On Saturday, Sept. 30, second day of the conference, Dr. Kenneth Clark from the University of New York spoke at the plenary session. Clark, president of MACR, spoke on the "Role of the Elected Negro in the Changing Scene."

Panelists discussing Clark's theme were Lloyd Barby, only Negro in the Wisconsin House of Representatives; Barbara Jorden, state Senator from Texas; Dr. Carl Goodlet, publisher of the San Francisco Sun Reporter; William Bower, state representative of Ohio; Basil Patterson, state senator from New York; A. A. Rayner, Jr., Chicago Alderman; and Harriett B. Conn, state representative from Indiana.

Present NAACP Life Membership Placques

At the September 26 meeting of the Des Moines Branch, NAACP, two organizations received life membership placques.

Upper photo shows Dr. Lewis James, grand master of the Prince Hall Grand Lodge, F.&A.M. Iowa and Jurisdiction being presented the plaque by Mrs. James B. Morris, branch and state life membership chairman; Carl Mays, grand chap-

ter secretary and Judge Luther T. Glanton, a member, look on. In bottom photo Mrs. Morris presents the plaque to William N. Cropp, who received it in behalf of Kappa Alpha Psi Fraternity as John Estes, Jr., branch president and Robert Wright, state president, look on. All are members of the chapter. Both organizations have paid the \$500 fee in full.

Neighbors' Petition Hits Woodland Center

Joe Robertson, Neighborhood Co-ordinator for the Polk County Community Action Council and their city wide opportunity centers, has been a vital force at Woodland Opportunity Center, 2715 High, holding off a pending injunction from neighbors.

The petition signed by about five residents in the area, called for the removal of teenagers from the Center due to after center activities. Apparently the teenagers had been crossing residents' lawns, and creating a general disturbance by fighting and profanity.

Mr. Robertson, however, intercepted the injunction which had not yet been filed by Wilson, Stamelos and Glenn about three months ago, and since then, has been recruiting volunteers to supervise the youth activities which had not been under supervision. Further, Robertson, who

has lived in this area all his life, said that VISTA workers were now on the scene helping with teens.

"There is also a Youth Council which now votes on their rules and conduct," said Robertson to the Bystander.

He mentioned one lady with a dog in the neighborhood who has been the most upset. It was gathered that she was more worried about the peace and quiet of her "nervous" dog than of persons using an alley as a thorough fare.

Lukewarm

The Co-ordinator said that the situation was lukewarm, and would not be cleared up until the "kids come back as groups of youth doing something constructive."

Out of forty youngsters who used the Center, there were "only five, six, or eight bad apples", Robertson said.

One of the major factors involving the situation was that the neighbors and teenagers must learn to understand each other, that property should be respected, but that people "also have the right to work and play" in the area.

Another is that "if the kids had more counseling and working with understanding adults, there would be less problems."

Jackson Named Is VA Director Trainee

Thomas L. Jackson has been named assistant Director trainee in Des Moines.

Jackson, 40, formerly of Minneapolis, Minn.-St. Paul region, will be in charge of general management training assignments which will prepare him for full management in a center in the VA.

Born in Du Quin, Ill., Dr. Jackson has a B.S. in history from Southern Illinois University, and M.A.s in educational psychology and public administration at the University of Minnesota.

Awards

In 1966 he was awarded the VA Center employee of the year; outstanding Air Force Reserve Airman of the year, 1965; Bush Management Scholar, 1966-67. He was, for seven years, a teacher and counselor in the Minneapolis public schools system. He is a member of the Minneapolis NAACP and executive board member, Minneapolis Urban League and Minneapolis Big Brother, Inc. The Jacksons reside at VA quarters, 30th and Euclid.

Homecoming Plans At University of Iowa

Iowa City—Traditional homecoming activities at The University of Iowa, will be held Oct. 27-28 with events designed for students and alumni alike.

The main attractions are a mile-long parade, a water show, a dance, a public open house at Iowa Memorial Union, and, of course, the football clash which this year pits the Hawkeyes against the Boilermakers of Purdue University. The parade and open house are scheduled for Friday evening, Oct. 27, and the football game will be held the next day.

Near Half-way Mark On United Campaign

Workers in the Greater Des Moines United Campaign reported pledges of \$787,612 setting a fast pace for the drive with 35.8 per cent of this year's goal of \$2,200,000.

The United Campaign is the volunteer fund-raising effort for 38 health, welfare and character building agencies of Greater Des Moines United Community Services.

Recognition was given at Friday's meeting for outstanding in-plan employees solicitation to Tom Hammond, Frank Gillespie and Mrs. Pat Larson, all employees of Iowa Sheet Metal Company.

John F. Kennedy Club To Discuss Ward Sys.

