4 Get Postal Awards for 'Outstanding Service'

General Counsel Carter Denounces Board Action

Shows Increased Recognition of Merit In Des Moines Office

Four career postal workers were among ten employees of the Post Office here who were presented \$250 superior Accomplishments Awards last week for notable performance of their duties. The recipients had a special honor added to the occasion, when U. S. Postmaster General Marvin Watson, Washington, D.C.

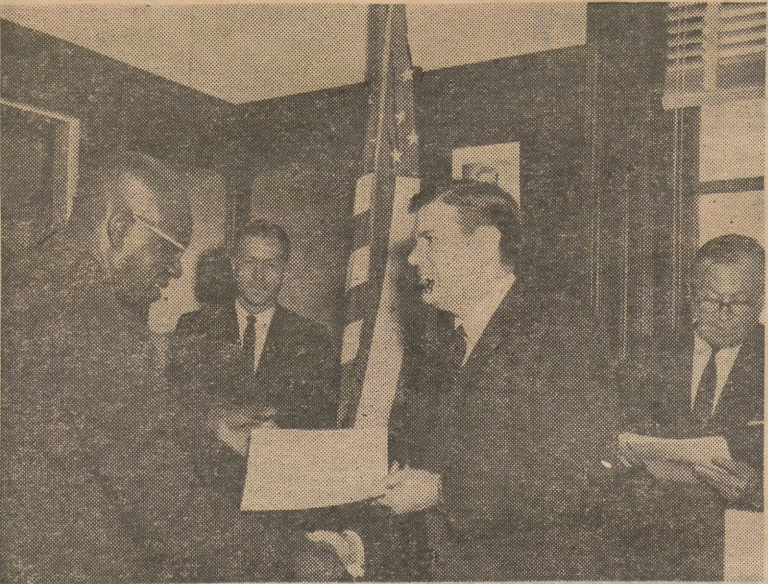

presented the checks and certificates. Mr. Watson was in Des Moines to headline the cornerstone laying of the new main Postoffice under construction in the River Hills area. He made the presentation in the Postmaster's office after a tour of the workroom floor of the Des Moines office, visiting and chatting with postal personnel.

The four recipients are Peter Hawthorne, Jr., 1223 10th street; distribution clerk; Ralph E. Jones, 947 16th street, distribution clerk; Eugene Gilbert Russell, 949 17th street, carrier; and Stanley H. Satterfield, 4136 Branciff street, distribution clerk.

4 Guilty, 2 Innocent for Protesting Riot Duty

Ft. Hood, Tex. — Trials for the first group of soldiers who protested possible riot duty in Chicago, Ill., ended last Friday when a court-martial board found two of them innocent and four guilty on a charge of failure to obey an officer's order.

Identified

Sgt. Robert Rucker, 21, of Gary, Ind., and Pfc. Ernest Bess, 22, of Trenton, N. J., were found innocent. Convicted were Spec. 4 Tolle Roy, 20, Texarkana, Tex.; Pfc. Guy Smith, 21, the Bronx, N.Y.; Pfc. Ernest Frederick, 18, Detroit, Mich., and Spec. 4 Albert Henry, Jr., 19, Houston, Tex.

Viet Nam Vets

The men many of them Viet Nam Veterans, were among 41 charged after a midnight protest demonstration on the eve of the National Democratic Convention in Chicago. The

soldiers reportedly gathered at a post street intersection and refused to disperse when ordered to do so by an officer. The soldiers said they had heard rumors that they would be called to riot duty in Chicago and protested because they did not want to raise a bayonet before rioting 'black brothers' because they 'knew the reason they rioted.'

Sentences

Smith and Frederick were given bad conduct discharges by the court martial board said an Army spokesman, who also revealed that Henry was sentenced to three months confinement at hard labor, forfeiture of \$25 per month for three months and reduction to the lowest enlisted rank of private.

Roy received the same sentence as Henry with the exception of confinement.

Nine of the men charged remain

Say Negroes Would Be Foolish To Boycott Polls Tuesday

Chicago, Ill. — The President of The Chicago Committee of One Hundred, Ernest R. Rather, said it would be "futile and foolish" for Negroes to stay away from the polls on Tuesday, Nov. 5th.

Rather, in a pre-election statement, said "too much is at stake" to boycott the polls.

