Former D.M. Attorney Elected Baltimore Judge

Joseph Howard Tops Judicial Tickets in November Election

Joseph C. Howard, a native of Des Moines and graduate of Drake University, was elected judge of the Baltimore (Md) Supreme Court at the general election this month.

Following his graduation from Drake University, Mr. Howard located in Baltimore where he became associated with his brother Chas. P. Howard, Jr., in the firm of Brown, Hargrave, Howard & Howard.

Was Prosecutor

Mr. Howard was a member of the prosecuting staff in Baltimore and had created a bombshell in the courts when he accused the police department of double standards of prosecution where Negroes were concerned. He was suspended from his post but later reinstated by the Supreme Court.

Satisfaction

"Perhaps this is poetic justice." Joseph C. Howard made that observation near midnight Tuesday while standing in the center of organized confusion in the 5th Regiment Armory.

A broad smile of satisfaction creased his full face and he was eyeing the screen on which was projected vote returns for the race for associate judge on the Baltimore Supreme Bench.

Mr. Howard, like other candidates whose emotions were as varied as the figures on the screen, was watching the Police Department wind up the task of counting vote returns.

He is the son of Chas. P. and the late Maud Howard.

Police Charge Wood With Bootlegging

Smarting under criticism from residents in the Model Cities area, of the city administration, Des Moines Police finally succeeded in catching an alleged bootlegger, John Wood, in the act, secured a sale and arrested him Sunday.

Wood, who lives at 927 10th Street, was arrested in the afternoon and placed in jail. He was released on a \$1,000 bond.

Detective David Noel and Police Sgt. Pearl McVey, posing as civilians, had invited the woman into their car and asked her to take them to a place where they could buy drinks.

According to Noel's report, Woods stopped the two officers and the woman at his back door and told them he was afraid to sell drinks on Sunday because the City Council was "so hot" on the question of bootleg establishments.

Woods finally let the officers and the woman in the house, Noel said.

Double Shots

Noel reported that he and McVey arrested Woods after being sold double shots of whisky for \$1 each.

Police later said they confiscated 125 cans of beer, 26 bottles of wine, and about 10 bottles of whisky found in the house.

Three other persons arrested were identified as Margerie Guiberson, 48, of 1912 Eighth st., Frank Harry Brown, Sr., 81, of the Tenth street address, and Elizabeth Hayter, 27, of 846 Sixteenth st.

NAACP Local Units Balloting on National Board Candidates

New York — Ballots for the election of candidates for the Board of Directors of the National Association for the Advancement of Colored People have been dispatched to the Association's 1,700 local units throughout the country. There is a total of 23 candidates for 20 vacancies.

Six members are to be elected at large in a nationwide poll of NAACP branches. Units in each of the Association's seven regions will elect an

adult and a youth member with the branches voting for adult candidates and the youth councils and college chapters balloting for youth candidates.

The six at-large candidates are unopposed. They are Dr. Ralph J. Bunche, United Nations Undersecretary; Dr. Kenneth Clement of Cleveland, former president, National Medical Association; Kivie Kaplan, Boston, retired industrialist and NAACP president since 1966; James Kemp, Chicago, labor leader; Alfred Baker Lewis, Riverside, Conn., NAACP treasurer since 1958; and Mrs. Margaret Bush Wilson, St. Louis attorney. Except for Dr. Clement, all are incumbents.

Dr. Mays Says 'Black Power No Substitute for Education and Discipline'

Grambling, La. (Special)—"Let us not integrate or segregate ourselves out of existence," Dr. Benjamin E. Mays, president emeritus of Morehouse College in Atlanta, told an overflow audience at Grambling College Tuesday morning during a convocation as a part of the observance of Education Week on campus.

Dr. Mays, Morehouse president for 27 years and recipient of honorary degrees from 23 of the nation's leading universities, received standing ovations at the beginning and end of his address.

