North High Junior is president of the teen group, which has 17 members. James Morris, Jr., North Junior is vice president. Mrs. Edythe Cawthorne and Mrs. Woodrow Lewis are co-chairmen. Theme for the conference is "For Those Who Think Young."

## Mahalia Jackson Files For Her Second Divorce

Chicago, Ill. — Gospelist Mahalia Jackson testified last week in divorce proceedings she has instituted against her husband of two years, Minters Sigmund Galloway.

Miss Jackson, 55, is suing for divorce on grounds of cruelty and is attempting to add an additional charge of adultery. 43-year-old Galloway is counter-suing for alimony to pay his living expenses, which he claims are "very high and require a large sum."

Miss Jackson alleges Galloway drove her from her eight-room, \$50,000 home after a series of physical abuses. She has been living with relatives and friends in motels and hotels ever since.

### Resides

Although Galloway admits never having contributed anything to the purchase of the home or to its estimated \$26,000 furnishings, he maintains it is "my legal home," and Circuit Court Judge George Fiedler has denied Miss Jackson's petition to evict him, ruling that he had not taken illegal possession of the premises and was not unlawfully residing there.

### Adultery

In the additional adultery rap, which Miss Jackson seeks, her chauffeur, Edward Robinson testified that he was present in a Washington, D.C. hotel room when Galloway "undressed down to his shorts" and

cavorted with a nude woman.

### Broke

Galloway, claiming that he is flat broke, asserted that his wife is "a wealthy woman worth in excess of \$1 million." He also said that immediately after their marriage he ceased playing jazz at his wife's request because it might harm her im-

### Contract

He said Mrs. Jones married Jones about three weeks after she signed her contract to teach at Urbana.

Board President Richart told the audience that Mrs. Jones had a legal contract and that to fire her would require paying her off in full. Mrs. Jones is paid a salary of \$4,200 a year.

Richart said the board did not want to embarrass the town, but neither did it want to go against the wishes of the parents.

The Rev. Richard A. Laslo, pastor of the Christian Church here, said, "Each of us is carrying a reservoir of fear, but young people tend to forget easier."

Hearing for Jones is set for Jan. 30.

St. Louis, Mo.—Mrs. Evelyn Shaw is in woe. Sunday a man knocked on her door and asked to use the apartment. When she refused him, the man slapped her. She obtained a knife and started to protect herself when her husband stepped in between them. He was taken to Homer G. Phillips Hospital, suffering from a stab wound in the chest. Mrs. Shaw was arrested and booked for assault with intent to kill.

St. Louis, Mo. — a barefoot robber is being sought. Mrs. Dorothy Kent told patrolmen she was asleep on the couch in the living room when she was awakened by footsteps. Then she saw a man approaching her with a butcher knife. When he demanded her money she said he threatened to kill her, so she gave him \$20. The man had his shoes in his trousers pockets.

## N.Y. Victims Aided In Home Burning Plot

New York. — Police Commissioner launch a "complete investigation" into the explosion which ripped through a Negro family's Brooklyn home Saturday night, Jan. 24.

Wilkins said he called for a probe of the incident which shattered windows and cracked walls in the recently purchased home of Jacques Overdiep, 29, in the predominately white East Flatbush section "because of possible racial overtones."

Assistant Fire Marshal Max Herer, in a preliminary inspection of the two-family dwelling purchased by Overdiep at 5023 Beverly Road, said that in his opinion the damage was "done by professionals."

Overdiep has purchased the house for \$31,000 with a down payment of \$5,000.

Overdiep, a member of the NAACP's Flatbush chapter, is a machinist and an elder in his church, and had planned to move with his wife, Shirley, and their three boys on Sunday.

The Flatbush branch of the NAACP and the Rugby Neighborhood Housing Council held a mass meeting Wednesday night, Jan. 18, at the YMHA center, 555 Remsen Ave., to solicit community support. City Human Rights Commissioner William H. Booth addressed the meeting.

The Overdieps, who presently live in a three-story tenement in Bedford-Stuyvesant, said they would repair their damaged home and go ahead with plans to move in as soon as possible because "we can't afford to pay rent at one place and mortgage at another."