Threats Real

"This is an election year in which Negroes throughout the nation are compelled to act out of a sense of responsibility as well as a sense of self-defense," Rather said. "The threats which some of the Presidential candidates represent are tangible and extremely real. It would be tragic if Negro voters did not address themselves to this reality."

Non-Partisan

Rather said The Chicago Committee of One Hundred has always been a non-partisan civic organization. As a result, he said he would make no recommendations regarding Presidential preferences.

"Negroes are quite mature enough politically to decide for themselves which candidate more nearly exemplifies their own interests, and the welfare of the nation," he said.

Misleading

"However," he added, "there is a good deal of confusing and misleading advice being thrown around these to be tried. The courts-martial of five were scheduled to begin last Monday, but were rescheduled to yesterday."

days and Negroes would suffer if they were to fall into the trap which is being set for them."

Rather said, "Anyone who proposes that Negroes refrain from utilizing their franchise is doing an enormous disservice to the cause of freedom. Too many Negro and White Americans have died in the fight to win the ballot for all citizens. To refuse to vote would be a dishonor to these heroes."

Reaction

Pointing to what he called "a drift toward reaction in this country," Rather said Negroes would be hastening "the spread of repression and oppression if they permitted their vote power to be diluted."

22 Million Negroes

"There are 1,119,500 Negroes in Chicago, and more than 22,000,000 in the United States. Any political analyst knows that a Negro bloc vote, local or national, can have extraordinary influence on any election," Rather said.

Pleds Not Guilty To Murder Charge After Extradition

Clyde Milford Johnson, 35, who was extradited from Kansas City, Mo., to Des Moines, pleaded innocent to a murder charge Monday before Municipal Court Judge Ray Harrison. A hearing is scheduled for 1:30 p.m. Nov. 8. Johnson is being held with-

Kansas City, Mo. — Stephanie Bryant was crowned Homecoming Queen of Southeast high school here becoming the second Negro to receive this honor from the football players and the student body.

Hollywood, Calif. — Actor-athlete James Brown, was bound over in Beverly Hills for trial on assault charges involving two policemen. He has just returned from filming a movie, "100 Rifles," in Spain.

Washington, D. C. — Postmaster General W. Marvin Watson said Oct. 18 that a postage stamp will be issued next year saluting W. C. Handy, the Negro musician and composer who put Memphis on the jazz map.

Philadelphia, Pa. — The nation's largest Negro-developed shopping center — Progress Plaza — was dedicated Sunday before a crowd estimated at 10,000. The block-long complex of 17 stores was developed by the Rev. Leon H. Sullivan, whose Opportunities Industrialization Center program trains Negroes in business and industrial skills all over the country. Ten of the stores are owned and operated by Negroes with the remaining managed by Negroes.

Detroit, Mich. — Florence Ballard (Mrs. Thomas Chapman) popular recording artist and former member of the Supremes vocal group gave birth to twin daughters on Oct. 13.

Kansas City, Kans. — The legal and organizational work has recently been completed by the National Bar Association a nation-wide organization of black lawyers, in establishing the National Bar Foundation, Inc., with its principal office in the Douglas State Bank building here.

Milwaukee, Wis. — The widow of slain Civil Rights leader Dr. Martin Luther King, Jr., Mrs. Coretta Scott King, will speak in Milwaukee during the second annual month long observance sponsored by Negro Cultural Achievement, Inc., next month.

Milwaukee — The purchase of Milwaukee's first Black owned shopping Center was announced last week by Mrs. Wesley Graham.

out bond in Polk County Jail.

Johnson, who was arrested in Kansas City, two weeks ago, is accused in connection with the murder here July 24 of Daniel Joseph Schmidt, 28, of Ames. Schmidt was found shot and stabbed in a garage at 1334 13th street.

Police said Schmidt apparently had been shot with a shotgun in a second-floor apartment at the 13th street address and had either walked or been carried to the garage.

A warrant for the arrest of Johnson was issued shortly after discovery of the body. Several witnesses reportedly identified Johnson as the person who had shot Schmidt.

New York, N.Y.—General Counsel Robert Carter and the entire legal staff of the National Association for the Advancement of Colored People resigned Monday over the firing of Counsel Lewis Steel who had written an article attacking the United States Supreme Court.

Counsel announced his resignation effective Dec. 1 from the position he held 24 years. He criticized the NAACP national board for insisting its lawyers conform to its kind of orthodoxy.

