Natchez NAACP Treas. Killed by Bomb in Truck

Cab Blasted Off; Negroes to March On Armstrong Plant

Natchez, Miss.—A bomb placed in a vehicle has killed one more Negro rights leader.

Killed was Wharlest Jackson, 36, treasurer of the Natchez branch of the National Association for the Advancement of Colored People. Police say a bomb wrecked his pickup truck.

Explosion

The explosion took place about ten blocks from where Jackson worked, the Armstrong Tire and Rubber Co. plant, where Jackson had been only ten minutes before his death.

Jackson's murder in Natchez is the first major racial violence so far in Mississippi this year.

Eighteen months ago, George Metcalfe, Natchez NAACP was badly injured when a bomb exploded beneath his car, but he overcame his injuries.

Other Deaths

Other violent deaths were those of Medgar Evers, assassinated in Jackson in 1963 and Vernon Dahmer of Hattiesburg, who died after a fire-bomb attack on his home.

To date, no one has been convicted of the crimes.

"When are they ever going to stop?" Asked Charles Evers, state NAACP field director, when he heard of Jackson's death.

Police Chief Robinson said Jackson's wrecked truck was impounded as evidence.

Jackson, father of six children, was a member of the NAACP executive board.

Governor

Governor Paul Johnson called the bombing a "heinous and senseless murder."

Mrs. Jackson's views were these:

Police Blotter

St. Louis, Mo.—An autopsy was scheduled to determine the cause of death of Willie and Pearl Sneez, found dead last week in their one-room, unheated home.

Authorities said the couple had been severely bitten by a dog or rat. A dog was found on the premises and was taken to the Humane Society.

In jail was Eddie Cotton, pleading guilty to 25 delinquent traffic tickets, Cotton, 828 17th street, and Michael Parades, 27, however, pleaded innocent Friday to charges of disturbing the peace and fighting. Municipal Judge Ray Harrison ordered bond at \$100, pending trial 1:30 p.m. Mar. 8. Cotton pleaded guilty before Harrison to all the traffic tickets and was ordered to pay \$250 in fines or spend 50 days in jail.

St. Louis, Mo.—Police arrested a mother of six children Saturday after being told that she had deliberately thrown her 18 month old child down a flight of stairs "because she did not like him any longer and did not want him." An aunt of the boy found him crawling in a dazed condition towards her sister's apartment, and observed the blood about his head and legs. Police said the mother admitted she had thrown the child and also admitted holding him over a gas burner, burning his legs.

"It was dirty white people here in Natchez, that's all, I didn't know his job was that important that someone had to kill him."

Jackson's job at Armstrong previously was held by whites.

Natchez Negroes said this: that the plant should be closed down until the incident is straightened out; and that they want to march on the plant. Evers: "Unless something is done, we are not going to be able to restrain the Negro from retaliating."

Negro College Fund Contribution Gains

New York, N.Y.—The United Negro College Fund today announced that it received the record sum of \$4,016,495 during its 1966 campaign.

Dr. Stephen J. Wright, president of the Fund, reported that total income obtained during the year, excluding receipts of \$181,405 obtained from legacies and special grants, represented a gain of \$408,000 over 1965.

He attributed the rise in container support to unprecedented public interest in the Fund's 33 colleges and universities and the increased desire to meet the educational needs of disadvantaged youth.

Practical Nurses

The Veterans Administration needs Licensed Practical Nurses, Nursing Assistants and Food Service Workers to fill vacancies at Des Moines, Knoxville and Iowa City. These are civil service jobs paying attractive salaries and offering liberal vacations and employee benefits.

More information about these civil service job opportunities is available from Arnold E. Bartlett, the Examiner-in-Charge at the Des Moines, Iowa Post Office, the Veterans Administration at Des Moines, Knoxville and Iowa City, and from the Interagency Board, Federal Building, 5th and Court Streets, Des Moines, Iowa, 50309.

Ten Students Superior At Regional Music Fest

Ten students have received superior ratings and two received excellent ratings in the Federal Music Festival held here at St. Joseph's Academy Saturday, Feb. 25.

The students, all pupils of Mrs. Korinne Jackson, were among some 2000 participants in the regional festival of the National Nathaniel Debs Club.

Those receiving superior ratings were: Karen Rollison, Primary 3; Clotilde Stewart, primary 4; Deborah Brawer, primary 4; Lorette Cushingberry, Elementary 2; Margaret Thomas, Elementary 2; The resa Riffe, Elementary 2; Ginger Wilson, Elementary 4; Daniel Brown Elementary 4; and Rosezita Watkins, Medium Class.

Also receiving awards for excellence were Patricia Thomas and Joni Graham, Elementary 1. Joni has been in the class only since November.

The superior award is the third for Miss Rollison, having gotten two others in 1965 and 1966. In May she will play for the Board of Directors at Hotel Kirkwood and will receive a gold certificate from National Headquarters in New York.

The youngsters were entertained in a luncheon at St. Joseph's.

Mrs. Jackson, of 1155 Enoch avenue, belongs to the Junior Counselors Club, and has taught 39 years.

Howard U. Is 100 Yrs. Old; Home of Many Negro Leaders

Today, (Thursday) Howard University celebrates its one hundredth year in existence, the University of many United States Negro leaders.

More than one half of the nation's Negro physicians, surgeons, dentists, pharmacists, engineers and architects are graduates of Howard. Nearly one fourth of the lawyers have studied there.

Among its Alumni from Des Moines is James B. Morris, Sr., who attended in 1912-1915 before he went on to Hampton University's graduate school.

Some of the graduates it has produced are: U.S. Sen. Edward Brooke, U.S. Solicitor Gen. Thurgood Marshall and Ambassador to Luxemburg Patricia Roberts Harris.

Howard University also includes such renown as the late Dr. Charles Drew, who won world acclaim as an authority on blood plasma, serum and the preservation of blood and blood substitutes; Charles Houston, dean of the civil rights law; Dr. Alain Locke and Dr. James Madison Nabbit, Jr.