The regular meeting of the John F. Kennedy Club will be Monday, Oct. 9 at Willkie House, 8 p.m.

Discussion will revolve around candidates for the ward system and judges in the November election. Special projects and activities for the coming months will also be on top.

A committee will be named to supervise the election of officers for the club at the November meeting. Refreshments in the Hollowe'en theme will be served. President is Joseph Wimberly.

Washington, D.C.—Secretary Robert C. Weaver of the U. S. Department of Housing and Urban Development Sept. 28 announced agreement on a new approach to use urban renewal write-downs as a means of bringing rentals in rehabilitated housing in the inner-city within the means of low and moderate income families.

Washington, D. C.—The National Advisory Commission on Civil Disorders is conducting a broad program of staff studies to assist in the determination of why riots occur and how they can be controlled and prevented, David Ginsburg, Executive Director, announced Monday. The Commission will resume its hearings on Oct. 5, 6 and 7. Prior testimony has dealt with grievances and tensions in ghetto areas which lead to disturbances; procedures to maintain law and order; relations between police and the community; the Newark and Detroit riots; and historical, economic and social problems affecting American Negroes.

Washington, D. C.—Funds to pay the cost of room and board for some 1,100 low-income students enrolled in a new two-year curriculum at 13 predominantly Negro colleges and universities, have been made available by the Office of Economic Opportunity, it was announced Sept. 20. The \$850,000 grant was made to the Institute for Service to Education, 2000 P Street, N.W., Washington, D.C., a non-profit agency responsible for coordinating the project.

New York—"The time has come for a concerted national effort to combat poverty," Adolph Held, President of the half-million member Jewish Labor Committee, declared. "The amount of money spent and the resources committed to maintain a decent standard of living for all our citizens is nothing to what we could be doing and we have barely skimmed the surface," Held continued in his statement.

New York—As the National Association for the Advancement of Colored People swings into its intensive year-end membership drive, pledges of all-out support are coming into the National Office from state officers throughout the nation. Gloster B. Current, director of branches and field administration, has alerted the Association's multiple units across the nation that enrolling a total of an additional 200,000 persons between now and the end of the year is crucial to the Association's purpose of surpassing last year's nationwide membership of more than 440,000.

Howard Peters Gets 4-Year Scholarship

Howard J. Peters, son of Mrs. Sadie E. Peters, 1449 Buchanan street has been awarded a four year Vocational Rehabilitation grant. The scholarship covers all tuition, books and materials for four years, in addition to various other fees.

Mr. Peters is studying for a bachelor's degree in mathematics and physics. After Drake, he hopes to take advanced studies at another institution, leading to a career as a theoretical nuclear physicist.

Victory Over Incumbant Mayor; to Run Against Taft in General Election

Cleveland, Ohio—It was a momentous day for Stokes voters when State Representative Carl Stokes won the Democratic nomination for mayor of this city Tuesday.

Stokes had trailed incumbent Mayor or Ralph Locher until the Negro voting precincts began to pour in, resulting in an upset victory. Stokes' votes totaled 110,354 in an unofficial tally, Locher 92,029 and Frank Celeste 8,543.

One Third

About one-third of the city's 810,000 population is Negro, and the voter registration has an estimated 120,000 Negroes on the rolls.

Stokes, who had run for mayor in 1965 and lost to Locher, will face Republican Seth Taft in the Nov. 7 general election.

On the white West side of Cleve-

land, Stokes picked up, in some areas, 15-20 per cent of the vote.

Poll

In a poll conducted last week Locher was favored by .6 percentage point. Another picked Locher by .2 of the percentage.

Stokes campaign urged voters: "Don't vote for a Negro; vote for the man."

Blackmail

The nominee had been accused by some residents that he had used racial blackmail by hinting that his election would keep peace in Cleveland from racial rebellions.

Others, including Locher Democrats, headed by County Chairman Albert Porter, attacked Stokes as a "racist Republican."

From a Man in Viet Nam

Larry Stewart is another young Des Moines Negro soldier fighting in the war-torn Viet Nam jungles, but what he has to say will apply to any Negro fighting the war against prejudice in the United States.

To the Editor: (dated July 28, 1967).

I have been in Viet Nam ten months now. During this time I have become keenly aware of the plight of the American Negro.

Due largely to the fact each time I hear the news from the States or read the paper I either read or hear where some Negroes have thrown rocks at the police or vandalized a store in a racial-torn town or other such incidents.

Being only 22 years of age, I fail to see the necessity or justification in inflicting harm upon the body or property of our fellowman regardless of his race or color.

We, as Negroes, are a proud people, who can be proud of our past as well as our present. In less than 150 years we came from a race of slavery to a highly educated race that not only follows, but also leads.

