Convict Seven in Mississippi Rights Slaying

Deputy Sheriff Is Among the Seven

New York — The conviction of seven of the 18 white men tried for the 1964 lynching of three young civil rights workers near Philadelphia, Miss., "is a history making development in the administration of justice in that state," John A. Morsell, assistant executive director of the National Association for the Advancement of Colored People, said here today, Oct. 20, immediately after the verdict was returned.

The defendants were accused of killing, in cold blood, James Chaney, 21, of Meridian, Miss., and Andrew Goodman, 20, and Michael H. Schwerner, 24, both of New York City on June 21, 1964. All three were engaged in civil rights activity in the state.

Eight of the accused were acquitted and a mistrial was declared in the cases of the other three. Among the convicted was Neshoba County Deputy Sheriff Cecil R. Price. The civil rights workers had been arrested and held until the mob had been notified. They were released, to be captured on the highway by a gang of killers.

Dr. Morsell further said that the verdict demonstrated that the Department of Justice can secure convictions in civil rights cases and should now proceed to prosecute pending cases in which the state has failed to act. Such murders should be a Federal crime as "provided in a civil rights bill now pending before the Congress."

Gratifying as is the verdict, it cannot be forgotten that the maximum penalty resulting from the murder of three men is a ten-year jail sentence and a 5,000 fine for conspiracy. A murder of this kind should be a Federal crime, with commensurate penalties, as is provided in a civil rights bill now pending before Congress.

40 witnesses testified to the defense of the 18 white men. The nineteenth, James E. Jordan, a former Meridian resident and former Ku Klux Klan member, has been under FBI protection in Georgia for almost two years. His case was shifted to another federal court district. Jordan was one of the main witnesses for the prosecution.

Comm. On Disorders Resume Hearings

Dr. Martin Luther King, Jr., civil rights leader and Nobel Peace Prize recipient, testified Monday when the National Advisory Commission on Civil Disorders resumes hearings in the Executive Office Building.

King appeared during the first of two days of closed meetings to be conducted by the 11 member panel which is headed by Gov. Otto Kerner of Illinois, Chairman.

L.A.

Also scheduled to appear Monday were Mayor Sam Yorty of Los Angeles; Berkeley G. Burrell, President of the National Business League; Dr. Kenneth McFarland, former school superintendent of Topeka, Kansas, and representatives of the National Association of Manufacturers and the U.S. Chamber of Commerce.

Outbreak

The sessions marked the 14th and 15th days of private hearings by the Commission, which was appointed in July by President Johnson to determine what happened in the disturbances of last summer, why it happened, and what can be done to prevent such outbreaks again.

Michael Carter In Near Viet Nam Shore

(X0156) USS Constellation (CVA-64) — Marine Lance Corporal Michael R. Carter, son of Mr. and Mrs. Lawrence Carter Sr. of 1130 14 St. Place, has completed his third "on-the-line" period off the coast of North Vietnam aboard the attack aircraft carrier USS Constellation.

The 33-day line period came on the heels of a previous 36-day tour in the Gulf of Tonkin. The Constellation, in port at Subic Bay in the Philippines for only five days, was called upon to replace the fire-damaged USS Forrestal.

Pilots from the carrier's air wing hit the Lang Son Bridge, the major supply link for North Vietnam, and destroyed surface-to-air missile sites at An Phu, seven miles west of Hanoi. Air strikes accounted for the destruction of 115 barges, 67 trucks, three patrol boats and 18 bridges.

U. S. Court Knocks Down Seditious Laws

Louisville, Ky.—Another section of the Kentucky law against criminal syndicalism and sedition has been killed by a special U.S. court. The ruling grew out of marches for open housing which shook Louisville last spring.

A three-judge federal court voted 2 to 1 that the law on criminal syndicalism is so vague and broad that it violates the First Amendment to the U.S. Constitution. This amendment protects freedom of religion, speech, press, assembly and petition.

The judges also killed Louisville's city ordinances against parading without a permit, disorderly conduct, and loitering. They likewise voided Kentucky laws against vagrancy and banding together for unlawful purposes.

Grinnell Degree Is Conferred to King

Atlanta, Ga. (Special) — Dr. Martin Luther King, Jr. will receive an honorary Doctor of Laws degree from Grinnell College, Grinnell, on Sunday, Oct. 29. He will also deliver the College's Fall Convocation sermon that morning.

Emminent persons in education, the arts, science, and public affairs will participate in the three-day convocation on "The Liberal Arts College in a World of Change." Grinnell is a widely respected private college of liberal arts, founded in 1846.

Dr. King's sermon on the campus will be entitled "Remaining Awake Through a Revolution."

King, who lost an appeal to the United States Supreme Court against a five day sentence of marching illegally, announced that he would take the five day sentence.

Schools Spared By Riots, But Teachers Resigning En Masse

New York — The summer riots missed the city schools, but now it's the teachers who are missing. Resignations of teachers fleeing to the suburbs have skyrocketed in the wake of the 1967 riots. And the Negro community warns that discontent still brews and threatens to do physical harm to the schools unless educators—with the advice and consent of the parents and pupils—implement lip-service reforms.

