Waterloo Rights Commission Reports on Riot

Gives Suggestions for City Improvement

Waterloo, Ia. — In a report addressed to the citizens of Waterloo and the city administration, the Commission on Human Rights stated that: "Because of the unfortunate disturbances over the weekend of July 8 that resulted in considerable physical injury to some and random acts of vandalism and property damage that was much deplored by all responsible citizens — your Commission felt charged with the responsibility of determining the probable causes and suggesting improvement that might avoid a recurrence."

Affected

The Commission cited unfavorable home life environments and neighborhood problems, lack of occupation or adequate recreational facilities to consume their time and energy, plus disrespect for the attitudes and practices of some law enforcement officers in their community area affected young Negro adults.

Disorders

"Still fresh in our minds are the details of three nights of disorders that followed—disorder that cannot be attributed to any organized influence from outside Waterloo."

The Commission said that growing disrespect for and deteriorating relationship with the police force on the part of the Negro youth—accusations of demeaning racial epithets and slurring racial references toward "many of our Negro citizens, young and young adult, by some police officers . . . (has been) long since rubbed raw."

Improve!

The Commission, therefore, urged for an improvement in the relationship between the police and Negro citizens, and especially for officers to enforce all laws equally on every block within every home in Waterloo so that quite young "Negro children do not have to witness vice, corrupt acts or lawlessness."

The Commission then sent a letter to the mayor and city council that included suggestions to improve community-police relations:

Named

A Community Service Officer Program, new type of "police cadet" working on the street, without full authority or bearing arms; a committee of minority group persons or civilian review board to work in cooperation with the police; improvement of policemen's language to citizens; federal grant to set up an organized police community relations program; and that the police department be encouraged to expand their active sponsorship to youth activities.

Ever's Widow Reveals Militancy in Slain Husband

New York — "I saw the fear in the faces of many of the national office staff when they came to Mississippi," said Mrs. Medgar Evers, widow of the slain civil rights leader. She gave this observation in the current issue of McCall's Magazine. "I heard the hesitation in their voices when they asked about precautions taken for them."

She also said that long ago, Evers "flirted with the idea" of forming a Mississippi Mau Mau group of terrorists, "a secret army of Delta Negroes who would fight by night."

Ninety-One Year Old Doctor Still Heals His Tenn. Patients

New York — The pace of modern life is such that it's hard to reach 80.

But to be 91 and to be in excellent physical shape as to be able to take care of an office five days a week is an achievement given to few mortals.

Dr. James L. League, Sr. attributes his longevity to the love of his profession . . . medicine . . . and the satisfaction of healing the ailing, says the Amsterdam News.

Dr. League lives in South Nashville, Tenn. all year-around, except for the month of July when he comes up here to visit his daughter and son-in-law.

Referred

He has office hours twice a day, five times a week, and at one time, he had so many patients that he had to refer a portion of them to younger doctors.

He expects to maintain his full schedule. Did he ever intend to cut down?

"Yes," Dr. League replied, "when I get older, but that won't be for a while yet."

Fonza Charged in Peace Disturbance

Tuesday morning Milford Fonza, of 1800 12th street, rebuked charges of disturbing the peace filed against him Monday night by Mrs. Ann Willett, landlady of Esther Apartments, 207 4th street. He is out on \$25 bond.

"She filed the charges against me because she knew I was going to file segregation charges against her," said Fonza shortly. "And there wasn't any disturbing the peace. I came to the door Monday night and she wouldn't let me in, said she didn't want colored in. I wanted to see my wife."

"Her hollering and screaming was disturbing the peace, not me."

Fonza said that the charge was purely discriminatory.

Milford is the first Negro to be certified and appointed by the Civil Services Commission and Des Moines Fire Department in generations.

State President Asks Branches for Help In Curbing Criminal Acts

Robert A. Wright, president of the Iowa State Conference of Branches of the NAACP, issued a plea to branch presidents and executive board members on the subject of rioting and unlawful acts of violence, Friday, July 28.

He said that Waterloo and Des Moines, where there is a concentration of Negroes living in ghettos, have experienced violence in the past few weeks.