## Job and Training

by

Kermit Dunahoo  
Manpower Council

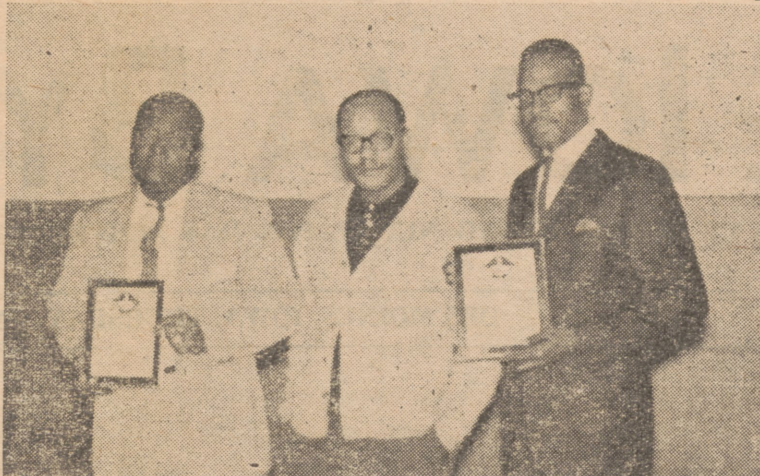

Recent predictions point to the bleak and unhappy prospect that Negro unemployment will increase throughout the nation during the months ahead. The two-year spurt in job opportunities for Negroes and people of other racial minorities seems to have slowed down considerably at the end of 1966. Major contributing factors include the spreading business slowdown and the decreasing draft calls.

This tightening of the job market means that individuals must take a harder and closer look at their employment and education situation. Money in the pocket is good to have, but steps must be taken to ensure that the money continues, and that it increases, over the year. Moreover, it is a cold fact of life, unfortunately, that minorities are generally the "last in and first out" in many employment situations. Therefore, jobs must be sought which require skills of lasting value — that is, to hold key positions which would make it economically unwise for business concerns to hire and fire at will.

Two key elements — proper and constructive job information and counseling, and effective and specialized job training — are essential in locating, gaining, and maintaining responsible positions promising good career opportunities. Two new sources for job and training information have been made available in Des Moines recently.

1. Manpower Services Center, 300 Court Avenue, (Phone 288-4806). The staff, facilities, and services of the Youth Opportunity Center have been expanded to extend specialized employment and training services to individuals of all ages. Services of-

## NAACP Seeks to Appear Before Powell Panel

New York. — The National Association for the Advancement of Colored People has requested the opportunity to appear before the nine-member special House committee appointed to investigate the qualifications of Rep. Adam Clayton Powell.

In a telegram to the committee chairman, Emanuel Celler (D., N.Y.), dispatched, Jan. 20, NAACP Executive Director Roy Wilkins said:

National Association for the Advancement of Colored People requests opportunity to have its executive director appear before the special committee considering the seating of Representative Adam Clayton Powell when hearing dates have been set.

### Letter

In a letter to the editor of The New York Times, published on Jan. 20, Mr. Wilkins explains the widespread Negro support of the New York Congressman who has been deprived of the chairmanship of the powerful House Education and Labor Committee and temporarily denied his seat in the House to which he was overwhelmingly elected by his Harlem constituents.

The Wilkins letter says, "Baseball and other games are played by rules which are adopted, publicized and enforced upon all participants. No one decides, midway the games, to give one team four outs and other three. "It is this type of action upon a man whose conduct is unacceptable to a gratifyingly increasing number of Negroes which has forced these very people into reluctant support of Mr. Powell."

disruption from the Bishop Ranger and his supporters, who have been trying to gain control of the head of the Church of God in Christ.

### Too Large

"The Church is too large for any one person to be in control," said Elder Carter. "That's why we have a 12 member elected board to govern the Church."

Out of this developed the "misunderstanding" between board members and Bishop Ranger. As a result he was ousted from the Church.

"In my knowledge, this is the first time we have had to deal with such a grievance with our brother. There is no joy in doing this," Elder Carter went on.

"We have invited the Bishops Rangers and Jones to come, but if they don't we will go ahead with our by-laws."

## Summer Job Tests; Apply Jan. 10—Feb. 9

The Civil Service Commission and the Post Office Department has announced the opening of a nationwide examination for students and others interested in work as Seasonal Assistants in the Postal Field Service.

