Negro's Right to Vote in Iowa 100 Yrs. Old

Study Conducted by Iowa University Team

Iowa City — Exactly 100 years ago next week, the citizens of Iowa approved the right of Afro-Americans to vote, doing so in an era when 14 other northern states were defeating proposals for black suffrage.

The Republican party and rural and small town voters were the key factors in this 1868 referendum held simultaneously with the election in which Gen. Ulysses S. Grant defeated Horatio Seymour for his first term as president.

Research on the subject has been done by Associate Professor Robert R. Dykstra of the University of Iowa history department and Assistant Professor Harlan Hahn of the political science department of the University of California at Riverside, for an article in Public Opinion Quarterly.

Vote Won 66.5

The vote for Afro-American enfranchisement was 66.5 per cent, Dykstra and Hahn found after studying election returns in 97 counties and 437 precincts. The Iowans were voting to erase the word "white" from from the state constitution in clauses on voting, census and apportionment regulations, and composition of the state militia.

"A sixth discriminatory clause, confining membership in the legislature to free whites, was overlooked in the haste to prepare amendments," the authors wrote, "but voters repealed this provision in 1880 by a margin of 63.4 per cent."

"The number of voters in favor of Afro-American suffrage in 1868 corresponds closely to the votes for the Republican presidential ticket, Dykstra and Hahn said. Iowa's Republican leadership had been zealous about making a moral issue out of the blacks' right to vote, their research showed.

It appears also that "the greatest support for Negro enfranchisement was concentrated in rural or farming regions and that its principal opponents were located in the relatively urbanized or densely settled areas of the state," they said.

"Small towns (2,500 population or less) gave slightly more support to the Republican party and to Negro suffrage," said the authors, which "is consistent with previous research indicating that the residents of small towns are less likely to depart from traditional party orthodoxy than other segments of the voting population."

Immigrants Opposed

The Dykstra-Hahn research showed that European immigrants, even Republican ones, were more likely to vote against black suffrage than other citizens, possibly because such immigrants had more fears of "economic displacement should Negroes be attracted to Iowa by the extension of suffrage."

The matter was taken out of the states' hands in 1870 when the 15th amendment to the U.S. Constitution was adopted, declaring that "the right of the citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of race, color or previous condition of servitude."

Reverses Parebeau

The 1868 referendum marked a radical change from one held in 1857 in which 85.4 per cent of the Iowa voters rejected a state constitutional

amendment giving blacks the vote. That year only two counties voted in favor: Mitchell County, with a large Scandinavian settlement, gave the proposal a plurality of less than one per cent, and Cedar County, with a population almost exclusively Quaker, voted 284-0 for black suffrage, the authors said.

"The attitudes of many residents undoubtedly underwent profound changes during the war years," Dykstra and Hahn said "Iowa contributed more men per capita to the Union army than any other state. As an area subjected to the agitations and dislocations of the war during a formative period of its history, perhaps Iowa was particularly affected by doctrines and arguments promulgated in support of the Union position."

Post Office Offers New Openings

The Des Moines, Iowa Post Office has announced that applications are being accepted to fill future vacancies in the position of Mail Handler in that office. Starting pay for this position is \$2.72 an hour with automatic yearly raises. The Post Office offers up to 26 days a year vacation, 13 days a year sick leave, an excellent retirement plan, group life and health insurance and other benefits. The Postmaster emphasizes that vacancies will be filled without regard to race, creed, color, sex or national origin. Applications can be obtained from the Post Office during business hours.

Telephone Company Announces New Rates

Northwestern Bell Telephone Company has announced rate changes that are expected to save Iowa telephone customers up to \$885,000 per year.

The Company has filed the new rates with the Iowa State Commerce Commission to become effective between November 18 and January 1. The new rates will:

*Offer an optional three-telephone Touch-Tone package to residential users that could save the individual customer up to \$2.05 per month and up to \$20.00 in one-time charges.

*Offer one-time payment options on the Princess and Trimline telephones and the Bell Chime.

*Reduce the minimum time on Wide Area Telephone Service from 15 hours to 10 hours with a reduction from \$215.00 to \$140.00 per month.

*Reduce the monthly rate on volume control phones used primarily by those with impaired hearing or speech—from \$1.25 per month to 75¢ per month.

In addition, Northwestern Bell filed

Undoubtedly some slight changes have occurred since the whole vote has been counted but the results are the same.