Condemnation

"In each local community, the NAACP must reiterate its position of condemning rioting and lawless activity. At the same time, the NAACP has taken a position that

we not only condemn rioting and lawlessness, but we also condemn the conditions and circumstances in the ghettos and in our cities which foster and ferment the atmosphere where those elements in our society exploit the opportunity to resort to unlawful acts or violent activity."

Old Order Rights Men Rejecting Rebellions

New York — Pointing out that Negroes are "the primary victims of riots," four of the nation's top civil rights leaders have issued a strong call for an end to the ghetto violence which has erupted in cities throughout the country.

The statement, issued on Wednesday, July 26, was a joint appeal by the Rev. Dr. Martin Luther King, Jr., president, Southern Christian Leadership Conference; A. Philip Randolph, president, A. Philip Randolph Institute; Roy Wilkins, executive director, National Association for the Advancement of Colored People; and Whitney M. Young, Jr., National League.

Statement

They said: "Developments in Newark, Detroit and other strife-torn cities make it crystal clear that the primary victims of the riots are the Negro citizens.

"We are confident that the overwhelming majority of the Negro community joins us in opposition to violence in the streets.

Moderates

"We who have fought so long and so hard to achieve justice for all Americans have consistently opposed violence as a means of redress. Riots have proved ineffective, disruptive and highly damaging to the Negro population, to the civil rights cause, and to the entire nation.

We call upon Negro citizens throughout the nation to forego the temptation to disregard the law. This does not mean that we should sub-

mit tamely to joblessness, inadequate housing, poor schooling, insult, humiliation and attack. It does require a redoubling of efforts through legitimate means to end these wrongs and disabilities.

"We appeal not only to black Americans, but also to our fellow white citizens who are not blameless. The disabilities imposed upon Negro citizens are a century old. They remain because the white citizenry in general supports these restrictions.

Indifferent

"The Ninetieth Congress has exhibited an incredible indifference to hardships of the ghetto dwellers. Only last week the House defeated a rat-control bill which would have enabled the cities to bet rid of the rats which infest the slums.

Cambridge, Md. — Entrenched racial segregation in the Cambridge public schools is a continuing source of bitterness and racial hostility. Maryland NAACP leaders declared after a two-hour meeting with state officials in the all-colored Second Ward late Wednesday afternoon, July 26.

Flint, Mich. — Negroes who were arrested July 24 during fire-bombing disturbances were granted their freedom after Walter Hall, president of the Flint NAACP Youth Council, and representatives of three other youth groups met with Mayor Floyd J. McCree and Prosecuting Attorney Robert Lonard and promised to patrol Flint's streets telling others to "cool it."

Black Power Highlights as Seen by News Reporter

Newark, N.J.—All seemed to understand one thing—that people who come in America persecute solely because they are black, must unite under that banner of blackness and fight with a common front . . . even though that struggle may be in variant tactics, dependent upon our own particular political bent or persuasion. This was the attitude which prevailed at the Black Power Conference in Newark.

Headquarters were at the Cathedral House of Episcopal Diocese of Newark.

Negro newsmen were allowed, and when one did talk with people about their reaction to the conference, every person seemed to feel that being part of so diverse a group of black men and black women sitting down together was something they had never imagined. Since the conference's purpose was solely to have these kinds of black people get together and talk about the ways to empower the now-powerless part of American society, the meeting was a complete success.

Attack

The most hair-raising event at the often-tense conference was the attack on the newsmen. As background, all press people were informed that they would have daily

press conferences in this otherwise closed convening on the condition that interviews with participants be held only during designated hours. This procedure was violated several times by the press—and they were told that this was being provocative.

Newsman

The conference press people went ahead with the scheduled afternoon interview session. A black reporter was in the room set aside for interviewing when a group of no more than 5 or 6 men came storming in. Shouts of "white press get out" were heard . . . cameras were overturned . . . newsmen scrambled through windows, total damage—other than to camera equipment—amounting to a couple of blood stained newsmen and one small stool. The incident was an understandable reaction by a few, who not only felt betrayed by the press at the conference, but who also had previously experienced irresponsible reporting by their local press.