Manpower Services Open More Doors

In operation now is the Manpower Services Commission, a new service from the Iowa Employment Company.

It is for unemployed and underemployed persons from ages 16-60.

The service commission will provide counseling, testing, training and re-training, upgrading, placement and provide information on MSO, NYA, JC, OJT, IES and DVR.

Call or stop in at the main office, 300 Court, at the Youth Opportunity Center.

Keep the Faith, Baby Sales Slowed Down

New York, N.Y. — Adam Clayton Powell's long-playing record, "Keep the Faith, Baby," is still gaining ground, but not as fast as its promoters would like.

A spokesman for Jubilee Records said last Thursday the company had delivered 125,000 by last weekend.

Jubilee blames bad weather in part.

Most of the sales are in predominantly Negro sections of New York, Philadelphia, Detroit and Los Angeles.

Hannibal, Mo. — Charles R. McGruder, 10, probably saved the lives of five youngsters ranging from the ages of 5 to 1, when he rescued them from a burning house. They were the children of Mrs. Margaret Ann McGruder. Charlie received a merit for his bravery and various firms bestowed gifts on him, Charlie will get his lunch free at school for the rest of the school year.

Denver, Colo. — A check for \$5,000 was presented to the National Jewish Hospital here, free, non-sectarian chest disease center, by the Ancient Egyptian Arabic Order, Nobles of the Mystic Shrine, at a luncheon January 22, honoring the Order and its auxiliary. The money — a total of \$40,000 over the eight-year period — is earmarked for the tuberculosis research.

Minneapolis, Minn. — Cornell L. Moore is the first Regional Counsel to be appointed to serve the Ninth National Bank Region which is centered in Minneapolis. Moore's hometown is Statesboro, Georgia. He received his B. A. from Virginia Union University in Richmond in 1961. In 1964 Washington, D.C.'s Howard University awarded him his LL.B.

Jefferson City, Mo. — Miss Carolyn Delores Williams, daughter of Mr. and Mrs. Elvester Williams, has been selected as one of Jefferson City's contestants to compete for the title of "Miss World 1967". Miss Williams will return this summer to Parsons college where she is a senior majoring in business administration.

New York, N.Y. — Prominent civil rights lawyer Nils R. Douglas decried as nonsense today reports that the civil rights movement in the United States might be slowing down or even dying. The movement for equality may change its form and character, its rate and direction, but it can never die — it has in fact turned into a new revolution, Mr. Douglas said.

Bullet Misses Heart In Shoot-out Sun.; Manuel Is Fair; H. Wright Held

A Des Moines man is at Broadlawn's Polk County Hospital with a gun shot wound in the chest, after being shot Sunday, about 2:45 p.m.

In fair condition is Alvin Manuel, Jr., of 1310 10th street and in Polk County Jail is Harold Wright, 25, also of 1310 10th street.

Police received a call from the apartment house about 2:35 p.m. After reaching the home, they arrested Wright and charged him with assault with intent to commit murder.

Heart

Manuel was shot in the left side just below the heart by a .25 caliber Beretta (Italian) pistol of Wright's.

Wright's sister, Mary Francis, who lives across the hall with Manuel, said she had warned Manuel not to bother her brother since she and he had argued earlier that day. She

Appointment Committee Recommends Reed to Gov.; Senate Must Confirm--

A Cedar Rapids businessman was nominated last Monday for the Iowa State Employment Security Commission.

He is State Representative Cecil Reed (Rep., Lynn County.) nominated by Gov. Harold Hughes to a six year term after being recommended by a committee which met last month.

Driver

The Employment Security Commission was in the news last year when a series of developments concerning the plumber's union led to an Iowa Civil Rights Commission investigation into the resignation of Raymond Driver from a top Employment Service job here.

"As a commission member, Reed would be in a position to see to it that discriminatory patterns do not persist," said Robert Wright, State National Association for the Advancement of Colored People president.

Reed, a proprietor of a floor sanding business in Cedar Rapids, belongs to one of the few unions which have integrated, the Carpenters union.

"It took me a little while to get in," Reed said. "About 10 years."

A Negro had once been employed as a minority specialist for the state's headquarters, but "he didn't seem to have much luck."

Other members of the commission are chairman, Henry E. Carter, Burlington Democrat, and J. Wayne Janssen, Hardine County Democrat. Carter represents labor, Janssen employers and Carell, the outgoing member, the public at large.

More Testimony On Slayings in 1964

Jackson, Miss. — Testimony has started here in considering new indictments in the slaying of the three civil rights workers in Philadelphia, Miss., in 1964.

James E. Jordan, on of the 18 originally indicted, gave new testimony to federal investigators and his case was transferred to another legal jurisdiction.

Slain were James E. Chaney, Meridian Negro, Andrew Goodman, and Michael Schwerner. They were killed after their release from jail where they had been arrested on traffic charges.

Gov. Hughes Opens Easter Seal Drive

Governor Harold Hughes kicked off the 1967 Easter Seal fund raising campaign by giving the first contribution to the 1967 State Easter Seal Boy and the 1967 State Easter Seal Chairman. In a conference at his office the Governor also signed a proclamation declaring this week through March 26th as Easter Seal month.

Danny Greger, the Easter Seal Boy, is the seven-year old son of Mr. and Mrs. John Greger, 3605 Aurora. He was born with arthrogryposis, which affects the muscles and joints. He attends school at the University Hospital School for Crippled Children, Iowa City. Danny is one of the nine thousand physically handicapped of Iowa serviced by Easter Seals.

The 1967 State Easter Seal Chairman is Herb Plambeck, 4909 Harwood Drive, Des Moines.

Deere Intentions Are Sincere Says Chas. Toney, Training Rep.

Charles W. Toney, training representative for Deere and Co., spoke last Thursday night at Willie house to explain Plans for Progress program.