Hughes Elected to U. S. Senate; Ray As Governor; June Franklin Is Winner

As Tuesday's election vote count mounted beyond the half-way mark the Republican and Democratic presidential nominees were dividing the popular vote nearly equally.

The probable lead in electoral votes see-sawed back and forth between them with neither able to grasp the necessary majority of 270.

Handful of States

The issue would be resolved in a handful of states with the possibility

RAY

Bourke B. Hickenlooper who was not a candidate.

State Senator Stanley ran an exceptionally close race against Gov.

Hughes, ruled one of the leading vote getters Iowa has had.

Robert Ray was elected governor along with Republican candidates for all state house offices.

Democrats swept all offices in the Polk County Court house. In the

that neither of the major party candidates would receive a majority, creating the first electoral deadlock since 1876.

Both Nixon and Humphrey were maintaining silence on the outcome and neither was claiming victory. However, Herbert G. Klein, a top Nixon spokesman, said: "We will have a clear electoral college victory—over 300 votes."

Sharing Vote

Nixon and Humphrey were sharing the popular vote—42 per cent to 42 per cent—with George C. Wallace, third-party law-and-order candidate

legislative race, A. June Franklin was re-elected. For the first time in many years Republican legislators from Polk County were elected.

Students in grades 4 through 9 may participate by reading one or more of the books on the list provided by the public library. Washington Center to Provide Training in Journalism

Washington, D.C., November 3—Up to 60 Negroes will be recruited over the next three years by the Washington Journalism Center for training for journalism careers.

The program, made possible by a \$295,500 grant from the Ford Foundation, was announced yesterday by Julius Duschka, director of the independent, nonprofit institution at 2401 Virginia ave. NW.

The Negroes will be drawn from colleges and universities throughout the country and appointed to fellowships at the center for four to six months. Each fellowship provides for a stipend of at least \$2,000.

Duschka said the center is not looking for men and women who have majored in journalism or who already have professional experience. It will instead seek those who have majored in such areas as political science, history, economics, sociology and English, and have indicated an interest in journalism through work on a school paper or discussions with their advisers.

In Washington they will participate in the center's regular seminars with

politicians, government officials, newspapermen and radio-television newsmen.

The Negro recruits will explore such areas as the relationship between government and the press, the role of Congress, the presidency, United States politics and the nation's foreign policy.

Special Seminars

Special seminars will be set up to emphasize urban problems because, Duschka said, these are the most difficult areas reporters and editors will have to deal with in the foreseeable future.

The fellows also will work as interns in Washington news bureaus or on special investigative projects, as well as studying the techniques of journalism with members of the center's staff.

The purpose of the new program, Duschka said, is to give the fellows "a sense of the excitement and relevancy of journalism in today's world and particularly its relationship to the urban crises in the United States."

Telephone Rates

SEE FRONT PAGE

minor changes in seven Iowa communities.

Touch-Tone Package

Rates for the company's optional Touch-Tone package for residential customers will be \$4.75 per month above the basic monthly rate. The package includes Touch-Tone service, three telephones of any type (including Princess, Trimline or color sets), plus an additional directory listing. One-time charges of \$5.00 each for Touch-Tone service, Trimline or Princess telephone sets will not apply in the Touch-Tone package. Only the standard service connection charge will be made.

The maximum monthly value of the package under rates for individual items is \$6.80. Up to \$20.00 in one-time charges are eliminated.

The package will not change the present rates for individual items. Touch-Tone service, for example, will still be available on an individual basis under the present monthly rate schedule of \$1.50 per line.

One-Time Payment

Northwestern Bell will continue to offer Princess and Trimline telephones and the Bell Chime under existing monthly rates, but the new rates will offer the telephone customer the option of paying a one-time charge of \$65.00 for Trimline, \$40.00 for Princess and \$35.00 for Bell Chime in lieu of the monthly rates for most customers.

WATS

Northwestern Bell's proposal to reduce the measured time Wide Area Telephone Service (WATS) from a basic 15 hours minimum time per month to ten hours will enable business customers to use less time without paying for the full 15-hour rate, the company noted, besides lowering the average hourly rate.

Besides the statewide changes, the telephone company filed rates that will provide full metropolitan service for Davenport which includes free calling to the entire quad-city area. The company will also discontinue an experimental Touch-Tone package offered in Clinton in favor of the state-wide offering and will offer private line telephone service exclusively within the towns of Bancroft, Lakota, Laurens, Pocahontas and Silver City for new customers.

