Return City's Keys, FBI Investigation

St. Joseph, Mo. — The FBI was asked to investigate charges of violation of the 1964 civil rights law in the denial of services based on race and color in the latest developments. The NAACP also charged that a conspiracy existed between several of the local law enforcement officers, the owner-manager and the employees of the establishment.

The disturbance at the lounge broke out after more than 300 delegates had heard a keynote banquet address given by ABC-TV correspondent Mal Goode, who was presented with the key to the city by City Council President James Nash, Saturday night, Apr. 22.

Return

All the recipients have pledged to return the keys which proved not to open the doors in St. Joseph.

Threatened

According to Miss Althea T. L. Simmons, director of training, one of the policemen at the lounge pushed St. Joseph Branch President Mrs. Kelsey Beshears and threatened her and other Negro delegates, while delegates who had arrived before the others were served without harassment at the lounge.

Officers elected for 1967-68 were: Chester I. Lewis, Esq., Wichita, Kan., regional chairman; Fred Devereaux, Casper, Wyo., vice chairman; Joseph W. B. Clark, St. Louis, Mo., second vice chairman; Raymond Thomas, Springfield, Mo., third vice chairman, and Herman Johnson, Kansas City, Mo., treasurer.

The Youth Conference elected Rudolph Smith, Omaha, Neb., chairman, and Dr. Freda Witherspoon, St. Louis, Mo., advisor. Colorado Springs, Colo., was selected as the site of the 1968 leadership training conference.

Ask Help Upgrade The Household Worker

Washington, D.C. — The National Committee on Household Employment called on the nation's community leaders to help improve the skills and status—economic and social—of household workers.

Under a contract with the U.S. Department of Labor and using funds provided under the Manpower, Development, and Training Act, the Committee is currently conducting an experimental training program for "household assistants" in Washington, D.C. Aimed at helping the disadvantaged, the program is designed to improve the image and to increase the earning capacity of workers employed in homes.

The third largest occupation group for women, household workers are the poorest paid. In 1960, they av-

Child Located With Father; Los Angeles

The Federal Bureau of Investigation has reported to Rev. Orzealya Roberson, Director of Friendship City, 925 Ninth Street, that shortly after 11 p.m., Friday evening, Apr. 28, her foster granddaughter, Angelita Byron, had been located in Los Angeles, Calif. The child's father, Eldon Byron, had picked her up in the 1100 block of Ninth Street as she was enroute to school.

Rev. Roberson added that she is presently in the process of substantiating the legality of her guardian custody of the child with juvenile court authorities and if the substantiation of her authority is upheld by the court, the child will be returned. Charles R. Palmer Is In Vietnam Fleet

(H0774) USS Kitty Hawk (CVA-63) (FHTNC) — Personnelman Charles R. Palmer, USN, son of Mrs. Gladys M. Palmer of 615 Center, is off the coast of Vietnam helping to launch air strikes against the enemy as a crewmember aboard the attack aircraft carrier USS Kitty Hawk.

Pilot

The Kitty Hawk's A4 "Skyhawk" and F4 "Phantom" jet pilots fly combat missions against enemy troops, installations and supply routes, and helps halt the infiltration of men and supplies into the South.

The 80,000 ton carrier, home for more than 5,000 officers and enlisted men, is a combination floating city and fortress, airfield, arsenal and fighting force rolled into one compact unit.

Kitty Hawk also serves as the flagship for Commander Task Force 77, the attack aircraft striking force for the Seventh Fleet.

Insurance Firms Set \$80 Million Wk. Goal

Chicago, Ill. — A sales goal of \$80 million in new life insurance coverage in the week of May 8 has put 8,000 agents of Negro owned life insurance companies into vigorous motion.

No Limit

Field underwriters for 46 companies in 25 states were urged to exceed this goal by H. H. Southall, president of the National Insurance Association during the 33rd observance of National Insurance Week.