Toney, from Moline, Ill., was invited here by the Des Moines branch of the NAACP and the Des Moines Human Rights Commission.

He said: "Member companies are

interview sessions to explain the "proper" way to fill out a job application.

"... The primary worth of the sessions was to show Negroes and Spanish Americans that our intentions were sincere," explained Toney.

Appearing with Toney were Richard Eyler, personnel manager for the John Deere Des Moines works; John R. Kirkwood, general personnel manager for MAYS and John Melvin Estes, Jr., Des Moines NAACP president.

Eyler said Des Moines Deere employees about 2000 persons, 2 1/2 per cent of which were Negro.

Of Northwestern Bell, a Bell personnel employee, Everett Mays, said one and one-half per cent of its employees were Negro.

Hubert Ausbie and Troy Collier, two members of those crazy Harlem Globe Trotters, revealed a possible reason why those guys have so much rhythm on the court. They travel with a portable stereo, all kinds of records like, "Stand By Me," by Spider Turner; and Joe Simon albums.

In their room at Hotel Kirkwood, they kept a speaker on each side of the bed. The effect is somethin' else, especially with the t.v. going, showing a horror show.

Can you see Troy Collier (6-9) hanging over the bed board watching "X-Ray Eyes" and hearing "Stand By Me"? Can't?

And Peaches and Herb are here (Let's Fall In Love). By now, they're liable to be out of live. They're big business everywhere else. Here, they are rated down in the fourties. Come on, people.

Julian Bond To Warn of Rights

Greensboro, N.C.—Julian Bond, the stormy figure in Georgia politics and a member of the Georgia State Legislature, who spoke last week at A&T College, warned that the rights and lives of people are neither "ballooning, or negotiable."

The legislator was the main speaker at the annual observance of eMn's Week.

South

He told the group that Negroes in the deep south are beginning to wonder if the right to vote, often for the first time in their lives, is so important when there is not much choice for whom to vote.

Bond gave A&T students credit for having started the campaign which led to the enactment of the Civil Rights Act of 1964. He said the student sit-in at the lunch counter at the Greensboro Woolworth Store on February 1, 1960, marked the beginning of the big civil rights push.

Bond said that his reception in the Georgia Legislature had been "generally good," and said that he had formed no definite opinion about Governor Lester Maddox and that he would have to wait and see.

A. Randolph Receives CIC Award; to Davenport

A. Philip Randolph, prominent labor and civil rights leader, will be the recipient of the Davenport Catholic Interracial Council's fourth annual pacem in terris, peace and freedom award, Charles W. Toney, CIC president announced.

Randolph, in Washington, D.C., confirmed plans to be in Davenport for the formal presentation.

The presentation will be made, Toney stated, at the special Pacem in Terris Award banquet, Wednesday, Apr. 5, in the Gold Room of the Hotel Blackhawk.

Only one

The award, believed to be the only one of its kind, was originated by the Davenport CIC in 1964 to achieve a dual purpose: to honor the memory of Pope John XXIII and his historic encyclical letter of the same name, and to reward the distinguished efforts of contemporaries in the areas of peace and freedom.

Previous recipients of the Pacem in Terris Award were the late Pres-

Brooke To Tour Viet Nam This Week

Washington, D.C.—Senator Edward Brooke (Rep., Mass.), will leave this week for Hanoi, on his Asian trip.

He will also tour South Vietnam during the two week trip.

If successful, Brooke will be the first senator to gain entry to North Vietnam since the war's beginning.

Brooke

ident John F. Kennedy and John Howard Griffin in 1964, the Reverend Martin Luther King, Jr., 1965, and R. Sargent Shriver, 1966.

Most recently, Randolph has been among those civil rights leaders who have addressed themselves to the "new-look" of the freedom movement in the United States. While not subscribing to the more extreme definitions of "black-power," he has been quoted as contending that the civil rights movement is entering a new phase.

Adam Clayton Powell Voted On In House Wednesday

Washington, D.C.—The showdown on Adam Clayton Powell thunders on its way as Wednesday the House voted on recommendation to seat him.

Powell remains in Bimini and Herbert Reid, his lawyer, said Monday that Powell would not be here when the House considered the recommendation of its nine-member committee.

The Harlem preacher would be seated with a censure and a \$40,000 fine if the vote is in favor of him.

However, Iowa's congressmen said they would vote to expel him.

Senator David Stanley of Muscatine reviewed the program of Republican legislators at a meeting of the county central committee at the Savory Hotel Tuesday evening.

The number was 317-115 Wednesday as the House voted against Powell.

Powell had been playing dominoes with some friends, but as the tally continued, went aboard his fishing vessel.

He later was called to the local radio station to receive the news.

Today Powell's lawyers say they will take the case to the Supreme Court, claiming Powell's unseating is "unconstitutional."

The Negro in Modern American History Textbooks

CHICAGO — Making its debut in the field of curriculum research, the 126,000 member American Federation of Teachers, AFL-CIO has published a new and exciting research study entitled "The Negro in Modern American History Textbooks."