Kenyetta

One of those considered most militant, Charles "X" Kenyetta of the call Mau Mau's, was the one that seemed to do most to bring reason and order back to the conference. His reiteration of the fact that we were there to deal with the unity of black people clearly brought him into the rank of statesman in the eyes of all. Ladies on relief from Rochester and many other cities were in caucuses with people like Alexander Allen of the National Urban League and field workers from S.N.C.C. The Rev. Jesse Jackson of Southern Christian Leadership Conference (Operation Breadbasket), Black Muslims and Black Nationalists met with corporation sponsored black executives on problems common to all black people.

Woman, Ambulance Crash, No Injuries

Early Thursday evening, a car driven by Bernice O'Donnell 1302 tenth Street and a Capitol City Ambulance driven by Tom Fennell were involved in a collision at 19 and University Avenue. Both vehicles were badly damaged.

The woman driver was alone except for a 10 month old pet squirrel monkey named Cricket. Accompanying Tom Fennell was Dan Corrick. No one claimed any injuries though the woman was wanted to have a raised spot to the right on her forehead.

Clarence McQuerry, who reportedly was driving in the vicinity, claimed to have witnessed the accident.

Logan Meeting First Step In Community Plan Against Riot

In last Friday's meeting at Logan Opportunity Center, 80-100 Negroes worked to find answers to some of the community's pressing racial problems.

Cropp presented the purpose of the meeting, which was to let the community know the majority of Des Moines' Negroes feeling about violence, which Malcolm Hogan said was the most Negroes "do not condone violence" and "we are trying to demonstrate this tonight. Discussion

The group, which met about 7:30 p.m., then formed four discussion groups headed by Rev. Joseph Gaines, Robert Jackson, Mr. Hogan, and Louis Riffe, to formulate answers on the responsibility on the individual, of the parent, how well each of them could communicate with the young

adult, how to establish better relations between young adults and law enforcement agencies in the city, help to contain the easy access of liquor by young adults and how to help redirect them toward more useful employment opportunities.

Mo Grows

I guess Motown is all right—say, Berry Gordy says that Motown people hit No. 1 in the annual rhythm and blues awards of Record World mag. Top male vocal groups—1—temptations, 2—four tops; 3—smokekey robinson and the miracles. I would say tops one, smokekey two and temps three. But, Get this on the women—supremes are one, Martha and the Vandellas two, Marvelettes three. Me—Martha one, supremes two, marvelettes three. Instrumental—Puckerup Boy—Jr. Walker, and Stevie Wonder has an instrumental of Alfie on his agenda.

Say now. What's with blocking off the streets?

AFro Sweato

H. Rap Brown, SNCC man, you are cool, but I bet your head sweats in the summertime.

Soul Brothers, they said you worked out at the Y Sunday night. Was it you who sent those funnel clouds back up in the sky where they belong?

Thanks, Ulmer, for the plug. I call you enough times.

Stax-Volt Revue album—Otis Redding, Try a little Tenderness, Sam and Dave, Soothe Me, Hold On; Carla, Yesterday, Gee Whiz, her first big one. Remember, any record you can't get up here, write Stan's Record Revue, 728 Texas Street, Shreveport, La. Higher and Higher, Jackie Wilson; one by the Jive Five, and Funky Broadway, Wilson P. Jackie's and W. P. Pickett's are high on the charts in NYC. What happened to DM?

A Room for Two Children

WHEN two youngsters occupy the same room, ordinarily they have little privacy. However, by using a bit of imagination and ingenuity, the fix-it-them-selves family can create a room that has two of everything, plus built-in privacy.

First, the room is divided by means of an extra-wide divider desk and closets. This way, there'll be a separate study and clothes

storage area for each child. The separation of the space is completed by a sliding door.

Other features may include a radiator enclosure, fluorescent lighting, spacious drawers in the desks and an attractive soffit. Use of Masonite hardboards for the closet walls, desks, soffit and as underlayment for the flexible floor covering makes such a room improvement both economical and easy. A large variety of hardboards for these purposes are available at lumber yards.

Hardboards made by Masonite Corporation, the pioneer producer, are made by exploding clean wood chips in huge guns and then compressing the fibers into thin, strong panels under extreme heat and pressure. Being all wood, these panels may be worked and finished like wood.

