James Dunn Named Finalist in Bryant Awards in New York

New York City — Special — James N. Dunn of Des Moines, Ia. received a commemorative plaque honoring him as one of six finalists in the Lane Bryant Annual Awards competition for outstanding volunteer service in 1966. Raphael Malsin, president of Lane Bryant, Inc., made the presentation at the Lane Bryant Awards luncheon held at the Plaza Hotel, New York City, on November 30, 1967, before an audience of more than 350 educators, government officials and business leaders. Individual winner of \$1,000 was Humbert Aponte, of New York.

In 1966 James Dunn created the Southeast Side Summer Project to combat the appalling living conditions of the Southeast Bottoms of Des Moines, an area comprised of 60% white, 35% Negro and 5% Spanish.

Another Refuses To Be Drafted; To Jail

Washington — "Some of my best friends are white," quipped Black power advocate Frederick H. Brooks, former Nashville director of the Student Non-violent Co-ordinating Committee and director of the controversial Negro Liberation School.

He faced criminal prosecution because of his refusal to be inducted into the Army on Nov. 16.

Windows Broken At Community Center

Police say an officer was injured Friday night at 17th and Olive avenue after the officer drove to that area to investigate a disturbance.

A brick or bottle was thrown at the officer's car by one of a crowd of youths in the street.

The incident occurred following a dance at Willkie House, where several windows were broken out by at least two youths who fled in a red and white convertible.

After a meeting Monday, the staff said it would not be discouraged by Friday's disturbance and have set forth plans for a Christmas dance during the holidays.

Hawaii Adopts Open Housing Law; 22nd

Hawaii's adoption of a state open-housing law brings to 22 the number of states which have adopted anti-bias laws reaching the private sales and rental market. The law covers all sales and rentals except owner-occupied two-family dwellings and owner-occupied rooming houses renting less than six rooms.

Open-housing laws were adopted in 1967 in four other states—Washington, Iowa, Vermont and Maryland. At least 18 cities and counties approved fair housing laws during 1967, with major drives for such ordinances still alive in at least seven other jurisdictions.

Businessmen Urged To Hire All Youths

Community Improvement, Inc. issued a statement recently urging Des Moines merchants, restaurant owners, gasoline station owners, and other businessmen to give consideration for jobs to young people from marginal income families during the Christmas season. Community Improvement, Inc. still has 75 boys and girls who need jobs. Many of them are 16 and over. "Under Federal and state child labor laws, 14 and 15 year olds with work permits may work three hours on school days and eight hours on non-school days." This age group may be employed in over 13 areas.

Beginning

There are no hour restrictions for those 16 and over. Mrs. Goldman: "We have made a good beginning, but there is a great deal more to be done if we are to alleviate the problems that lead to social unrest and racial disturbances."

Community Improvement, Inc. is located at the Chamber of Commerce Building, 800 High Street, from 8 to 5 p.m. Job orders may be placed with her by calling, 283-2161/ ext. 42.

Black Business May "Damaged" By Road So Lawyers Fight It

Nashville, Tenn.—Construction of an interstate highway that could have brought "destruction and irreparable damage to Negro-owned businesses, colleges, universities, schools, churches, and residential areas" in this city was halted this week by the NAACP Legal Defense and Educational Fund, Inc. (LDF). LDF attorneys won a temporary restraining order in the Court of Appeals for the Sixth Circuit. LDF attorneys are representing the Nashville I-40 Steering Committee, an unincorporated group of Negro and white citizens formed to protect the North Nashville section of the city.

Among the institutions represented on the Committee are Fisk and Vanderbilt Universities, Scarritt, George Peabody, and Meharry Medical Colleges, and St. Vincent dePaul Parish and School.

Workshop Held At Camp; Discussion On Poverty; Southside

On last Friday, Saturday and Sunday the Southeast Side Project held its Workshop at Wesley Woods Camp in Indianola. Neighborhood sponsors talked about conditions in The Bottoms, Welfare and things various groups can do to end poverty.

Small discussion groups then dealt with the roles of the middle class, minority groups, young professional people working within settlement houses and welfare systems.

are traditional and this year are particularly for the purpose of discussing local problems, endeavoring to make each lodge aware of the role it has in the community. It emphasizes the fact that Masonry must become involved and keep pace with happenings about it in order to survive.

An evaluation of each lodge program will be made.

Dr. James has already made official visits to Hiram Lodge No. 19, Davenport, St. Johns Lodge No. 35, Waterloo, and McNeil Lodge No. 21, Clinton.