The jobs will pay \$2.44 per hour and will be located in a limited number of larger post offices.

Candidates who qualify in the written test may be considered for summer employment in 1967, later to assist with the Christmas mail, and occasionally at other times during the year. Employment may be on a full-time or part-time basis, depending upon the needs of the post office.

Applicants must apply between Jan. 10 — Feb. 9 to take the test, which will be given nationally on Feb. 25 and March 4, 1967. Those who passed a similar examination for postal employment in the summer of 1966 will not need to retake the 1967 examination unless they wish to try for higher scores. The examination announcement contains the detailed instructions for applying on the basis of 1966 test scores.

## Adult Education Has Parent-child Class

Adult education classes, a six-lesson series on "Parent-Child Relationships," are to be offered at North High School beginning Monday, Jan. 30, 7:15—9:15 PM and at Franklin Junior High School beginning Thursday, Feb. 2, same time.

These classes are offered to help parents understand children and

their relationship to them; discussion of physical growth and social and emotional development, including how to teach sex to children.

They are co-sponsored by the Department of Adult Education, Des Moines Public Schools, the PTA Council and the City-County Health Department.

A registration fee of \$2 will be charged.

## Help With Your Taxes

### D.M. Court House Will

Ernest W. Bacon, District Director of Internal Revenue, announced Thursday that the Des Moines office will be open on Saturdays during the current filing period to provide help to taxpayers in filing federal tax returns.

Beginning Jan. 21, the office, located on the third floor of the U.S. Court House at East First and Walnut streets, will be open from 8 A.M. 4:45 P.M., for taxpayer assistance only.

Bacon reminded taxpayers that help with their tax returns may also be obtained by phoning 284-4662, Monday — Saturday.

## The Negro in Modern American History Textbooks

CHICAGO — Making its debut in the field of curriculum research, the 126,000 member American Federation of Teachers, AFL-CIO has published a new and exciting research study entitled "The Negro in Modern American History Textbooks."

Written by Irving Sloan, a Scarsdale, N.Y. teacher, under an AFT research grant, the study reviews the thirteen best-selling textbooks used in many of our junior and senior high schools. It answers the question "Are publishers of American secondary school texts being candid when they report that their approaches to the American Negro have changed in the past year?"

Said Mr. Sloan upon publication of the study: "For the most part, authors and publishers are making genuine efforts to explore the myths of Negro history and show the Negro's rightful place in the history of this country. But none of the texts have completely succeeded, and several are so far from the target that they invite suspicion."

Copies of the Sloan study are available by sending \$1 (or \$10 for 25 copies) to the AFT Research Department, 716 North Rush Street, Chicago, Illinois 60611.

### Enclose Laundry Tubs

STORAGE is a "must" in the laundry, but oftentimes it is makeshift and unsatisfactory. Wise homemakers can readily make a combination linen chest and laundry supply cabinet which will serve also to hide unsightly stationary tubs.

As shown in the illustration, the handyman can enclose the tubs, construct a chest of drawers next to them, and create a handy clothes

sorting table on top. To do the best job from the standpoint of cost, appearance and long life, he should build a framework of 2 by 2-inch lumber and cover it with smooth Masonite. Tempered Presdwood, one-quarter inch thick.

Drawer construction can be simple. Just form the framework of lumber and attach a bottom of Presdwood. Wooden slides attached to the cabinet and sides of the drawers complete that part of the project.

The lumber framework for the enclosures should be no farther than 16" apart. Swinging doors to enclose the tubs may be made, too, as illustrated, or sliding doors of Tempered Presdwood unframed, may be made. They will slide in grooves cut into the cabinet floor and upper framework.

Prime and paint the installation for the best appearance.

Proceeds from the supper will be used in work within the Walnut Hill area in spring planting of trees, shrubs and flowers for those who might be unable to do so themselves.

Project chairman is Mrs. Rachael McCraven.

### Willkie House Has Two-Hour Fun-time

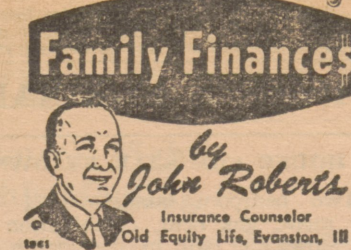

Pre-school activities for 4-5 year olds will start Wednesday, Feb. 8, from 9:30-11:30 a.m. at Willkie House, announced Willkie House Guild president, Mrs. Henrietta Edwards.

