#### A Threat To Title New Burden To Social Security

The Social Security Bill, which came from the House with several features in it would make life harder for people on welfare, has become the target of a new threat to civil rights enforcement.

An amendment (S.2074) that Senator Herman Talmadge (D-Ga.) has put forth in the Senate Finance Committee, which is considering the Social Security bill, presents such an immediate danger to civil rights we want to call your attention to it at once. His proposal would open a way for hospitals to avoid coverage of Title VI, the section of the Civil Rights Act of 1964 that empowers the government to cut off funds to all Federally-assisted programs guilty of discrimination.

#### NAACP Hails Victory Of Carl B. Stokes

Cleveland, Ohio — Carl B. Stokes' stunning victory in the Democratic mayoralty primary here has been hailed by John A. Morsell, NAACP assistant executive director, as a "forthright vindication" of the "democratic ideals and progress."

#### Success

Mr. Stokes' success at the polls was aided by a 90-day voter registration campaign conducted in the Hough area by the Cleveland NAACP Branch under the direction of W. C. Patton, NAACP associate director of voter education. Mr. Patton was assigned here to direct the campaign which added some 7,000 citizens to the voting rolls. A door-to-door campaign was conducted by a corps of branch volunteers who distributed literature, held meetings, and provided transportation to places of registration and, on election day, to the polls.

Mr. Stokes, a lawyer and state legislator, is a member of the Cleveland Branch's executive and legal redress committees.

### NEWS In A Nutshell

Washington, D.C. — AFL-CIO President George Meany sharply condemned "the relentless escalation in physicians' fees" which he charged were creating "severe hardship" for Medicare recipients. In a letter to the Secretary of Health, Education and Welfare, John W. Gardner, which was made public recently, Meany called for immediate effective controls on physicians' fees paid under Medicare. These fees, he noted, had risen "nearly three times the rise in the over-all Consumer Price Index" during the year that ended last June.

United Nations, N.Y.—The United Nations Children's Fund announced that it is beginning work on an assistance project to help Senegal rebuild one of its largest communities, Pikine.

Washington, D.C.—The Equal Employment Opportunity Commission told key drug industry employers that an analysis of their industry's employment patterns shows few Negroes working for drug companies, a particularly low representation in white collar positions, and a general absence of Negroes from higher-paid positions in both the blue and white collar job categories.

Washington, D.C.—During the last week in September, the Arkansas Republican State Committee made a very important announcement . . . Governor Winthrop Rockefeller, first GOP Governor in Arkansas in 94 years, had appointed several Negroes to high-level state jobs.

Omaha, Nebr. — Seventeen Negro policemen resigned last month from the Police Union "to get their point of view and concern" regarding charges of racial discrimination in the Police Department.

Greenville, Pa. — Marlene Jackson was crowned Homecoming Queen at Thiel College Friday evening in ceremonies marking the beginning of Homecoming weekend in the college's Russell Gymnasium. Her selection was by vote of the entire student body. Miss Jackson is the first Negro girl to be selected as the queen of any event in the history of Thiel College.

Tougaloo, Miss. — A high-powered bomb exploded on the doorstep of a Negro college's white dean Friday spraying glass over a room where children normally sleep. But no one was injured. The explosive, which authorities said was dynamite or something similar, was placed near a back door of a house occupied by Dr. William Bush, a white man who has been executive dean of predominantly Negro Tougaloo College since the fall semester began.

Herman Alvin McDaniel, Jr., a Negro who participated in Tennessee's first interracial marriage last July 21 when he married Joyce Christine Prescott, 34, was sentenced in Nashville for bigamy. He pleaded guilty and was sentenced to a two-year prison term for having also married Negroes Mary L. King in 1953 and Robbie Lee Waddy in 1963.

### Reversal Refused by Court; 19 White Men to Trial For 1964 Rights Slayings

Washington, D.C. — The United States Supreme Court, after being asked by the NAACP Legal Defense and Educational Fund to reverse an Alabama Supreme Court ruling on

was unconstitutional. They further stressed that Rev. King and his associates might not be punished for failing to obtain permits under this law.

#### Convicted

The convicted ministers, in addition to Rev. King, include Revs. Ralph Abernathy, Watt T. Walker, A. D. King, Fred Shuttlesworth, J. W. Hayes, T. L. Fisher and J. F. Porter. Seven other defendants were freed by the Alabama courts.