Says Poor White Is Seven Years Behind Black Man In the Rights Movement

Eleanora E. Tate

Al and Margaret McSurley were in their home, Margaret preparing dinner Aug. 11, about 8:30 p.m. when a knock sounded on the door. Al opened it, "and the sheriff and about 15 men charged in." They gathered books, plays, and other literature.

This began the "midnight raid" on the McSurrells and Joseph Mulloy's home, three rights workers striving to organize poverty-stricken whites in Kentucky.

The three were consequently charged with sedition which was overturned, but the "private property" of the trio has been locked up under order of the Supreme Court. Al and Margaret McSurley were in Des Moines last Tuesday and Wednesday to speak on their experiences and their work in Pikeville, Ky.

Impossible

"It is impossible to connect treason (sedition) to a free society," said McSurley. When asked whether any passages in the books locked up contained seditious matter, Margaret said yes, it could be considered seditious. She added that the sheriff even took a poster of Russia and a Julien Bond button.

Ask That Relations Be Made Number One Problem For Study

Washington, D.C.—The problems of race and poverty cannot be resolved unless their solutions are made the Nation's first priority, the U.S. Commission on Civil Rights declares in a report Nov. 22.

In the report, *A Time to Listen . . . A Time to Act*, the Commission concludes that the problems of America's cities and the people who live in them will not be resolved by a search for culprits or conspirators or for solutions which are not costly in terms of money and effort.

Library Service To Begin At Willkie in '68

Bookmobile services will begin at Willkie House, Inc., about the first of the year, according to John Mapp, director. He said Don Williams, Public Library director, sent word that the service will begin in 1968 on an experimental basis for an indefinite period.

The bookmobile will be parked on 17th street in front of the building from 3:30-4:30 p.m. Fridays.

Unlike many rights workers, the McSurrells prefer to work with whites rather than Negroes. "I would tell these white students to get the hell out of there," he stated, referring to the white workers who are in the Negro civil rights movement.

Why, he was asked, and he replied that the poor white needed the white college student more than the poor black, since the whites were "seven years behind" the Negro in the movement.

Blacks

Always referring to the Negro as blacks or black people, the black college student and the poor white college student, after graduating from college, did the same thing, running away "from the neighborhood by climbing on the backs on the others, pushing them down farther."

Where the black middle class is finally realizing this, and going back to help his poor brother, Al said, the white middleclass (he defined as suburban working class) cannot face his poverty stricken white brother.

The McSurrells were in the city to speak at the Oakridge Center and the Rufus Jones Home.

Problem For Romney: Mormons Vs. Negroes

New York — Before he ran for Governor of Michigan, George Romney warned leaders of the Mormon Church that his political career would put intense heat on his church's racial policies, it was disclosed today.

The Mormon Church permits Negroes to become members, but they are excluded from priesthood organizations that are only open to white male members. Late in 1961, in the last stage of his decision to go into politics, Romney realized that his campaign would embarrass Mormon leaders.

25 Foot Jump After She Climbed Over Bannister, Hit by Car After Impact

A Des Moines woman hurtled to her death Sunday afternoon after she was reported to have fallen or jumped from the 9th street freeway bridge, and struck by a car.

Dead is 43-year old Eunice Morrow, address given as 1212 Hutton street.

Fell on Concrete

Investigating police arriving about 4:19 p.m. filed this report: Mrs. Morrow was lying in the second lane southbound from the north curb line of McVicar freeway, and officers used oxygen in an attempt to revive her. One witness to the incident said he and his wife were driving east of the 9th street freeway when they saw a blue, 1963 Pontiac driven by 19-year-old Jerry Strable of 1011 Searle. They observed a black form come off the west side of the 9th street bridge off the freeway, and almost simultaneously the form hit the pavement (portland cement concrete), and the right front part of the (Strable's) car passed over Mrs. Morrow, causing her to land into the next lane of traffic where she came to rest.

Bump

Strable, the report continued, felt the bump when the car passed over the injured. He then got out of the car and hollered for help. About 16 minutes after the police arrived, the ambulance came to the scene.

Mrs. Morrow was taken to Broadlawn Polk County Hospital where she was formally pronounced dead. Identification of her was not made for nearly six hours, since she carried no identification papers. Identifying the body was Mrs. Georgine Deering, of 1420 11th street.

First reports concerning the woman's identity said she was of Indian or Spanish descent.