Born With Race Pride

The educator said he was born with race pride and that it is reflected every time he sees accomplishments of members of his race. "Because of circumstances in which Negroes have had to live, the achievements of black people have always motivated me more than the accomplishments of white people," Dr. Mays said.

Dr. Mays said he takes pride in Negro institutions, Negro businesses, Negro churches and the Negro press. "They did not get that way because of black power or the recent emphasis on blackness," he added.

"If you wonder why I have chosen this strange topic, it is because Negroes in general need to know what is happening to them," he said. If everything goes from black to white, what happens to black churches, black banks, black schools and the black press, he asked.

Black to White

For many, integration means going from black to white and that nothing

DR. MAYS

that Negroes have built will be of service in an integrated society, he said. Integration in specific areas such as housing, churches, schools and higher education nearly always means going from black to white. It is never the reverse, he said, explaining that everything white and integrated is not always best. "Let us identify ourselves more and more with things black people have built with their brains, sweat and tears. Let us not get swept off our feet by the glamour of an integrated society," he said.

He told Grambling students that there is no substitute for academic excellence and well-trained, disciplined minds. "This is a competitive world and the man at the bottom catches the most hell," he added.

Supreme Court Agrees to Hear C. Powell Case

The U.S. Supreme court agreed Monday to hear the case of Adam Clayton Powell challenging his seat in Congress, charging that his exclusion from the U.S. House of Representatives in March, 1967, was unconstitutional.

The New York Democrat was excluded last year by a 307-116 vote after a select committee found him guilty of "gross misconduct" as a congressman and recommended that he be censured, fined and stripped of all seniority.

22-Year Veteran

Powell was a veteran of 22 years in the House at the time and chairman of the Education and Labor

POWELL

NEWS In A Nutshell

New York, N.Y. — Woodrow W. Carter, veteran Negro child welfare administrator of New York City who has devoted much of his adult life to the problems of minority young people, has been appointed a senior associate for specialized field services on the staff of the Executive Council of the Episcopal Church by the Rt. Rev. John E. Hines, Presiding Bishop of the Episcopal Church.

Boston, Mass. — Roy Innis, director of the Congress of Racial Equality, has called for a new constitution that would guarantee Negro Americans a per capita share of political power.

New York, N.Y. (Nov. 15)—The New York Federation of Reform Synagogues today condemned all actions "that have made the process of school decentralization the cause or excuse for setting group against group," and called upon the leaders of the involved organizations to work out a suitable program "speedily and without disturbance," that will prevent "our social scene" from becoming "a jungle where hatred, bitterness and vilification threaten to destroy a civilized community."

London, England—Edward Heath, opposition Conservative party leader, denounced Tory maverick Enoch Powell Sunday for his renewed attack against the country's two per cent colored minority.

Detroit, Mich., Nov. 15 — Motown Record Corporation has been cited by the Urban League for its outstanding contributions in the record industry and equal employment practices.

The Urban League citation was presented to Motown last Thursday at a luncheon marking the League's eighth annual observance of "Equal Opportunity Day."

Committee.

Powell's attorneys called his exclusion "extraordinary, arbitrary and unconstitutional." They said the House, in judging the qualifications of an elected member, is restricted to those set forth in the Constitution—that is, that he be at least 25 years old, a U.S. citizen and a resident of the state served.

Attorneys for the House contended the constitutional provision giving the House power to judge the qualifications of its own members is a power the Supreme Court itself has held beyond the authority of any court to review.

Re-elected Again

Powell's exclusion was only for the session of Congress that was then in progress. He won re-election a month later but did not try to reclaim his seat.

High School Scene of Fights; Shoot Holes in Windows of NAACP Head's Business

Fighting broke out at East High school Monday morning as a result of long smoldering tensions between white and Negro students. The incident was participated by a fight between a Negro and white boy whose brother had been stabbed. The Negro students claimed the white boy had not been disciplined for his part in the fracas. Police were called in and the incident quelled quickly.

Snowball Fight

Police said one triggering incident was a snowball fight and stabbing last Friday.