When King was in Pella, Ia., he told the Bystander that his lawyers were working on the case, and that in taking the suit before the Court, that he had hoped they would be successful.

#### Trial

Meridan, Miss.—In another part of the country, justice is also being reviewed. Monday, in Meridan, Miss., 19 white men are going on trial for the violation of civil rights of three civil rights workers found dead in about 6 miles southwest of Philadelphia, Miss. The three rights workers, Andrew Goodman, James Earl Chaney and Michael H. Schwerner vanished seen last on the night of June 21, 1964, a few hours after they had been released from a Philadelphia jail on a speeding charge.

On Dec. 10, 1964, 19 of 21 whites were freed by a U.S. Commissioner and all charges against them dropped and their bail bonds rescinded. At that time the Department of Justice said it would seek indictment of the men by a federal grand jury as soon as possible.

#### Federal

The men are being tried in Federal court because of the civil rights violation, since murder is not ordinarily a Federal crime. However the ruling comes in that murder was the method used to against the workers' civil rights.

eight Negro ministers, Monday refused to re-examine the contempt of court convictions.

The Court held that Dr. Martin Luther King and his associates might be punished (jailed for 5 days) for disobeying an injunction issued to prohibit demonstration marches. The marches were held in April, 1963 and led to Congressional passages of the 1964 Civil Rights Act.

Last June the court affirmed by a 5-4 vote the convictions of the eight ministers for holding the Good Friday and Easter Sunday demonstrations in violation of an Alabama court order.

#### No Violation

Attorneys had argued that there was no violation of the court order against "unlawful demonstrations" because the demonstrations violated no valid laws. They also contended that Birmingham's parade permit

#### Repercussions If Deal With South Afr.

New York, N.Y.—A protest has been registered against the First National City Bank by the Methodist Board of Missions. The protest came in the form of voting to remove an investment portfolio, valued at \$10 million if the bank renews its credit arrangement with the apartheid government of South Africa.

### Urges Fund Increase to Halt U.S. Rebellions

New York — A revolutionary increase in governmental funds and private efforts to meet the problems of urban deterioration and the "misery of the ghetto" was urged today by Morris B. Abram, President of the American Jewish Committee.

At the same time, he expressed strong condemnation of recent expressions of anti-Semitism "by some who represent themselves as spokesmen for the struggle for civil rights."

In a High Holy Day statement for the Jewish year 5728, which begins Wednesday evening, October 4, Mr. Abram pointed to the recent riots in American cities as symptoms of "a deep malaise that affects American civilization." The revolution of rising

expectations can be channeled into constructive paths, he added, only only through a massive application of our skills and means to the problems of urban life.

#### Need

The American Jewish Committee leader stressed the need for increased self-help by the urban poor in this effort since "only through their deep commitment of our society and its values can progress be achieved."

Founded in 1906, the American Jewish Committee is this country's pioneer human relations agency. It protects the civil and religious rights of Jews here and abroad, and advances the cause of improved human relations for people everywhere.

## Files Discrimination to Rights Commission

Two charges of discrimination have been filed with the Iowa Civil Rights Commission.

Earl Carr, one-time clerk of a Cedar Rapids liquor store; and Samuel Ajiri, 26 year old Nigerian working here with the State of Iowa. Ajiri claims he was discriminated here in trying to rent an apartment.

According to Walter Edelen, chairman of the State Liquor Commission, the situation began about eight weeks ago when three employees were suspended for infractions of rules, including Carr.

Edelen said the three employees were then transferred to other positions: the vendor of the store resigned, Carr was "transferred to a lesser store in a smaller capacity". The manager was re-instated. However, Carr quit, according to reports.

Edelen said that the problem arose in shifting the employees due to clashes on one shift. At first Carr had not had trouble on his shift, but shortages in liquor and cash were

found. Edelen said it could never be pinned down how the shortage had disappeared. The chairman said that Carr was a good worker who had been at the store nine-ten years.

### Race

The Civil Rights Commission has been said to have asked the commission to prove whether race was a factor in Carr's employment, but Edelen replied that the man who had suspended Carr didn't "know he was colored. It is a clear record that we treat people as people".

### Clash

Edelen mentioned another situation which a Negro and a Mexican were working with one another and having "personality clashes".

He also pointed out problems the stores were having in determining the age of persons entering to purchase liquor, that white persons couldn't determine, by sight, the age of a Negro and vice versa.

knows the answer...