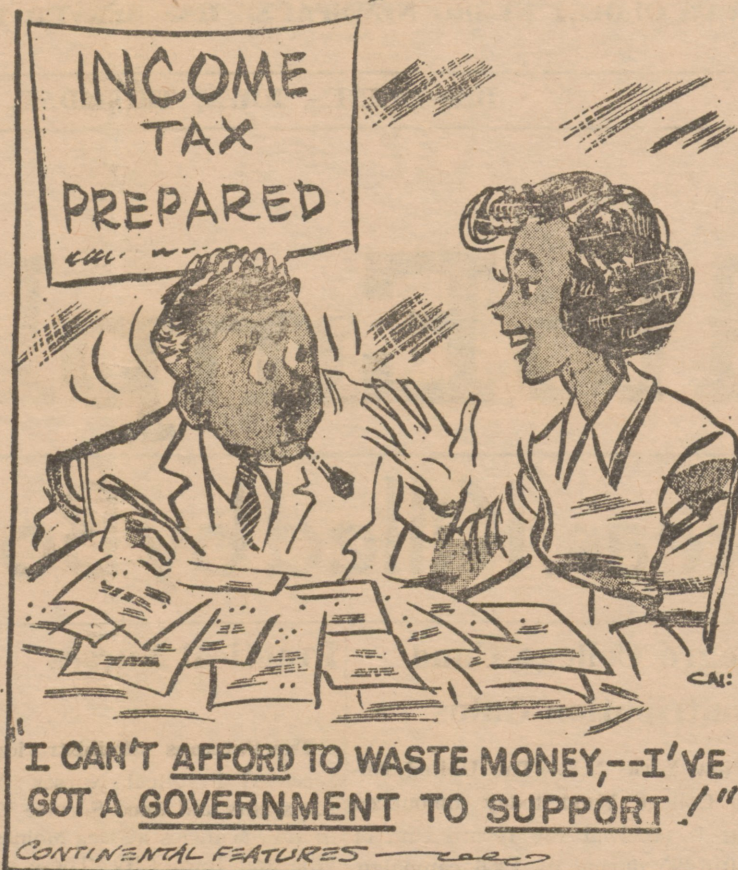

Written by Irving Sloan, a Scarsdale, N.Y. teacher, under an AFT research grant, the study reviews the thirteen best-selling textbooks used in many of our junior and senior high schools. It answers the question "Are publishers of American secondary school texts being candid when they report that their approaches to the American Negro have changed in the past year?"

Said Mr. Sloan on publication of the study: "For the most part, authors and pub-

lishers are making genuine efforts to explore the myths of Negro history and show the Negro's rightful place in the history of this country. But none of the texts have completely succeeded, and several are so far from the target that they invite suspicion."

Copies of the Sloan study are available by sending \$1 (or \$10 for 25 copies) to the AFT Research Department, 716 North Rush Street, Chicago, Illinois 60611.

Senate and House Republicans have given strong support to a bill which will expand medical services to Iowans now receiving welfare grants.

The bill would allow Iowa to come under the provisions of the Federal "Medicaid" program.

Officials said the act would save counties a total of \$1,888,000 which is now collected to pay for the medical assistance of welfare recipients. In addition, an undetermined amount of money will be saved by the 32 counties which now operate hospitals and provide care for indigents.

Under the program, the state must continue to spend at least the \$13 million it now appropriates for medical assistance to persons receiving medical aid for the aged, aid to dependent children, and aid to the blind and disabled.

The program is geared to those persons who actually require the help. For example, the regulations require that for an average family of four persons, the total income cannot be above \$3,600 per year to be eligible for the assistance.

The Senate has just given overwhelming approval to the bill, following up the earlier topheavy approval by the House. Since the Senate amended the bill, it now must again be approved by the House.

Another round in the reapportionment battle has taken place. This time, the Senate passed and sent to the House a resolution which included a section calling for reduction in the size of both houses for the 1968 elections.

Republicans opposed it on the grounds it took an unprecedented step in cutting short the terms of 30 senators who were elected by the people for four-year terms in 1966. One senator said in the 1965 Leg-

BRICKLAYERS

A seven week pre-apprentice school for union bricklayers will start on March 27, in Des Moines. A similar program for non-union trainees will begin in Storm Lake, also on March 27. There is no tuition charge, and subsistence allowances are available through local Employment Service offices. Interested individuals should apply at local Employment Service offices no later than March 21, 1967.

Applicants should be: 17-25 years old; high school graduates or have an equivalency (GED); physically fit; citizens or in the process of being naturalized; able to pass an appropriate aptitude and interest test; and should have a valid motor vehicle operating license.

A person who has successfully completed the 7-week pre-apprenticeship program is then eligible for training as a bricklayer apprentice. The term of the apprenticeship is based on an average work year of 40 weeks, with a minimum of 4 years of on-the-job training and 576 hours of related instruction. An apprentice bricklayer generally receives 50 to 60 percent of the bricklayer journeyman's wage rate, which ranges from \$4.20 to \$4.90 an hour. The percentage increases with the amount of on-the-job experience and individual obtains during his apprenticeship.

islature Democrats had strong control of both houses of the General Assembly. But during that session, there was on action taken to cut the sizes of either house. In fact, they upped the size of the Senate by two, from 59 to 61, members.

Both parties generally agree the General Assembly should reduce its numbers. Republicans have supported a plan to do so in time for the 1970 elections, thus giving a chance for the people to get used to the new districts and to express their feelings at an election.

WATERLOO

BY VALETTA FIELDS
816 Sumner Street
Phone AD 2-8274

The Waterloo Youth Council presented, "I, Too, Sing America," a play by Beatrice Young, at Waterloo Recreation Center during Brotherhood Week. This group functions as the teenager's voice in city affairs and endeavors to acquaint youth of the city with each other. Presentation of the play was co-sponsored by Waterloo Commission on Human Rights and the National Conference of Christians and Jews.

The high school students, as members of the cast, depicted the role of the Negro in the history of America. Doing the documentary was Dennis Krumlinde, Peggy Morgan, Theresa Nash, Marsha Phillips, Beverly Sallis, Frank Sharp, Debi Thorne and Ruby Weems. A trio consisted of Cheryl Ross, Betty Hooper and Lolita Carter. Guitar playing folk singers were Cathy Carlson and Marty Bock. In the octet were Linda Konrardy, Carolyn Sissel, Kathy Harrington, Beth Flammang, Jim Koppes, Bob Oppdo, Charley Connell and Jim Foch.

According to stage manager Jean Nash, time of preparation for the play was three weeks, with rehearsals each day during the first week.

Dave Trumbauer was in charge of lighting and play was directed by Charles Stilwell.

Waterloo Commission on Human Rights is an agency of the city of Waterloo which officially works to bring about mutual respect among the many racial, religious and ethnic groups living in the city and to eliminate prejudice, discrimination and segregation. Ronald James is executive director of the commission.