These are among the facts developed in a lengthy tour conducted by Education News, a new bi-weekly news magazine produced for school administrators.

According to the magazine, the loss of teachers could prove much costlier for city schools than smashed buildings.

lying and the other wasn't." In the no probable cause finding, various other factors besides race may have been found.

He also said that Baker was friends with Samuel Ajiri, another African student who had filed charges with the Commission. Baker is scheduled to return to his country soon.

HIT AND RUN DRIVER STILL AT LARGE IN COUNTY; ANOTHER HIT AT LOCATION

It has been about a month since 73-year-old Alton Reeves was fatally injured, knocked down by a hit and run driver who yet has not been found.

Thousands of cars have been checked to no avail, according to police, who have gone through files searching for a 1962 red Pontiac, also checking older and newer models, white-and-red, and maroon, and burgundy styles.

Police say at the accident scene, East 17th and University Avenue, there wasn't a "single clue" to go on, other than two young men's description of the car and man, who was a "white male, possibly sandy hair, wearing a tee shirt."

They also revealed that a second accident occurred at the same location: 7-year-old Whitney Spencer, of 1735 E. University, suffered a bruised left knee and ribs from a driver who

sped off, but she did not report the incident until later. In this case, the little girl said a "colored" man was driving.

Shirt

Police have theorized that if the driver of the Pontiac were wearing a tee shirt, he might have come from a grocery store, or from a coffee break. Other speculations are that the suspect may have been going to or from work.

Over 1,000 hit and run cases have been reported in the city, and police say that 7-10 have been caught. Their reasons for leaving the scene were drunken driving, ignorance of having hit someone, and immoral or unethical situations, such as having someone in the car and wanting to conceal that fact.

Meanwhile, the search for the murderer of Alton Reeves goes on.

"To Sir With Love" Grosses Record Sum

New York, N.Y. — Columbia Pictures has revealed that the Sidney Poitier movie grossed a record 3,625,000 in ten showcase weeks in the metropolitan New York-New Jersey area.

The spectacular figure represents the gross from 28 theatres, and is the biggest tally ever to be recorded for a film playing the New York area in one group of theatres.

Muhammad Ali Has Changed Lawyers

Muhammad Ali praised his New York lawyer, but he dropped Hayden Covington, "with regrets", according to the New York Amsterdam News.

The lawyer was replaced with lawyer M. L. Plummer, who then signed Ali's bond. Chauncey Eskridge of Chicago, head of Ali's legal department started off with being slapped with a \$284,615 law suit by Covington for services to Ali.

Percy Hays Charged In Robinson Slaying

Special—Percy Hays, 50, has been charged Tuesday night with the murder of Mrs. Dorothy J. Robinson, 401 S.E. Hart avenue.

Hays, of 825 10th street, said the woman had come to Hays' home about 3:30 a.m. Saturday, saying she had been injured, and police found her bleeding about the face.

She died Saturday in Broadlawn Polk County Hospital. Detectives said an autopsy revealed that Mrs.

Rights Commission Apologizes to African For Treatment at Grill

Desire

The State of Iowa, by way of the Iowa Civil Rights Commission, extended its "sincere apologies" to an African student who said he was manhandled by Pella residents July 1.

Samuel Emase Baker, who had filed charges of discrimination with the Rights Commission, received the letter dated Oct. 13, in which the Commission said, "The Iowa Civil Rights Commission made a finding of 'no probable cause' in your complaint against the Grill owners Harry Koopmans and Ray Pope . . ."

Claim

The finding came after Baker's claim that he was manhandled by Koopmans, Pope, and not given assistance by the Pella Chief of Police. Baker also claimed that he was denied service at the restaurant because of his race.

However, it was said other African students had been given accommodations there, including Samuel, who also had credit at the restaurant.

James A. Thomas, executive director of the Iowa Civil Rights Commission, said that it was discovered that a white fellow had been injured about the same time this summer as Baker at the Grill.

Robinson had been the "victim of foul play, death caused by blows on the head and neck."

All Present City Council Officers Win; Mayor: "Vote Reflects Confidence"

In the largest primary race the city has seen in years, 12 candidates won out over the 34 posted.

72-year-old incumbent Mayor George Whitmer won 12,190 votes, nearly two to one over second place 33-year-old Thomas N. Urban.

The mayor was second only to incumbent Councilman Jens Grothe

Scott, Jr., and Charles Hughes. Third Ward (southwest), Richard E. Olson, 38, against incumbent Councilman George Nahas, who was second under Olson. Fourth Ward (southeast), Jack Woods, against Charles R. Baumhover.

Whitmer was reported to have said that "I think this vote (the results of the primary) reflects confidence in the present Council."

All of the incumbent City Council officers running will also be on the general election ticket. James Callison, member of the City Council did not choose to run.

Another Way to Help Your Child--Attend the P.T.A.

by Eleanor Tate

Judge William Parker, who has served as president of Waterloo's Grant Elementary School, has stated that "the children of parents who attend P.T.A. profit as a result of their parents' understanding of school problems," and the three Negro P.T.A. presidents of Des Moines elementary and secondary schools agree with him.