Thurgood Marshall Takes Seat At Court

Washington, D.C. — Thurgood Marshall, former Solicitor General, entered his new position Monday as justice of the United States Supreme Court.

Marshall, 59, took his seat in time

MARSHALL

for the new session at 10:03 a.m. He replaced Justice Tom Clark, who retired.

Justice Marshall and the court will begin announcing decisions and hearing cases next Monday.

Steward

Harmful

Yet I feel that the present course many Negroes are now pursuing in the name of equality is actually hurting the Negro cause.

For equality is not gained through violence, but through an understanding of each race's problems and a mutual respect for all individuals.

I have written what I call the code of the American Negro in an attempt to instill especially in Negro youth, a love of country, and of race and respect for his fellowman.

The Code of the American Negro

"I as an American Negro, will honor my God above all, remain loyal to my country and faithful to my race. I will strive to merit the respect of my fellowman regardless of his race, color, creed or religion. I will always carry myself in a manner which will bring honor to my family and name, and emphasize the fact that I am proud to be an American Negro."

Larry is the son of Mrs. Ida B. Stewart, 2517 Woodland avenue.

NAACP History Cited At Ottumwa Meeting

Ottumwa, Ia.—Ottumwa Negroes gave a potpourri of achievements and problems facing them recently as the Kiwanians and NAACP members met.

Leahy Crayton historized on the NAACP. Rev. Melvin Reed explained the work of the Office of Economic Opportunity, and Rosalie Bentzner and Mrs. Tom Page gave talks on housing, education and employment for Negroes in this city.

Also cited was the lack of job opportunities here for Negro teens.

McNamara Orders Equal Housing for Servicemen

New York, N. Y.—Defense Secretary McNamara, backed by President Johnson, has issued orders forbidding white servicemen to rent or buy houses from landlords discriminating against Negroes, TIME magazine reports in its current issue.

Implementation of the project on a pilot basis in Maryland and Washington, D.C., has already resulted in trebling off-base housing units open to all races. More than half of rental housing was previously closed to Negro servicemen.

McNamara is determined to wipe out the discrimination that exists in a third of the 900,000 housing units within a 3.5 mile radius of the nation's 305 major military posts

in 46 states.

To instrument policy, McNamara has chosen Brigadier General William Ekman who has forbidden white servicemen to lease or rent from property owners who will not accommodate Negroes. The economic pressure has proven unbearable for landlords depending on off-base living of servicemen.

After their success in Washington and Maryland, McNamara and Ekman have chosen as their next target California where more than 100,000 servicemen live off-base, with a high percentage of segregation. The Pentagon is hopeful that the program will set "a housing example for the entire nation."

In another planetary session, addressing the delegates was Dr. Vivian Henderson, president of Clark College, and panelists were Mrs. Jeanne Casper Cohn, from Washington, D.C.; Richard Hatcher, candidate for mayor of Gary, Ind.; Samuel Jackson, of the Equal Employment Commission; Edward Sylvester, officer of the Federal Commission of Compliance with the U. S. Department of Labor.

Workshop

A special workshop on civil disorder was held, with Benjamin Jones, Orange, N. J., councilman presiding. Panelists included David Reed, former Drake University student, now administrative assistant in Cook County, Board of Commission, Chicago.

Special addressee replacing Sen. Edward Brooke who was unable to come, was John Conyers, Jr., Congressman from Detroit.

On Sunday, the delegates moved into groups for discussion and speeches by various Federal groups who announced available programs. The groups consisted of employment and manpower, education, business, and housing and welfare.

Agencies

Men representing these agencies were Mark Battle, deputy Director of the Neighborhood Youth Corps with the U. S. Department of Labor; Sam Cornelius, chairman of co-operative area Manpower Planning system out of the Nebraska office; Bert Corona, president of the Mexican-American Political Association of California; Bukely Burrell, president of the National Negro Business

PERRY W. HOOKS
Need

Mrs. Franklin said that the need for such a law existed in Iowa, particularly Des Moines, which has had some trouble in with residents who have been uprooted in urban renewal.

The executive secretary also said that Negro Democrats will meet in "February to find solutions to grievances presented by a delegation of citizens from Alabama and Mississippi, where Negro voters are not fairly represented.

"We will go over problems that Negroes had in the past and come up with solutions and demands, as to policy and full participation in policy making. The problem is still there that Negro voters in Southern states should have fair representation."

Specially invited to the Conference was Perry Hooks, executive secretary to the Des Moines Human Rights Commission.