The demand that Atty. Steel be reinstated with the Legal department, had been met with loud silence from the board members and its chairman, Bishop Stephen Spottswood.

Criticizes Court

The hullabaloo began when Steel wrote an article, titled "Nine Men in Black Who Think White," which appeared in the Oct. 13 issue of the New York Times Magazine.

In the article Steel claims "a cautious Supreme Court has waltzed to the music of the white majority—one step forward, one step backward, sidestep, sidestep."

Board Incensed

The NAACP Board of Directors were incensed over the article that they fired Steel, 31, from the Legal department without asking him or General Counsel Robert Carter for an explanation.

Carter's Demands

Carter got into the third act by writing a letter to Board members calling Carter's dismissal "arbitrary, demeaning and intolerable". He then demanded that Carter be reinstated before Noon on Oct. 21. There has been silence since from the board members.

Carter got into the third act by writing a letter to Board members calling Carter's dismissal "arbitrary, demeaning and intolerable". He then demanded that Carter be reinstated before Noon on Oct. 21. There has been silence since from the board members.

NAACP executive secretary Roy Wilkins, who was away on a vacation cruise during the board vote reportedly told Carter that his action was "inappropriate."

"Unreasonable"

In his letter to board members Carter stated . . . "Dismissal of Mr. Steel because of personal opinions expressed in an article . . . flies directly into the face of the Association's long espoused principles . . . Nothing in this article indicated that Mr. Steel was speaking for the Association."

"It is unreasonable for the Board to expect me to function effectively

as administrator of the Association's legal office, while the Board assumes the prerogative of disciplining members of the legal staff, with absolutely no concern for the implications its action might have on this department and the Association."

Steel Charges

In his article Steel charged the court with maintaining the status quo and striking down only "overtly, obnoxious" discrimination.

He charged that 14 years after the 1954 Brown v. Board of Education decision only about 15 per cent of the black pupils in the South attend integrated schools.

NAACP Reactions

After reading the article John Morrell, NAACP's assistant executive director is reported as saying, "My God, now they'll be able to say that the NAACP is jumping on the court."

Chairman Spottswood denounced "historical inaccuracies" in the article but did not specify them. The next day after the article appeared Steel was dismissed from the department.

A top graduate of New York law school, Steel has tried more than 75 cases in the four years he has been with the Legal department.

Other Staff Lawyers

On Oct. 24 seven other members of the Association's legal staff wrote a letter to board members in which they stated, "we fully concur in the sentiments expressed in Robert L. Carter's letter of Oct. 16 to you concerning the summary dismissal of our colleague, Lewis M. Steel."

6.8 Pct. Whites In D.C. Schools

Washington, D. C. — Enrollment of white students in District of Columbia secondary schools decreased from 9.1 per cent last year to 6.8 per cent this fall, according to statistics released by the school system Oct. 24. The rate of decrease is about the same as from 1966 to 1967.

The percentages represent a decrease of 1,100 white students to a total of 3,459. At the same time, enrollment of Negro students increased by 1,724 to a total of 47,162.

Comparable figures on elementary school enrollment have not been compiled yet.

Art Display By Mrs. Bertha Cassell Adorns Logan Opportunity Center

Adorning the west walls above the Logan Opportunity Center Staff Office hangs a reproduction of a photographic portrait of Dr. Martin Luther King. Hanging about and beyond this picture are pencil sketchings of twelve Great Black Americans. Of the 12 only James Weldon Johnson and Senator Edward Brooke are living. Others among the 12 are Malcolm X, Phyllis Wheatley, Frederick Douglass and Crispus Attucks.

These are the works of Mrs. Bertha Cassell, 1231 Stewart street. She succeeded in capturing the inner moods of each subject. For example, clearly revealed in the face of Malcolm X are what we felt, in his lifetime, to be great hostility and militancy, but which by now, in the light of present events, was only a fore-runner.

She stated that "the first thing I saw when I looked into his face was the distrust in his eyes. Then next I noted the pronounced hate lines

about his mouth."

In contrast, when I viewed Frederick Douglass, I felt this persuasive personality, his determination. I felt him to be a man of forceful eloquence. In retrospect I sensed that with Douglass' place in time anger could not have achieved the proportions which necessarily had to be felt by Malcolm X in the 19th century."