Mrs. George Robinson, Jr., president of Nash Elementary School, noticed when parents have a chance to participate with the grade school P.T.A., the child is "thrilled." She also revealed that the Nash organization has been growing considerably, due especially to Headstart mothers' participating, ready and willing to work.

The Parent Teachers Association does require a great deal of work and volunteers, said Mrs. William Robinson, Sr., president of the Amos Hiatt Junior High P.T.A., and "the children alone can't do it. Practically ninety percent of Negro parents here do attend, since it is the parent's responsibility to go all out."

However, more are needed. "A lot of people say that their children don't want them to come, but that's

not true," said Mrs. Woodrow Lewis, president of North's P.T.A.

Another factor which may make the parent hesitate is time, which, if held right after school, hurts the working parent; Nash meets then. North and Amos meet at night.

It appeared, through discussion with the presidents, that grade school participation in P.T.A. brought the largest amount of parents. Grant School, located in a pre-dominantly Negro neighborhood, has a very high attendance record. From personal experience, the co-operation with the teachers and community is "very good," as it is with Longfellow, said Parker.

The need for Negro participation is still vital—in grade and high schools, the latter having the lowest number around the city.

An what are the benefits? To the parent, it brings a better relationship with other parents and with the school's activities; to teachers, a stronger communication with the parent; and most importantly, to the child an understanding that will be transmitted to them which makes their acceptance of the total program better than children of parents who do not attend.

Eastside Junior High Celebrates Fifty Years In Educational System

The Amos Hiatt Junior High's anniversary of the P.T.A. is underway, with one of the current projects locating the many Negroes who attended the school.

Of the estimated 15,000 persons who went through Amos since 1917, some one-third were Negroes who are now scattered throughout the country. During its young years, said P.T.A. president Mrs. William Robinson, Sr., Amos was the only school Negroes attended, with the largest concentration of Negroes in that area.

Speaker

Climax of the anniversary will be Apr. 23, 1968, at 7 p.m., with speakers James Thomas, director of the

Howard Dean Emeritus Dies; Dr. Downing

Washington, D.C. — Lewis King Downing, dean emeritus of the School of Engineering and Architecture at Howard University, died suddenly here Oct. 19.

Under Dean Downing's administration, the School of Engineering and Architecture rose from a loosely knit, unaccredited division with 38 students to a fully accredited unit with more than 900 enrollees. At the time of his retirement in 1964, Howard had produced more Negro graduate engineers than the nation's other colleges and universities combined. Dean Downing joined the Howard faculty as an instructor in civil engineering in 1924.

Expect Fifty Sportsmen For Banquet Saturday

After several months of planning, the Former Ballplayers Banquet will be held Saturday, Oct. 28 at the American Legion Post Home, 8th and Washington streets, beginning at 7 p.m.

All players have been contacted by the committee for the banquet, and will bring together such sportsmen from as far back as the early 20's—Charlie Monroe, Phil McGuire and Roy Kemp, who managed the little Giant track team here.

A silent prayer will be given for those players who have passed, by

Iowa Civil Rights Commission and Dr. Dwight Davis of the School Board.

Prominent Negroes who have attended Amos are Atty. Robert Wright, state NAACP President; James Thomas, Judge William Parker of Waterloo, Mrs. Joyce Fant, Latin teacher at Roosevelt High School; Mrs. Nevin Bruce, first Negro teacher in the city. Mrs. Unice Shade, Rhoda Miller and James Wadsworth are among the hundreds of others.

Mrs. Robinson requested that anyone who knows of a former Amos Hiattian not aware of the celebration should contact her immediately.

LBJ And NAACP Will Discuss Rights Bill

Washington — Plans, strategies and prospects for enacting of the pending civil rights bill to protect persons exercising their constitutional rights were discussed by President Lyndon B. Johnson and Clarence Mitchell, director of the NAACP Washington Bureau, at a White House Conference here, Oct. 17.

The bill is scheduled to be reported out of the Senate Judiciary Committee, Wednesday, Oct. 25. Mr. Mitchell said that the President expressed a strong desire to secure enactment of the Administration's measure without crippling amendments.

In addition to the civil rights bill, the President and Mr. Mitchell discussed needed social welfare legislation.

the Rev. Albert Fox, who also was a baseball buff.

Special guest will be Jack North, former sports editor of the Des Moines Tribune, and umpire at the old Western League Ball Park, and short speeches will be given by various players.

Plans have also been made to have former managers to head the tables. Committeemen are: chairman, Clark Yeager; co-chairman, Jesse Frazier; advisor, Ralph Jones and arrangement, Hale Snyder.

Says Post Office Should Upgrade by Promotion

Washington — Establishment of a National Equal Employment Opportunity committee to accelerate the employment of Negroes and members of other minorities in the middle and upper ranges of Federal positions was announced at a news conference here, Oct. 17.