For a free plan detailing how to create a youth room for two, write the Home Service Bureau, Suite 2037, 111 West Washington St., Chicago 2, Ill., requesting plan No. AE-265.

that he will tour a number of the country's cities which have been hit by racial rebellions, to find the reactions of persons involved, and what the community had been doing to bridge the gap in such situations.

Cities included on Rev. Gaines' agenda are Detroit, Mich., New York City, Newark, N.J., Washington, D.C., Cincinnati, Cleveland, and Toledo, Ohio.

Rev. Gaines, who left Aug. 1, accompanied by his daughter, Carma, will return Aug. 14.

HEALTH FOR ALL

It used to be known as the "kissing disease," until somebody discovered that you could catch it without kissing anybody. Faced with this negative outlook, a doctor with a true instinct for research decided to conduct a study at West Poine. Presently he reported that "cadets who came down with mononucleosis had usually been kissing a girl who was infected with the disease."

"By kissing," he added, "I don't mean a peck on the cheek but kissing of more than filial intensity." (After all, if you must get sick . . .)

Diabling

The problem of mononucleosis, actually, isn't all fun and osculation by any means. It's a disease that incapacitates young people for extended periods with severe sore throat, glandular swelling, general weakness, sometimes jaundice, often

mental and emotional depression. One researcher, Dr. Kenneth Rose, has called it "the single most important disabling disease of the young adult." And it seems to be on the increase.

Mononucleosis is full of mysteries. Despite general agreement that it's contagious, the guilty organism so far hasn't been positively identified. And nobody has the answer to another question: why are some people resistant to the disease while others are vulnerable?

Drugs

Treatment consists of corticosteroid drugs, tender loving care (no kisses, please), and assurances to the patient that, despite all his doubts, he's going to get well. The disease, in fact, is almost never fatal. Hospitalization is seldom needed, but a doctor definitely is.

British Reaction To U.S. Rebellions

London, England—Britain has reacted thoroughly to the United States rebellions in its news media, although most Britons were certain that "it couldn't happen here." Yet a basic detonator of racial violence is present in Britain as in Detroit; a growing array of underprivileged young people whose educational limitations advised them they never will hold really good jobs.

Only half of Britain's colored population are Negroes, mostly West Indians—the rest are Asian Indians and Pakistanis. The coloreds are concentrated in a few industrial centers.

Take Your Medicine

A well-informed man is one whose wife has just told him what she thinks of him . . .

If you paint it, it's junk; if you sand it and rub it down, it's an antique.

What's missing in the modern kitchen is the old fashioned wife . . .

Hear about the English sport car? It has a monocle instead of a windshield . . .

Wife: a person who can look in the top drawer and find the socks that aren't there.

Strictly top drawer! That's what you'll exclaim about our complete selection of family drug needs and cosmetics at Williams Pharmacy, 1103 University Avenue, Phone 243-1253.

You can budget without being a bookkeeper. All that is needed is a little common sense and nine envelopes (marked Food, Clothing, Rent, Operating Expenses, Health, Savings — Insurance, Educational and Recreation, Church and/or Charity, and Miscellaneous).

On payday put the amount you think you need to cover each of these expenses in the proper envelope. Keep this up for several paydays, trying to use the money in each envelope wisely.

At the end of a month or so, examine your "budget." You'll probably find that you have money left over in some envelopes, while others are empty.

This will tell you where you need more or can get along with less or where you need to spend more wisely. Adjust the amounts you need to place in each envelope accordingly.

Even if you pay by check, the same system will work except that you will have to do it on paper. ®

DALE ULMER, thanks for mentioning The Iowa Bystander in your Monday night broadcast! Thanks, too, for the invitation to your listeners to come over and see The Bystander sometime! I, for one, am always interested in making new friends!

LAURETTA REEVES, St. Paul A.M.E.'s choir director, participated in her eighth—or more—Greenwood Park Community Sing Sunday evening. This year's group's gospel singing was excellent, she says. And added that "even when it rained, the people went to their cars, got their umbrellas and returned as the program proceeded in the rain. It was very nice. Really it was." Among groups who have appeared in the past are The Richard Allen Chorus, the Inspirational Chorus, Willie House's Jim Dunn Players and its Helen Severson Dancers; St. Paul's Gospelaires; and Jim Harris, Jr.'s combo. Lauretta is pleased with her group's appearances at the Community Sing and hopes they will someday break into the yearly State Capitol's Music Under the Stars. Don't you agree this would be nice! We wish them luck.