When queried as to what motivated her to do this work, Mrs. Cassell replied that the sketching was an aftermath of her own awareness of the historical contribution of these black leaders."

Children

The artist has two children, Roger 18 and Mardeen 16. Roger is now a student at San Francisco City College, and Mardeen is a junior at East High School.

Last summer Roger was employed by San Francisco City's Tax Department. Mardeen participated in the Upward Bound Program at Central College.

Military Court Frees Soldier; Killed Three In Germany With Knife

Germany — A military court pronounced a white Alabama soldier innocent Saturday of charges of the unpremeditated murder of three Negro soldiers in a July 4 fight.

Spec. 5 Marion Cook, 19, of Attala, Ala., was charged with knifing to death Pfc. Elijah Witherspoon, 21, of Sumter, South Carolina; Spec. 4 James E. Bowen, 21, of Evanston, Illinois, and Pvt. Menrie Moore, 22, of Chicago, Illinois, in a fight outside a Karlsruhe bar.

Cook, who was defended by Boston attorney F. Lee Bailey, stood to attention when he heard the verdict and then wheeled around to embrace his twin brother, Marlon, whom the defendant said he was trying to protect during the fatal stabbing.

The jury deliberated more than three hours after Bailey told them his client's plea of self-defense was justified because "Marion Cook was scared to death by his Negro attackers."

Referring to the racial conflict often aired during the four-day trial, Bailey said: "I regret the evidence in this case forced constant reference to distinction of race. If the Lord had made us all color-blind those boys wouldn't be dead today."

The prosecutor, Captain Thomas Q. Robin, told the jury it had a single question to decide: "Was the accused justified in killing those three men? It is the position of the government that he was not. Self-defense is not a license to slaughter."

Answers and Questions About Social Security

The Iowa Bystander has made arrangements with the Des Moines office of the Social Security Administration to answer questions for our readers about social security and medicare. Send your questions to Field Representative, Room 293, Federal Building, 210 Walnut Street, Des Moines.

Q. My wife died 3 years ago and left 3 small children. She had worked prior to our marriage so I received a lump sum death payment but there were no benefits payable to my children. Is this still true?

A. No. Prior to the 1967 social security amendments, women workers had to have a year and a half of work credit during the 3 year and 3 month period prior to her death, disability or retirement, or benefits could not be paid to her children even if she was fully insured under social security. This restriction has now been removed and children even if she was fully insured under social security. This restriction has now been removed and children's benefits can now be paid if the mother met only the fully insured requirement.

Q. I have been told that my social security benefit amount will be based

on my last five years of earnings when I retire. Is this true?

A. No. The number of years used to compute your benefit amount depends on the year you reach retirement. The period used starts with 1951 or the year after you attained age 21. The period ends with the year before you reach retirement (which is age 62 for a woman and age 65 for a man). The five lowest years of earnings will be dropped and your benefit amount will be based on the average of the remaining years.

Q. I have been working at high wages for several years. I have several years to go before I reach retirement age. I would like to stop work. I have been told I can freeze my social security account at the present level so that I could receive maximum benefits when I reach retirement age. How do I do this?

A. You have been misinformed. It is not possible to freeze your social security account unless you are disabled. If you have to stop work because of a disability then you may be entitled to disability benefits and at the same time freeze your account.

Gibson Favors State Tuition Grants

Ben J. Gibson said today that he favored a program of state tuition grants for Iowa students attending private colleges and universities in the state. Gibson is the Republican candidate for the state House of Representatives from Polk County's 11th District.

"This approach to aid for higher education in Iowa makes a lot more sense to me than building more and more facilities at our state institutions—certainly more than the idea of constructing a whole new state university in western Iowa," Gibson said.

The Des Moines Branch of N.A.A.C.P. will hold its regular monthly meeting November 26. This meeting will be held at The Willkie House, 900 17th Street at 7:30 p.m. All committee chairmen should begin to prepare their reports of the year which are to be ready by December 14. All Fall memberships

Baptists' Dr. Jackson Endorses Nixon

New York — The National Baptist Convention, U.S.A., Inc.'s Political Action Committee, and Dr. J. H. Jackson, president of the six-million member Negro organization, today endorsed Richard M. Nixon for President of the United States.

Hampton Named Nixon 'Action Committee' Head

New York, Oct. 30 — Bandleader Lionel Hampton was today named chairman of the National Action Committee to bring 'A piece of the action' to black communities.