The IOWA BYSTANDER has made arrangements with the Des Moines office of the Social Security Administration to answer questions for our readers about social security and medicare. Send your questions to: Field Representative, Room 293, Federal Building, 210 Walnut Street, Des Moines, Iowa 50308.

QUESTION: I have to take medicine for my heart condition on a regular basis. I have receipts for the medicine. Can I collect from Medi-

care for this medicine?

ANSWER: Medicare does not pay for prescription drugs and drugs you can administer yourself. The only medicine covered by Medicare are drugs furnished to a bed patient in a hospital or drugs which can not be self-administered but must be administered by a doctor or under his direction.

QUESTION: If I start receiving my social security benefits at a reduced rate when I am 62, will it be increased to the full rate when I reach age 65?

ANSWER: No. When an individual receives his social security benefits at a reduced rate his benefit will con-

tinue at a reduced rate after age 65. If there are months after you start receiving checks and before you reach age 65 for which you do not receive your checks because of your earnings, your benefit amount will be adjusted at age 65 so it is reduced only for the number of months for which you received a benefit check.

QUESTION: I recently filed a request for Medicare payment and have received my payment. Part of my doctors charge for surgery was disallowed. What can I do if I disagree with the amount paid on my claim?

ANSWER: Write to the carrier which handled the claim and tell why

QUESTION: I recently hired a cleaning lady to come in two days each week. She doesn't want me to withhold social security tax from her wages. Do I have this choice?

ANSWER: Wages for a domestic employee must be reported for social security purposes if the employee is paid \$50.00 or more in a calendar quarter. It is the employer's responsibility to report the wages and submit the tax payment. The employer

has the right to withhold the employee's share of the tax from the wages.

HEALTH FOR ALL

Along with back-to-school problems, technicolor foliage and a quarterly income tax installment, autumn brings that almost universal menace, the common cold.

"Almost universal" because all but the fabulously fortunate are ready candidates for this minor but annoying ailment. "Menace" because cold viruses are highly mobile. And there's nothing like a brisk cough or a breezy sneeze to start them on their travels. As one mildly demented wit remarked during the cough-and-cold season, "It isn't really raining rain, it's raining viruses."

Ailments

About 95 million man days per year are lost from work in the United States because of acute respiratory ailments, according to the National Tuberculosis and Respiratory Disease Association. The number of days lost from school is even greater, though perhaps less painful to the losers. The economic loss is hard to calculate with any degree of precision, but it certainly runs into billions annually. A substantial part of this loss could be avoided by taking care to keep those pesky little disease organisms from straying away from home.

Prevention

Aside from economics and all that, it's just naturally decent and human not to spread around a cold if you can prevent it. Ways of preventing it include avoiding crowds and, if your cold is really severe, taking to your bed for a day or two. If the cold gets worse instead of better, it's time to see the doctor.

But whether it's severe or just a little old autumn cold, the precaution advocated by the Polk County Christmas Seal association is very much in order: "Cover your coughs and sneezes."

THE MARY BRUBAKER KRNT TV SHOW has followed its TV first with still another first — the presentation of Athlete Carl (Stevie) Johnson on its Election Day Program! Mary's first was the October 11 feature of the Afro-American Fashion Show with Model and Fashion Coordinator Mary Hobbs as commentator. Carl modeled men's wear from Frankel's Clothing Company, one of the city's most prominent men's apparel stores.

MRS. CELESTE JONES, formerly of Dixon Street on our eastside, now resides at Elmerest Nursing Home. I visited with her one Sunday. Beautifully erect, she retains, too, her lovely facial expressions in spite of the ravages of time. I recalled the church and community responsibilities she so willingly bore in better years! She helped house members of my own small church, when a somewhat large group visited Des Moines. She has not been replaced in the community nor shall she be!

MRS. JOHN ANDERSON (nee Rebecca L. Wilcocks) of Heidelberg, Germany, thrilled us all with her surprise letter to the Bystander! Here's hoping that she will continue such lines and other far-away friends capture the same idea. Our best to you, Rebecca!

DOROTHY ELMORE McCANTS (Mrs. Ralph) writes that Leo C. Elmore, a young nephew named for her brother, Leo, of Omaha, Nebraska, has captured a first in Nevada. He was given an award by Governor Paul Laxalt of Nevada for being one of five most outstanding male students in the Clark County Junior High School System. This is a splendid achievement. Young people are to be commended when they scale great heights!