Davenport NAACP Met To Discuss Issues

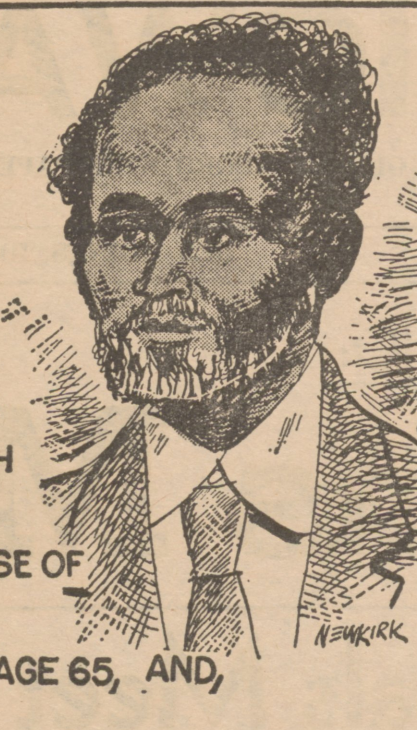

The regular monthly meeting of the Davenport Branch NAACP was Monday, Oct. 2, 7:30 p.m. at the YW-YMCT. Items discussed included the recent vote of the Human Relations Commission, last week's visitor by the housing inspector for the State Department of Health.

President is William Cribbs.

Sugar Ray Robinson Visited By Tax Men

Washington, D. C.—Emile Griffith fought with his head and hands, Muhammed Ali with the draft and now it's Sugar Ray Robinson with the Internal Revenue Service. They claim he owes the government \$225,000 in back income taxes.

In 1957, Robinson entered into a "so-called" deferred compensation contract due to his fight with Carmen Basilio. That night of the fight, the IRS served a lien on \$5,143,310. 72 of Robinson's share of the fight money. Of this Uncle Sam assessed \$497,435.29 for '57 income taxes. Lawyers for Robinson claim he was prevented from collecting any of the proceeds.

Will No Longer Recognize Commission

Davenport, Ia. — The Executive Board of the Davenport Branch NAACP voted unanimously Tuesday, Sept. 25, that they would no longer recognize the present Davenport Human Relations Commission.

Mayor John Jebens was notified of that fact Oct. 2 in a letter from William Cribbs, branch president.

In the letter, Cribbs said the "branch will instead bring discrimination complaints directly to you and the city council."

Cribbs said he had fears about the Mayor's published remarks, such as "I will not become involved in these minor superficial issues when there are much deeper ones" and a remark made about the local fair housing ordinance being "superfluous".

In the letter, Cribbs said that "Human relations was not a minor superficial issue when the . . . Police Department was on double duty during August; when the governor came to Davenport soon after creating the Task Force of the Large Cities Committee for the League of Iowa Municipalities. . . . Administrators that attempt to eliminate the minority problems by sticking their heads in the sand may get their tail feathers singed."

Annual Women's Conf. Closes Sunday Aft.

The 16th Annual Women's Convention of the Church of God in Christ of Iowa closed Sunday with messages from Evangelists J. Broadus, A. M. Jones, L. Blalock, R. Robinson and P. Green.

On Saturday the officials were courted a motorcade through the business districts and places of interest in the city.

Saturday evening special guests were the Sunshine Band, and the Y.P.W.W. Speaker Sunday was Mrs. Ethel Jackson of Kansas City, Kan. She spoke on her memorial.

At the close of the Women's Convention, Mrs. R. Carter sponsored the Supervisor's twentieth anniversary. She was given a seat of honor with her husband, Elder B. Jones, of Sadelia, Mo., daughters Mamie and Mary, sister, Mrs. Price of Omaha, Neb. and the Bishop. She received many lovely gifts.

You Can Make Meringue Cookies

By Betty Barclay

"MAKE 'EM YOURSELF!" You can. These glamorous meringue cookies that you used to have to buy from a fancy bakery, you can now make yourself in less than half an hour!

Three - dozen of them . . . too; enough to serve with elegance at an evening card party.

Chocolate Meringue Cookies
1 cup chocolate chips; 3 egg whites; 2 cups sifted confectioners' sugar; 1/4 cup saltine cracker crumbs; 1/4 cup chopped pecans; 1 teaspoon vanilla. Melt chocolate over hot water. Cool. Beat egg whites until stiff. Add sugar gradually, beating after each addition until blended. Then fold in cracker crumbs, nuts, vanilla, and melted chips. Drop from teaspoon on lightly greased baking sheet and spread slightly. Bake in moderate oven (375°F.) about 10 minutes. Makes about 3 dozen 2-inch cookies. Store in tightly covered container.

Your professional beautician knows the answer...

Is peroxide needed to color unwanted gray hair?

Hair care and beauty experts know that the first traces of gray hair—and even slight fading of natural color after chemical relaxing—can dull a woman's appearance and make her look older than she feels. While most women hate these premature aging effects, many are hesitant about using permanent peroxide haircoloring which may change the natural hair color while coloring gray.