The new program, jointly sponsored by the National Association for the Advancement of Colored People, the National Alliance of Postal and Federal Employees, and the National Urban League, is designed to increase the number of minority group Federal employees in jobs paying \$11,000

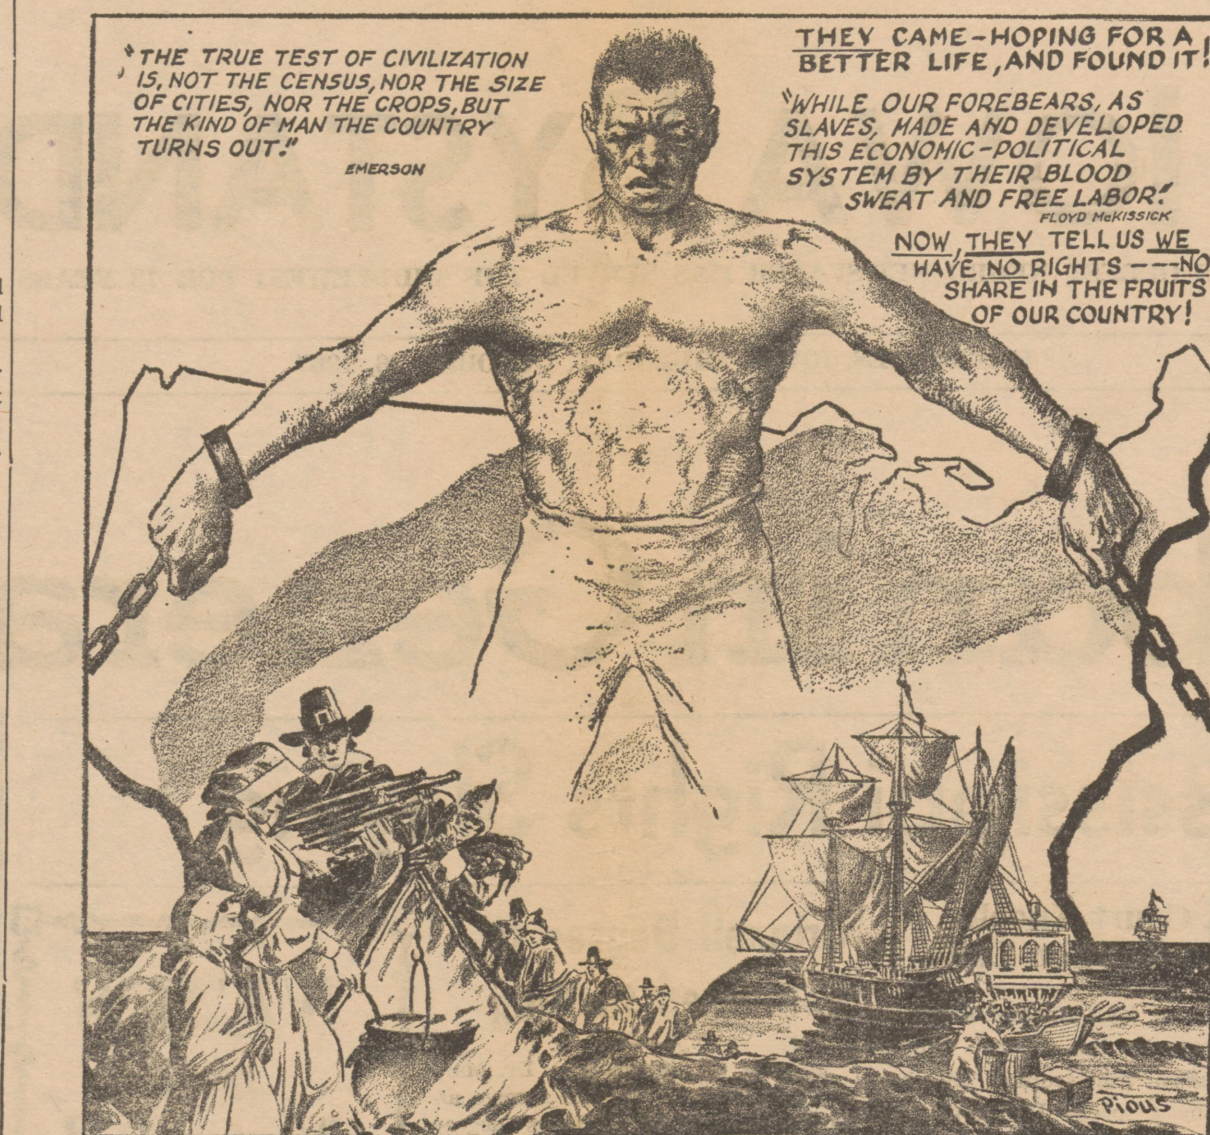

and more per year.

At the news conference, NAPFE President Ashby G. Smith, said that Negroes comprise 15 per cent of the total postal employees but that most of these are concentrated in the lower job classifications. In Washington, he pointed out, Negroes are only 4.2 per cent of postal workers earning \$11,000 and up. In the postal field service this percentage drops to 2.2. Negroes now constitute about 11 per cent of the total population.

Damage Suit Against Mississippi Senator

A half-million dollar damage and injunction suit against Senator James O. Eastland (D-Miss.) and others was announced last Thursday at a press conference by Dr. Benjamin Spock, Co-Chairman of the National Conference for New Politics (NCNP). The suit was presented Wednesday afternoon in the United States District Court for the District of Columbia. The complaint was filed jointly by NCNP and the Mississippi Freedom Democratic Party (MFDP).