DOROTHY PROMISED TO WRITE about the Las Vegas' folks whom we might know back here, but she's too busy being Vice Chairman of the Neighborhood Council!

Others sharing the honors were past Commandress, Dt. Welmetta Jones, Dt. Edith Sharp, Dt. Thelma Gilmore, Dt. Victoria Hendrix, Dt. Ellaree Clinton and Dt. Hiawatha Potter. Out of town guest was Dt. Addie Porter of ZAHA Court, Deputy of the Desert of Omaha, Nebraska.

BROOKS-WILLIAMS NUPTIALS

Carolyn Ann Brooks will become the bride of Sam Williams at 3 p.m. Sat., Nov. 9, at St. Mark AME Church, Milwaukee, Wis.

The bride-elect is the daughter of Mrs. Horace Weldon, 1508 Mt. Pleasant, and Harold Buckner, Cat-skill, N.Y. Mr. Williams is the son of Mr. and Mrs. Willie Williams, Detroit, Mich.

Miss Brooks is employed by Gen-

Representative to the Legal Aide, EOB and CEP Programs.

ELLAREE CLINTON (MRS. WM. J.) was selected to give the invocation at the Governor's United Nations' Conference. Ellaree confides that she took great pride in the large attendance of young people. There were more than 600 high school seniors from throughout Iowa!

THE LOVELY HOME OF MR. AND MRS. FRANK HOGAN, 821 28 Street, is in one of the most beautiful settings in Des Moines. Theirs is a three-lot N.E. corner at 28 and Rollins. The couple's carefully planned landscaping, I understand, transformed the lot to the East from a wooded wild weed-filled gully into its present flowing lines. To the North of the home the freeway fencing joins that of the Hogans. They are completely secluded, one might say. Employed by Ford Motors for 21 years before its business offices moved to Kansas City, Chicago and Minneapolis, Hogan, assisted by his wife, used his summer to redecorate and finish their basement. About 33 feet long, is a carpeted and handsomely furnished seating area. Their lavish and clever use of couches makes comfort a certainty! The bar and eating area is equally well-appointed. The Hogans' picture collections are cleverly displayed beneath the glass tops of their assorted end and coffee tables. Mrs. Hogan is employed by American Republic Insurance Company.

LARRY AND NANCY LINK own a time clock! It's an early model and works perfectly. Each past commandress was presented with a corsage of red roses. Dt. Porter was also given a presentation from her court by Dt. Mildred Duke. She was accompanied by her husband and several daughters from Zied Court. Among the guests were the Illustrious Potentate of Zeid Temple No. 90, Charles Watkins, Deputy of the Desert Noble Sloan Taylor and Deputy of the Oasis, Dr. Lewis James, Noble Advisor and Past Potentate of the Daughters of Isis Clarence Jones was master of ceremonies. The finance committee and the social committee, under the chairmanship of Dt. Doris Jackson and Dt. Ollie Sanders, feel that it was a lovely affair. An after party was given for out of town guests at the Masonic Hall.

Are you planning to buy a new car on credit? Before you rush into installment buying, ask yourself, "Do I really need a new car immediately?" Then consider saving until you have enough money to pay cash.

Borrowing is an expensive business these days. For example, say you had \$800 on hand and wanted to buy a \$2,400 car. You'd have to borrow \$1,600. If the interest rate were only 5%, the loan would cost you \$120 over 18 months. The car would actually cost you \$2,520, and you'd have payments of \$95.55 a month.

On the other hand, if you put your \$800 in a savings account, and added a deposit of \$95.55 each month, at the end of 18 months, you'd have the \$2,400 cash you need for the new car, plus over \$220 in accumulated interest.

If you can, put off buying that car until you can pay cash. You'll be money ahead.

Your professional beautician knows the answer...

Can your hair be damaged from brushing, alone?

All hair becomes damaged from exposure to sun and natural elements. Certain greasy compounds and many chemicals, improperly used, also take their toll...not to mention simple attempts at beautifying the hair with any brush not made of natural bristles. The results are brittleness, breakage, dry and dull looking hair.