It had not yet been established whether Mrs. Morrow died of the fall or from the impact of the car. No charges have been filed against Strable.

Wease Youth Dies After Car Falls; Is Crushed

An 18-year-old North high senior died Saturday evening after suffering fatal injuries from being pinned under a car.

Robert Wease, 18, of 834 9th street, died around 8 p.m. Saturday —after the car hoisted up by an auto jack slipped upon him. He died of a crushed chest and other internal injuries. The accident happened at the home of his grandparents, Mr. and Mrs. Sam Vaughn.

Services were held Wednesday, 1:30 p.m. at St. Paul A.M.E. Church, with the Rev. Mr. Henderson S. Davis officiating.

Attend Beauty Show In Chicago, Ill.

Two Des Moines beauticians attended the Beauty Trade Show of Hair Fashions in Chicago, Ill. They were Mrs. Mildred Graves of Morb's Beauty Salon and Mrs. Levenia Henderson of the Beauty Nook. They left Sunday, Nov. 12 to participate with other students, technicians and artists all over the world in classes demonstrating beauty products and hair fashions.

They were also entertained with a champagne dinner in the Grand Ballroom of the Sheraton Hotel, headquarters of the Show. Beauticians and artists performed that eve-

However the report of Dr. Leo Luka, County medical examiner, Tuesday showed that death came due to injuries from the fall rather than from the car.

Police assume from the reports filed and testimony of witnesses who saw her climb over the bannister and jump off that it was suicide.

Born in Daphne, Ala., she lived in Gainesville, Ala., until moving to Des Moines two years ago. Surviving is her husband, Excenitor.

Services will be later this week at Gainesville, Ala., with burial also there.

Courses On Afro-Am.

To Be Taught In Philly

Philadelphia, Pa. — Afro American history will be taught in Philadelphia high schools. The announcement long overdue came after School Superintendent R. Shedd reacted to a Black Uover demonstration outside his office. The course is not a Black Power Course but an Afro-American course to deal on the Negro's cultural roots.

Gregory Says Won't Eat Because Of VN

Chicago—Negro comedian and civil rights activist Dick Gregory celebrated the Thanksgiving holiday by beginning a 32-day fast in protest of the war in Vietnam.

Gregory, whose civil rights activities have taken him all over the country and jeopardized a lucrative career as an entertainer, said the fast is his own idea.

Robert had been active in cross country track in which he earned a letter, and swimming. He would have graduated in 1968.

Survivors

Survivors include his mother, Mrs. Janice Morris of Minneapolis, Minn.; father, Keil Wease of Des Moines; grandparents, Mr. and Mrs. Vaughn, Hays Wease and Mrs. Shirley Hickey of the city; and brothers, Eugene Daniel, and Bud, Wease and Lu and Clarence Morris.

Burial was at Glendale Cemetery.

Take Your Medicine

If you don't learn anything from your mistakes, there's no point in making them . . .

About all we know about modern art is that if it is hanging on a wall it's a painting; if you can walk around it, it's a sculpture.

Prosperity is great. Too bad it's so expensive . . .

The timid make excuses. The courageous make progress . . .

If a man stands with his right foot on a hot stove and his left foot in a freezer, some statisticians would assert that, on the average, he is completely comfortable!

NCNW Plans Union With Ghetto's Problem

Washington, D.C.—"We dare not lose sight of the fact that the reason Mary McLeod Bethune brought us together as Women United was to make us visible on Capitol Hill, in City Hall, and in the Executive Chambers of our states," declared Dr. Dorothy I. Height, newly re-elected National President, closing the 32nd Annual Convention of the National Council of Negro Women held last week.

Us

"This has not been a We and They Convention. We have had a growing sense of Us—Us who live in the ghettos, who have the problems," Miss Height said. "We are going away enriched and prepared because in this Convention we have worked with women who today are grappling with these problems."

Racist

"We have sat together, urban and rural, and have tried to find the direction to move. It is wherever the black American is handicapped, is frustrated, in a racist society that we must be at work. It is by understanding who we are, and where we are, that we will have the dynamic to grow and take the action that has been indicated in our sessions."

JAMES N. DUNN, who works with the South East Side Project, is in New York this week as one of seven finalists for the Lane Bryant Award. This award is given annually to a person who has been involved in some kind of community work. Dunn was nominated by Bobbie Edwards, a Project neighbor, and Frank Kroll, who works for the Iowa Conference of the United Church of Christ.