DEL NETT and LARRY LINK presented the first of their film club series this past weekend. It was Sunset Boulevard. I was lucky enough to be a viewer and can honestly say I found the film thoroughly enjoyable. The Bertins' hospitality is always the greatest! The shows are given in the theater, you know.

DES MOINES IS FAST BECOMING WELL-KNOWN among the nation's leading cities—thanks to Governor Harold Hughes, who's been everywhere; Judge L.T. and Mrs. W. S. Don't you agree, folks?

She resides at the Nellie Green Elder Boarding Home, 950 9th Street during her convalescence. I had a thoroughly enjoyable visit with her there. When you're shopping for a pretty, stop by?

MINIARTIST NANCY SAMCOE LINK (so-called because of her penchant for miniskirts and minipaintings) is in the glooms! A former friend claims to have purchased Mitch, her pet goat, from among the pets she left behind with her in-laws at the time she and Larry moved to Des Moines. Mitch was Nancy's second anniversary gift! This neighbor's craving for goat meat, acquired during his missionary days in India, has made him a long-time admirer of and an intense would-be-owner of Mitch. If he has purchased Mitch, Nancy is certain the pet is now a deep freeze pack of meat! And so the gloom!

Employment Member Defends The Laborer

Cecil Reed, state employment official defended the uneducated person who used his trade abilities although he had no high school diploma.

He said that "completely uneducated slaves from Africa built those beautiful mansions in the South in the last century and before."

In a speech earlier, Reed said that there was dignity in labor, that there was nothing wrong with scrubbing floors for a living, of sweeping, but that since society had delegated the Negro to doing the jobs, the occupation had fallen immensely in stature.

Jobs, Jobs, Jobs, For Needy Young People

They came, many sockless and uncombed and generally disheveled, but those who wanted jobs were present Tuesday morning at Veterans Memorial Auditorium to get a chance at some 200 obs offered originally, but now at least 350 or more by a newly formed non-profit corporation.

The program asked for by Gov. Harold Hughes, along with a number of Des Moines businessmen, will provide such jobs as removing trees, park improvement and miscellaneous work.

The program was announced at the City Council Monday morning and rapidly approved. Tom Callison, who was present at Tuesday's registration, said the turnout was more than they had hoped for. He said the problem now was that there probably were more young people signing up than jobs.

Ronnie Simmons, who works with the Polk County neighborhood groups said that they had recruited several youngsters through the centers.

Here Robert Wright, president of the Iowa State Conference of Branches of the NAACP, Monday, states his reasons to why the City Council should approve the measure.

Callison also that the council had known previously about the program, and approved the idea as soon as possible to that it could begin right away.

Working with the registration Tuesday were Frank B. Robinson, Jr., and Harold Carr of the Manpower Development Council.

Is peroxide needed to color unwanted gray hair?

Hair care and beauty experts know that the first traces of gray hair—and even slight fading of natural color after chemical relaxing—can dull a woman's appearance and make her look older than she feels. While most women hate these premature aging effects, many are hesitant about using permanent peroxide haircoloring which may change the natural hair color while coloring gray.