## Is peroxide needed to color unwanted gray hair?

Hair care and beauty experts know that the first traces of gray hair—and even slight fading of natural color after chemical relaxing—can dull a woman's appearance and make her look older than she feels. While most women hate these premature aging effects, many are hesitant about using permanent peroxide haircoloring which may change the natural hair color while coloring gray.

Professionally-trained hairdressers know the importance of their customers' preferences when unwanted gray becomes a problem. These experts also know that Clairol created semi-permanent Loving Care® hair color lotion without peroxide... to color only the gray without changing the natural shade. They also find Loving Care blends back color faded by chemical processing. Because of its mildness, Loving Care maintains healthy looking hair and lasts through a month of shampoos.

Whatever a woman's reason for wanting Loving Care for her hair, she is always wise to consult a professional beautician. Hairdressers are equipped with a family of fine Clairol products and the training to promise each patron the loveliest and most personalized haircoloring effects every time she visits her salon. If you dislike gray, and want no peroxide, why not ask your beautician to glamorize it with Loving Care?

lished through threats and the use of fear. This endangers both civil rights and law and order." Senator Stanley said that wherever federal laws are called upon to achieve these two goals, they should be adopted, and every state should take action to prepare a riot control plan to immediately curb any mob violence.

## Police Blotter

Willie Frazier, 30, of 740 26th street, after being convicted of driving while his license was suspended, was told to pay a \$50 fine by Nov. 6 or serve a five day jail term. Also fined was John M. Gillespie, 21, 2006 Washington.

Clifford E. Johnson was sentenced by Polk County District Judge Dale Missidine to serve a 5 year prison term after completing a 25 year sentence in the State Penitentiary at Ft. Madison. Johnson was tried on a charge of assault with intent to commit murder to William D. Miller, Jr., but the jury suggested assault with intent to commit manslaughter. The 25 year sentence was in connection on a robbery-with-aggravation charge of a holdup of a service station.

John E. Brown, 28, of 1411 E. 18th, he says, after being arrested Aug. 9 pleaded innocent in District Court to a charge of breaking into Vickers Service Station.

An ex-football player, Eddie Cotton, 24, and Abraham D. Cooley, 26, of 1328 Jefferson, were charged with armed robbery of \$20 from a 55-year-old Illinois man on Sept. 9. After both cases were waived to the County Grand Jury, bond was continued for Cotton. Cooley was released.

Three men described as "Negro" held up Kerr Drug Sunday morning. After a scuffle with the woman proprietor they made off with \$45 in cash and \$25 in money orders.

Walt and Felix Williams were found innocent in Municipal Court for assault and battery charge after a night high school football game. Charges had been filed by Mrs. Viola Woods, 1518 18th street, that the brothers had struck her granddaughter and forcibly took her from the scene.

Bound over to Polk County Grand Jury on charges of breaking and entering on two counts is James Hughes, Jr., 19, of 127 11th street, West Des Moines. Police have "theorized that he was committing West Des Moines prowling during the daytime and Des Moines prowling at night". Hughes was said to have told police that he had broken into four other West Des Moines homes in recent weeks.

## Conn. Disorder Lead to Hearing

New Haven, Conn. — Attorneys of the National Association for the Advancement of Colored People have asked the United States District Court here for a ruling declaring unconstitutional Connecticut's anti-riot and breach of peace laws and two Hartford City ordinances. They also asked for a hearing before a three-judge court.

The 18-page complaint, filed Oct. 2, on behalf of six persons arrested in connection with civil disorders in Hartford, Sept. 21, 22, also seeks an order restraining Mayor George B. Kinsella and other city officials from interfering with the complaints in the exercise of First Amendment rights of free speech, assembly and petition, prohibiting prosecution under the laws cited, and requiring them to provide protection for the complainants in the exercise of their constitutional rights.

### Disturbances

The defendant city officials are charged with responsibility "for the unrest which continues to exist in the Negro Northside today." In support of the charge, the complaint recounts a series of incidents leading up to the disturbance of last month in which police abuse, illegal arrests, excessive force in making arrests and unnecessary use of tear gas are alleged.

Named as defendants, in addition to Mayor Kinsella, are Elisha C. Freedman, city manager; John J. Kerrigan, chief of police; Benjamin Goldstein, police captain; Daniel E. Lynch, chief prosecutor of the 14th Circuit Court; and John D. Labelle, state's attorney for Hartford County.