The activities will include painting, blocks, puzzles and story time for each Wednesday and Thursday morning.

The program will be conducted for those in the Willkie House area whose children are ineligible for Head Start program.

Those interested should get in touch with the president.

Snacks will be served each morning.

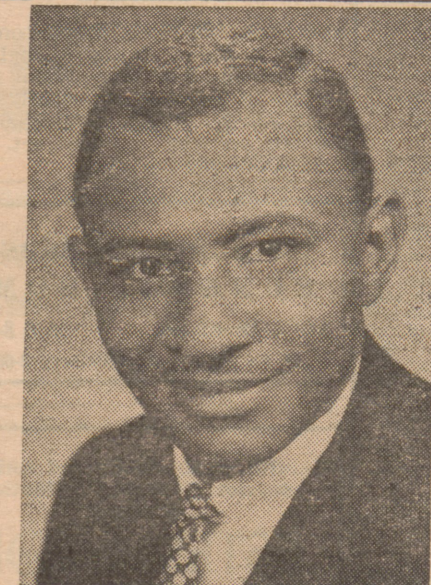

You can budget without being a bookkeeper. All that is needed is a little common sense and nine envelopes (marked Food, Clothing, Rent, Operating Expenses, Health, Savings - Insurance, Educational and Recreation, Church and/or Charity, and Miscellaneous).

On payday put the amount you think you need to cover each of these expenses in the proper envelope. Keep this up for several paydays, trying to use the money in each envelope wisely.

At the end of a month or so, examine your "budget." You'll probably find that you have money left over in some envelopes, while others are empty.

This will tell you where you need more or can get along with less or where you need to spend more wisely. Adjust the amounts you need to place in each envelope accordingly.

Even if you pay by check, the same system will work except that you will have to do it on paper.

## HEALTH FOR ALL

How to save more babies' lives was the subject of a spirited meeting in San Francisco not long ago. The babies didn't have a spokesman present; but their interests were well represented by a couple of hundred obstetricians, pediatricians, and other specialists brought together by the American Medical Association.

The infant death rate in the United States has been declining, but at a pace that can best be described as a burst of languor. In 1956 it was 26.0 per thousand live births; in 1965, according to Government estimates, it was 24.8. The doctors agreed that this wasn't good enough and that something ought to be done about it. The babies, if anyone had asked them, doubtless would have gone along.

It's a medical axiom that the quality of care and nutrition received by an expectant mother has a lot to do with the health of her child. Dr. Arthur J. Lesser, deputy chief of the Children's Bureau in Washington, put it this way:

"Progress . . . can come about only if there is greater attention to the improvement of maternity care, especially in lower-income families." Dr. Ralph A. Reis, a professor of

obstetrics at Northwestern University, noted that the infant death rate in nonwhite families nearly doubles that of the white population, and called this "bad medicine and bad economics."

To many of the physicians present, the problem was bigger and wider than one of maternity care. Dr. Reis spoke of eight million women in the low income brackets who are "subject to continuing malnutrition—not only during pregnancy, but before and after and between pregnancies."

Dr. C. H. Hendricks, a Cleveland obstetrician, suggested that the "greatest single cause" of infant deaths is low socio-economic status." Others joined in their diagnosis.

What to do? As sometimes happens, the physicians found diagnosis easier than cure. But they did pinpoint an important fact. Like some other medical problems, infant mortality has at least some of its roots in the general pattern of society.

WALNUT HILL OPPORTUNITY CENTER AS SEEN BY PAUL WILSON: This happened last Sunday: "Paul, do you have a card table, please?" "Don't ask me if we have 'A' card table!", as he gestured toward several card tables. "Don't ask if we have 'A' anything, please!" Chuckling over his pride, I carted the table to our group there. I glance at the rows and rows of books — many still in their jackets. The sight of rows and rows of books excites me. I exclaimed "Paul, are all of your books new?" He asked with exaggerated weariness "Haven't you heard? This is a New Program!" If you know Paul, this was only the beginning — on and on he went about the two centers he directs. ### Mrs. Kennerly Ends California Stay

Mrs. Chrystal Kennerly, of 1129 12th street, has ended a twenty-six day vacation, most of which twenty-one days were spent in California visiting her daughter and son in Oakland.