JANE STELK, SOUTH EAST-SIDE PROJECT STAFF MEMBER reports that their free Thanksgiving Dinner was held as planned and that about fifty area residents were served. Emphasizing that project undertakings are accomplished with the help of all concerned, Jane reminds me of this portion of Lincoln's Gettysburg Address: "of the people, by the people, for the people."

BERLINA MARTIN, widow of Mason City's late Dr. Edward C. Martin, is enrolled in North Iowa Area Community College's LPN Department. This is an increasingly popular field. Mrs. Martin commented that her class was told "when you finish the training period, you will not have to search for jobs—they will search for us. They will be wooing us!" (So maybe the girls will believe Kizzie Strothers as she seeks to organize LPNs!)

CHRIS MARTIN, a pretty Mason City teenager—in town this weekend—seems quite a seamstress. One of her outfits was a Chinese red cowl collared dress with a yellow, red and green checkered tunic overlay. She wore low-heeled suede slippers trimmed in black leather. An aspiring musician, Chris hopes to major in instrumental music and to follow a teaching career.

CAROLE HEDGES IS ECSTATIC OVER "THE FALL GUYS" after hearing them some 16 times on her recent Chicago visit! Carole, a well-

She is equally agog over Playboy Club's new singer, Adam Wade, whom she describes as "a little better than Johnnie Mathis and kinda like Sammy Davis." She adds "I would like to see somebody like Diamond Lil's bring Wade here! He did a tour in England and is off for The Bahamas right now." Carole also saw Buddy Rich and His Band and heard Jackie Leonard, too. (Let's all go with her on the next Trip?)

RICHARD JACOBI, State University of Iowa graduate student, is being presented in a one-man show by Carole starting at 8 p.m., Dec. 8. The show will hang through December 22. Carole is presenting Jacobi and his work at her studio, The Art Cellar, 6573 1/2 University Avenue, behind Anjo's Restaurant (Corner of 66 and University Avenue). SILLY ADVICE FOR
NEGRO ATHLETES

Boycotts do some good, at times, if they have the power to inconvenience those to whom they are directed to the point that they no longer wish to endure them. But an ineffective boycott which only directs attention to an injustice seldom does any good.

Certainly Harry Edwards, an assistant professor at San Jose State College in California, who leads the boycott of Negro athletes by refusing to compete in the 1968 Olympics, does these young people a disservice by urging them to take a course which will get them nowhere.

Participation in athletics, once the Negro got a chance in big time amateur and college sports, has done much to raise the level of equality for all by the fine manner in which they have acquitted themselves.

Baseball, football or basketball, top notch teams number Negroes on their roster of players. And this practice is reaching further in the deep South.

Many southern white boys never rubbed shoulders with Negroes until they became players on one of the great athletic teams.

There is big money in athletics today and the Negro is getting his share. Participants in the boycott will not have a good influence on team managers when contracts are being signed.

Their advocacy of extreme measures (all of them unsuccessful) pumped into the heads of Negro youngsters simply stiffen opposition of the backlash against Negro advancement and continues to embarrass those who are striving to improve the lot of minorities.

Hitler refused to shake the hand of Jesse Owens when he won four gold medals at the Olympics. Now Hitler is dead, disgraced; Jesse Owens is a successful businessman, made so partly by opportunities received as a result of his athletic ability.

Young Negroes must learn that their future depends on following careers that build noble able men rather than those who spend their time in useless endeavors which help nobody—not even themselves.

THE BEST HELP
FOR GOOD HOUSING

An anti-poverty group in Philadelphia, Pa. hopes to improve sium conditions in South Philadelphia by teaching tenants how to clean, scrub and care for their homes.

This is the most constructive practical approach to better housing for low income groups we have heard about.

When the neighborhood centers were being formed in the ghetto areas, we had an idea that this sort of thing would be one of their main targets.

Many people in these ghettos have never lived in a modern, sanitary home and yet by their own efforts they could make improvements that would make living better. But generally speaking, they had little desire, training or self pride to make their homes any better than the next delapidated home.

One criticism leveled at some housing projects is that tenants moved out of ghettos and lived just as they did where they came from. And there seemed little insistence that they live up to their new standards and surroundings.

Such a program as is being started in Philadelphia will do more to ease house tensions than the laws passed against open occupancy.

NEW CITY COUNCIL
MOVES AHEAD

Des Moines has been chosen by the Federal Government as one of the cities to be studied for a model home project. This is an honor and a challenge for here lies an opportunity to make improvements that have not been included in urban renewal or the freeway.