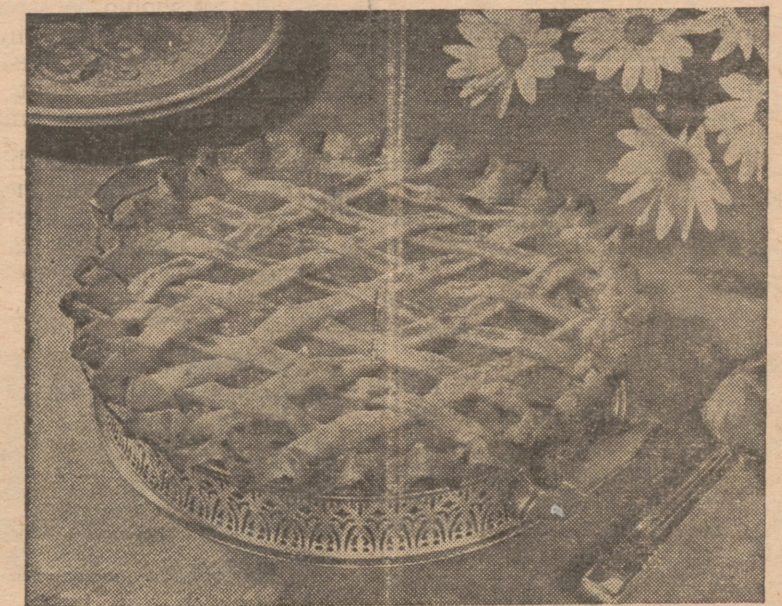

Professionally-trained hairdressers know the importance of their customers' preferences when unwanted gray becomes a problem. These experts also know that Clairol created semi-permanent Loving Care® hair color lotion without peroxide . . . to color only the gray without changing the natural shade. They also find Loving Care blends back color faded by chemical processing. Because of its mildness, Loving Care maintains healthy looking hair and lasts through a month of shampoos.

Whatever a woman's reason for wanting Loving Care for her hair, she is always wise to consult a professional beautician. Hairdressers are equipped with a family of fine Clairol products and the training to promise each patron the loveliest and most personalized haircoloring effects every time she visits her salon. If you dislike gray, and want no peroxide, why not ask your beautician to glamorize it with Loving Care?

Remove from heat and stir in butter and lemon juice. Line pan with pastry, pour in filling; cover with lattice strips. Bake at 425 degrees (hot) 25 to 35 minutes, until crust is done and nicely browned.
LATTICE TOPPING: To make lattice topping, roll pastry for top crust and cut into long strips 1/4-inch wide. Weave lattice design on waxed paper and set aside. After pouring in filling, quickly flip waxed paper with lattice crust over top of pie and press edges together firmly. Yield: 6 servings (one 8-inch pie). VARIATION: Add extra flavor to the crust by adding one teaspoon grated lemon or orange peel into the flour.

LOOSE TALK BY
IOWA CONGRESSMEN

Nick Kotz, a member of the Washington bureau of the Des Moines Register who spent considerable time in southern states gathering first hand knowledge of the Negro's plight there, has polled the Iowa delegation in Congress on the causes and possible cures of riots in the several cities.

All deplored the disregard for law and order with which no reasonable man disagrees.

Some thought education, more and better employment and housing is the answer.

Republicans generally blamed President Johnson contending that more had been promised Negroes than he could deliver and that has produced dissatisfaction. They said the anti-poverty program has failed pointing to Newark and Detroit to which a large amount of money has been given.

This sentence appeared in the article and we hope it was a mistake.

"The Republicans also stressed what they called a lack of responsibility among Negroes."

If any Republicans actually said this he should have been named. If all did then they owe decent Negroes an apology. They resent it. (A copy of this editorial is being sent each member of the delegation).

These riots are terrible and should not be tolerated. But riots often occur when people get dissatisfied. Of course, they are lawbreakers and must be dealt with as such.

But somehow the Iowa Congressmen, like many other people, never think of riots in Harlem, Iowa during the meat packing plant strike or on the highways during the milk withholding disturbances as riots or the dismissal of criminal charges as a part of a deal to settle a strike as anything other than cooling lawbreakers.

One of the causes of disrespect for law has been the failure to enforce civil rights laws already on the statute book. In other words, Negroes are taking a leaf out of the white man's pattern.

Again, we emphasize that we are unalterably opposed to riots, disorders and disregard for the rights of others but it appears the Iowa delegation in Congress did a lot of loose talking which has little sense or truth in it, other than what other have already said.

DES MOINES BUSINESS MEN
SHOW THE WAY

Speaking at his press conference Monday, President Johnson told the American people: "I have no doubt whatever our country will be able to do whatever it is necessary to do" to meet the problem of curing the cause of riots.

Several weeks ago, a group of leading business men in Des Moines formed an organization to make more and better jobs available for the unemployed in the community. Many represent firms which have made great strides in equal opportunity employment.