"The goal of NI Week is to expand the insurance protection of all Americans," Southall said, "and in that we set no limits. The \$80 million is our minimum goal."

The annual promotion is being directed by a committee headed by E. Earthon Fort of Louisville, agency officer of Mammoth Life and Accident Insurance Co.

Whitmer Defends CSC

Monday, Mayor George Whitmer of Des Moines sent a reply to several prominent Negroes who had criticized the City Council's hiring a white Civil Service Commission member.

In the letter Whitmer said that he wanted "to assure you that I understand your concern and interest in this matter and that the members of the Des Moines City Council and I appreciated the opportunity to discuss this with you."

Defense

Whitmer, however, defended the appointment and wrote that they would "continue . . . to appoint those Des Moines citizens whom we believe to be . . . most qualified for service as members of . . . our commissions."

Reminding the signers that nine of the sixteen had been "either now or in the past . . . on City boards

and commissions", he said in the future, "many cases . . . will include members of the Negro race."

Clarence Townes Speaks Up For Poor

Richmond, Va. — A prominent Negro Republican Tuesday declared that "we must recognize at this juncture in our history that harnessing the initiative of the Negro poor is the key to ending their oppression."

Clarence L. Townes Jr., said that "from a cauldron of frustration and human need, there is now a demand by Negroes for more militant and aggressive leadership, coupled with mature and stable patterns of political organization and strategy for change."

Townes was at the university of Richmond to speak before an Institute for Business and Community Development Conference.

Conference

Commenting on the Conference, he said that "it is with a great deal of pride that I have observed viable coalitions of academicians, politicians, and social activities pooling their great resources in an effort to relieve the plight of . . . the Negro poor."

Townes is special assistant to Ray C. Bliss, Chairman of the Republican National Committee, and heads the Committee's Minorities Division.

Negro Wives Have Higher Worker Rates

Washington, D.C. — Work experience of Negro wives is still more extensive than for white wives.

A study appearing in the April "Monthly Labor Review" shows that this is true despite the presence or absence of children, the ages of their husbands, or their husband's full- or part-time work experience during the year. About three out of five Negro, but only two out of five white wives worked in 1965.

Children

As expected, the proportion of wives who had worked at one time or another during the year was greater in families with older children or with no children than in families with younger children.

Necessity

Economic necessity tops the list among those reasons Negro women give for working outside the home.

NEWS In A Nutshell

New York — The National Negro Business and Professional Women's Club's of America has contributed a one thousand dollar grant to Operation Crossroads Africa to be used for support of a qualified Negro college girl to go to Africa this summer and participate in one of the summer projects sponsored jointly by Crossroads and a government of one of the independent countries of Africa. Crossroads will have about twenty-five projects in eighteen countries this summer.

Philip Morris Incorporated today signed an agreement in Lagos, Nigeria with Northern Nigeria Investments Ltd. and the United Africa Co. Limited, making Philip Morris a substantial shareholder in Kwara Tobacco Co. of Ilorin, Nigeria.

Washington, D.C. — In an address before the Washington Chapter of Sigma Delta Chi, Presidential Assistant, Joseph Califano said that a preliminary study of welfare programs supported by the federal government disclosed that out of the 7.3 million Americans on welfare, only 50,000 males may be capable of getting off during the next few years. This would be true, Mr. Califano pointed out, "even if every program, public and private, were adequately staffed and efficiently run."

Mary Elizabeth Vroman, 42, author and first Negro member of the Screen Writers Guild, has died at a hospital in Brooklyn. Her first published story, "See How They Run," was well received in 1951 and was later filmed as Metro-Goldwyn-Mayer Studio's "Bright Road." Her most recent novel, "Harlem Summer," was published early this year by Putnam.

Shipbuilding Firm Hires 5000 Negroes

Washington D.C. — Some three-fourths of the 5,000 Negro employees of the world's largest shipbuilding company have been promoted following Federal action to insure equal employment practices.

Secretary of Labor W. Willard Wirtz and Chairman Stephen N. Shulman of the Equal Employment Opportunity Commission today announced the breakthrough brought about by action of their two agencies.