At the press conference, held at the Overseas Press Club, the plaintiffs were represented by Dr. Spock and William F. Pepper for NCNP, and Victoria Gray and Fannie Lou Hamer of the MFDP.

Mortgage Burning Slated Nov. 3 For Friendship City

Iowa's first half-way House begun back in 1954 has steadily progressed. When the mortgage rally began at the end of September, \$1200 was owed, but thanks to the progress in the face of amny difficulties, the debt is now only \$500. With this goal in mind, Friendship City, at 925 9th street, on Nov. 3, will celebrate being a full public service building in a mortgage burning.

Festivities

As part of the festivities, guests are invited to participate in the open house, from 3-7 p.m., with a smorgasbord banquet, with donation. Park Rimard, executive director of the Iowa League of Municipalities, will speak, and the introduction of the board of the Rev. Orzella Roberson, director of Friendship City, will be presented. Prizes and awards will be given. Providing music will be the New Jerusalem Church of God in Christ Choir, and Bishop E. A. Tindrell will give invocation and benediction.

Friendship City, as part of the Prisoner's Rehabilitation Service, has provided a complete outlet of rehabilitation services, including lodging, food, clothing, counseling, and medical care, regardless of race or creed.

Although this one day will symbolize the mortgage burning, it took nearly four years of hard work by the Rev. Roberson, who has spearheaded the fight, and it will be one of the highlights of her term as Director to watch the mortgage be burned.

Two Running In City Election; Waterloo

Waterloo, Ia.—City elections are in the process here, scheduled for Nov. 7. Dr. Warren A. Nash is a candidate for outside councilman-at-large. Judge William Parker, municipal judge, is a candidate for reelection.

Carter Sentenced To Twenty-Five Years

Gary W. Carter, 22, has been sentenced by Polk County District Judge Wade Clarke to 25 years in the State Penitentiary, convicted on a robbery-with-aggravation charge in \$17 holdup of the Clark service station at 19th and Keosauqua way.

Sen. Eastland Ordered To Pay Damages to Rights Group; \$772

Washington, D.C. — The U.S. Supreme Court has ordered Julien G. Sourwine, chief attorney for the Eastland Committee, to pay \$772 in court costs to the Southern Conference Educational Fund (SCEF).

This is believed to be the first time that an official of one of the investigating committees has had to pay such costs to a civil-rights organization.

SCEF sued Sen. James Eastland of Mississippi and Sourwine for \$250,000 each as a result of raids on officers and homes of its officers in New Orleans, La. in October, 1963. Two SCEF officers were arrested.

Raid

The civil-rights organization charged that Eastland and Sourwine helped plan the raid, in which all of SCEF's records were taken by police. Eastland later had the records moved across the state line into Mississippi at midnight, and then to Washington.

The U.S. Supreme Court killed all charges resulting from the raids and arrests, and ordered return of the

records. The court later ruled that Eastland could not be sued for his actions but that Sourwine could. Last week the court ruled that Sourwine would have to pay SCEF for court fees and the cost of printing the record in the case. Hearing of the \$250,000 suit is due to start soon.

New Book Out: Hits On Negro Draft, Race

New York — Protest and Prejudice, a scientific study of Negro attitudes, published Wednesday, by Harper and Row, sharply refutes widespread "sensational statements" on Negro anti-Semitism, hatred of whites in general, resistance to the draft, and support of the Muslim variety of black nationalism.

The study, the first attempt to analyze and explain Negro response to the civil rights struggle and attitudes toward whites at a national level, is the result of four years of intensive research carried out by Gary T. Marx, a sociologist.

On a Saturday Night, Stax's Eddie Floyd, is in a new thing, kind of. He combines a sort of downhome beat with the Stax beat to bring him a new sound. It's a welcome change to Mamas-and-Papas-weary ears of mine.

I hope serious music students will agree that James Brown should be listed along with greats such as my favorite Dave Brubeck and Duke Ellington. Brown, minus his singing, has lately been working, it seems, with abstract jazz as his new de-

Sports Shorts

Kansas City, Mo. — One of the most talked about trades in pro football this year saw the Kansas City Chiefs acquire tackle Ernie Ladd, quarterback Jackey Lee and the Houston Oilers No. 1 draft choice in 1968 for quarterback Pete Beathard. Kansas City fans will have in the trade oppose each other this an opportunity to see the principals Sunday as the Chiefs met the Oilers at Municipal Stadium. Kickoff time was 1:05 CDT.

K.C. Chiefs Noland "Super Gnat" Smith set an A.F.L. single game kickoff return record with six returns for 224 yards against San Diego, Calif. He has now caught 24 passes for 446 yards and four touchdowns. Taylor also showed his skill as a runner against the Chargers, galloping 24 yards for a touchdown on a reverse.