## NAACP Units Pledge Support In Fall Drive

New York — Gloster B. Current, director of branches and field administration for the National Association for the Advancement of Colored People, reports encouraging response from the field in support of the Association's intensive year-end membership drive.

A goal of 200,000 additional memberships between now and the end of the year has been set so that the nation's oldest and largest civil rights organization may surpass last year's nationwide membership of more than 440,000.

This week the National Office received additional pledges from state conference presidents J.J. Simmons, Jr., Oklahoma, who will have Dr. John Montgomery and Amos T. Hall as his aides; from Charles E. Brown, Virginia, working with Mrs. Virginia Carrington, Mrs. Bertie Huggard and David E. Gunter.

## Social Security

The IOWA BYSTANDER has made arrangements with the Des Moines office of the Social Security Administration to answer questions for our readers about social security and medicare. Send your questions to Field Representative, Room 293, Federal Building, 210 Walnut Street, Des Moines, Iowa 50308.

QUESTION: I heard on the radio that your office in Des Moines was going to move. I did not catch what your new address was going to be.

ANSWER: Our new location now is in Room 293 of the new Federal Building. If you are writing to us our address is 210 Walnut Street, Des Moines, Iowa 50308. Our phone number is still 284-4500.

QUESTION: You never seem to say anything about how much a wife or widow will be able to draw on her husband's account. My husband gets \$113.50 each month. How much will I receive when I am 62?

ANSWER: If your husband's benefit is figured at age 65 at \$113.50, you will be eligible for \$42.60 a month at age 62. If you waited until age 65 you would receive \$56.80. If something should happen to your husband, your widow's benefit would be \$93.70 per month after age 62.

QUESTION: My brother-in-law died two months ago. I took care of his funeral and paid all the expenses. How do I find out if I have anything coming from social security toward his burial? I thought the funeral home would take care of this for me?

ANSWER: You must file an application for the lump-sum death benefit with your social security office. The funeral director has notified us of your brother-in-law's death but he cannot file the application for you.

Jerry Bolden has expressed a desire to bring H. Rap Brown or some fellow like that to the city. For news coverage purposes the idea has merit, but to "make people sit up and listen" or "shake them up" will get you nowhere.

The reason it won't is that even if such a speaker came, any problems we have in the city will still exist, and possibly might be magnified. I'm not taking a negative view on the situation, but the fact is, if a person is at the bottom of a hole and trying to get out, no matter how strong the puller at the top is, if you don't have a rope you won't get out. You have to have a succession of workers and ideas to solve problems. And, in many areas of the country, you just don't have enough rope of workers or ideas. Twine, maybe.

## HEALTH FOR ALL

Most accidents involve no more than a handful of people. Fires are something else again; they can bring death, injury or loss to scores or even hundreds. That's something to think about when, if ever, you're tempted to ignore a fire precaution which the little voice inside tells you ought to be heeded.

### 1,200 Perished

More than 12,000 people in the United States perished last year in fires that could have been avoided. Untold thousands were injured. Fires rank above many disease as a hazard to human health and well-being.

THE ENTIRE NOUS SERVICE AND SOCIAL CLUB accomplishes all of its goals, it seems to me! Its Ways and Means Committee members gained another club achievement in its great show on Sunday. Mrs. Dorothy Holmes chairs the committee and Mrs. Delores Bailey is her assistant. Committee members are Mesdames Grace Wade, Agnes Jackson, Bertie Thorp, Martha Parkey and Joan Jackson.

ALBERTA BATES' rendition of The Lord's Prayer at the opening of the Entree Nous Style Show was a perfect choice and, as always, beautifully sung.

LORETTA REEVES did a delightful narration of the show. Liked that gorgeous hat! Delores Bailey, invisible to the audience, supplied Loretta with the fashion commentaries. (Dorothy Holmes, referring to the many workers, emphasized her appreciation of Delores skill!)

THE MANY MODELS' PERSONAL CHARM and beauty enhanced their lovely costumes. The male models were a new addition and were exceptionally talented.

MRS. DOROTHY HOLMES modeled for Wolf's Department Store; her makeup was likewise from Wolf's. Her jewelry was from Joseph's, no less! Mrs. Wanda Griffith's gown was from Stearn's. Edward Beechum (Mr. Personality) modeled two outfits from University Avenue's Bodin Van Dorn; his bride-groom attire was from Skeffington's; and one number from his personal wardrobe. Wolf's matching bag and shoes display case appearing on stage was most lavish. It showed all the new shades of yellow, oranges, and greens, too. Hope you noted the three pairs of formal shoes and matching bags.