Jobs

They said that the Newport News Shipbuilding and Drydock Company of Virginia reports that there have already been 3,890 promotions for Negro employees and nearly 100 others are in line for supervisory jobs.

The company has government contracts running into billions of dollars.

The breakthrough resulted from a conciliatory agreement signed between the EEOC and the company a year ago after the shipbuilding firm had been found to be discriminating against Negro employees.

Five Passengers In Car; Debris Strewn-street; Driver Rollen Charged

Five persons were involved in a one car crash at McKinley avenue and Fluor drive, Sunday afternoon.

They were Miss Lucille Lee, 32, of 1401 8th street, who suffered head cuts, a possible skull fracture and a fractured jaw. She is in University Hospitals in Iowa City after being transferred from Broadlawn's Polk County Hospital Sunday evening. Gwendolyn Johnson, 36, of 1111 9th street, was treated for laceration on the left side of her face which required seven stitches. She stayed overnight at Broadlawn's following surgery on her hand.

Driver of the car was Joe Rollen, of 944 10th street, who was uninjured. Police said Rollen's car was unable to stop at McKinley and Fluor and the car jumped the curb and sheared off a light pole. It ran up into Phillip's 66 Station and finally came to rest by the station.

According to witnesses, debris was strewn all along the street.

Also passengers in the car were Miss Johnson's sister Lenore Smith, 39, of 1111 9th street, and Bertha Mahaney, of 1301 8th street. Neither were injured.

Imperial Potentate Here, Cites Economics, TV for Slow Membership

BY ELEANORA TATE

"Our Shriners are growing, but painfully slow, painfully slow."

These are the words of Roscoe Washington, Imperial Potentate of the Ancient Egyptian Arabic Order of the Nobels of the Mytic Shrine, in town to talk with local temples as part of a national tour which will take him to Dayton, Ohio, Minneapolis, Minn., and on to Washington, D.C. and the East Coast.

Television

The potentate said that diversified activities plus television and other entertainment may be reasons for the small rise in membership to the Shriners across the country; there are approximately 17,400 Negro Shriners in America, he said.

Economics has much to do with the Shriners, he explained, especial-

ly in the Deep South, where drought occasionally forces persons to sever ties with the local Shriners and move elsewhere.

In recalling the history of the Shriners, he said they were organized in 1893 and incorporated their bylaws June 3, 1900 in Washington, D.C.

When asked if the Shriners intentionally kept out of civil rights participation, he said: "We don't close our eyes and hope it goes away. We have the Prince Hall Legal Research Fund, which turns over proceeds to the NAACP Research Fund. We do not support the legal aspect of the fight, and we do march, but not as shriners."

Charities
Contributions to charities are their deepest concern, such as to the National Tuberculosis and Cancer Foundation for research and to the

NAACP Picketed Geo. Wallace, Pittsburgh
Pittsburgh, Pa. — Dixie segregationist George C. Wallace was greeted by more than 1,000 pickets protesting his appearance here, Apr. 27, to address the annual dinner of the Amen Corner, a group of Pittsburgh business and civic leaders.

The pickets protesting the former Alabama governor's appearance at the Penn-Sheraton Hotel dinner included the National Association for the Advancement of Colored People, the American Jewish Congress and other groups.

It was the second protest within the first 24 hours of Wallace's four-day swing through the North to state his views as a possible third-party Presidential candidate.

Several hundred Syracuse University students jeered, heckled and chanted when the avowed racist ex-governor addressed an audience there.

Byrd Brown, NAACP branch president, said the invitation to Mr. Wallace was not a "free speech" issue. He said his organization objected to the honor being conferred on a racist.

More than a dozen dignitaries, including Pittsburgh Mayor Joseph M. Barr, boycotted the dinner after major groups had protested Mr. Wallace's appearance.