Professionally-trained hairdressers know the importance of their customers' preferences when unwanted gray becomes a problem. These experts also know that Clairol created semi-permanent Loving Care® hair color lotion without peroxide . . . to color only the gray without changing the natural shade. They also find Loving Care blends back color faded by chemical processing. Because of its mildness, Loving Care maintains healthy looking hair and lasts through a month of shampoos.

Whatever a woman's reason for wanting Loving Care for her hair, she is always wise to consult a professional beautician. Hairdressers are equipped with a family of fine Clairol products and the training to promise each patron the loveliest and most personalized haircoloring effects every time she visits her salon. If you dislike gray, and want no peroxide, why not ask your beautician to glamorize it with Loving Care?

Washington, D. C.—Chairman Clifford L. Alexander called on the private sector of the Nation to emulate the President's action in opening new doors to minority group members.

Negroes nominated to serve on the City Council are: Rev. Walter E. Fauntroy, Stanley J. Anderson, Mrs. Margaret Haywood, William S. Thompson and Joseph P. Yeldell. Others on the Council are: J. C. School

By now, history book teachers of America are probably on the 1700's era. Tell me, are you learning of Pietro, one of Columbus's captains; of the Negro who was with Ponce De Leon; of Estevanico? Did you know that Africans were on the American continent before Columbus was? Did you know that a member on the Know Your Neighbor panel thought of Nat Turner as a hero? Do you know of the struggles Negro dramatists had and are still having on the stage; that although Ethel Waters, Florence Mills, Hattie McDonald, Stepin Fetchit had to play at one time or another degrading, menial roles, it was the only way for them to act in order to get to the stage, that their thoughts were vastly different from the shuffling that Stepin did? Did you know that Sidney Poitier had to run a restaurant and clear up his West Indian accent before he could be acceptable?

Don't be fooled by those who will boast of George Washington Carver and Booker T. Washington and condemn Nat Turner and W. E. B. DuBois. Carver was a scientist, true, but to me he wasn't nearly as great as Dr. Charles Drew. Booker T. Washington was a product of his time, but W. E. B. DuBois was one of the best historians in African history, helped to found the NAACP, he worked with that organization's magazine. It was only incidental that W. E. B. DuBois Clubs sprang up after DeBois' turn from American "so-called" democracy. Don't let the consequence destroy the act, if you don't know what the actual act is. And that is exactly what is happening to many of the Afro-American's ancestors and accomplishments. Somebody's conscience is trying to rub out our acts.

Another thing. Don't for clink's sake, don't be ashamed that your ancestors came from Africa. Africa had more empires of high cultural knowledge: mathematicians, historians, poets, sculptures, before—before the Western civilization was even thought of.

HORIZON OF HOPE—Patients who have been hospitalized for certain types of mental illness can adjust well to regular jobs after their discharge from the hospital, a team of Duke University psychiatrists reported recently. Of 25 such individuals, 13 returned to their former jobs without difficulty. The rest had no jobs waiting, but were rated "capable of returning to positions equivalent to the level of employment last occupied."

The impersonations of President and Mrs. Johnson, Sen. Robert Kennedy and Everett Dirksen were delightfully outstanding.

FREDA NAHAS LED A PANEL DISCUSSION of the play, MacBird. Among the panelists were Stuart Burns, Drake University English instructor; Ralston James, who played the title role; Professor Feinberg, from Ames; John Isom, the Unitarian Church's minister; and Larry Link, the play's director. Topics discussed were satire as a medium for political comment; freedom of authors to criticize the nation's political leaders; the contemporary problems reflected in the play: civil rights, Viet Nam, labor disputes, extremist groups of the right and left. There was consideration of the play as a work of art. Heavy though this discussion may seem, the play's humor was ever present.

THE DRAMA WORKSHOP'S series of informal workshops launched by MacBird will be followed by

her more than many of her highest expectations.

She leaves Oct. 9 to attend the school which will train her in classical ballet, acting techniques, choreography, notation—writing and describing various dancing forms, character dancing and advanced ballet.

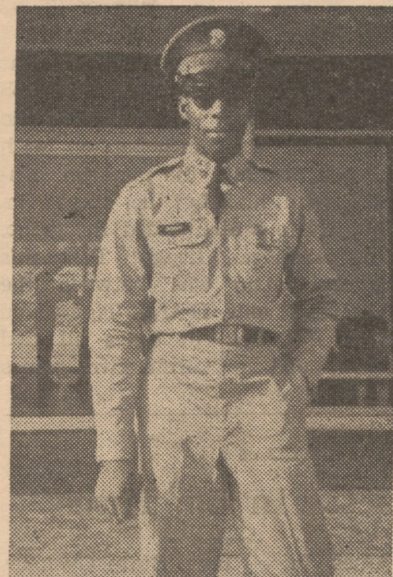

Special

Linda, daughter of Dr. and Mrs. Stanley Griffin, 1608 44th street, will also participate in a special "pas de deux" class.