The president of the East High Student Council, Rick Olson, 17, of 3010 Villa Vista drive, was stabbed three times by a 16-year-old Negro during that snowball fight in the school parking lot.

Notice Is Read

Gareld L. Jackson, East Principal, had faculty members at the high school read students a notice Tuesday explaining what action would be taken in the case of further disturbances.

The notice said that classes would be conducted as usual and that teachers "have full authority to demand respect" from students.

Principal Jackson said he suspended the two Olsons and Lee after calm was restored. He said he also suspended Roxanne Newman and Holly Wright, both 16-year-old juniors, for being "sassy" and "impudent" to him.

About 3 p.m. Monday, fighting broke out between whites and Negroes at the corner of E. Fourteenth and Walker streets, near the school. Most of the 13 arrests were made at this time.

A group of Negro parents and youths met Monday night at Union

Baptist Church, E. University avenue and McCormick street, in the wake of the East High fights. The student demands and a possible boycott of classes were discussed at the meeting.

A committee of students and grown-ups was appointed to present the demands.

Released

The youths arrested Monday afternoon later were released from City Jail by police. Nine were referred to Polk County Juvenile Court.

The other four face Municipal Court charges of disturbing the peace and quiet. They are identified as:

Robert Brown, 18, of 1327 E. Fifteenth st.; Michael Phelps, 19, of 2418 Dixon st.; Tony Maurice Woods, 18, of 1441 Buchanan st., and Nathan Leon Jefferson, 19, of 622 S.E. Fifteenth court.

Dr. Davis, Superintendent of Schools, had said Monday, in the wake of the incidents, that school officials would not let disturbances "disrupt our school program."

At a meeting of the school board, Monday adopted policy, effective immediately, the teacher will have the right to refuse to accept a problem pupil back into the classroom "until the problems are resolved."

Steps that can be taken to resolve the problem include:

—Conferences between the teacher and pupil.

—Conferences with the adviser present.

—Conferences with the parents and principal.

Still, under the new policy, the teacher will have the right to refuse readmission to the class.

Other incidents have occurred at North and Tech High School since the incident at East.

NAACP Chief's Office Is Shot Up

The president of the Davenport Branch, National Association for the Advancement of Colored People (NAACP), reported to police today someone shot five bullets into his place of business.

William Cribbs, vice president of Cribbs Inc., 601 Harrison St., said he discovered the bullet holes in the windows Monday morning and then located several of the .38-caliber slugs imbedded in the ceiling.

Cribbs said the shots were fired sometime after 1 p.m. Sunday because an employee of the landscaping firm was there until that time.

Cribbs said he did not know what it would cost to replace the windows.

He said four slugs came through windows on the sixth Street side of the building and one on the Harrison Street side.

Davenport Group Consider Tension

A 19-year-old Rock Island youth was listed as "fair" today in Davenport St. Luke's Hospital after he was stabbed in the 2900 block of East Forty-sixth Street early Sunday morning.

The stabbing victim was identified

as Milton Neal, 1018-14th Ave., Rock Island.

Police said Neal was a passenger in an auto driven by Kevin Hunt, 18, of 2325 College Ave., Davenport. Police said Hunt told them he, Neal and several other passengers in his auto had gotten out of their car when a car bearing three other persons pulled in behind them and the three attempted to provoke a fight.

Officers said Neal walked up close to the second man in the trio and apparently was stabbed. Witnesses said the three ran back to their auto, a 1967 Pontiac, described as silver with a black top, and sped away.

Neal walked back to his companions and asked to be taken to the hospital, according to police reports.

Officers said the group riding with Neal had attended a downtown teen dance before the incident took place.

Iowa Employment Service Moves

The offices of the Iowa State Employment Service and the Unemployment Insurance Service are being moved to a new centralized location. Beginning Friday, November 22, unemployment insurance claims will be handled at 150 Des Moines Street. Beginning Monday, November 25, all employment services including the Manpower Services Center and the Apprenticeship Information Center will also be located at 150 Des Moines Street.