SPAGHETTI SUPPER FOR SUNDAY GUESTS

You can make Sunday night supper a guest meal without imposing extra work on anyone if you serve Chef Boy-ar-dee packaged spaghetti dinner as the main dish. The package contains quick-cooking spaghetti, a real chef's sauce made with either meat or mushrooms, and grated cheese to sprinkle over all. While the spaghetti is cooking, heat the sauce, assemble a salad out of the refrigerator, make the coffee, and you have a real pre-sto-chango meal that will satisfy everybody. HEALTH FOR ALL

In the good old days the weather announcer used to take his chances with a prediction of rain or snow, sleet or hail. Nowadays he goes in for tongue-twisting percentages of precipitation probability. Either way it's just as wet when it comes down.

The precipitation that descends from on high doesn't hold many terrors. But there's another kind that most of us encounter at our peril. It's the kind of precipitation that happens in the season of spring colds when everybody and his father-in-law is coughing and sneezing in a vast contagious chorus.

The fallout that comes with an uncovered cough or sneeze is the kind of sudden spring shower that can literally "bug" you. Literally? Yes, because it's apt to be loaded with a choice selection of respiratory disease viruses or germs, known or unknown, that are looking for a nice human host.

Coughing

Spring sneezes and bronchial barks, in other words, can be effective spreaders of illness. A cold in itself may not be very serious, but it could develop into something highly unpleasant in terms of time lost, expense, and general misery.

Two simple rules apply to cough-and-sneeze precipitation: if you're on the dispatching end, cover up fast. If you're in the target group—duck!

There's a third rule, too. If a cold develops into a stubborn cough that refuses to go away, better see your

Funeral Bill Helps Customer; Money

A bill which will tighten financial controls on pre-arranged funeral plans was debated Thursday at a public hearing of a joint Senate-house committee.

"It's best for the customers," said John Estes, Jr., director of Estes and Son Funeral Home. "This way the money is safe and sound."

Defunct

He said that previously customers came to the funeral homes, stated the amount of service they wanted, and paid directly to funeral homes, who could use portions of the money for equipment and expenses.

"Now," said Estes, "customers pay to the banks, similar to installment plans." When the need arose, the required amount of money set aside is intact, he said.

Saved

Another way the customer was saved, said Estes, was by stopping cemetery operators from selling vaults. Further, when pre-arrangement funeral companies went defunct, the individual was completely "out," he didn't receive any money put into the company.

"Funerals run about \$600-\$700 for Negroes, since their money is lower," said Lafayette Fowler, director of Fowler and Son Funeral Home. "But I just don't know. Other cities have pre-arranged plans; and I guess they plan to stop it before it gets here. But I'm not sure how it will benefit the funeral home."

California

California leads the nation in the use of pre-arranged funeral plans, but recently adopted the 100 percent trust provision, which would

RADICALS MAKE MOST OF THE NEWS

Gloster Current, director of branches of the National Association for the Advancement of Colored People, told an audience in Connecticut that the press was giving most of the publicity about civil rights to the radical group while little was being said about the substantial group which, by intelligent action, has and still carries on successfully without fanfare.

He was referring particularly to the Carmichaels, McKessicks, Cassius Clays and, to a degree, Dr. Martin Luther King.

What he says is true but unfortunately this seems to be the way news works.

This can be carried further to the white people in the south. Those who say and do mean things get a lot of public attention. At times, they seem to dictate what goes on in the community. On the other hand, there are many good people in the south who are working for better racial justice and yet little is heard about them.

The irresponsible statements by these radical people have made youngsters more belligerent, hostile and an attitude of disregard for other people. This does not mean that there is objection to a man who stands up for his rights. But, these people have stalled the civil rights movement and created a division among those working for the cause.

HOUSE INSPECTION

HAS SOME MERIT

The City of Des Moines passed an ordinance recently setting up housing standards. The purpose of the law is to check unsafe, unsanitary conditions in homes. Many of the homes are rooming houses, some of which are not covered by the law previously.