Carole is a professional social worker and is employed as a case-worker in adoption for Alameda County. Harold is employed as supervise counselor in a Juvenile Home for the County.

Mrs. Kennerly and daughter spent Christmas Day in East Palo Alto visiting their brother and uncle, O'Neil Florence and family. Mrs. Kennerly spent New Year's weekend in San Diego with her brother, Alfred Florence and family and a cousin, Raymond Davis and family of Pomona, whom she hadn't seen in twenty years.

Mrs. Kennerly was a recipient of many social courtesies from her children's friends and from many sight-seeing tours. Some of the high-lights of her vacation are browsing through the exquisite florist shop called "Podesta Boldocchi" and dining in the Crown Room of the Fairmount Hotel atop Nob Hill. Both are in San Francisco.

Other highlights were taking a plane to San Diego and being presented a white orchid corsage, just before the farewell dinner in exclusive "New Alta Mira Hotel", located in Sausalito, Calif.

### Lillian Benbow Guest Speaker for Founder's Day Celebration; Negro Youth Key Topic

Phi Chapter Delta Sigma Theta Sorority celebrated Founders Day Saturday, Jan. 21, with two events at Hotel Kirkwood — a luncheon for members at 12 noon and an open meeting 3-5 p.m. with Mrs. Lillian Benbow of Detroit, Mich., as speaker. She spoke on the subject, "Adult Attitudes and Practices affecting the Development of Negro Children and Youths."

MRS. BENBOW

Mrs. Benbow explained the need for the Negro child to be assured that he is not being pre-concluded, and pointed out the role youth has played in history — the 1954 desegregation Decision, the story of Little Rock, the student sit-ins and the Selma drama.

Mrs. Benbow told of the Detroit Delta Home for Girls which began in 1947 through the gaping need for Negro institution for girls who had come from broken home and emotional environment and were halfway to the training school.

"In those days, Negro girls were either sent to training schools or put back into the ghettos from which they came," she said.

The Delta Home has now become one of four institutions where Negro girls can be placed.

Naturally Healthy Normal Hair GROWS from the HAIR ROOTS in YOUR SCALP. The condition of your hair often depends heavily on the natural health of your scalp. Years ago DOCTOR CARBONOL invented a medicated tar formula called CARBONOL, which is mixed with many proven beneficial ingredients. CARBONOL is such a strong, powerful antiseptic and does such fine work in helping an itchy, BUMPY DANDRUFF scalp that many DOCTORS regard it highly and PRESCRIBE it for many scalp troubles. Many annoying externally caused scalp conditions are greatly relieved by the use of this Triple strength tar formula. Write for this DOCTOR'S GENUINE SCALP FORMULA your money can buy. Your hair and scalp deserve fine care. Just send your name and address to: GOLD MEDAL HAIR PRODUCTS INC., Dept. 82, Sheephead Bay, Brooklyn 35, N.Y. NOTE: THIS FORMULA carries a 100% written money back guarantee.

A question and answer hour followed Mrs. Benbow's speech. In a lively discussion, Soror Benbow had ready answers to the many informative questions concerning a male component to the employment, and how to start a program — such as Detroit's Preparation Encouragement Placement (PEP), for students who actively seek work — here in Des Moines.

"You have to begin with those who are interested and go from there," she stressed. "You have to make your cue and cry heard."

Presiding was Soror Mae Olphin. Giving the invocation was Nelsine Nichols and giving the greeting was the president, Marguerite Cothern.

Presenting the Delta history was Judith Bush and introducing the speaker was Helen Lemme.

Mrs. Benbow has a BS Degree in Social Science from LeMoyne College, Syracuse, New York, and is a second year Law student at Detroit College of Law, Detroit, Mich. She has worked with the Federal Housing Administration. Civic activity has included Vice Chairman of the Management Board of the Delta Home for Girls. Membership Chairman of the Downtown Detroit Branch, Y.W.C.A., a member of the National Projects Committee of the Delta Sigma Theta Sorority, a member of the League of Women Voters, immediate Past President of the Detroit Alumna Chapter of Delta Sigma Theta Sorority.