Judge Parker Calls for Total Community Action

Speaking at a layman's meeting at Union Baptist Church Sunday afternoon, Judge William Parker of Waterloo took the occasion to warn his audience that America was living in perilous times and that no citizen must not overlook the fundamentals of honesty, thrift, integrity and respect for others, which are the basis of life.

Times Are Different

He reminded his audience that too many young people today displayed very little respect for others. This follows a lack of home training such as prevailed in years gone by.

He reminded that times are different.

"We think in terms of materialism because we've lived through hard times. Kids take it for granted they have food to eat and a roof over their heads. At breakfast they have 16 varieties of cereal when we were happy to have cream of wheat or oatmeal."

Parker said young people have been taught to polarize problems and resort to hate and name calling. He

said there is a disregard for leadership because adults put friends into office and don't look for the person who can do the job.

We can now build bridges and skyscrapers and do things that we thought were impossible a few years ago," Parker said. "In the same way, by using brain power, we can solve man's social problems."

Involve Total Community

Judge Parker said that the total community action was needed to make the progress of which we are capable.

Des Moines Municipal Judge Luther T. Glanton introduced Parker. A former Des Moines attorney, Parker served on the Iowa Board of Parole for 2½ years.

In 1963 Parker was elected judge of the Waterloo Municipal Court, and in 1967 was appointed administrative judge of Juvenile Court in Waterloo.

Henry McKnight was master of ceremonies and presided. W. Lawrence Oliver read the scripture lesson. Mrs. Mary Parker was in charge of the program.

are not aware of the real meaning of family planning and its uses. Black babies and black mothers die because this medical service is denied. In the United States, the non-white infant mortality rate is double that of whites.

Planned Parenthood's theme for this coming year, Freedom to Choose, must apply to all our citizens, black families and white. All have the right to plan the number and spacing of their children, and to seek through family planning a route toward better living standards and a fuller life for their children.

Robert McNamara, president of the World Bank, in a recent address summed up the importance of population control in terms of narrowing the gap between rich and poor countries. He said flatly that the population explosion, by holding back the advancement of the poor, is most responsible for "blowing apart the

rich and the poor and widening the already dangerous gap between them."

I will do all in my power to aid Planned Parenthood in its 1969 campaign for \$24.5 million, (\$6 million more than the 1968 budget), to carry forward its national and international program. It is exciting and challenging to be part of the new project for technical assistance which will offer aid to communities throughout the nation in the formation, organization, and funding of expanding family planning programs.

Q—I desire to change the beneficiary on my government life insurance policy. Do I have to send my policy back to VA for this?

A. You would continue to pay the social security tax on your earnings even though you are over 65 and receiving social security benefits. The social security benefits you receive are not subject to Federal income tax.

Q. My friend told me that I cannot receive my social security benefits unless I have a birth certificate. My birth was not recorded when I was born. Is it true that I won't be able to qualify for social security benefits?

Your social security office can give you information as to the types of evidence which are acceptable.

Q. I have heard that a person should check his social security account every three years. Why is this so and how can I check my account?

A. You should check your account to insure that your earnings are properly credited to you. Nearly 300

DAVENPORT

BY CECILE COOPER
225 W. 14th Street

Seventy-five Quad-Citians met at Bethel AME Church, Davenport, Sunday night to discuss racial tension that has been building in Davenport as indicated by recent incidents involving black and white youths and the Davenport police.

The group officially formed a "concerned peoples organization" headed by the Rev. Charles Smith, pastor of Bethel Church.

The Rev. Mr. Smith stated the purpose of the group:

"A few nights ago the mayor of this community (Davenport) said that he was going to back the actions of his police force to the fullest extent. As a black man, that makes me angry. As a black preacher it makes me sick. He is saying that right or wrong, he will back the police.

"We will do all we can to settle things in a peaceful way, but it must be understood that force will be met by force. We will not back down."