The National Conference of Christians and Jews, a co-sponsor, also promotes "Books for Brotherhood" — a Brotherhood reading plan, in cooperation with the public and parochial schools of Waterloo and Cedar Falls.

On Tuesday, March 7, at 4 p.m. the motion choir of Payne A. M. E. Church will appear in the Poetry Hour at State College of Iowa, Cedar Falls. They will present "The Creation" by James Welton Johnson during the hour. Mrs. Donna Whitis is co-ordinator for this group. This is open to the public.

Bishop Burt is a patient at University of Iowa Hospital. It is expected that he will be home soon.

Wedding notes of Mrs. Flora King and Rev. Otho Taylor will appear next week.

NOTICE

Please bear with our out-of-town correspondents. Late Bystander deliverance is due to the new zip-code system on the papers and not the correspondents' fault. Thank you.

Following the service I met Miss Elizabeth Ahern, who teaches the deaf spastic children at Hope School located in Julia B. Mayer Center, 8th and Forest. It was observed that there is no provision in the public schools or otherwise for the education of these children. Hope School was founded and is sponsored by The Volunteers of America. The second teacher is Mrs. Mary DeArmand, who is also deaf. Miss Ahern is the sister of Mr. Leland Ahern, whom we all know.

THOUGH JOANNE JACKSON, ERNIE'S URBAN LOUNGE VOCALIST, possesses a voice of great beauty and has many fans, she has a close competitor for her claim to fame. None other than her 9 year old son, Straun Joseph, a participant in the Feb. 11 music festival held at North High School. Straun received a I. Rating (First Place) for a cornet solo, the "Pied Piper". Straun, a beginner, also received a Blue Ribbon.

LENORE SUBOTNIK and MARJORIE SMITH made my holiday, Washington's Birthday, so enjoyable! Lenore invited Marjorie and me to drop by about 10:30 a.m. We had delicious cinnamon toast and coffee, as we chatted. Art is always a big topic at the Leo Subotniks—as here and there one views the latest projects of daughters Maxine and Jessica. Following this visit, Marjorie decided that she and her young guest, Arthur Sunodgrass, and I should have a party. And so we did! At a table covered with a length of gold silk Marjorie blithely ripped from a bolt of the stuff! For a moment I stopped breathing—recalled The Arabian Nights. The fabric gleamed luxuriously as she quickly smoothed it across our party table. Our silverware was antique and the teaspoons a part of her collection—gathered during her parents' lives as the three traveled. Then there was the steaming hot food—a well-balanced meal and plentiful. Feeling compelled to do something equally unusual as I watched Marjorie and Arthur complete their party preparations, I came upon a lively idea. Racing out to my car, I brought in my objects d'art which I made in Mary Lou Cook's Pastecraft Class. Selecting a corner of Marjorie's mammoth divan, I arranged an art exhibit—my very own. I didn't say a word but was elated when first Arthur then Marjorie discovered it and were completely fascinated. She has promised to let me be the one to introduce her and Mary Lou!

PEARL BAILEY AND HER HOST, MIKE DOUGLAS, closed our gala day. NuNu (Anita Rose, the Mrs. Edward Eckhardt) and sons GG (Eugene) and Patrick Edward invited us to wind up our party with them in their upstairs apartment.

YOUR JAPANESE SAKE CUPS may have pictures of ladies at the bottom of each cup! Just peer closely as you sip the last of your tea—and there they are!

DR. ARTHUR DAVIS, President of the Des Moines School Board spoke at the Annual Meeting of Willkie House Board of Directors. I was unable to attend and so inquired of a friend as to her thinking. She said Dr. Davis frankly discussed the difficult subjects—those too often skirted. He left this listener feeling that there are no easy solutions to defacto segregation but both School Board and School Administration are anxious to work with whites and Negroes to solve the problem.

REV. ORZELIA ROBERSON was seated at the organ, playing such joyous songs Friday evening when I chanced to drop by. I selected the nearest seat and listened, then joined the singing. Arising to close the service, she included the deaf among her listeners, as she gracefully finger spelled her message using, too, the language of sign. In fact, her spoken message and finger spelling distracted not at all from the flow and drama of her discourse. I thought "How fine, how good!"

Twasi Federated To Meet At Logan Cntr

Fruit with Cereal and Milk Adds Variety to Reducing-Diet Breakfast

Nutritionists recommend that dieters divide the day's caloric intake into three meals of equal size, starting with breakfast. A good breakfast is the key to successful weight-reduction plans. If you skip breakfast, you are more apt to resort to between-meal snacks or to overeat at the other two meals of the day.

Research at the State University of Iowa has demonstrated that young and old alike not only felt better, but they performed better, especially in the late morning hours, if they had eaten an adequate breakfast. To ensure an adequate breakfast, doctors and dietitians recommend a basic breakfast pattern of fruit, cereal, milk, bread and butter. This breakfast pattern provides 1/4 to 1/2 of the daily nutritional requirements for most people. It is also the basis for an adequate breakfast in a reducing diet. Here is a 400-calorie breakfast which is 1/4 of a 1200-calorie diet commonly recommended in weight-reduction programs.

400-Calorie Breakfast
Corn Flakes (1 ounce) with Sliced Bananas, Blueberries, or Apricots
Milk, nonfat, 1/2 cup for cereal
Toast, 1 slice, with Butter, 1 teaspoon
Milk, nonfat, 1 cup for beverage
Coffee, black

Wide variety is possible in the fruit, cereal, and milk serving. There are more than two dozen varieties of breakfast cereals, hot and ready to eat, both regular and pre-sweetened types, available at your grocery store. Fresh fruits will soon be in season in quantity. You will find that a breakfast planned according to a 400-calorie basic breakfast pattern is satisfying, inexpensive, and offers variety in your reducing diet.