Among the family and guests attending this year were grandson, Robert Daniels, Jr., of Ft. Rucker, Ala., Rev. and Mrs. George Parrish, Mr. and Mrs. Sexton Dudley, Mrs. Mae Wyatt, Mrs. E. Moten, Mr. and Mrs. Theodore E. Daniels and family, Mr. and Mrs. George Daniels and family, Mr. and Mrs. Robert Daniels and family, Mrs. Roberta Frazier and daughter Lois and Minette, Mrs. Ruby Warren, Alonzo Worden, Carl Smith, Joe Scott, Elmer Tolson, Lola Edwards, Helen Dukes, Gertrude Madison and Vera Rowland and family.

The evening was spent playing games with Mrs. Matthews winning the prize.

Next meeting — Mrs. Thelma Claybrook, of 923 17th street, Feb. 3.

### Mrs. Tindrell Will Appear on Chinn Show

An off-hand decision to send her recipe to a local television station has turned out to be one of the most rewarding ideas for a Des Moines lady.

As a result, Mrs. Ernestine Tindrell, of 1428 E. 16th street, will appear on the Mary Jane Chinn Show, Friday, Feb. 3, 10:30 a.m., to prepare the recipe "Pigs in the Blanket."

"This is the first recipe I'd sent in," Mrs. Tindrell said. "I really wasn't expecting to win."

Miss Chinn notified Mrs. Tindrell Jan. 17.

The lady's recipe, a third generation meal, consists of kraut and cabbage, meat loaf, rice, sausage and garlic sauce.

"It's a hearty winter dish," the cook continued.

As a winner, Mrs. Tindrell received a certificate for a purse. Her recipe may be obtained by writing to Miss Chinn.

Mrs. Erma Carr is chairman with Mmes Bertis Hogan, Grace Wade, Lora Warden, Helen Dukes and Georgia Jones as committee workers. Tickets may be purchased from any of the members of the Twasi Mary Church Terrill of the Parliamentary-Law and Culture Club.

GOP NATIONAL COMMITTEE  
PUSH FOR NEGRO VOTE

The Republican National Committee has concluded a meeting in New Orleans. It evaluated the gains made in the 1966 election and outlined plans for the 1968 campaign. Harmony prevailed and it seems that the becker in 1964 did not show its head.

The project high on the agenda was the plan to capture more Negro and big city votes. Now that most of the population is found in cities, the small towns and country districts, more often Republican, have not been strong enough to off-set the urban vote.

The governor of Florida and United States Senator from Tennessee, both elected in 1966, urged that race be kept out of the campaign. With both parties seeking to better race conditions this might not be so hard to do. Both come from states which went against the Democrat party in 1966. They feel that the race issue tends to alienate voters in the South who accuse recent administrations of going to far astray of "their way of life".

The 1968 candidate must not make the mistake Nixon made in 1960 when, in the late part of his campaign, he courted the South and lost just enough Negro voters to lose the election in big cities.

National Chairman Bliss in an able political leader and may do some big things in 1968.

GIVE THE BYSTANDER  
A BREAK WITH NEWS

Weekly newspapers in cities like, small town newspapers and class papers, are designed to provide a closer personal interest not available in dailies. These smaller papers provide a service the larger papers don't give besides carrying material particularly designed for individual groups which dailies print also.

This is as it should be for in order to be informed of what goes on one should read a daily newspaper.

Any news given out, however small, is a news release. And in order to be fair to all, where the news is of general importance, it should be released to all the press at the same time and, whenever possible, at a time when all media can publish it so as to reach the people the same day.

Some organizations have not done this releasing their news to the daily press one day and to the Bystander the following, or in some instances, not at all. This forces us into the position of being late with the news, and in some instances, proving that we are printing what they read yesterday in the dailies.

The Bystander staff is anxious to serve the public and need the cooperation and the good efforts of the public in its news gathering endeavors.

CONCENTRATION IN  
GOVERNMENT REDUCES  
VOTING

Gov. Hughes has recommended to the legislature that the large number of state boards and commissions be consolidated, that the terms of the governor and lieutenant governor be for four years and that legislative sessions be held annually.

Undoubtedly, much money and efficiency could be gained with the consolidation of some boards and commission; fixing four year terms for governor and lieutenant governor is reasonable and the annual legislative session more in keeping with the fast modern times.