One of the steady encouragers to the 1967 Roosevelt graduate was Mrs. Rustin, dance director at Willkie House during the 1950s. It was she who first taught Linda many of the initial techniques and exercises so vital to the dancer. Then she was under Elizabeth Werbosky for ten years of unflinching practice which landed her many appearances at the Community Playhouse, last of which was "The Pajama Game". She was also dance director at Willkie House. The Ballet Center is a year-round institution for aspiring dancers.

William Jackson Attending Two Schools

William Jackson, former Army man, has not let the easy life of civilians move into his everyday routine, for nearly every waking moment is spent at either educational courses or working at a parttime job. Jackson, 25, son of Mr. and Mrs.

Jackson

Charles Jackson, 939 23rd street, from 8-12:30 p.m. each day attends the College of Automation where he is learning the processes of mechanical technician. At 2:30 p.m. the young man goes to Drake University for general classes, until time for him to travel to his job—Good Year Corporation, from 6-12:30 p.m.

With even this load, Jackson still finds time to study. He says when he comes home from work, he settles down for his homework before dropping off to sleep.

Jackson's hardy schedules will have its profits: two terms, he says, at the College of Automation an equivalent to years at college, and with the mechanical training and general education at Drake, will prepare him for a high paying job, possibly with the Civil Service in Ohio, having already passed the Civil Service test there.

Bill is a graduate of North High School where he lettered in track.

Cheese and Bacon Rice Salad

Rice salads are a new idea alert homemakers are going for in a big way! A rice salad is easier to fix than potato or combination salad as the rice doesn't need washing, scraping, peeling or cutting up. It's perfect for a picnic or as a last minute salad because it's just as good not too cold. Since rice is an excellent food buy, it makes today's most inexpensive salad.

This salad uses bacon, sharp cheese, sweet pickles and radishes. A rice salad can be made with almost any meat, vegetable and seasoning. In this one, green peppers could substitute for the radishes. Diced luncheon meat could replace the bacon. And sliced hard-cooked eggs would be a nice addition. For a more flavorful salad add the mayonnaise and some of the seasonings while the rice is hot! The sky's the limit with a rice salad so use your own imagination and artistic touch when it comes to a garnish.

INGREDIENTS:

2 cups water
1½ teaspoons salt
¼ teaspoon black pepper
1 cup uncooked white rice
6 strips bacon
¼ cup mayonnalse

¾ cup chopped sweet pickles
¼ pound sharp cheese, cut in ½" cubes
1 cup thinly sliced radishes
Salad greens

METHOD: Put the water, salt, black pepper and rice in a 2-quart saucepan. Bring to a vigorous boil over a high heat. Turn the heat down low. Cover with a lid and simmer over this low heat 14 minutes. Remove the saucepan from the heat but leave the lid on 10 minutes. While the rice cooks, place the bacon in a cold skillet. Cook slowly until crisp, pouring off the fat as the bacon cooks. After the rice cooks, stir in the mayonnaise, 2 tablespoons of the bacon fat and the pickles. Coarsely chop the bacon and stir in. After the rice cools, stir in the cheese and radishes. Cover well and store in the refrigerator until time to serve. This salad is excellent served either at room temperature or chilled.

Serve with mayonnalse or French dressing. Serve on salad greens and garnish with radish roses, sliced radishes, hard-cooked eggs, green pepper rings or bacon curls. This recipe makes 8 to 10 servings.

Knights of Columbus Hall, 24th and Woodland, on Sunday, Oct. 15, 6-10 p.m. President is Vivian Pruitt.

NEW CITY GOVERNMENT
CAN FUNCTION

A majority of the voters of Des Moines decided last Thursday that they felt the need of a change in the city government. And to the surprise of many, who gave little thought to the idea until the last minute, that majority was substantial.

Campaigns produce some strange bedfellows. Some who opposed the change we would not follow across the street; some who favored a change we say likewise.

And of course the old story that the election of some councilmen by wards was an opening wedge back to ward healing log rolling politics, was heard from intelligent people whose own national association recommended it. Maybe, some of it is true but there is no governing body, even the U.S. Senate, that does not do some trading of votes to get legislation of a particular interest passed.

While the Bystander supported the change, it does not oppose a city manager. (In fact it believes the present manager is doing a good job). However, we don't believe a manager should be autocratic—unwilling to listen to sound proposals from any source.