Mrs. Mary Perkins-Faucett has
been visiting in the city, as my guest.
Previously she had been visiting
Mrs. Adelaide Brinker in Des Moines
and friends in Iowa City. Formerly
she lived in Omaha, but now calls
Minneapolis home, since a daughter
lives there. She has spent four years
as a missionary, in Monrovia, Li-
beria, West Africa. She gave a talk
of her experiences, with slides, at
the home of Mrs. Earl Lee, 1821
East Fourth for the Womens' Mis-
sion Circle of Antioch Baptist
Church. Several guests were present.
She plans to be the guest of Susie
Brooks Missionary Society of Payne
AME Church while here.

Mrs. Faucett, whose father owned
and operated Perkins Hotel in Bux-
ton, Ia., also visited some former
Buxton-ites. Her visit with Mrs.
Stella Lund brought out many re-
collections of the "good old days" in
Buxton and Muchaknock.

On Nov. 7, the city election will
be held. Dr. Warren A. Nash is a
candidate for east side councilman-
at-large. Judge W. W. Parker, a
municipal judge, is a candidate for
re-election as judge. All are urged
to exercise their privilege, and vote!

NAACP potluck will be Saturday,
Oct. 28 at 6:30 p.m. at the YOUNG
MEN'S CHRISTIAN ASSOCIATION on
West Fourth St. All have had
notice by now and should be plan-
ning to attend.

Mrs. Beatrice Bailey of Des Moines,
appeared here at Antioch Baptist as
narrator in spiritual pageant "The
Old Ship of Zion". Brown Hintz, as
captain of Zone #4 was sponsor,
assisted by choirs of the church.
Rev. Eugene Williams is pastor.

Susan Dunn, 914 Sumner, has
been added to our list of salesgirls
for The Bystander.

In order for news to be in cur-
rent issue of the paper, it should be
in my hand by early Monday, that
is, before noon.

HEALTH FOR ALL

"Chemoprophylaxis" may look like a big, fancy word; but it adds up to a very simple idea. It means preventing disease through the use of drugs, instead of waiting for the disease to happen.

While this medical procedure has been known for some time, it is just now coming into wide use against a particularly stubborn contagious disease—tuberculosis. Only within the last few years have doctors discovered that the drugs effective in curing TB—notably isoniazid—also have great possibilities in preventing its development.

Germ

The possibilities apply both to persons whose bodies the germ has invaded but who haven't yet become

Your professional beautician knows the answer...

Should every woman be a blonde?

Blonde hair is beautiful for those women whose natural coloring it flatters. But not everyone should be a blonde.

Expert beauticians know that complexion and hair color must complement each other to glamorize and bring out all the natural beauty that was meant to be. They also know that very coarse and dark hair often is resistant to drastic color changes. However, there's no doubt about slightly lighter hair adding excitement to a woman's appearance. And hairdressers know there is no better product to add a whole new appeal to every woman's look than Miss Clairol® haircoloring—extra rich Creme Formula or new extra easy Shampoo Formula.

Both Miss Clairol products lighten and color at once, combining vibrant new color with the natural pigment of the hair. So even those shades that look blonde on white hair (as shown on most color selection charts) give a variety of flattering red-to-golden brown shades on women whose hair was black to begin with.

Beauty salons are equipped to answer questions and help with hair color selection. Depend on your hairdresser to have the professional skills and the total family of fine Clairol products to make every woman's experience with haircoloring completely personal and glamorous. Should you be a blonde? If you don't really know, ask your expert hairdresser.

THE RICHARD ALLEN CHORUS was the sound of music heard radiating from Willkie House on Sunday! Loretta Reeves, its director, leads the 24 member group through rigorous 9 a.m. to 5 p.m. weekend sessions, in addition to night routines! These singers, famed for their superiority, will be heard soon now. (Just think — we relax while we wait!)

BLANCH JOHNSON was a stunning substitute for her mother, petite Louise Johnson, at the Puella Legatos' Saturday night Harvest Ball. In Blanch's party were her brother and sister-in-law, Gary and Rebecca Johnson, and her aunt, Mrs. Julian Carlton, Bystander columnist of Cedar Rapids.

JENNIFER BETHEL, it seems, now resides in L.A. I thought she was just visiting! Her buddies tell me her new job, with a gas firm, was too good to pass by! (Anyway who passes by L.A.?) I'd say Good Luck—but she's a Bethel, so how can she miss?

DR. GEORGE INGE, Psychiatrist on the staff of Topeka State Hospital, was a weekend visitor this week. Taking advantage of this year's beautiful fall, he motored here.

THE KAPPA ALPHA PSI AND OMEGA PSI PHIS homecoming celebrations make life tremendous, a pretty model tells me.

THE BOLSHOI BALLET '67 presented by Paramount Pictures was most beautiful! As promised by Paramount, the film provided "a first time backstage visit with the world's foremost ballet" — and new techniques in the art of ballet presentation. T'was great.

AN EIGHT-TIER PYRAMID WEDDING CAKE caught my eye the other night. Individual diamond shaped cakes formed the first six

tiers, a large three-layer cake was the seventh row, and a slightly smaller three layer cake the eighth row. Atop the wedding cake was the traditional miniature bride and groom. So which did the newlyweds cut? The very top cake! (The seventh layer cake was later frozen!)