Recognizing that much of the unrest among whites and blacks was centered in young people they have formed a non-profit organization to help lick the problem.

Their first act was to raise \$10,000 which is to be used to provide jobs for youngsters between the ages of 14 and 21 for a limited period. They solicited the aid of the manpower administration, employment security commission and the opportunity centers to aid in administering the program.

Tuesday morning, about 500 youngsters, who had not been able to find employment, showed up at Veterans Auditorium. Two hundred were assigned to jobs. Soon thereafter the number was raised to 350.

The response points up very clearly that the anti-poverty program has not been able to reach these young people.

These men, recognizing that disturbances over the country were causing great misery and confusion, decided to do something tangible before trouble arose here.

They know that trouble in other cities stems, in part, from failure of the power structure in these communities to move out

in front to provide remedies before trouble arose.

Des Moines should be proud of this group. They propose to follow the statement of President Johnson and prove that Des Moines can solve its problems.

Every citizen should do his bit for these jobs provide income, take youngsters off the streets and enable a lot of projects that have needed cleaning up to move ahead as are others.

Let's see. We think this is about the 19th Hilltop Open tennis meet this club has put on. There are a lot of things to think about as we get ready for the meet. The thing has definitely grown up, and must be counted as one of the major meets of Iowa, even if the Des Moines Register doesn't think so. We can't guess just who will be here as we write this, but we have always managed to get our share of the big names in Iowa tennis and we think this year's meet will be no exception. We are expecting Royal Madison of Chicago to return and defend his veteran's singles event since we have been holding the meet. We wonder if Esther Myers will be in shape to play in the women's singles. With all these kids coming on, she might find the going a bit rough, but they would have to beat her in the court. They will get no defaults.

Charley Howard

As we look back over the years, we would say that the one guy who planted the idea in our heads of Negroes playing tennis with white people would have to be Charley Howard. Charley was a tennis player and a golfer of average ability, but he liked to be seen with the best. So he got into all of the tennis and golf meets he could in those days, the twenties, even though he knew he didn't have a chance to win. Every time we went out with him to a tennis match, and we did go to see a few of them together, he would lecture to me. He would tell me to get in those meets even if "you never win even a set, because some day a Negro will come along who can really play the game, and he will have a chance to win. Of course, if you have been getting into these meets all along, his presence will cause no excitement and he will be accepted as a matter of fact. But you let a few years pass with no Negroes in any of these meets, the first time a fellow comes along who might be pretty good, he will have one heluva of a time getting into one, and just might not make it. So you have a responsibility to keep the door open for all the Negro tennis players who will follow you.

Chet

So we kept the door open, and Chet Williamson and our late brother Bill came along, and they helped keep the door open, but no Negro men's singles tennis player worthy of the name has walked through it yet. But possibly out of this has come the present meet. So maybe it wasn't all in vain. But we wonder what will happen when Esther Myers is no longer able to take the lead in the thing as she has done for so many years. Some fellows say one guy kept things rolling for a long time, then it was Everett Mays, then Mrs. Meyers, so surely it will be someone else. But the old timers were dedicated to tennis. It was their life in the summer. Is there anyone who is as dedicated to game now? Maybe there is. We hope so.

Poor

Persnally we didn't think too much of our contribution last year, so maybe we should have some help this time. We seemed to work harder at things we should have sailed right through. It couldn't be laid to years, because we felt as good as we ever did. Maybe we were so close to the thing, we couldn't see the problems as they came up. Sometimes a fellow gets into a rut. Maybe we were in one. But this is 1967. Things have to be different.

Boxing

So now the European Boxing set-up has decided to follow the lead of the World boxing thing and take away the European heavyweight boxing title of the champion, Karl Middleburger of Germany. We just

can't ever get used to the silly idea of taking away a title by a stroke of a pen. The guys win the titles by beating everything in sight, and they should keep the thing until someone beats the champ in the ring. How would it sound to tell Jim Ryan he is no longer the world's fastest miler, that the guy he beat by seven miles is the new champion miler?

Now in the case of Clay. If the fellow should make it to prison, there should be a tournament to determine the champion until he gets out with the understanding that he would have first crack at the winner if he wanted it when he had served his time. How does that sound?