COMPLIMENTARY FAVORS presented to us at the door were the courtesy of Wolf's, Younkers, Roosevelt Pharmacy, Roosevelt Shopping Center and Downtown Rexall Drug Store.

### Dunn Returns From Mich. On Michigan Program

James Dunn, who works with the South Eastside Project has just returned from the University of Michigan where he helped work with teach-ins. He led workshops and discussions on community organization, "The Role of Community Organizations in the Ghetto." He stated there were speakers from all over the country. Among them were Ralph Ellison, author of "The Invisible Man"; Gunnar Myrdal, Swedish Economist and author of "The American Dilemma"; Carl Oglesby, past president of The Students for a Democratic Society; and author of "Containment and Chains".

The teach-in was a part of the University of Michigan's celebration of its 150th Anniversary. A number of students who wanted to deal with political aspects of some of the problems facing the country, planned the teach-in for this purpose and invited speakers from around the country. Mr. Dunn dealt primarily with methods people may use in organizing communities to deal with these problems.

### New Residents For Des Moines Scene

Willett (Will) Wiggins and Louis Nabors are new Des Moines residents. The young men are members of the newly formed Mid America Chorale directed by John Dexter. Wiggins, a baritone bass, is from San Francisco. Nabors, a bass profundo, is a June graduate of Southern University in Baton Rouge, La. He has just returned from The Bahamas where he spent the summer on a teaching assignment under the sponsorship of the Bahamian Government. He is from Leesville, La.

### Lincoln Auxiliary Meeting Oct. 17

Lincoln Auxiliary No. 126 will meet Oct. 17 at the Post Home, 7:30 p.m. Membership quota, Mrs. Ruby Andrews, president, has announced, is 68.

THAT LUXURIOUS BLACK LEATHER PURSE FROM WOLF'S—who won it, please? Wish I knew! MRS. H. D. E. JOHNSON, escorted by her nephew, Jim Morrow, Jr., was most lovely and a star performer. Let's give the column's orchid to Gentleman Jim—he was all of that and more!

MRS. MARY HARDAWAY, Social Committee Chairman and committee members, Mesdames Marie Kizer and Maude Wells served refreshments from a bountifully laden table. The table was beautifully decorated.

WILLETT (WILL) WIGGINS AND LOUIS NABORS were the newcomers on hand at the Entree Nous Style Show. They are members of John Dexter's Mid America Chorale. Nabors was the quite tall (6'5") winner in the show's drawings. (He and his friend, Wiggins, are single, girls!)

WARREN PARSONS AND HIS MOTHER, JANICE PARSONS, were having a quiet playtime together on the children's ward at Mercy Hospital where the eight year old is convalescing! I peeped in on the happy scene when visiting there on Monday.

ROZENTING HARDAWAY, JR. will be coming home from Vietnam sometime this month. I learned this good news from none other than his mother!

TOMMY ANDERSON was in gay spirits as he and his wife, Mary, prepared delicious goodies for their son and daughter-in-law, Mr. and Mrs. Nathan Clark of Richmond, Ind., and a group of friends on Saturday night. Tommy, a wild story teller, described life on the railroad at the tender age of 15. Had a run from Birmingham to San Francisco! Makes one wonder if we underrate today's youth, doesn't it?