ON SUNDAY I VISITED MC-BRIDE BRIDGE, the subject of a Nancy Samcoe painting which adorns my living room. It was built in 1885; its interior covering is pentagonal. Atop a sign reads "Low Clearance 10'-5"; another states "Limit 8 tons". The bridge is one of seven covered bridges located in the area of Winterset, Iowa (Madison County). All are painted red and were built between 1855 and 1894. Oldest of the remaining seven are Imes and the Donahoe (or Cutler) bridges completed in 1871. My painting displays the McBride Bridge in a tree-lined setting; progress of our times has altered this—the trees have been bulldozed beneath into the tiny stream.

MR. AND MRS. C. V. DENSMORE, of Council Bluffs, joined us at this bridge, as they went about photographing it. These two make movies of all interesting sites during their travel throughout the continent. Showings of these are scheduled weekly for rest homes of Council Bluffs and Omaha; the Mental Hygiene Clinic weekly meetings and the Retarded Groups monthly meetings in the same cities.

Mr. Densmore is President of Omaha's Movie and Slide Club and a Northwestern Bell Telephone Company employee. Lillian Densmore is a State Department Social Worker serving in Pottawatomie County. She has written for "Horseman Horse", "Horseman and Fair World" and was The Register and Tribune's Trotter and Pacer' columnist. Historical and travel articles are now her freelance subjects as she and her husband pursue moviemaking.

Harvest Moon Ball At Savery Saturday

In a gala formal Saturday night at Hotel Savery, over 300 guests and members enjoyed the Harvest Moon Ball given by the Puella Le-Gato Club.

With all ladies dressed in warm autumn colors, guests danced to the music of the Soul Brothers in the Terrace Room, brightly decorated with gold glittered harvest moons, designed by C. Frank Franklin, husband of one of the members.

MISSISSIPPI PROVES IT
CAN DO JUSTICE

The good people of Mississippi—and there are many—have at last been able to show the world that they believe in law and order and that justice can be had in its courts.

In 1964, three civil rights workers were murdered and their bodies buried in a deep mound. The crime was dastardly. The FBI uncovered the plot, named the murderers and gathered the evidence.

Murder charge is a state matter. Officials went through the motion but nobody went punished. The grand jury would not indict. So, those suspected of committing the crime (said to be Klu Klux Klan members) felt that they had escaped punishment like other murderers of Negroes.

But the FBI and Department of Justice had other weapons to use. They got 18 men tried for violating the civil rights of these people—a federal offense.

Government attorneys prosecuted the case vigorously and apparently a jury sworn to hear the evidence and base their decision on it only was empaneled. Federal Judge Cox set the tone of the trial at the beginning by his fair, stern, strict adherence to the law and his duties as a judge which contributed tremendously to the verdict.

Seven of the 18 were found guilty. The verdict was a surprise even to many of the ardent believers in justice in Mississippi.

Mississippi editors were strong in their praise of the verdict. They feel it is a turning point in better race relations in the state and administration of justice.

PRIMARY ELECTION
UNDER NEW SYSTEM

The first election under the new city form of government brought out a large vote at the primaries—a virtue which proponents had predicted.

Successful candidates included four present seating council members. Barring an upset the new council will be pretty well dominated by these.

But the change in government has told the council that it needs a shot in the arm, that it was not moving ahead as many other cities in these days of boom and full employment.

Like any other mass election, some undesirables slip through. All may not be defeated. But sufficient level headed fair people show up generally to keep thing on even keel.

A WORTHY PROJECT;
WORTH A DONATION

There was never a time when there were so many appeals for donations. At times, it appears that some are in the business to stay alive.

Many of them should be out of business for they make no contribution to the community other than to themselves. Some are worthy but the field is crowded. Some have a unique, valuable objective which can exist only by gifts from the public.

Last summer, a group of Des Moines citizens undertook to finance a work program for young people. It was a big success. The sponsors felt the project was worth continuing when school started. It has.

The administrative organization is appealing to the business people and other individuals to help carry on the work. A special effort is being made to secure the support from a large segment of the population. A large percentage of these youngsters are Negroes. And while this is no Negro project, both individuals and organizations would do well to lend their financial support to a movement which has and will do much to help many white and Negro youngsters get a better start in life.

SPORTS

With Allen Ashby

Time is running out on our three games prediction for Iowa's Hawkeyes. We had thought they were overdue and Wisconsin and that this might be their year. Oh well, a tie at least beats losing. But now who might the Hawks beat? Certainly not Purdue this weekend. Minnesota has a big strong defense. We thought all along that the boys from up the county were tough on defense but we didn't realize how tough they were. Maybe this could be the upset. That leaves Illinois and Northwestern. Can they both lose to Iowa?

Tie

Iowa State played a tough Missouri team and might have won it with a few breaks at the right time. The Cyclones are a better team than they were last year, but the opposition has improved also. So it looks like a rough season for Iowa State. But they seem to have a good freshman team that might help a lot next year. Oh yes, East High School's Jock Johnson and East Waterloo's Fisdale play with the team. Hope they can stay eligible for the next year.

Drake is doing all right. Now that they are playing in their class. They were a little over their heads at the start of the season, but should do all right from now on.