Now, that this question is settled, numerous candidates have indicated interest in running for office. And with more candidates, more people will be voting—a far cry from the elections we have had in recent years.

Des Moines has had a fairly clean city. But contrary to the thinking of many, we have our share of vice not in one section but over most parts of the city. With an intelligent electorate as resides here, there is little danger of any one group taking over the government to the detriment of the whole population.

JUSTICE MARSHALL
SWORN IN

Thurgood Marshall took his seat Monday as an associate justice of the U.S. Supreme Court. He is the first Negro to be so honored. However, the appointment was not made because of his race but on the basis of his training and experience. Few men have appeared more often before the court as attorney for a client; few have had the success as he.

The senate, which is required to confirm such nominations, thought well of his qualifications and experience for in spite of a few futile objections by Senators Eastland, Stennis, Thurmond and Ervine, he was confirmed by an overwhelming majority.

President Johnson deserves great credit for making the appointment. The honor is the pinacle of a lawyer's career. The move is another of those daring acts which the President has exercised in order to demonstrate equal opportunity for all rather than just talk about it.

Here and there we hear rumblings from Negroes who propose to oppose President Johnson because of his stand in the Vietnam conflict; some because he has dared to uphold the law—the sending of troops to quell rioters that have gotten out of hand of local authorities; because he insists on law and order and criticizes those wild agitators who stir up trouble just for the asking.

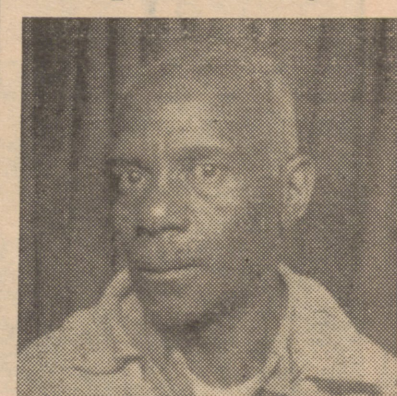

These are poor thanks to a man, who while a southerner and objected to equal opportunity and desegregation in his early career, has done unheard of things to demonstrate that he upholds his oath of office.

Justice Marshall will prove an excellent justice just as he has done in other posts he has held.

Men Roll 600 Series
At Grand Bowling

In the Men's 40 and 1 Bowling League Dave Turner had a 245 high game and 658 series, while Lasey Spriggs came on strong with a 606 series. These men bowl at Grand Bowling Lanes Monday evenings. President is Elmer Tolson.

The Sports Today

With Allen Ashby

The people who saw the Iowa University football team the week before certainly were not prepared for what they saw. As Casey Stengle would put it, the runner couldn't run, the passer couldn't pass, the receiver couldn't receive, the blocker couldn't block and the tackler couldn't tackle. 38 points in thirty minutes. Whew!

But one would have to say the boys never stopped trying and never gave up. They made a ball game out of it in the second half. We still pick three games for them to win, but we don't know which three. We do think one will be classed as an upset.

Iowa State finally broke the ice and found a victim. They looked pretty good so say reports on their win. They, like Iowa U., are really not as bad as they seemed.

Drake hasn't got off the ground yet. It could be a long season for the Bulldogs and they had such high hopes. They might come out of it, but they better hurry.

The game of the day and the player of the day had to be the Notre Dame-Purdue battle and Purdue's LeRoy Keyes. Speaking of iron men, the Keyes fellow will do until one comes along. We heard parts of that game, and saw the fellows Sunday morning. That fellow was everywhere. The only thing he didn't do was sell tickets. Purdue always play their best game against Notre Dame and almost nobody beats them at Lafayette.

At Home
Here in our high schools helpless Tech got whopped again, this time by Roosevelt, 33-0. East beat West Waterloo, but not the big one, East Waterloo. Looks as if Dowling will be the best team in the city. They have a touchdown maker named Triplet who is really just that. North is coming along and could prove some fireworks before the end of the year.

Oh, yes, we are sure you listened to and watched baseball last Sunday. Those Red Sox just would not give up. But neither did Detroit. The Tigers really hit that ball in the second game, but it always seemed to go to some guy's hands. We hoped the Sox would come through, but they really collapsed in the last five days. By the time you read this you will have a fair idea of who will win the Series but don't sell the Red Sox short. The Cardinals should have the best club, but the Red Sox don't know it!

Warriors Ready For
Joliet Chargers

Coach Don Branby has high hopes for the Des Moines Warriors, who go against the Joliet Chargers Saturday, Oct. 7 at Sec Taylor Stadium.

The Warriors will have Halfback Vernon Dickey, Ron Washington, Nate Craddock, Tony Baker, Julius Guy pitting themselves against the Chargers, who currently have a 5-1 record.