Your professional beautician knows how artificial bristles actually brush away a great deal of the "lubricants" of the hair that give it body, lustre and protection. And trained beauticians claim that nothing beats Clairol® condition® Beauty Pack Treatment for overcoming brittleness, dryness and breakage... leaving hair lively and easy to manage. condition® is an easy-to-work-with creme which can even be applied during a chemical straightening retouch to prevent drying of hair that has been previously relaxed. condition® is the ultimate in repairing deep-down damage. And, when time is a factor for their customers, hairdressers turn to new Clairol® Hair Dew®—the lotion conditioner that penetrates so fast many think of it as an instant conditioner. When applied regularly by your beautician, Clairol Hair Dew adds body, softens and gives a glowing new look to your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles. But damage to every woman's hair comes from so many other causes that all human hair (including wigs) needs to be revitalized periodically. Visit your professional beautician and ask this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure.

SOME PRINCIPLES
NEVER CHANGE

The National Association for the Advancement of Colored People is engaged in a controversy with its legal staff because one of its members has been dismissed. That dismissal grew out of an article appearing in the New York Times in which Lewis M. Steel, a member of the staff, not only criticized the Supreme Court of the United States as black robed racists opposed to aspirations of black people but said their decisions did no good.

There seems a fad of the so-called intellectual Negro to criticize everything that has been done by liberals to enhance his position, that he has taken pride on downgrading everything as not enough.

Steel, a member of the legal staff was hired and paid by the association and thus was expected to uphold the things for which the NAACP stood. On the other hand, he wrote an article criticizing the people who paid his salary and thus he becomes an integrate unworthy of his hire.

True, Robert L. Carter, its general counsel has registered in protest against the action of the board claiming it violated the principle of free speech. We are not impressed with his position.

The NAACP has made hay for the Negro through its support of constitutional government among all citizens. This position has carried us further than any movement in our history.

Today, America is faced with a condition that hurts particularly by people who thrive on "rights", on freedom of speech with little mention of responsibility, little loyalty to a cause and little integrity. Such people are brilliant with books but poor examples to follow.

The NAACP, unlike most civil rights organizations, has made its greatest gains through the courts. And thus in spite of the fact that during reconstruction days it nullified every civil rights law passed by Congress or restricted their operation to the extent that their force was ineffectual, it has been a standby.

And in doing so the NAACP has gained the respect of thinking people in America and has kept its record clear.

Then there is a big question of loyalty to an institution. There is a tendency among the younger generation to push their own selfish position even against those who have made their success possible.

Nobody is perfect; neither is any organization. But there are some principles that never change. And this is what these smart lawyers seem to overlook.

WE ARE GLAD
IT IS OVER

What the sampling polls stated during the closing days of the campaign, was born out by the fact that it has taken two days to decide if there is a President-elect.

Iowa, almost traditionally Republican, gave Nixon a good margin, elected Gov. Hughes, a Democrat to the U.S. Senate, and gave the Republicans a clean sweep in the state house including Robert Ray for Governor.

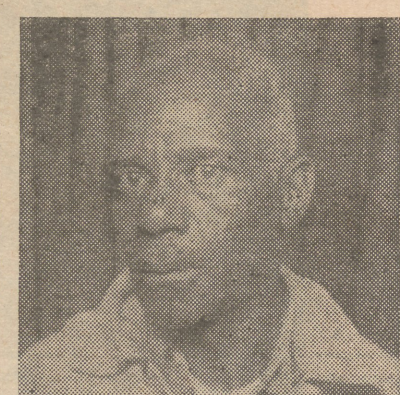

The campaign this year was conducted differently than in the past. For President, the candidates used modern methods of getting their message to the people by the use of television and radio, and personal appearance with the use of air passage which enabled them to visit several citizens hundreds of miles apart in one day.

State and local campaigns were pretty well left to the candidates within their own area with few national speakers brought in even for United States senator and governor.

Modern methods make a difference even in campaigns and elections. We shall not ever go back to "how we used to do it."

Our greatest joy was the total defeat of Wallace for to have given him this all important office would have started America on the way to the kind of government Hitler had in Germany. Somehow, in the final analysis, America comes up with the right answer.

With Allen Ashby

It was quite a week end. Iowa did what we have been looking for all along—beat someone they were supposed to lose to. Then Iowa State came up with a play that we used to use as kids way back when and people are still talking about it. The Iowa game must have been a real jim dandy. Yours truly had planned to be there but things did not work out for us. What we have read and seen of the game pictures, the defense suddenly came alive. All it takes is one good linebacker, yelling, slapping backs and booting seats to fire a line up. Such a fellow is there, Mike Phillips is quite a linebacker but he just does his job—a really good one, but not a hollerer. It looks as if the Hawks could finish at 500 for the first time, in years. It so happens they have won the three games that the experts, including me, gave them.