The city council has approved the study which will determine just what could be done and how to do it.

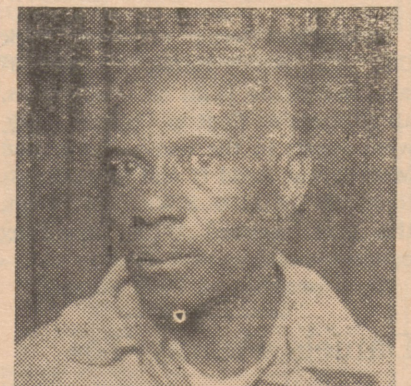

Some members of the newly elected council have been cool to the project vowing they will take a good look at it before approving further action.

It is sensible to take a good look but not foolish like those

who have kept Des Moines from taking opportunities offered for low cost housing.

The new council did approve the continued service of City Manager Chenoweth. It was a wise thing to do. He has done a good job and while everybody is not pleased, nobody is perfect in his job.

SPORTS

With Allen Ashby

One would have to say that even another defeat Iowa's Hawkeyes left a lot of people talking about next year. The substitute quarterback seemed to suddenly grow up in that last quarter. He seemed poised and confident and really ran the ball club. Along with his passing his running suddenly began to look good. Now will this fellow coming up have the freshman and the regular quarterback still around? It looks like one helluva scuffle for that position come next fall.

Dropped

Folks who hadn't left the game before the last quarter of that battle with Illinois stayed right there until the last desperate effort. A field goal attempt that had very little chance of succeeding. The only hope was that the Iowa kicker could get the ball high enough for the wind to carry it and he didn't. Two dropped passes in the first half probably haven't the receivers all year. These were in the first half when it seemed that the only way to get Iowa's receivers to hold onto the ball was to carry it out there and hand it to 'em.

Shocking

We were glad we stayed and we only stayed because we wanted to study the offense play of the Illinois line.

Then that must have been a shocker at Bloomington. We heard a fellow say the night before the Purdue-Indiana game that the Hoosiers were sure to be really fired up for this one. Then he reasoned if they could get a couple of important breaks at the right time, they could pull off the upset. Well, they got the breaks that turn games around, and out there is a three way tie for the Big Ten title. Indiana was the overwhelming choice of fans around the country for the Rose Bowl try if there were any to get them in spite of what the guys at Minnesota said.

The poor Gophers didn't get the trip west and were held to a draw in the first fight afterwards.

Maybe next year.

We are still picking Keyes for the Heissman trophy, in spite of polls that place him a distant third behind O. J. Simpson, and U.C.L.A.'s Gary Beban. We do think the all American backfield will have both Keyes and Simpson along with Beban.

If you watch the Army-Navy games this weekend you will probably see something we don't think has happened before, or if it did it escaped our notice. Both starting lines will contain Negroes and the play for the Army is really a stand-out.

(Ed. Note: Beban was chosen Heissman Trophy winner Tuesday. Simpson second, Keyes third.)

The Oakland Raiders
Against "Speedie"

"Don't forget about Speedie," warned Les (Speedie) Duncan (5-10, 170 lbs.) of the San Diego Chargers early in the season when everyone was talking about rookies such as Floyd Little and Noland Smith.

"Sure, with guys like Little and Smith—and don't forget Rodger Bird either—the competition is rough. But I've won the punt return title two years in a row and I'm going to keep that title."

Duncan's next test in defense of the title he covets comes in the key clash on this Sunday's American Football League schedule that sends Western Division leading Oakland against the Runner-up Chargers.

Urges Citizens To
Write Wardmen About
Model Cities Prog.

(Des Moines was recently chosen as one of the cities to take part in the Model Cities program.)

To the Editor:

We in the target area are quite enthusiastic about the Model Cities program. With this program will come many opportunities to bring this area to its full potential.

The program is designed to enhance the area by the removal of its blighted condition, and to give it a general face-lifting, such as a complete cleaning of the area, job retraining, health services, and recreational facilities; plus the possibility of low cost loans for homes or businesses.

The need is for all residents especially in this area to write their wardmen expressing their desire for such a program to become a reality.

Country Not for Them, Say
Some Negro Athletes; to
Boycott 1968 Olympics

Los Angeles, Calif.—A prominent group of college Negro athletes threatened last week to boycott the 1968 Olympic Games to dramatize the injustices suffered by Negroes in this country.

The resolution calling for the Olympics boycott emanated from a regional Black Youth Conference here. "This country is not for us," explained Harry Edwards, one of the advocates of the boycott and an assistant professor of sociology at San Jose State College.