Loses Twenty Pounds in Battle of the Bulge

West St. Paul, Minn.—Ever since childhood Mrs. Percy Zachary has consistently been 20 pounds overweight.

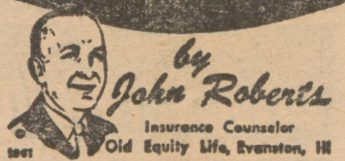

And after the births of her five children, she discovered she'd gained an additional 20 pounds.

In search of an incentive to diet, she, along with her friend formed Mendota Tops (Take Off Pounds Sensibly) two years ago.

Through her Tops membership, Martha has lost 20 pounds and finds herself back to "pre-child bearing" weight.

"I still have 20 pounds or so to go," Martha said, "and I'm afraid that the next batch will be the hardest to get rid of because I've never lost it."

Family Finances

You can budget without being a bookkeeper. All that is needed is a little common sense and nine envelopes (marked Food, Clothing, Rent, Operating Expenses, Health, Savings—Insurance, Educational and Recreation, Church and/or Charity, and Miscellaneous).

On payday put the amount you think you need to cover each of these expenses in the proper envelope. Keep this up for several paydays, trying to use the money in each envelope wisely.

At the end of a month or so, examine your "budget." You'll probably find that you have money left over in some envelopes, while others are empty.

This will tell you where you need more or can get along with less or where you need to spend more wisely. Adjust the amounts you need to place in each envelope accordingly.

Even if you pay by check, the same system will work except that you will have to do it on paper.

You Can Make Meringue Cookies

By Betty Barclay

"MAKE 'EM Yourself!" You can. These glamorous meringue cookies that you used to have to buy from a fancy bakery, you can now make yourself in less than half an hour!

Three dozen of them, too; enough to serve with elegance at an evening card party.

Chocolate Meringue Cookies

1 cup chocolate chips; 3 egg whites; 2 cups sifted confectioners' sugar; 1/4 cup saltine cracker crumbs; 1/4 cup chopped pecans; 1 teaspoon vanilla. Melt chocolate over hot water. Cool. Beat egg whites until stiff. Add sugar gradually, beating after each addition until blended. Then fold in cracker crumbs, nuts, vanilla, and melted chips. Drop from teaspoon on lightly greased baking sheet and spread slightly. Bake in moderate oven (375° F.) about 10 minutes. Makes about 3 dozen 2-inch cookies. Store in tightly covered container.

Beta Gamma Sorority Celebrates Founder's Day; Present Histories in Re-dedication

The Beta Gamma chapter of Alpha Kappa Alpha Sorority celebrated Founder's day Feb. 22, at the home of Soror Lillian Scales, 721 Boyd.

Highlighting the evening's festivities was the re-dedication conducted by sorors Arlene Morris and the presentation of both the national and local histories by sorors Estelle Mills and Gwen Fowler, respectively.

Refreshments were served after the formal meeting.

Adorning the refreshment table were roses and ivy center piece, representing the sorority colors of pink and green.

Also attending were sorors Salina Conner, Ruth Easley, Audrey Forrest, Betty Hyde, Louise Mays and Mae Watkins.

La Femme Sets March 26 For Easter Flair

La Femmes Club's election of officers were held Feb. 11.

New officers are: president, Geraldine Williams; vice president, Helen Williams; treasurer, Willie Mae Rowe; secretary, Anna Mae Ruth; and financial and social chairman, Lucy Williams.

The members met Feb. 25 with the president; Mrs. Lucille Hayes was hostess.

Plans were completed for the annual Easter Flair to be held Mar.

26, at the Killinger Music Hall.

Mrs. G. Williams, president, named the balance of 1967 officers: chairman, Pearl Patton; assistant secretary, Corinne Carter; reporter, Erma Carr.

On the financial and social committee are Mrs. Carr, co-chairman; Elsie Robinson and Mrs. Hayes.

Tickets for the Easter Flair may be obtained from any of the members of the club.

Next meeting: Thursday, Mar. 2 at 8 p.m.

School Board Pres.

Backs Fair Housing

"We must have an ordinance that lets people live where they want," said Arthur Davis, president of the Des Moines School Board at Willkie House Friday night, Feb. 24.

Davis also said the City Council and the School Board would have to work intimately to end de facto segregation in schools here.

He touched again on the need for an open housing ordinance "with teeth in it."

Davis further said: "Let's admit freely then in the Des Moines school system that we have five elementary schools with 50 per cent or more Negro students (Logan, Nash, Moulton, Bird and Grant)."

To solve the racially-oriented problems, Davis said, Negro leadership and white leadership must work together; they would have to "sit on the same side of the table."

Protect Your Children Against Measles, Says The AMA

CHICAGO—Now is the time to have your children immunized against measles if they have not already received this protection, says the American Medical Association.

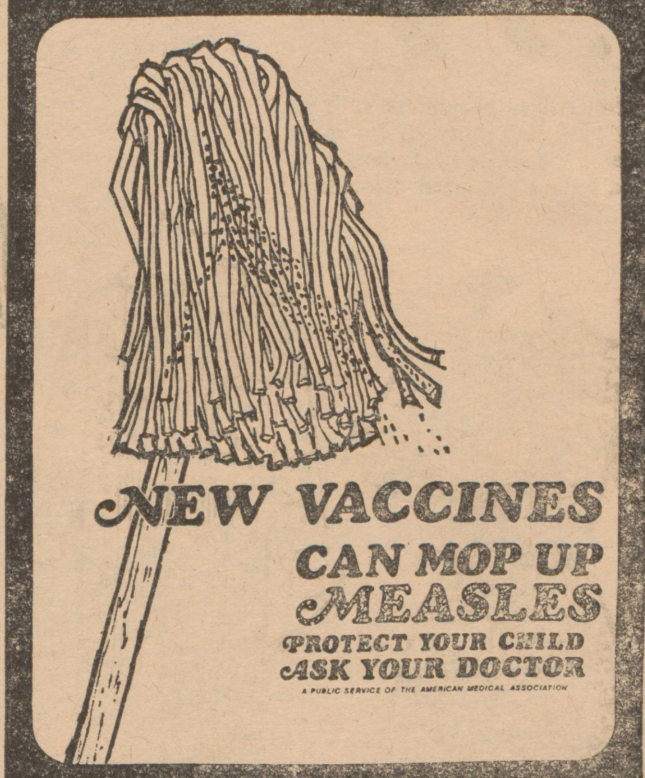

Many parents are surprised to learn how dangerous this common childhood disease really is. An estimated 250 American children died from measles in 1966. More than 150 suffered measles encephalitis, sometimes called sleeping sickness, or brain fever. Encephalitis frequently leaves children with permanent disabilities, including mental retardation, deafness, and blindness.