The health department employed additional inspectors and the first section has been designated for inspection.

Considerable controversy has arisen over the matter due, in part, to bad advice to the homeowners.

If the city expected that every detail of the law would be fulfilled, few of the older homes would pass. And for this reason it would be reasonable to assume that substantial compliance, in the light of circumstances would suffice.

Frankly, these inspections are valuable to property owners and in the end could well save property and life.

Naturally, these inspectors are not going to mistreat people. If so, there is a way to take care of this. In the final analysis, most law enforcement officials are decent and in proportion that they do a good job will there be less criticism from the public.

GARY HAS A

CHANCE TO PROVE UP

A young lawyer, Richard G. Hatcher, has won the Democratic nomination for mayor of Gary, Indiana. This is the first instance where a Negro has won such a nomination in a large city.

Gary is a democrat stronghold made up of many races and creeds as is the case of all towns where steel mills are located. They have carried elections year in and year out with strong support from Negroes. Now they have an opportunity to show whether they are willing to reward those who have helped them over the years.

The election will be watched with interest.

From Capital Hill

The Legislature is moving toward debate on the biggest issues of the session—taxes and school aids.

Easily the most complex problems of the session, the Legislature must keep in mind such diverse aspects as the inequities of the personal property tax system, the ever-rising real property taxes, the growing needs of local school districts and the demands for more funds to finance state programs.

The ideas advanced to solve the problems are nearly as numerous as the problems themselves. One plan calls for raising 40 per cent of local school costs from property taxes and return to the districts in the county school system 40 per cent of the income tax collected in that county. The returned funds would be dis-

In spite of the 19 records set at the Drake Relays, there was one that wasn't set. This was not the coldest nor the wettest Relay meet we ever sat through. But we will have to say we sat through some warmer ones.

Friday we thought we would keep a record of all the things Negroes died, but we soon found out there wouldn't be enough room to set down all that.

For instance, the first seven foot high jumper most of the spectators ever saw. We looked off for a record and looked back just in time to see Hartfield going over the bar. If he could have got that last toe up an inch higher the fellow might have made seven feet two. Then there were the host of Negroes on schools like Oklahoma and such, and that Calhoun was a good runner, too.

Southern

There was the start of that red hot relay between Texas Southern and Southern of Louisiana. When they get in a race the other relay teams might as well go home or draw straws for third place. And this year Prairie View had that covered. In one race there it looked like an all Negro affair until we spotted one lone white boy on a team. While we hate to see a team disqualified, most of us were pulling for Texas Southern in that half mile relay especially after Jimmie Hines ran such a blazing two twenty anchor leg. We actually heard people say they were glad Southern was disqualified.

Then there was the jump, both long and triple and you know who won them. The high hurdle race was brought up in record time by Willie Davenport of Texas Southern and who chased him; a guy from the other schools, of course.

Dash

The only sprint race we had trouble in was the hundred yard dash and we suspect that if Notre Dame hadn't been favoring an apparent pulled muscle he might have grabbed that one.

The Kirby family had reason to be proud of their son Jim. He had a fine last meet and helped set a record in one race. We were surprised that he had such a tough time winning the hundred. That Cedar Rapids fellow just would not give up. We thought East High's Jock Johnson was too husky to be a good hurdler but he's good and don't you forget it. That fellow will make some college a fine athlete if he can hit the books.

For another year without Kirby. East Sioux City's Lee or Tech's Vern Hawkins, winner of the broad jump would have been meet stays. But not this time.

We were glad to see the Huston Track Club win the girl's special relay, but that Texas anchor runner must have thought that track was nine miles long on that last lap. Maybe the girls will come back next year ready.

Ryan

One would have to say something about that fellow Jim Ryan's two such four minute miles. He was the outstanding athlete, but we voted for Randy Matson. Why just to be different and were the big man got one vote. There was so much that went on that a fellow could write for a week and still not get it all in. Hope you were out there because we have just run out of space.