Branby said that the Warriors were much stronger from their last game with Joliet Aug. 19, but that they would just have to move the ball. A special offense, Branby said, had been set up, with Dickey's fine running attack.

Des Moines, Branby said, was not out of the running for the Professional Football League title, although their record is 3-3.

Kansas City Goes
Against Dolphins

Sunday's meeting between the Kansas City Chiefs and Miami Dolphins will serve as a homecoming of sorts for several members of the Dolphins. The Miami roster contains the names of four ex-Chiefs. They are: running backs Abner Haynes and Joe Auer, flanker Frank Jackson, and defensive end Mel Branch. Haynes, who holds virtually every Kansas City rushing record, is the Dolphins leading ground gainer with 174 yards in 24 carries. He has been sharing the running back duties with Auer. Jackson holds the Chiefs single game mark for touchdown passes with four. He is alternating at the flanker position with rookie Jack Clancy. Branch is the Dolphins starting right defensive end.

World Series Opens; Red
Sox Battle St. Louis Cards

Boston, Mass.—There is hysteria in this city known for its sophistication; and good reason, for the Boston Red Sox, who have not been in the World Series for twenty years, went against the St. Louis Cardinals Wednesday.

The Cards, in the first game at Boston, beat the Red Sox, 2-1. Bob Gibson, St. Louis pitcher, threw no walks until the ninth inning, with two men out, and the manager conferred with him but he stayed in. A pop fly to center ended the game.

The American League Pennant's toughest battle was between the Minnesota Twins, Detroit Tigers and Boston Red Sox, at times all tied for the lead or within two games of each other.

Ia. State Is Only
Victor In Big Three

Ames, Ia. — Iowa State Cyclones used their delinquent facilities Saturday to overcome New Mexico 17-21. This was their first victory of the season.

Iowa City, Ia.—But the Hawkeyes didn't have the same luck as their sister school did. They got caught holding the water ball 38-18 by Oregon State.

Silas McKinnie added to his list of this seasons and previous seasons' touchdowns with a nine yard run to score in the third quarter.

Wichita, Kans.—Drake, already to its ankles in quicksand sank quickly to its knees Saturday when Wichita State handed them a 46-13 defeat.

Note About the Big Men
Jim Nance, Boozier

Boston, Mass.—Big Jim Nance—he weighed in this season at 245, is the American football League's leading rusher.

Nance, 6-4, right back, has 367 yards to his name, averages 4.4 yards a carry, and has one touchdown. However, Emerson Boozier of the New York Jets is currently leading best performer slot in one game against the Denver Broncos Sept. 24—he made three touchdowns. Boozier also holds the number one position with four touchdowns in rushing.

There had been speculation that there might be a playoff in case the Tigers won against the California Angels in a series, but the Angels pummeled the Tigers 8-5 Sunday, ending the series between the two teams.

The National League winners, the St. Louis Cardinals, are in their second World Series in four years; they beat the Dodgers in 1964. The Cards had been in the lead for the National League since late June of this year.

Tech Loses By City's
Biggest Margin 33-0

Roosevelt proved its strength when players Beadle Stewart and Clifton Slaughter helped to pile up 33 points against Tech High Saturday night.

Stewart carried twice on two and one yard runs and Slaughter caught a thirty yard pass to add to the score.

Billy Turner was successful with two touchdown passes to give East a big victory over West Waterloo, 13-6. Turner threw a 31 yard winning pass to Mark Martiza and 13 yards to Manny McGuire for the other.

North was held to no points Friday night when Cedar Rapids Regis won 19-0.

Lue Martin Speeds
Ball To 519 High Game

Lue Verdia Martin had a high series of 519 in the Tri-Hard Women's Bowling League, Sept. 26. Mrs. Martin also rolled a high game of 197 in the fall session meeting at Capitol Bowling Lanes. President is Rose Tolson.

Bill Russell To Play
In Television Show

Boston, Mass. — Boston Celtics' player-coach Bill Russell has a new bag, and it's not the basketball net. Russell has signed a contract from Hollywood to appear in an episode with former Celtics' Chuck Connors' "Cowboy in Africa."

Russell recently returned from Mississippi where he held a basketball clinic at Alcorn College.

Emile Griffith Regains
His Middleweight Crown

New York, N. Y.—Although it seemed that Emile Griffith was fighting with his head more than with his fists, he regained his middleweight championship title from Mediterranean Nino Benvenuti Thursday night.

The bout, a fifteen rounder, showed Griffith and Benvenuti claiming rest periods in clinches, slips, and butts from the head to the chin and mouth.

The slip came in the fourteenth round when Benvenuti was toppled by Griffith. The Italian said that he slipped, but the referee gave him the mandatory eight-count for a knock-out.