This and other group recommendations have suggested that some of the elective offices be made by appointment of the governor. With this we don't agree. Experience in Des Moines has shown that the more government is concentrated in one man the less people go to the polls and vote.

Some people and groups who are seeking these changes to concentrate government are often the ones who oppose more centralized government in Washington.

Voters go to the polls in proportion that issues are fought out in campaigns, that there are jobs to be had of the victor for themselves or their friends. The balance the citizen interested in his government makes the balance.

The idea of an efficient government and an active voting electorate is fine but it will take education and a long time to have this come to pass and at the same time get people to the polls.

It really happened. The football season ended last Sunday with the final All-star games. Both the AFL and the NFL games ended in what had to be considered up-sets. The East, underdogs in both games beat the pants off the West. Then we turned to basketball and watched two college games and a pro-league game. We never did quite get our breath from that Iowa-Northwestern game. Our second game makes us wonder why there wasn't a safety defense man down the floor on the final play that beat the HAWK-EYES. But then Coach Miller summed it up pretty well when he said if IOWA had taken all of their earlier chances the game would not have been that close. We have always argued that if any contest is close enough to be on by a single last minute break or play it could have been put away by one side or the other before that break occurred.

Does any body care to argue about the home floor advantage now? How many teams were beaten on their own floor over the weekend? DRAKE swamped IOWA STATE here and the tough LOUISVILLE team was stopped at CINCINNATI. Just about all games lost by WEST TERAS have been away from home.

Even here in IOWA we have a home deal going. Who has beaten AMES HIGH at AMES? NORTH and ROOSEVELT both lost close ones there. TECH'S PETE STEWARD was held to 11 points in MARSHALLTOWN. And you may believe he was literally held.

Now we don't claim that the home officials cheat. But we do claim that the crowd which is always so close to a basketball floor affects the officials so that any time there is a call that could go either way, the home team gets it. Now we have never talked to PETE STEWARD, but we would wage that he got the same treatment out of town that WILT CHAMBERLAIN got at AMES when KANSAS played IOWA STATE. Everytime Wilt shot he had to carry at least one player on his arm and there was no foul. If the fellow was as big and strong as he is now he might have set a record for dunking players through the basket along with the ball.

Oh, yes, the home court means a lot. EAST had to fight off TECH last weekend. That Johnson boy (Jock) for East must be some athlete. Hope he goes to school after he leaves East. We still say North will win the City Series.

Oh yes, there will be a boxing match between heavyweight champ CASSIUS CLAY and heavyweight champ ERNIE TERRELL if they haven't fought it out on some street corner before then.

Quail Season Ends  
January 31, 4:30 p.m.

Sportsmen are reminded of the quail season closing in eight days at 4:30 p.m., Tuesday, Jan. 31, 1967, by the State Conservation Commission. Though quail have been included in the hunting bag since Oct. 22, recent hunter interviews indicate that quail hunting is still productive.

With very good quail populations and a season 16 days longer than last year's, biologists expect better than 45,000 hunters to harvest over 500,000 birds this year. This would be an all-time high in numbers of quail harvested. It is too early for final quail hunting statistics. They will be compiled by Commission biologists after the close of the season.

The Tennis Racket Life  
Of Lt. Arthur Ashe, No. 1by Huel Washington  
Popularity

The road from obscurity to the top of any field of athletic endeavor can be long and filled with many barriers for a person whose origin is very modest. If complexion is one of the barriers, the pavement of the road acquires a few more bumps and rusts. Arthur Ashe, who at seven years of age, acquired a piece of athletic equipment usually reserved for white children, has faced what seemed to be insurmountable obstacles in his climb to the number one men's amateur tennis player in the country.

## Dr. Johnson

Young Arthur was brought to the attention of Dr. R. Walter Johnson of Lynchburg, Va., a longtime benefactor of Negro tennis players. Dr. Johnson was directly instrumental in elevating Althea Gibson to international prominence. Therefore, it was not ironic, but fitting that young Arthur, guided by destiny, should be placed under the tutelage of this farsighted physician.