College

Time is really fleeing. A year ago the three top college football teams were Notre Dame, Michigan State and Alabama. Now Alabama has dropped out of the top ten at least for now and Michigan State and Notre Dame are just barely hanging on. The Pacific Coast teams that Midwesterners used to laugh at are one and two. We don't know about Alabama but Michigan State and Notre Dame seem to want to give the football away all the time. Notre Dame gave Purdue the ball seven times. Southern Cal got the thing twelve times and even the team the Irish beat got a lot of intercepted passes and fumbles against them. We also read that Michigan State gave Minnesota the ball a half dozen times. Of course we might repeat that—we never did think Alabama belonged up there until they prove it by playing even some of the tough teams in their part of the country.

High School

Here at home our attention was called to the Des Moines schools' rather poor record against outside schools. It seems the mark leaves a bit to be desired. And that extra year of playing is blamed. Our school boys play three years and most of the other towns play their athletics four years. This could be a big factor, but heck, we used to beat more outside teams than we lost to. But our schools insist they are not retiring to their own little circle just because of this. They claim there are enough high schools in and around Des Moines to make up a strong conference. Well, there must be that many high schools in Cedar Rapids and yet they all play a tough outside schedule.

Oh yes. Dowling won the one that most of us Dowling supporters considered the big one last Saturday

Drake Beats Omaha U.,
Williams Makes Two Tds

It well might be that Drake, after three losses, has finally come around to the winning way of things. To prove that, they beat Omaha University, 23-15 Saturday at Drake Stadium.

Erv Williams, senior, added to his lone touchdown of the season, posting two touchdown scores in the third quarter. In fact, Williams saw quite a bit of the Omaha Indians jerseys Saturday; this was probably the most extensive game he was in.

Sayers

Omaha led the scoring pattern in the first half, with quarterback Marlin Brisco throwing great passes, but they were probably hurt by an injury of runner Ron Sayers, brother of the Chicago Bears champion, Gale Sayers, in the second quarter.

With 13:34 left in the second quarter, Brisco, on the Drake 5-yard line, threw a delayed pass to Lloyd Williams for the first score.

But by the third quarter, Drake had found its mark, with the quarter only a few minutes gone, Erv Williams carried from the one yard line, and a point good, tied the score, 7-7.

The two point safety came by way of Brisco, chased back into his own end-zone, clobbered by Ben Mays, who had been after the little quarterback all afternoon. The score was now 9-7 Drake.

Williams

Ten minutes later Williams carried again to make it 16-7, Drake.

Then, with 6:46 left in the game, Duane Miller took a 37 yard punt return and converted it into 6 more points, for 22-7. The extra point was good, 23-7.

But the Indians gave it one more try, late in the game, and Rick Davis ran across to make the final score, 23-15, with the Indians attempting and making good a two point conversion.

Missouri Comes Back to
Trounce Cyclones, 23-7

Missouri, sore from losing last week's game, took it out on the Cyclones Saturday, 23-7, with a 96 yard opening kickoff return.

The only score for Iowa State came from a 33 yard pass from Warder to Busch.

Ben King, whose efforts Saturday failed to rally the Cyclone score, was born in Ft. Pierce, Fla., and graduated from Central Islip with 9 letters, captained football and basketball teams and was All State two years, All East two years, and prep All-American. His big thrill came in the final game to score 13 points and become New York State scoring champion in basketball.

Willie "the farmer" Muldrew, a junior and letterman, is 225, 6-2, born in Chicago. He was all city fullback and tackle, and has played every offensive position except center and quarterback. In 1965 he was voted the most valuable player and was winner of the Al Knudson award as top Cyclone sophomore.

Robinson

Dan Robinson, a sophomore left tackle, weighing in at 215, was born in Portland, Ore., and was named most valuable as a senior and selection on the all-scholastic team at his high school.

Doug "Rambling Rose" Robinson, senior letterman, a left halfback was born in Chicago.

Des Moines Warriors
In Second Place, 5-3

The Des Moines Warriors gave the Omaha Mustangs what-for Saturday night in a whopping 45-7 score at Sec Taylor Stadium.

Tony Baker was good for three touchdowns, one on a one yard run and a three yard run; and a thirty yard pass from quarterback Tim Murphy. Nat Craddock plunged through for another six points on a three yard run.

The Warriors are now in second place behind Joliet, Ill.

night, That was a good hard-hitting game and neither club needed to be ashamed of losing.

And we talked to Jim Kirby's dad a while back and he said Jim was hitting the books at Southern University and getting really good grades. Everyone we talked to about Kirby said he could get good marks if he wanted to. We are glad he is doing so well. And hope he keeps it up.

Damn Yankee Go Home

Let this war, now being fought come quickly to an end, and send home the sons we miss and love.

Why must they too sacrifice, haven't we all paid the price.

If others in lands that are strange have misunderstandings, then why must we the innocent, too suffer the conditions of war?

If conflict abroad is that tough, then let's stay in the states where things are really rough.

We are only adding to a situation and making it worse.

You American dog, you imperialist cow".

If you clean up America, you had better first, then give out with that helping not one dripping in blood of little children, we understand.

For he too is a child of God, And don't bring your sickness to our sod.