Earl Brinkley, Walcott, a member of the elected committee said, "We, as interested citizens, must be prepared to protest injustices in this community. It is our duty to protest. We must not be like the good people of Nazi Germany."

Mr. Smith warned that the possibility of a riot exists in any community where there is a double standard of justice for the people and that the citizens group would begin organizing to insure justice for all men.

It was decided that Bethel Church would be the weekly meeting place of the group. The next meeting was set for 7:30 p.m. Nov. 24, and is open to all interested citizens.

Elected members of the committee are Audrey Jordan, Davenport, vice chairman; Mrs. Alice Rasmussen, Davenport; Earl Brinkley, Walcott; Ed Boyer, Davenport, and Kirk Fowler, Bettendorf. Secretary is Miss Beverly Wyatt, and assistant secretary is Miss Colleen Bland. They are both of Davenport.

Cooking Thermometer Shelf

THERE is a growing trend in American kitchens to keep many utensils out in the open where they are easy to reach. This is particularly valuable in the case of often-used instruments and those which are apt to be damaged if left to roll around in a drawer with a lot of other tools. For instance, if you have a fine set of cooking thermometers, as so many good cooks do today, it is a very simple matter to construct a small, handy shelf to display them and protect them.

First take a rectangular piece of one-inch board and two rectangular pieces of Masonite Presdwood. This is a par-

ticularly versatile material which can be used for innumerable jobs around the home. The dimensions of these pieces are up to you, depending on the available space and the number of cooking thermometers you wish to display.

These two pieces will actually make two shelves. Into the piece to be used for the top, drill two small holes, into which you can insert the stainless steel stems of your roast meat thermometer and your candy-jelly-deep fat frying thermometer. The round, clock-like faces of the thermometers will prevent them from slipping through the holes, and the thermometers will be always within easy reach if you attach your shelf to the wall or cabinet near the range.

UNITARIAN

Unitarianism is a religion which seeks to promote justice and truth by Man's own efforts. It does not have a dogmatic creed. If fairness to all mankind is ever achieved it must be done by Man, himself, using honesty, study and reason as his tools. You are invited to learn about Unitarianism by attending

DR. CURTIS PAGE, of Drake University's Drama Department, presented The First George Norris Memorial Workshop at Drama Workshop on Saturday night. Dr. Page prefaced the play's opening with a reference to George Norris, warmly remembered by those who knew him. George, a Marine Lieutenant in Vietnam, lost his life there last June. It is planned that the memorial workshop will be an annual event, a worthy affair for one who gave so much of himself and his talents to the theatre. The reading, Martin Duberman's "In White America," had as its cast Dr. Page, Terri Lux, Murial Boggs, Irvin White, Herb Cawthorne, Larry Link and Guitartist and Folk Singer, Dwight Saunders. The group gave a fascinating production and the play, an authentic historical documentary is absorbing, highly informative, leaving a viewer with deep unrest as to one's personal responsibilities. This writer questioned three audience members:

MARIAN SQUIRE, PSYCHIATRIC SOCIAL WORKER: "I found it very moving to experience in a short period of time at the theatre the history of the American Negro from slave days to the present. This helped me to gain perspective about the present struggle and to appreciate the hurt felt by Negroes today and the wish to be heard and to be understood."

MARY ANN SMITH, PUBLIC RELATIONS OFFICER: "I thought it interesting as a matter of history. However, I feel it imperative—if we are to survive as a Democracy—that we all not dwell on past injustices to man. (As you know, the Japanese were uprooted from their homes, businesses and families during WWII and placed in "detention camps". This happened in the United States, work and think toward the day when all men will be judged and accepted as individuals."

JANE BIBER, PSYCHOLOGIST: "The thing that struck me the hardest was history of the Negroes' life in America and I found myself thinking about family histories and feeling very strongly the suffering of the past generations, of the Negroes that I know personally. And knowing so little about their past generations and being even hesitant to ask. That was the thing that gave me fresh insight in this particular play."