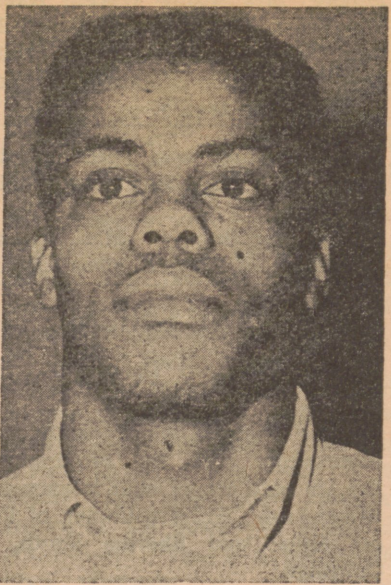

## Stowe

Don Stowe, then running the National Junior Championships in Kalamazoo, Mich., was also receptive to the needs of Arthur to find competition. Stowe was so understanding that none of the boys under Dr. Johnson's tutelage, including Arthur, had to qualify. They were qualified automatically and did not have to participate in the earlier rounds.

When Arthur received a scholarship to UCLA to play tennis, he'd finally arrived. It's difficult for a tennis player to get an athletic scholarship, but a Negro tennis player, that is something.

Hines Equals Record;  
Clyde Duncan Third

Kansas City, Mo. — Des Moines' Clyde Duncan hit the tracking trail Saturday night in the National Association of Inter-collegiate Athletics track championships.

DUNCAN

Duncan, North High star, finished third in the 60 yard dash while his teammate, James Hines of Texas Southern equaled the world indoor 60-yard record of 5.9 seconds.

Hines, a 20-year-old Junior, tied the record shared by five other men — Bob Hayes of Florida A. and M., Sam Perry of Fordham, Darel Newman of Fresno State, Charlie Greene of Nebraska and Bill Gaines of Mullica Hill, N. J., High School.

Larry Baker Chosen  
As Prep of the Week

Cedar Rapids — 6 foot, 7 inch Larry Baker was chosen Prep of the Week last week when he scored 24 points and snared 35 rebounds against Moline, Ill. He hit 10 of 14 shots, or 71 per cent.

Baker, an all-state end, averages 20.2 points and 18.9 rebounds a game.

Larry was fortunate in that he was able to play as a sophomore, due to his rebounding ability. A year ago with a 15-5 team, Baker averaged 15.1 points a game.

## Tax Questions and Answers

Q — When will I get my tax forms in the mail?

A — Distribution of the 1966 tax forms should be completed early in January. Forms will also be available at IRS offices as well as many banks and post offices.

Q — Is a Social Security pension taxable?

A — No it is not.

Q — I worked last summer to earn money for college but made less than \$600. How can I get back what was withheld from my pay for income tax?

A — File an income tax return to obtain a refund of any income tax which was withheld from your wages.

The card form 1040A may be the best, as well as the easiest, for you to use. Don't forget to put your Social Security number on the return and attach your W-2 Form. The W-2 shows how much was withheld.

Q — Has there been any change in the income tax rates for 1966?

A — No. An individual's income for 1966 is taxed at the same rates in effect the preceding year.

Q — When can I expect to get my W-2 from my employer?

A — Employers are required to issue Form W-2 by the end of January but many do so earlier.

Q — My wife and I are filing separate 1040's this year. Which tax table or rate schedule should we use?

A — These figures are provided as a convenience for those taxpayers who deduct state gasoline tax when they itemize deductions. If you are entitled to claim this deduction then you may use the table instead of doing the calculations yourself.

DM Women's Bowling  
Tourney at Val Lanes

The city women's bowling tournament started at 11:30 p.m. Saturday at Val Lanes in West Des Moines.

A record field is entered, including 316 teams — 30 more than last year. Team squads bowled at 2, 5, and 7:45 p.m.

Saturday's opening shift was made up of doubles and singles entrants. The tournament resumes Sunday and will continue for three more weekends.

"Be Seen To Be Safe,"  
Says AAA Motor Club

"To be safe outside after dark, you must be seen," declared C. H. Lambach, president of AAA Motor Club of Iowa, in a warning to pedestrians, especially children.

"The Motor Club urges all pedestrians to light their way at night by wearing white or carrying a flashlight. Carrying a newspaper is also good as it reflects like having a safety flag," advises Lambach. "We are also reminding parents to dress their children in something white if they play or are out in the late afternoon and early evening when visibility is at its lowest."