Alcindor

He said the group included Lew Alcindor, last season's college basketball player of the year; Tommie Smith, the holder of world records for the 200-meter and 220-yard dashes; Mike Warren, a guard and teammate of Alcindor on the University of California, Los Angeles, team; Otis Burrell, a former University of Nevada high jumper, and Lee Evans, a San Jose State track star.

Smith said he would "give my right arm" to win a gold medal in the Olympics. However, he said last week he would join a boycott.

"I am quite willing not only to

give up participation in the games but also my life if necessary," Smith said. "If it means that it will open a door or channel by which the oppression and injustice suffered by my people in America can be alleviated."

Chosen

Although members of the United States Olympic teams will not be selected until after trials next year, Edwards said Negro athletes supporting the boycott were among those most likely to be chosen for the games next October in Mexico City.

"This is our way of pointing out," he said, "that the United States has no right to set itself up as a leader of the free world. It is a simple fact that America has to be exposed for what it is—America is as guilty

Quotable Quote

Nashville, Tenn.—In a recent address by Robert C. Weaver, Secretary, Department of Housing and Urban Development, to the Citizens for Housing and Urban Development, to the Citizens for Housing and Urban Development Dinner at Nashville, he stated: "In recent weeks, it has seemed that almost daily there

are new ideas to help ghetto residents—to provide jobs and housing. Our new tools include housing built publicly or privately, or leased, or rehabilitated. In mass transit, we are hard at work on the tough problem of people who cannot get from their home to jobs, or hospitals, schools, or theaters. Since July a new bus service in Nashville for the first time, links 3,300 passengers a day to nine hospitals.

"In South-Central Los Angeles, including Watts, we have a new bus service carrying 2,600 passengers a day, hundreds of them to new jobs they could not otherwise hold. Something new and dramatic is going on across the whole field of housing and urban development.

"But it will come to nothing if local communities are unwilling to use the new tools, and to take the risks inevitable in new ventures."

Centerville Community: This Is Where

The Athletes Are Going; Harris, Herndon

Centerville, Ia. — Centerville Community College this year is being represented by some fine Iowa athletes: Willie Herndon and Chris Humphrey of Des Moines; Ron Wilson of Burlington; Al Cooper, Keokuk; Bob Tyson, Waterloo; and Council Bluffs baseball man Lloyd Breslers.

Herndon, already known to Des Moines residents for the grid work he performed at Technical High School, is "doing an excellent job" at Centerville, according to athletic director, Pat Daugherty. Herndon is currently holding down the starting guard positions on the basketball team. When the spring season opens Herndon will also try for outfielder in baseball.

Injured

Another athletic, Mike Harris, reported for football drills, but was laid off after an injury.

Wilson, a 6' 1" sophomore and offensive end for the Falcon football team, is from Burlington and has also reported for basketball drills; Al Cooper, track-football player hails from Keokuk and is a freshman. He was a running back in the football offense. Tyson, one of the state's top track men, has turned the quartermile distance in 48.3. A freshman, he is from Waterloo.

Breslers, a freshman also, was a member of Council Bluffs Jefferson High's state tournament baseball team.

Out of state youths are Jerry Cato, 6' 2" fullback from Galesburg, Ill., who made first team all-conference this year. He is a racially as South Africa ever was."

Awards

In 1964 Olympic Games at Tokyo, fifty of the 362 U.S. athletes were Negroes. Of the 126 medals won by America 22 were won by Negroes. Among the gold medalists were sprinter Bob Hayes and Henry Carr, huddler Hayes Jones and heavyweight fighter Joe Frazer.

Outstanding

But outstanding defensive back was Lee Wiler of Canton, Ohio, with Bob Tillman, of Ardmore, a, Rocky Cavil of Hannibal and Rick Stevenson of St. Louis.

Centerville plays Grandview Junior College in its opening basketball season Saturday night at Des Moines, 7:30 p.m.

Named Am. League

Rookie Of The Year

New York—Rod Carew, the 22-year-old second baseman for the Minnesota Twins, was named the American league's rookie of the year last week for his performance in the past baseball season.

The vote for Carew would have been unanimous had it not been for the nomination of Boston Red Sox center fielder Reggie Smith. Carew received 19 of the 20 votes.

Carew is a left-handed batter and hit sixth in the league last season with a .292 batting average. He walked 23 homers, seven triples, 22 doubles and collected 51 RBIs.