HERB CAWTHORNE, youngest cast member, has made his presence known in the community by dint of self-application to his chosen interests. Briefly, his campaigning in behalf of Governor Harold Hughes, was an outstanding performance; his drama interests during the past year resulted in his participation in Drake University's Drama Department's project, the portrayal of "The Dutchman" by Leroi Jones. After this campus role, in addition to two other plays at that time, the Drama Workshop's invitation to bring the three plays to that theatre provided another showing for Herb. In last July's television program "One Nation Indivisible", Cawthorne was in the group which sponsored the appearance of Dr. John Hope Franklin, Chicago University's History Department member, who spoke before the YMCA Negro Heritage Series. A Kappa Alpha Psi, Herb has served as Pledge Master. This "all-around American" young man is said to be a civil rights activist. He handles himself skillfully—is determined but refreshingly persuasive!

Negro Book Club Officer Visits In Des Moines

James E. Wilson, Jr., of New York Vice President in charge of Public Relations and Investments of "The Negro Book Club, Inc.", visited Des Moines on November 15, 16 and 17. This club is similar to the book of the month clubs except that it deals with books by and about Negroes. The policy is that club members purchase at least four books in a year's time. Members are sent brochures of the special book selected for each month.

Mr. Wilson held a book display at Washington Irving Junior High School while here. He also left a large number of books to be sold at Soul Village. The Negro Book Club is in the process of purchasing a publishing company so that it can handle that end of its business. Shares of stock are being sold to interested persons. Membership in the club and purchasing of stock can be arranged through the business address 160 W. 85th Street, New York, New York 10024.

Mrs. Clara Bayles saw the Negro Book Club display at the NAACP National Convention held last June in Atlantic City, New Jersey and at that time became a member. She states that Des Moines already has at least twenty-five members.

Parliamentary Law And Culture Club

The Parliamentary Law and Culture Club honored one of its members, Mrs. Jeanne Morris, at a tea Sunday, November 17th, at Willkie House. Mrs. Morris recently was elected State President of the Iowa Association of Colored Women's Clubs, Inc. Besides her interest in Federated Clubs, Mrs. Morris is also President of the Evening Group of Church Women United and an active member of St. Paul A.M.E. Church. Your professional beautician knows the answer...

Is peroxide needed to color unwanted gray hair?

Hair care and beauty experts know that the first traces of gray hair—and even slight fading of natural color after chemical relaxing—can dull a woman's appearance and make her look older than she feels. While most women hate these premature aging effects, many are hesitant about using permanent peroxide haircoloring which may change the natural hair color while coloring gray.

Professionally-trained hairdressers know the importance of their customers' preferences when unwanted gray becomes a problem. These experts also know that Clairol created semi-permanent Loving Care® hair color lotion without peroxide... to color only the gray without changing the natural shade. They also find Loving Care blends back color faded by chemical processing. Because of its mildness, Loving Care maintains healthy looking hair and lasts through a month of shampoos.

Whatever a woman's reason for wanting Loving Care for her hair, she is always wise to consult a professional beautician. Hairdressers are equipped with a family of fine Clairol products and the training to promise each patron the loveliest and most personalized haircoloring effects every time she visits her salon. If you dislike gray, and want no peroxide, why not ask your beautician to glamorize it with Loving Care?

RIGHTS ORGANIZATIONS
CHALLENGE IN THE
RIGHT PLACE

The board of regents, which oversees Iowa's public schools of higher learning, is in the midst of letting bids for construction at most of the institutions. Visitors of the campuses today readily see that more room for everything is being made available.

Since much of this work is being done with money furnished by the federal government, is it being made available with restrictions governing its use just as any other contract which it makes.

One provision bars racial discrimination. The Iowa Civil Rights commission and the NAACP have brought to the attention of the board that some contractors are not complying with the rule against discrimination; some receive contracts for the first time and have hired no Negroes on their crews.