Future tragedies can be prevented, because safe and effective measles vaccines are now available. In the past four years, these vaccines have helped cut the measles death rate in half.

It's possible that measles could be eradicated in the near future if more parents protected their children with immunization.

The AMA recommends that every infant be vaccinated when he is about one year old. All children over this age who have not been vaccinated and who have not had measles, should be immunized now.

It is especially important that children in nurseries, kindergartens, and the first two grades of elementary school receive measles immunization. These young-

sters have the highest risk of infection. Measles immunization is safe, inexpensive, and easily performed. See your doctor for his recommendations.

If enough children are protected by immunization, measles will disappear. It's time to get rid of this familiar, but often dangerous, and sometimes deadly childhood disease.

Foster And Adoptive Families Are Needed

DON'T SUBJECT OUR SOLDIERS TO INSULT

The defense department is at last concerned that its Negro service men be not insulted even by foreign nations and is working to create better relation between men of different races.

Recently the aircraft carrier Franklin D. Roosevelt started on a journey home from the war zone via Cape Town, South Africa. This is the quickest route and the plan was to dock at Cape Town for three days in order for the men to get a short shore leave.

About 10 per cent of the crew of 5,000 are Negroes. Cape Town officials wanted the men to come ashore but under condition that the Negro soldiers submit to the policy of segregation of the races.

America has sided against South Africa in its policy of racial segregation and to favor them with a visit when its Negro crew members were to be segregated would tacitly force the boys to accept their policy.

The shore leave was cancelled. However, the people of Cape Town were permitted to come aboard and inspect the ship.

The defense department is to be congratulated for upholding the principles which the country stands. Its actions is a far cry from some of the insults and harassment Negro servicemen experienced overseas during other wars.

Naturally, these veterans did not take these tactics lying down. In some instances, members from some social services were driven from their assignments with Negro regiments because they spent all their time trying to keep the soldiers from fraternizing with the local people.

Of course, the loss of this shore leave was disappointing to the members of the crew for they had been under fire or at least in the war zone for several weeks and needed rest. But to have succumbed to the racial policy of Cape Town would have been far more embarrassing.

These foreign nations might as well learn now, as well as later, that the American Negro has influence with his government, influence that is respected. And even though some people don't like it, they must be treated as men abroad as well as here.

People don't always do what is right because it takes courage at times to act. We must be consistent in our belief in democracy whether it be applied here or abroad.

OLD CLICHES

WON'T STAND UP

Iowa University, following the pattern of some other schools are requiring that all "local student organizations be able to exercise free choice of members on the basis of their merits as individuals without restrictions as to race, color or national origin."

The code of Sigma Chi, the offending fraternity, stipulates that any campus organization unable to exercise such free choice as of Oct. 1, 1965, will have its certificate of recognition revoked by the Committee on Student Life (C.S.L.).

The national code has no racial restriction in it but does require that member must be socially acceptable to all members. This means that only one individual on the fraternity's national membership committee can veto any pledge proposed for membership by any chapter.

While such a sham provision can keep out anyone it chooses, members of the same fraternity now and will find themselves fraternizing in social events such as are occurring in Washington social and diplomatic circles and to a lesser degree in Iowa and other states.

The exclusive provision is a reminder of the fight made when Wm. W. Lewis, an assistant U. S. Attorney General, Harvard Law and Dartmouth graduate was proposed for membership in the American Bar Association. A terrific battle ensued but he was finally admitted but subsequent applicants were required to submit photos on the application. Today the American Bar Association makes no distinction and has many Negroes as members. Times do change.

When will the mysteries of President Kennedy's death cease commanding headline? Now his

Bible and prayer book come up missing.

Undoubtedly both articles are prize possessions because of their ownership. There intrinsic value means very little.

Any participants who were involved in the assassination have covered their tracks pretty well so far.

This is the time for basketball tournaments, indoor track and wrestling meets: Most of the local lads didn't do too well in the state wrestling meet last week end. IOWA HAWKEYES pulled out one by their eye teeth at INDIANA and then went home to blow one to PURDUE. Now they have to scramble to stay above the 500 mark. DRAKE lost its umpteenth close game of the season. If the BULLDOGS could just break even on the close ones they would have a winning season.

And about the kindest thing to be said of IOWA STATE is that they tried.

Now we see one reason why our athletes are having trouble with athletes from other countries. Instead of getting together and concentrating on making a winning track team, and developing the boys we have over here two or three associations that rule track and amateur athletes are feuding among themselves like a pack of dogs over a bone. A guy ran the fastest half mile ever run indoors and it doesn't count because we didn't sanction the meet. How silly can you get?

No wonder some of our top athletes retire early.

Now we have the heavyweight champ going after another win. This time against ZORA FOLLEY, who is rated as a so-so-fighter. But there are a couple of young fellows in the wings who might give the champ all he wants. If they can gain another year or so of boxing experience they might be ready to rthe king.

But by that time the armed forces will probably have Clay. People wonder how a fellow can play football, basketball or any other hard sport and not be able to pass an army physical examination.