### Homemade Peach Conserve is Ideal Gift

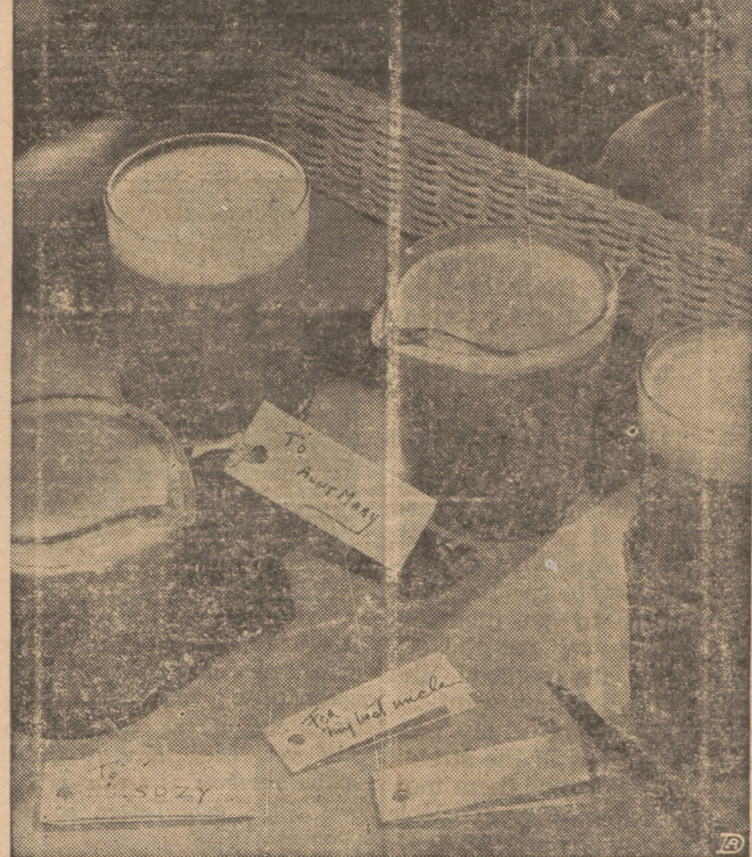

Photo Courtesy C and H Cane Sugar

Each time you make a batch of this rich-flavored, quick-cooking peach and pineapple conserve, pack part of it in some interesting way for gift use.

For a bridal shower, for example, fill a measuring cup with the conserve and tie the recipe onto the handle. Or fill a couple of tall drinking glasses and give them, complete, with straw jackets or coasters.

For a hostess gift any time, or for Christmas giving (yes, Christmas is coming sooner than you think) pack a cute breakfast jam jar with the delectable spread.

**Peach Conserve Tropical**  
Dice coarsely enough ripe peaches to make 6 cups (It will take about 4 lbs., or 8 to 10 medium-size peaches.) Mix with ¾ cup canned crushed pineapple (not drained) in large kettle and cook 3 or 4 minutes, to soften the peaches slightly. Then add 4 cups C and H Pure Cane Granulated Sugar and 1 tablespoon lemon juice. And also, if you like, 1 or 2 tablespoons finely chopped candied ginger. Boil hard, stirring about 20 minutes, or until as thick as you like it. (Test by cooling a spoonful quickly on a cold saucer.) Let conserve cool in kettle, or pour into a shallow bowl. Stir occasionally while cooling, so fruit will absorb syrup, and won't float. Pack cold in small jars or glasses. Cover with thin coat of melted paraffin. Put on lids; label and date jars. Store in cool, dry, dark place. Makes 5 or 6 glasses.

RIOTERS AND STRIKERS  
IN THE SAME CLASS

The Supreme Court of New York has leveled a fine of \$150,000 against the striking teachers organization of New York City and \$15,000 against its president and fifteen days in jail for violating its injunction to discontinue the strike.

This has brought a howl and bristling remarks from the head of the organization and a threat from some teachers that they may try staying away from work again.

Here is another example of strikers who think they are above the law; that they can break the law with impunity, disregard court orders and get away with such practices. And with that attitude, it is easy to see the limit they would go to get their demands if there was not the opportunity to discommode the public to get what they want.

Unfortunately, too many people abhor the riots in the streets by Negroes (we abhor them too) and at the same time overlook the same line of conduct by strikers. Both are doing a lot of harm to this country and have so confused and frightened legislators and law enforcing officers that nobody does much about either.

NATURAL RESULTS OF  
EQUAL STATUS

Two Negro girls have recently been taken into sororities at Northwestern University. It, no doubt, may raise some eyebrows, particularly those who spend a lot of their time trying to "keep the races apart," and shake in their boots about intermarriage.

This move at Northwestern is a natural thing for people of the same cultural, economic and social position to do and will grow as the races get nearer the same level.

Many of the drawbacks in employment, in education and business for minorities can be attributed to the attitude of the people in control that we adhere strictly to separation of the races. They say they believe in equal opportunity, equal education, equal jobs but at the same time preserve certain jobs for minorities built to keep them in the status quo.

The ideal situation is that minorities should be integrated in every avenue of American life, so that all groups can become acquainted with each other, can learn that physically they are about the same and do about the same things under the same circumstances.

PULLING THE COVER  
OFF A SHAM

The Washington bureau of the NAACP has turned up a directive issued by the U.S. Department of Labor calling off any punitive action against those who have been accused of racial discrimination in apprenticeship training.