And we haven't said much about Saturday and Charlie Green of Nebraska who ran a good hundred meters. He and Hines made it in nineteen.

tributed on a per-pupil basis. State aid, which would come from a newly-created equalization fund, would be added to equal 85 per cent of the state per-pupil cost average. Over and above this amount, local districts could levy additional property taxes without limitation.

The equalization fund would be financed through additional state taxes. Among those mentioned include raising the sales tax to 3c on the dollar, boosting the income tax to the so-called 100 per cent level, and raising corporation income taxes.

Another approach to the problem calls for raising state taxes to immediately do away with all personal property taxes on such items as household goods, livestock, farm machinery, merchants inventories and

Forgotten Kentucky Derby Champion Honored In Memorial; 628 Wins

Lexington, Ky. — Seventy years

after his death, the memory of Isaac Burns Murphy, the great Negro jockey of the 19th century, is to be restored to a place of honor in the Blue Grass Country where he was born and raised. The remains of the famous Hall of Fame rider, whose record of 628 winners in 1412 races may never be equalled, will be removed from an unmarked and neglected grave in an abandoned cemetery here and reburied in Man O'War Park, not far from the final resting place of America's most famous thoroughbred.

like

Isaac Burns Murphy, or "Ike," as he was called, is a legend in Kentucky. For many years some of the most important figures in racing have researched every phase of his remarkable riding career, which ended at his early death in 1896 at the age of 36. He rode three Kentucky Derby Champions including Buchanan in 1884, Riley in 1890 and Kingman in 1891. His record of three Derby victories stood for 57 years until finally broken by Eddie Arcaro when the latter scored the fourth of his five Churchill Downs triumphs in 1948 with Citation.

Post No. 5 Scouts Carry Wins At Tourney; Vets

The Explorer Scouts of Post No. 5 became champions of the basketball tournament for the Tall Corn Area, at the Urbandale Junior High School recently.

Taking part were Manny and Delbert McGuire, Tony Robinson, Berdell Cason, Rocky Hunt, Michael Taylor, Jim Robinson, Johnson Hughes, Gary Green, Gary Stroude, Roger Cassell, Cortez Nicholes, Art Bagby, and Arnold Booker. They were under the direction of advisor Bill Robinson.

Blue Ribbons

Boy Scout Troop No. 5 and Cub Scouts Pack No. 5 each received first place blue ribbons for being a part of the annual Scout Exposition at the Veteran's Auditorium last week.

Industrial machinery.

Still another method calls for increasing state aid programs to local governments by about \$50 million, to a total of about \$150 million, and the pledging the economic growth from this amount of state funds to future aid programs.

It is NOT to be assumed that any one of these plans is a total solution to the range of aid and tax problems. Other approaches can be added to some of these broad plans to achieve specific things. For example, personal property taxes on household goods can be abolished with very little cost to the state. Changes can be made in the tax on livestock to spread the base and reduce the burden. Merchants' inventories can be made fairer through fixing the assessment level.

Still other specific problems can be tackled by freezing present property taxes on persons over 65 years old, or by granting a special property tax credit to senior citizens.

Wife: "Powell said

He was Not a Negro"

Your professional beautician knows the answer...

Can your hair be damaged from brushing, alone?

All hair becomes damaged from exposure to sun and natural elements. Certain greasy compounds and many chemicals, improperly used, also take their toll... not to mention simple attempts at beautifying the hair with any brush not made of natural bristles. The results are brittleness, breakage, dry and dull looking hair.

Your professional beautician knows how artificial bristles actually brush away a great deal of the "lubricants" of the hair that give it body, lustre and protection. And trained beauticians claim that nothing beats Clairol® condition Beauty Pack Treatment for overcoming brittleness, dryness and breakage... leaving hair lively and easy to manage. condition® is an easy-to-work-with creme which can even be applied during a chemical straightening retouch to prevent drying of hair that has been previously relaxed. condition® is the ultimate in repairing deep-down damage. And, when time is a factor for their customers, hairdressers turn to new Clairol® Hair Dew®—the lotion conditioner that penetrates so fast many think of it as an instant conditioner. When applied regularly by your beautician, Clairol Hair Dew adds body, softens and gives a glowing new look to your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles. But damage to every woman's hair comes from so many other causes that all human hair (including wigs) needs to be revitalized periodically. Visit your professional beautician and ask this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure.