Well, take the case of a guy with a bad knee. He gets out there each game and gets banked around. But he has the knee wrapped in several miles of tape, maybe shots fixed with pain killing drugs and has a batting of trainers constantly watching, ready to go into action the minute the guy limps. Now can't you just see your hero in combat with his life and the lives of others depending on his quick reactions, and the knee gives way? No trainers around, no pain killers. Just guns shooting at him. Do you see our point?

But Clay doesn't have any of these defects and will likely end up in a uniform before the year is ended. Some say he pretended to be dumb so he could fail his first test. Then other fellows say you can't fail that test intentionally. Who do you believe?

Naturally Healthy Normal Hair GROWS from the HAIR ROOTS in YOUR SCALP. The condition of your hair often depends heavily on the natural health of your scalp. Years ago DOCTOR CARBONOE invented a medicated tar formula called CARBONOE, which is mixed with many powerful antiseptic and does such fine work in helping an ITCHY, BUMPY, DANDRUFFY scalp that many DOCTORS regard it highly and PRESCRIBE it for many scalp troubles. Globe Trotters First to Play Moon Ball Players

ELEANORA TATE

Even in her roaring twenties, Sweet Georgia Brown could have never been this famous.

Because now she travels all around the world, where her oh-so-familiar notes instantly bring to mind the Harlem Globetrotters, here Friday, Feb. 24, at Veterans Memorial Auditorium. They beat the New York Nationals, their standard team, 88-77.

Typical schedule for these guys is a shower right after the game, ride back to the hotel, watch TV and eat (steak, preferably) or write letters home to their families.

"We have a standard act," said Mel Davis. "We try to feel the audience, see what they like. The things we do are called hops, by the way."

Moon

"I've been with the Trotters six years and been everywhere but Red China and the moon. We're going to be the first basketball team on the moon and we're going to beat whoever's up there!"

On the Trotter team, four are single, the rest are married. Hubert Ausbie, father of three children, says he has only about two weeks to spend with them between tours.

"I come home and the youngest is

walking; when I go back again," he said in his easy way, "he'll be talking."

Pro

Many people have said that the Harlem Globetrotters, playing against a top university or pro team, wouldn't have a chance; that clowning has spoiled them for straight ball.

"Oh, there're no competition from the University," said Mel. "And from a pro team like the Boston Celtics—in a series of say, seven games, we'd win our share. Hubert here was the third scorer in the nation when Oscar Robertson was in college."

Player

"In the Trotters, you have to be a player first and a clown second. It would be mighty hard for a pro to adjust to being a Trotter; it's harder than the NBA, you have to satisfy the people. You have to play every day to get the system. A guy can't be a Trotter on only clowning."

Of the Trotters versus the pros, coach Inman Jackson said, "We could take them."

From here the Trotters go to ManKater, Ill., St. Louis, and Kansas City. In April, they depart for Europe, to be there until August.

Purdue Drops Iowa To Fifth Place In Conf.

Play; Title for Hawks Down the Drain

Purdue was the one who did it. They, in a 78-75 victory over Iowa, knocked the Hawkeyes to fifth place in Big Ten standings.

The Hawkeyes, who went into the game with a 6-4 conference record, had been in a four-way tie for second.

Iowa's final shooting figures were 31 of 71 for 44 per cent, while fifth ranked Purdue hit 34 of 62 for 55 per cent. Iowa is 13-8 for the season and 6-5 in conference.

High scorer for Iowa was "Super" Sam Williams with 24 points, tying with Gerry Jones.

Ia. Trout Ready For 1967 Stocking

Over 200,000 six to 14 inch trout are now available for 1967 stocking in Iowa's 49 clear, cold trout streams in northeastern Iowa. These fish were raised at the three Iowa trout rearing stations located at Backbone, Big Spring and Decorah.

Fisheries officials say spring weather and road conditions will determine the date of the first plants. The initial stocking date has varied in recent years from late March to mid-April.

Anglers are required by law to carry a special \$3 trout stamp when fishing on designated trout waters.

Tax Questions and Answers

Q—Are you going to put out a table showing what my 1966 tax should be when the 6 per cent surcharge is added in?

A—The 6 per cent surcharge proposed by the President does not affect 1966 income tax returns. Therefore, the tax tables and schedules in the 1040 instruction need not be changed for this year's returns.

Q—I'm over 65 and I've heard that starting this year my medical expenses will not be fully deductible. Does that affect my 1966 return?

A—No it does not. Allowable medical expenses for taxpayers 65 and over will be fully deductible on 1966 returns. The change will come next year when you file a return on 1967 income. Then the medical expenses of older taxpayers will be treated the same as those of taxpayers under 65.

Q—My wife is visiting her mother for a few weeks. Can I file our return without her signature since most of our income is from my salary?

A—No, your wife's signature is required as well as yours on a joint return. Failure to have her sign the return will hold up processing and any refund due.

Q—I was off the job for about 2 months last year because of illness. Doesn't some of the pay I received during this time qualify for the sick pay exclusion?

A—Yes, it very well might. There are two rules governing when and how much sick pay may be excluded from income for federal tax purposes.

First, if the amount you received as sick pay is more than 75 per cent of your weekly rate of pay, there is a 30 day waiting period before you are entitled to a sick-pay exclusion.

If the amount you receive is 75 percent or less, the waiting period is 7 days unless you are hospitalized for at least one day during your absence from work. In that event, there is no waiting period.

The exclusion under both rules is limited to \$75.00 per week for the part of the first 30-day period in which you are entitled to the exclusion. After that, it becomes \$100.00 per week.

Q—Where should I list the all-money income I receive?

A—Use line 7 on page 2 of Form 1040. Prizes and awards, state tax items should be listed here.

Q—My wife and I are filing a joint return and the Social Security withheld from both our salaries exceeds the maximum. Can we take credit for this?

A—The maximum applies to the Social Security tax withheld from each taxpayer. Only the amounts in excess of \$277.20 withheld from your salary, or your wife's may be claimed as a credit against income tax liability.