The department has not denied the charge and yet the conduct of those charged with this conduct have spent more time trying to cover up for those charged than in seeing that the practice is stopped.

Here in Des Moines, officials have come, made investigations in some open and shut cases, left for Washington and nothing further has turned up. In fact, many of these so-called enforcement rules and regulations are so bound up with red tape that by the time a complaint moves from its source to the agency headquarters, most people have forgotten them and they are thrown out of the window.

It is this type of delusion and disappointment that makes a lot of folks despair of laws designed to correct an evil but are not enforced.

## NOBODY IS ABOVE

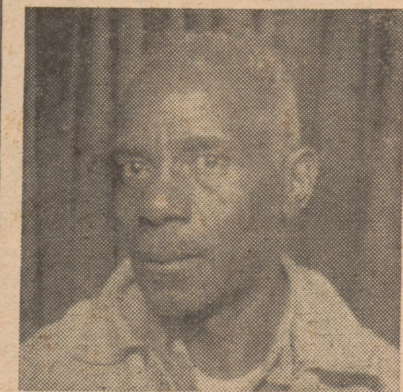

## THE LAW

The U.S. Supreme Court has refused to review an earlier decision upholding the conviction of Dr. Martin Luther King, Jr. and a few of his followers for violating a court injunction forbidding them from conducting a parade in Birmingham, Ala.

It is most unfortunate that Dr. King has come to this but a fellow who violates the law stands the chance to be punished. Dr. King started out on a high plane

and gained great respect and confidence for his efforts and the manner in which he went about them. But nobody should be above the law—not even strikers and rioters.

## The Sports Today

## With Allen Ashby

Iowa State had a rough conference opener and died about as well as expected. We can't see any great things out of the Cyclones for a while yet. They have to get more capable reserves. It seems as if when Iowa State gets better, so do the opponents.

Drake finally got a taste of victory. It was a squeaker but the Drake fans, coaches and players said they'd take it.

And, oh yea, the Warriors outmanned a team last week and made Frank Massy happy.

## Change

Here at home our high school situation underwent a few changes. Roosevelt, the team we thought was probably city series winner, was ousted by a Lincoln team that played heads up ball and was the best team that night. East had its rough night at East Waterloo. Those guys don't score as many points as they did last year, but they don't give up as many as they did, either. We would still have to rate them number one and would like to see them play the number two team.

## Setup

While we are talking high schools, we wonder how this new Des Moines City set up will effect the teams in state tournaments. Will the Des Moines winner automatically qualify for the state? Or will they all be split up into various districts? Of course, if that happened last year it would have worked out about right. This new setup is going to take away the same incentive boys have for making the teams. There won't be any out of town trips. So who wants to play in his own back yard all the time? Other cities do it, but they are conditioned to it. Maybe our guys will be in time.

## Dowling

And, yes we know Dowling is unbeaten and can't understand why the team isn't rated higher in the polls.

A guy climbed all over us last week for not mentioning a kid baseball team that we guess really cleaned house last summer. We just didn't hear about it. Now if you hear or hear of things we should talk about, write or call us and you won't be ignored.

Met a young fellow of about fourteen last week. A solidly built youngster who will bear watching in the next two or three years. We would tell his name but it better wait a while. Don't worry. The kid will be all right.

President Announces  
Ghetto Job Plan  
For Five Cities

Washington, D.C. (Special) — President Lyndon B. Johnson announced Tuesday a new program bringing together private industry and the federal government in a joint effort to create more jobs in ghetto areas of five cities.

The cities chosen to test the program are: Chicago, Los Angeles, Boston, San Antonio and Washington. Several rural areas, including the Mississippi Delta, will be brought into the test program.

## New Plants and Factories

The new program calls for new plants and factories which will provide jobs, expanded training programs with emphasis on on-the-job training, government contracts for small businesses, home-to-job transportation facilities, and expanded health service. Over 40 million dollars will be made available from funds of the various government agencies to guarantee private industry and business against loss involved in their ghetto enterprises.

## Your Tax Questions

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q—I'm working for part of my room and board at college. Is there any chance I'd have to pay tax on this?

A—The general rule is that any credit you receive towards your room and board as compensation for work is counted as taxable income. If this plus any other income you have amounts to \$600 or more for the year you will have to file a tax return.