Iowa State sure has a duel game, no matter who wins. They have a bench of fast, hard running backs and just might field an all black backfield. And it will be tough too. They came up with the play that everyone talked about and the thing should have gone for a tie. We recall we used to run that thing as kids in school and it sure brought back memories.

Nebraska had two really hard running backs and in all had a pretty fair ball club. But as is so often pointed out both Iowa and Iowa State are about a year or two away and have really good teams. How would they stack up now? Well, if the Hawks could contain that Iowa State speed, they'd probably win. Both teams have good throwing and receiving quarterbacks, so it would be up to the defenses.

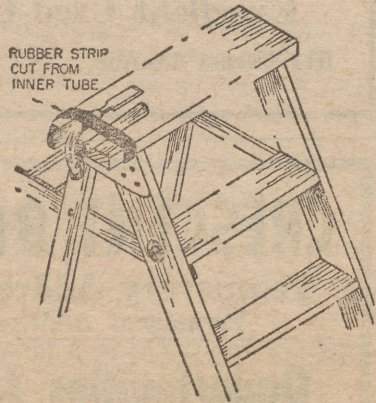

HIGH SCHOOL

Here at home, Dowling convinced all the doubters it had, at least in the city. And now people are boosting them for the number one spot.

They tell us that East high had internal troubles and that nobody wants to play with anybody else. Fellers, you get to play high school ball just once. Even if you don't have a good team, the fact that you are on the first team should be a high spot in your career. To some of you it will be tops. So we wouldn't toss it away because we didn't like some guy. Football and the team should be bigger than that. Your season is about gone now, but we wish we had known about this sooner. Probably couldn't have done anything about it, but it would have tried.

Hawkeyes Get Revenge
At Minnesota

Minneapolis, Minn.—Coming from behind, trailing at 20 to 7 in the middle of the second quarter, Iowa beat Minnesota in a spectacular game Saturday at Minneapolis.

The Hawkeyes overpowered a larger team most of the last 35 minutes of action and rang up their second league-victory of the season with a 35-28 upset Saturday of Minnesota.

Lawrence Record

Sophomore quarterback Larry Lawrence ran for four touchdowns, breaking the school record of three first set in the modern era by Nile Kinnick in 1939, and tied since by six others.

Most of the crowd of 57,703 became disappointed when Hawkeye end Ray Manning cradled an on-side kickoff and Iowa was able to run the clock down to 29 seconds, then survive a final aerial onslaught by Stephens.

The Hawks wound up with 450 yards of total offense and that wouldn't have meant a thing if the defenders hadn't risen up to quell eager Gopher sophomore halfback Barry Mayer and shut him off in the second half.

Forty and One
Men's Bowling League

The Forty and One Men's League met Monday night at Grand Lanes. High men's series was Will Hunt, 606. Bob Trumbo was high for the evening with a 229 game and Chuck Bennett was second with a 225 game.

Iowa State Bows
To Nebraska

Ames, Iowa—Starting back in the second half with a strong finish, Iowa State finally yielded to Kansas with a score of 29 to 13.

The Cyclones treated a record Clyde Williams Field crowd of 29,000 to some wild trickery in the closing minutes, scoring a touchdown that sliced their deficit to 21-13 with 3 minutes 46 seconds remaining.

They chose to gamble for a two-point conversion but missed it or Nebraska would have really been on the run, because they came right back to recover an onside kickoff and were in business again at the Cornhusker 46-yard line.

A tie still was in sight but Iowa State couldn't take advantage of the situation, relinquished the ball four plays later and Iowan Paul Rogers booted a 38-yard field goal for Nebraska with only 5 seconds left.

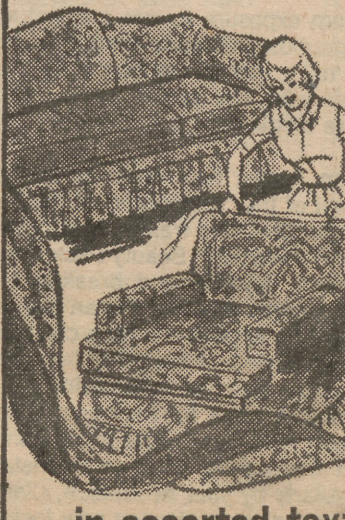

The Cyclones, ending their home season and now 3-5 for the year, somehow seem to play better once they've dug themselves a large hole and this game followed that same pattern—similar to previous losses here to Colorado and Kansas.