The appointment was announced by John J. Gilhooly and Dr. Rita E. Hauser, Co-Chairmen of New Yorkers for Nixon-Agnew. The National Action Committee is headquartered in Harlem at Lenox Ave. between 124th and 125th streets.

Hampton worked for Eisenhower-Nixon in 1952 and 1956, for Nixon-Lodge in 1960, and for the Rockefeller team in 1966.

"Nixon offers black people a piece

of the action," Hampton declared. "He was the first with a proposal to restore human dignity in the ghettos of America."

"Where there's action, there's power," that's our slogan and Mr. Nixon supports it fully. We're for Nixon for better jobs, better communities and better understanding.

HEALTH FOR ALL

What's New About Flu

The influenza virus, in one form or another, never stops trying. This winter it may try a little harder. Having failed to make a really serious dent in the United States since 1957, when the A-2 strain made its debut, it has now been receiving advance press notices of a 1968-69 appearance in another new or altered form.

This new form of the A-2 strain appeared in Hong Kong last summer, and may dodge the effects of presently available vaccines. In the words of a U.S. Public Health Service report, "Current vaccines may provide only limited protection against A2/Hong Kong/68."

How do you recognize possible symptoms of flu? Many are like symptoms of the common cold, only more so. There may be sore throat, nasal congestion, dry cough, chills, fever, muscular aches. Temperature rises quickly.

Complications could develop, such as bronchitis, pneumonia, sinus trouble, ear infection. But complication are the exception, not the rule. Best thing is to call a doctor if symptoms appear to be developing.

For persons more vulnerable than the average, your tuberculosis and respiratory disease association recommends vaccination with current

vaccines, even though the protection may be less than complete. Such per-

sons include those 45 years old or more; those with a chronic illness; patients in nursing homes or chronic disease hospitals; and pregnant women. A new vaccine is on the way,

but it will take time. When it does become available, let your doctor decide whether you need it.

Legal Defense Act to Explain NAACP Lawyer Difference

We have received a number of inquiries concerning the resignation of the NAACP's legal staff. The NAACP Legal Defense and Educational Fund, Inc. (LDF) is not in any way involved in this controversy. All our 25 staff attorneys are at work. The confusion undoubtedly has arisen be-

cause of the similarity of our names. While LDF was founded by the NAACP in 1939 and represents many members of the Association, members of other civil rights groups, and those who belong to no organization, the Legal Defense Fund (LDF) is completely and totally separate. Under Thurgood Marshall, our Chief Counsel until 1961 when he went to the bench, and at present under Jack Greenberg, the Legal Defense Fund (LDF) has had its independent Board of Directors, its own sources of funds and its own staff.

Every American should not only live in a decent home—but also have the chance to own it. Richard Nixon believes the best way to get this is not through more dollars from the federal government—but through more help from the business community and private builders. That's why he wants more programs like Senator Percy's housing plan which provides low cost loans to rebuild the slums and help the black man to become a home owner. The chance for children like Kathy to get into a decent home of their own depends on your vote.

This time, vote like Kathy Parks' whole world depended on it.

This time, vote to give Kathy a decent home in which to live.

Scientific Prayer

Before men could fly the first airplane, they had to do more than want to fly, they had to learn the laws of flight to set them free from the earth.

Similarly, when men pray and seem to receive no answer, can it be that they have something first to learn about prayer... and about the benevolent laws of God?

ROBERT, JR. AND CHARMAYNE WRIGHT now enrolled at the State University of Iowa are following in the footsteps of both parents! What choice had they? Remember back when Robert, Sr. and Bernice married while he was an ISU freshman, and later when he worked as a policeman while attending law school? Service is as important as the product you buy.

Save money by making sure... before you buy... that reliable repair service is available locally.

Six rules of buying a product that will need maintenance or repair:

1. Expect good sales service. If you don't get it you're likely to have trouble when you need repairs.
2. A guarantee is only as good as the organization behind it. Read it carefully.
3. Think of the product in terms of need for maintenance and availability of parts and service.
4. A good product name is essential but not enough if facilities for service are lacking.
5. Utility companies may be able to tell you where to obtain good service.
6. A dealer with adequate service facilities may have to charge a slightly higher price for the product.

You save in the long run with those who have facilities for good service.

Your professional beautician knows the answer...