Officiates At Relays Meet, Drake

Several Negro officials and judges helped to make the Drake Relays an exciting two day meeting Friday and Saturday, Apr. 28-29.

They were: George Stone, official in basketball in the state and local games, Louis Proctor, and Jimmie Payne, finish judges; Frank B. Robinson, Jr., field events; Udell Cason, track inspector; and Frank Robinson, Jr., broad jump.

James Eugene McNeal, of Kansas City, Mo., was found guilty in Polk County District Court on robbery-with-aggravation in connection in a \$15,000 holdup of Salsstrom's Jewelry Store, 812 Locust street, Sept. 27.

Mrs. Rosie Brown, was sentenced to one year and released on probation after she was charged with stealing money out of a cash register earlier this year.

Monday, deputy bailiffs arrested Mrs. Roslie Brown on a charge of pointing a gun at another. A dog there was also wounded after Deputy Municipal Court Bailiff Ronald Sherer shot it when he and Deputy Bailiff Thomas J. Armstrong went to 1116 9th to serve a warrant. The dog was taken to the animal Rescue League.

Howard M. Rouse said he was beaten and robbed of two dollars Friday morning by two men. Rouse, of 1433 13th street, rescribed one gentlemen as Negro, about 40 years old.

James McNeal, of Kansas City, Mo., was committed to twenty-five years in the State Penitentiary at Ft. Marion after being convicted of robbery with aggravation in a \$500 holdup of Salsstrom's Jewelry last fall.

Pleading guilty to forging a \$50 check was Rickey O. Benton, 19, of 1515 9th street. He was given ten years in the Men's Reformatory at Anamosa, with sentence served concurrently with a seven year sentence imposed Mar. 13 on a bad check charge.

43 year old Eugene Guthmiller, 1152 7th street, pleaded innocent in Polk County District Court to carrying a concealed weapon. He was released on \$300 bond.

Negro, Mrs. Powell said, "He told was a Negro. However, in a new or poor of papers you saw say his grandfather Powell, and was the son of a white man."

Powell claimed that he was adopted by his grandfather Powell, a Negro and a former slave, and was content to let the world think he was a Negro. However, in a new autobiography Mr. Powell wrote for the Congressional Directory, the word "Negro," which was included in earlier editions, was omitted, the article disclosed.

"I still do not know whether what Adam told me about his father was the truth or just another of his stories," Mrs. Powell said.

Rev. P. Tindrell's Tennis Team Second In City Standings

"I love it because it's a carry-over sport. You can start when you're ten and never stop."

That's the opinion of a man who enjoys tennis, so much so that his boys and girls team at East High School are tied in the city for second place.

Coach

Rev. Phillip Tindrell, new coach

REV. TINDRELL

at East, was appointed in September.

ber. An elementary school teacher at Garton Elementary School, he previously was playground supervisor for the city four years. At one time he was a coach at Wilkie House and at the Hilltop Tennis Court.

Prospective plans this summer by Rev. Tindrell are to start an East-side Tennis Club among the youngsters, to compete with other tennis clubs in the city.

Masters

Physical education has always been a part of Rev. Tindrell's life. He was a sports enthusiast at Perry High School, from which he graduated, and majored in physical education at Duquesne University. He currently is working for his Master's at Drake University in guidance.

The tennis club Rev. Tindrell proposes will be integrated, but he says he will promote tennis among Negroes.

Ministry

Rev. Tindrell is in the ministry at New Jerusalem Church of God in Christ, and he and his wife, Ernestine, and children Audrey and Philip, Jr., reside at 1428 E. 15th street.