Remember that if your earnings were less than \$600 but any Federal income tax was withheld, a return must be filed to obtain a refund.

Q—I just got a bill for additional tax. Can I pay this off in installments?

A—There is no provision for payment of taxes in installments. Payment is due upon receipt of the bill.

Cards' Bob Gibson Has Chance To Win  
Second Sport Magazine Corvette Award

New York — St. Louis Cardinal pitcher Bob Gibson, who won SPORT Magazine Corvette Award as the Most Valuable Player in the 1964 World Series, will have a good chance to win a second sports car, according to pitching plans announced by Card manager Red Schoendienst.

East Waterloo Gets  
D.M. East—33-0

Although Roosevelt's Beadle Stewart racked up two of three touchdowns, Lincoln won, 27-19 Friday night. Stewart scored in the first quarter and again late in the third.

Big surprise to Des Moines East was East Waterloo's 31-0 game Friday night. The Waterloo school, ranked number one in the Big Six Conference, is 4-0 for the season, with Andrew Robinson, Rudy Martin, Ron Joyce, Carl Anderson and Tom Smith making touchdowns. East D.M. is now 1-1 for the season.

Dowling High, too, was high on the scoring card with 33-0 against Carroll Kuemper. Dave Triplett received an 11 yard pass to score in the game.

Drake Wins Over  
NWTC 7-0 At Maryville

Boulder, Colo. — Iowa State lost to Colorado State, 34-0, Saturday. The Cyclones, who were opening their conference series ran against the stone wall of the Buffaloes, ranked eighth in national polls.

South Bend, Ind. — Also on the road, Iowa Hawkeyes did not fare well, either. They fell over the cliff, 56-6 to the Notre Dame men. The lone touchdown came from Silas McKinnie in a three yard run.

Maryville, Mo. — But all was not lost. Literally, with Drake at Northwest Missouri State here.

Duane Miller scored on a 50-yard punt return in the early part of the second half to give the only touchdown, 7-0, Drake.

Ratton Picks Up 7-10  
Split Monday Night

Hall Ratton, Sr., was an excited man Monday night when he picked up the 7-10 split at the 40 and 1 Men's Bowling League. The 7-10 split is one of the hardest spares to pick up in all bowling, if not the hardest.

High game series was taken by Chuck Bennett, 608. President is Elmer Tolson.

Whitehead Barber  
Bowlers In First Pl.

After four weeks of bowling, standings for the Tri-Hard Women's Bowling League are now: Whitehead Barber Shoppe, first pl.; Barber's Wigs, second pl.; Tess's Beauty Shop, third; team 3, fourth; team 3, fifth; Sanders' Vending, sixth; team 6, seventh; and team 5, eighth.

Gretchen Jaco rolled a high game of 202 and her series was 516; Gwen Stubbs, with only two opens, rolled six strikes, a spare and strike for 237, 518 game series; and Jane Brown rolled a 231 and ended with a fine 586 game series Tuesday night at Capital Lanes.

President is Rose Tolson.

You will also find that the bill includes interest on your unpaid taxes at the rate of six percent a year.

Q—What form do I use to report tips to my boss? I want to get credit for them for Social Security purposes.

A—Use Form 4070 and give it to your employer by the 10th of the month following the month the tips were earned. Do not give any of your tip income to your employer for withholding, however. He will make the necessary withholding from the wages he pays you.

The general rule on tip income is to report it when it amounts to \$20 or more a month earned while working for one employer. IRS has a diary that can be used to keep a daily record of pour tips. Send a post card to your district director and ask for Document No. 5635.

Q—I have several employees who work for me on a straight commission basis. Do I have to withhold any taxes for them?

A—Yes you do. The withholding requirements apply to payments to employees of commissions and bonuses as well as to regular salaries.

## Pitchers

In the 12 years that the SPORT Magazine Corvette Award has been presented, ten pitchers have earned the prize, and of those three had started the opener for their clubs. The three were Whitey Ford of the New York Yankees in 1961, Sandy Koufax of the Los Angeles Dodgers in 1963, and Gibson, himself, in 1964.

Koufax, who also earned the SPORT Magazine Corvette Award in 1965, is the only two-time winner. Gibson, who missed two months of the 1967 season because of a broken leg, came back with a number of strong games in mid-September and even pitched the pennant-clincher in Philadelphia two weeks ago.

D.M. Warriors Over  
Joliet Chargers, 7-0