Can your hair be damaged from brushing, alone?

All hair becomes damaged from exposure to sun and natural elements. Certain greasy compounds and many chemicals, improperly used, also take their toll... not to mention simple attempts at beautifying the hair with any brush not made of natural bristles. The results are brittleness, breakage, dry and dull looking hair.

Your professional beautician knows how artificial bristles actually brush away a great deal of the "lubricants" of the hair that give it body, lustre and protection. And trained beauticians claim that nothing beats Clairol® condition® Beauty Pack Treatment for overcoming brittleness, dryness and breakage... leaving hair lively and easy to manage. condition® is an easy-to-work-with creme which can even be applied during a chemical straightening retouch to prevent drying of hair that has been previously relaxed. condition® is the ultimate in repairing deep-down damage. And, when time is a factor for their customers, hairdressers turn to new Clairol® Hair Dew®—the lotion conditioner that penetrates so fast many think of it as an instant conditioner. When applied regularly by your beautician, Clairol Hair Dew adds body, softens and gives a glowing new look to your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles. But damage to every woman's hair comes from so many other causes that all human hair (including wigs) needs to be revitalized periodically. Visit your professional beautician and ask this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure.

'A Cake to Please Hobgoblins

BE SURE TO FEED THOSE HOBGOBLINS well this All Hallows Eve. Then good luck and fortune will follow you the rest of the year, or so the saying goes. And, of course, everyone knows that their favorite feast is cake—golden rich layers made instantly with a cake mix. In the picture above a flavormore apricot-coconut filling is spooned between the layers, the top of the cake dusted with confectioners' sugar and an amusing face, made of the filling, grins away atop the cake. Try it—see if your hobgoblins don't approve.

HALLOWEEN CAKE WITH COCONUT FRUIT FILLING
1 package Instant Swans Down Devil's Food Mix
1 cup cooked dried apricots
1 cup drained canned crushed pineapple
1 1/2 cup sugar
3 tablespoons orange juice
1/4 teaspoon grated orange rind
1/4 cup shredded coconut
Confectioners' sugar
Prepare cake mix as directed on package. Bake in 9-inch layers. Cool.

Combine apricots, pineapple, and sugar in saucepan. Cook over low heat, stirring constantly, 5 minutes, or until fruit is clear. Cool; then add orange juice, rind, and coconut. Chill well.

Set aside 1/4 cup of the filling. Spread remaining filling between layers. Cut a pumpkin shape from waxed paper; place in center of cake. Sprinkle confectioners' sugar over cake—around paper pattern. Carefully remove pattern and fill in center with reserved filling. Use finely chopped coconut to make eyes, nose, and mouth on pumpkin face. (ANS)

WE SUPPORT

NIXON FOR PRESIDENT

Many people are in doubt as for whom they should vote next week. Some because they have given little attention to the issues; some because they are confused.

It would be well to bear in mind that our country is governed by parties. So, as we pick a candidate, the voter chooses one or the other party.

Today, the country is in trouble; we have lost our balance. And naturally the party in power must take the blame for it claims the good that has been done.

Nixon and Humphrey are fair representatives of their party neither being the best candidate. But they got the nomination and thus one of the two will be the next president. (We are certain that Wallace is not only unqualified but that his election would ruin the country.)

Two great issues face the American people today: the war in Vietnam and crime. Both have been dealt with by this administration of which Mr. Humphrey is a part. Both get no better daily.

On the other hand Republicans have somehow stopped or closed out our wars getting the people back to normal living. We believe they should have an opportunity to try again.

Both Nixon and Humphrey have spent most of their life in political activity with Nixon possessing more business, more practical operation of the government than Humphrey. And while we would not charge Mr. Humphrey with all the rise in crime, much of it has come about during the last few years.

The Bystander recognizes that Mr. Humphrey has been a strong advocate of civil rights and is a splendid orator.

However, in an effort to get the nation on the right track again we believe that Nixon is in the best position to do so during the coming four years.

MANY MISJUDGE THE
USE OF PROTEST

Last week, the Des Moines Branch NAACP endorsed responsible efforts upon the part of young Negroes to better their education. The Bystander took the same position recognizing that some of the demands made by Negro students to the school board have merit; some have none or are matters over which the board has no control.

It is unfortunate that the matter has come up so as to seemingly put Negro students against the board (against white people as such) on the other hand the board appears stunned and is not sure which way to go.