A case of the latter came up recently in which the contract was let, but not signed, to a contractor with a crew which had included no Negroes in the past. The organizations naturally assumed that a company, with a large number of employees, simply had made no effort to or had not encouraged Negro employment.

While the board seemed favorable to requiring compliance by contractors with the fair employment laws, it did not deem it important until someone challenged the policy of letting them be ignored.

The action of the civil rights organizations show that there remains much work to do and that it is mighty important to have them around.

NIXON MUST BUILD
PARTY ORGANIZATION

When a president get elected, he usually begins to plan how he will run the country and at the same time build up his party. President Eisenhower was a popular President but he gave little attention to building the Republican party. Democrats had governed the country for 20 years, which enabled them to build up a powerful machine of many divergent groups including labor, the Negro, the South and a class of whites which always had voted Democrat. And while Eisenhower was elected in 1952 and 1956, Congress was controlled by Democrats and is now.

The conglomeration of Democrats was divided in the 1968 election which enabled Nixon to be elected President and gains made in Congress and state offices.

It is too early to predict what Nixon will do to solve this situation. Suffice it to say that he must change this image. And while he was elected without Michigan, New York, Massachusetts and Pennsylvania, where the large ghettos exist and with the large electoral votes, it was the Wallace followers of the Democrat party which assured his election.

The Republicans might well profit by using the best techniques the Democrats have had once, building a sound party that the American people will be justified in following.

THE RESPONSIBILITY
IS CLEAR

The long smoldering conflicts between Negro and white students and the lack of discipline in the class rooms is blossoming into some rather serious things in some high schools in Des Moines.

The school board has the authority and responsibility to see that stern, swift and just punishment is dealt out to those who participate in these disturbances. The easier they are now—the worse the situation will become later.

Hawkeyes

What started out to be a long afternoon turned out to be not long enough. As it was, around forty thousand people left the Iowa stadium saying "If we only had five more minutes", forgetting that Ohio State had the ball and might have added another score to their total. We all thought the Hawks would have to have some early breaks to win. Well, they got them but they were all bad. A fumbled pass that was lost on the 12 yard line, a slip and fall at third and one deep in Buckeye territory, and a series of penalties that really just about gave Ohio one touchdown. The crowd shouted its displeasure, but the officials were right on the spot and they are seldom wrong. We all sat out there in the rain and very few people left until the game was over. Now, if they can take Illinois, the boys will have a five and five mark

Hawkeyes Frighten Ohio State
With Last Minute Rush Scoring

The Hawks played their last home game of the season in Iowa City Saturday only to frighten the number two team in the nation, losing only by one touchdown.

The weather placed the team at a disadvantage in that Ohio is a heavy plunging team while Iowa is light, but versatile and fast.

Iowa meets Illinois Saturday, Nov. 23, at Champaign in the final game of the season.

Quick Scores

Only 4 minutes 2 seconds remained

and a really good ball club coming next year. Looks like the Hawks are on their way back.

IOWA STATE

Iowa State can look forward to next year after a season in which they could have as well won five games as three. They will have a lot of fellows who will be juniors next year and a few really good boys from this year's freshmen team and should have a really tough club next year.

An Inquiry

While we think about it, some fellow asked us if Jack Johnson of East is the first Des Moines Negro to play in the Big Eight. We thought so but asked a couple of fellows who ought to know and they said so far as they knew he was or is. The fellow sent in a card signed "a reader". Now, reader, please sign your real

when Lawrence slammed a 12-yard touchdown pass to end Ray Manning and a mere 9 seconds were on the clock when the same sophomore fired to Kerry Reardon for a nine-yard score.

Iowa State lost to Oklahoma State in its last game of the season by a score of 26-17.

Drake University wound up the season with a 28-20 victory over South Dakota State.

We shall check into that a little further, but we think that is right. There haven't been too many Des Moines Negroes playing in either the Missouri Valley when the two were combined or the two separate leagues. Walt Thompson, who played at Drake in the early thirties, was the first Negro from anywhere around these parts to call plays. We believe he called these from a half-back spot but right or wrong he called them. There haven't been too many local Negroes or any of those teams in all these years.