James Dunn Nominated
For National Citation

James Norman Dunn, leader for Southeast Side Project, Inc. has just been named a Citationist in the Lane Bryant Annual Awards competition and has been honored with a Citation in recognition of outstanding community service in 1966. Dunn was nominated for this Award by Mrs. Bobbi Edwards and Frank C. Kroll.

Achievement

The Citation is a commendation of the nominee's outstanding achievement and means that Dunn is being considered for one of two Awards of \$1,000 given annually to encourage volunteer work designed to benefit the American community. One Award is made to an individual, and one to a group. "To achieve the status of Citationist is in itself an honor," Jerome E. Klein, director of the Awards Committee pointed out. "Fewer than 20 per cent of those nominated survive the rigid preliminary screening performed by the New York University Graduate School of Social Work to become so designated."

City Officials

Wright also urged that the branches should call "upon the local city officials, to take corrective steps immediately to solve long-standing grievances of minority group people."

The State President recommended setting up Nighthawks (or CAP) patrol workers in major Iowa cities, and to increase the NAACP to strengthen the Negro community.

"We are requesting the branches to report by wire the current status in your community directly to Roy Wilkins . . .", said Wright.

East Okoboji Cats
Are Surviving Well

East Okoboji channel catfish anglers have been making fine catches over the past two seasons, as a result of State Conservation Commission stocking catfishes.

This season, several catfish over six pounds have been taken.

Commission biologists say the survival and growth of the fish have been excellent. Several spawning structures were placed in the lake this spring, and checks will be made soon to determine if the fish are utilizing them.

Ashe Beaten In Pan-

Winnipeg, Manitoba, Canada—Arthur Ashe was beaten here in the men's singles at the Pan American Games last Friday. Tom Koch upset the Virginian in the three hour session 3-6, 6-0, 7-5, 4-6, and 6-3.

Ashe's defeat ended hopes for an all-America championship match.

To Extend Toggle Switch
If the toggle switch on a power tool is difficult to reach, American Builder, "bible" of the building industry, has a solution. Take a

short section of stiff tubing and slip it tightly over the toggle switch handle. This lengthens the handle and brings it within reach. Use either plastic or stiff rubber tubing.

Governor's Conference
To Convene at Ia. State

The 17th Annual Governor's Conference on Children and Youth presents "Bridging the Generation Gap—A Happening" on Thursday, Sept. 28 at Iowa State University.

The Conference is sponsored by the Iowa Commission on Children and Youth and the Iowa Youth Council, made up of Iowa young people, are planning this year's program. Highlighting the Conference is an unconventional "discussion in the round."

In the two hour seminar a group of adult and youth leaders, headed by Dr. J. F. Breithaupt of the University of Northern Iowa, will discuss problems caused by the lack of communication between the adult and teenager spheres. The members of the discussion group will be unidentified to promote an open atmosphere where frankness of opinion can be developed.

Folk Music

True to its theme of "A Happening", there will be a folk music introduction and no formal conclusion to the Conference, leaving each participant to formulate his own ideas and then put them into practice in his own community.

The Commission extends an invitation to all adults and youth, who have a sincere interest in the problems of our present society, to attend the Conference. Registration will be from 8:45-9:30 A.M., Memorial Union, I.S.U. Conference fee is \$2 for adults and \$.50 for youth. Additional information on the Conference can be obtained from Craig Miller at 3843 Forty-second Street, Des Moines.

Gov. Reagan To Speak
At G.O.P. Dinner

Des Moines — Controversial Gov. Ronald Reagan of California will be the main speaker at the Iowa Republican Party's \$100-a-plate dinner to be held at Veterans Memorial Auditorium here Wednesday, Oct. 25. Republican State Chairman Robert D. Ray has announced.

We know that you smile at him, and by your kindness strive to show him life is pleasant for a lad of five

The hours will drag until I hear his footsteps on the stair,

And when he runs home every day, I will be waiting there. I know you cannot love him so fervently as we,

But he has special qualities as very soon you'll see,

Who knows in the long years to come what wonders he may do, Because when he was a small boy he went to school to you!