There have been reports of increased bad behavior upon the part of many of the lower grade students, assuming that because complainants were made of some specific things, everything was wrong in the schools. And they are making life miserable for many of the teachers as well as those students who are trying to do good thus crippling their education and their deportment.

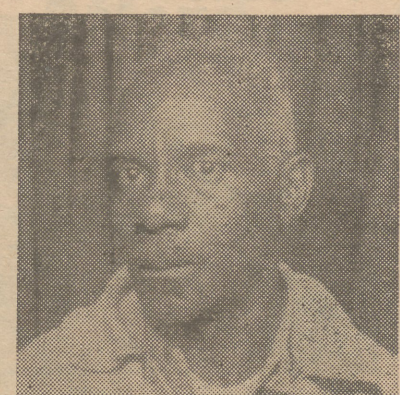

Somehow more parents and just other citizens must get involved in this every day activity of the children. The situation gets bad from day to day with little done to get these youngsters to respect themselves and those who teach them.

The athletes at East High started a program of visiting other schools and speaking for order in school and off the grounds so that the fights at ball games might be averted. This program, in the absence of none better, should be followed up for we cannot sit idly by and let these things go by default.

SPORTS

With Allen Ashby

It was a tough week end for all three of the schools called the Big Three. Yet none of them really had much to be ashamed of. Take away the fumbles and pass interceptions and Iowa University would have been in that Purdue game. Iowa State really came back up in the second half and made the Kansas coaches wonder if they were playing the same team. Both the Hawks and Cyclones are loaded with sophomores and should really get on the right side of the ledger next year.

Drake

Drake lost the kind of a game that one never forgets. Those close losses stay with a person as long as he lives. He can see them over and over down the years and each time it will seem like yesterday. Close wins don't have that effect. Why, we don't know.

High School

Here at home Dowling and Roosevelt headed for their showdown next week by beating East and Valley. The winner of the Dowling-Riders game will likely pick up all the marbles.

There is a funny bit of byplay about Dowling. All season long a fellow has been asking me about a Chris Davis who plays for Dowling. After each game he would ask me about Davis. Well last week he reminded us that Davis scored a touchdown for Dowling. Now, we wouldn't know Chris if he walked up and swatted us so we finally asked just who is Chris Davis. It came out that the fellow who asked about him is a friend of the Davis family and knowing about our column wanted to see his friend's name in it. Well, you got your wish!

Olympics

We watched the final events of the Summer Olympics in Mexico Sunday and were a little impressed by the fellow who won the heavyweight title. The guy named Foreman might make it as a pro, but we would guess he is far from being the natural that Patterson and Clay were as amateurs. The big fellow can punch but he must learn to keep his balance or he will be in trouble. Balance was Joe Lewis' chief weakness and was the reason he got floored so often. He frequently got his feet mixed up. But the final day and closing events were really something to see and made one ask why can't all the people of the world come together for something besides an athletic meet. Sure, they had their squabbles and differences because they are all human, but they never lost sight of their main goal. Now why can't the main goal be peace on earth in the same spirit and by the same group of people.

Pheasant Hunting
Season Opens Nov. 9

Des Moines, Ia. — Iowa's 1968 pheasant hunting season opens Saturday morning, November 9. The star attraction of this exciting show is John Ringneck—king of the up-

land game birds.

The hunting season runs from November 9 through December 31 with shooting hours from 8 a.m., until 4:30 p.m. The daily bag limit is three roosters with six in possession. The entire state is open except for an area bounded by Highways 60, 92, 218 and 34 in southeast Iowa.

Pheasant hunting prospects on a state-wide basis are very good. The birds came through the winter in excellent shape and Iowa had a near perfect spring as far as the pheasants were concerned. The spring breeding population was higher than that of 1967 and nesting conditions were good. Where birds had good nesting cover, production was high.

Forty and One
Men's Bowling League

The Forty and One Men's Bowling League met Monday night at Grand Lanes. Church Bennett was high for the evening with a 233 game and LaVon Burton was second with a 227 game.

Forty and One League

High game scorer for the Forty and One Men's Bowling League was Clifford Sharp, Jr., who bowled a 232-609 game series. High men's series was Bob Terry, 624, and Will Hunt, 600.

The League bowls each Monday night at Grand Lanes. Elmer Tolson is president.