Meanwhile, back at home, Drake was engaged in a muddy battle with South Dakota State that must have been a jim dandy with the Bulldogs sneaking out.

Paragraph

by Adele Weigel

A mother said this to me today—The house is so quiet. My son left yesterday noon for his home and work in New York City. He was here for his annual visit. He came last Thursday at 1:30 a.m. and left yesterday at 12:30 noon. Such a short visit, less than five days. Time flew. Talk was of the present, mainly, but many memories crowded in, some lovely, some not so lovely. Left this morning are the emptiness and quiet

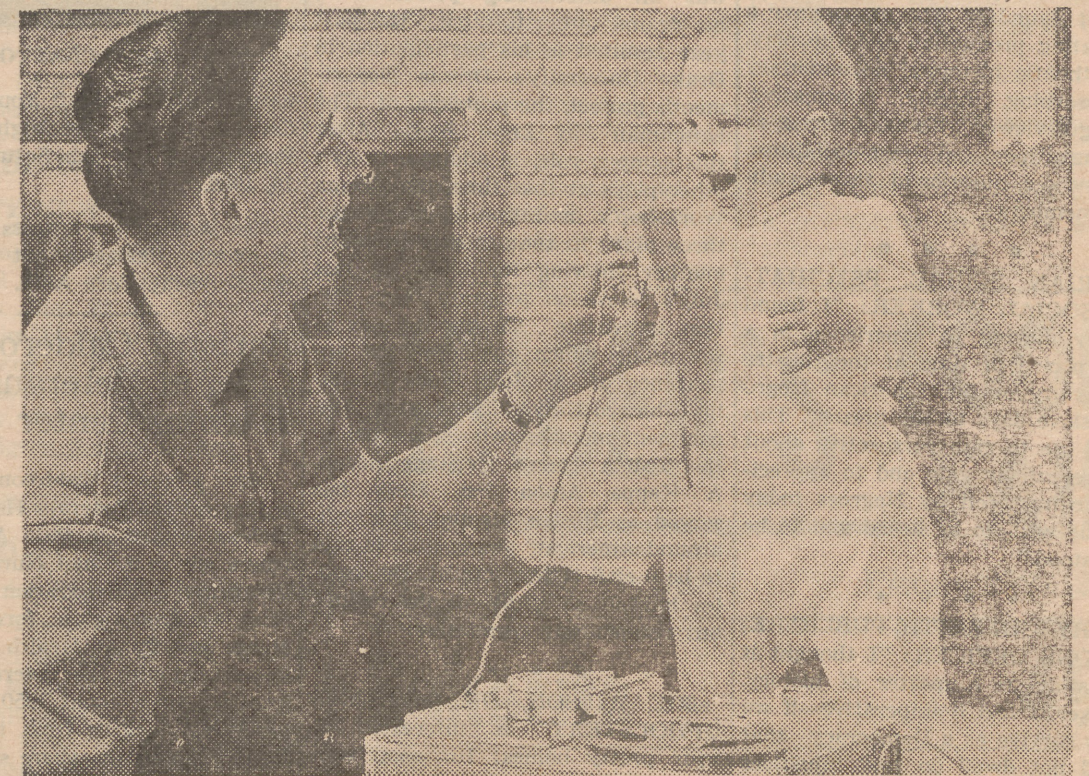

of the house, a beautiful chrysanthemum plant, a copy of The New York Times and an ash tray of cigarette leavings. Maybe I will empty it tomorrow. We had such a fine visit.

What is electricity? THOSE FIRST GREAT WORDS

Electricity is the magic of a tape recorder. It's the friendly glow of outdoor lighting. It's the convenience of power tools. It's probably 30 to 40 household servants in and around your home . . . five or six times as many as you had a generation ago. With electricity doing so many useful things, it stands to reason that your bill is higher today. But the unit cost of electricity is a full 30% lower than a generation ago.
