Roy Wilkins Says Blacks and Whites Need Each Other

Hampton, Va. — Roy Wilkins, executive director of the NAACP, told a near-capacity audience which gave him a standing ovation at Virginia College here that "the races need each other." He said that separation of the races, as advocated by some black power proponents is not a good solution to America's minority problem.

If black power is for development of Negro entrepreneurs, pride in the race and progress, Mr. Wilkins said he would be for it. "But not if it means separation."

He called for a speed-up in meeting the urgent needs of the Negro community. "The pace of yesterday is no longer the pace that will do. We must speed up. And the methods of yesterday will not fit the problems of today," he said.

Series of Appearances

The Hampton meeting, Nov. 24, was sponsored by the local branch of the NAACP, and was one of a series of appearances Mr. Wilkins is making in various parts of the country.

He addressed a Freedom Fund banquet in Houston, Texas, on Nov. 22. Continuing northward from his appearance here, the NAACP leader will address students at Phillips Andover Academy and at the Freedom Fund banquet of the Merrimack Valley NAACP in Andover, Mass., on Dec. 7. On Dec. 11, he will appear before the Clossophic Society of Princeton University.

First Indictment On Housing Law

Washington, D.C. — Atty. Gen. Ramsey Clark announced Friday the first indictment returned under the new federal Open Housing Law. The indictment charges a teen-ager with setting fire to a neighbor's home that was under contract for sale to a Negro family in a New York suburb.

Dennis Feise, 18, now in the Marines, was charged under the section of the Open Housing Law which forbids any attempt to intimidate a person from selling a home on a non-discriminatory basis. The indictment was returned Thursday in federal court in Brooklyn, N.Y.

Clark said the fire last May 23 in Babylon, N.Y., was confined to the garage. Feise also was accused of defacing the neighbor's two cars.

Ignored Order, G.I. Gets Term

Ft. Hood, Tex. — Spec. 4 James E. Dubose, 20, of Sumter, S.C., pleaded guilty Friday to a charge of disobeying an order in an incident related to the Chicago Democratic National Convention.

At the same time he pleaded guilty to a charge of assault and battery not connected with the demonstration involving the convention.

More than 40 soldiers, all Negroes, were charged with refusing to report for reveille. They were demonstrating against the possibility of being sent to the convention city for stand-by riot-control duty.

The court sentenced Dubose to three years' confinement at hard labor, dishonorable discharge, total forfeiture of all pay and allowances and reduction to the lowest grade.

Excessive Penalty Is Challenged

St. Louis — A sentence of 254 days in jail for the inability to pay a fine and court cost of \$254.00 "constitutes imprisonment for no other reason than poverty," LDF attorneys told the U. S. Court of Appeals here today.

The case was that of Robert Winters, an indigent Negro charged with a morals offense involving a white woman in Little Rock, Ark.

No Lawyer

Because Winters was not represented by a lawyer at his municipal court misdemeanor trial, held on the same day of the offense — May 3, 1965 — LDF attorneys urge he was denied the right to counsel. Arkansas does not appoint counsel for persons charged with misdemeanors.

Winters did not ask for assistance and "was not informed by the presiding judge, or anyone else, of a right to counsel," according to NAACP Legal Defense and Educational Fund, Inc. (LDF) lawyers.

The action of the local court deprived Winters of rights due him under the Fourteenth Amendment, the LDF stated. A federal district court in Little Rock agreed, and the State appealed to the U. S. Court of Appeals.

LDF attorneys told the court that other persons in the same indigent situation as Winters routinely work off their fines at the Pulaski County Penal Farm at the rate of \$1.00 daily.

Filed Habeas

Once imprisoned, Winters did file for a writ of habeas corpus, asking "relief against his unconstitutional restraint, conviction, sentence and

Miami, Fla.—Miami's national campaign to recruit more Negroes into its police department is reaping responses from Manhattan to the Rockies.

Since City Manager M. L. Reese announced the start of "Operation Badge" at a press conference Nov. 13, prospective candidates from various states including New York, Connecticut, Pennsylvania and Utah have written City Hall to indicate their interest in becoming police officers.

Winston-Salem, N. C. — R. J. Reynolds Tobacco Company, Winston-Salem, North Carolina, has named D. Parke Gibson Associates, Inc., a New York-headquartered national public relations and marketing consulting firm, to provide counsel and services on matters involving the Negro market.

Reynolds Tobacco, which manufactures three of the four best selling cigarettes in the U.S. (Winston, Salem and Camel) retained Gibson Associates to assist in developing depth marketing programs to reach all consumers, and to communicate company activity in equal employment opportunity and related matters.

New York, N.Y. — A unique American Premiere of Albert Broccoli's motion picture, "Chitty Chitty Bang Bang," has been set to create an unforgettable experience for some 400 children, who will be guests of the society notables, show business celebrities and dignitaries at the event. The black-tie, glittering premiere will take place Wednesday evening, December 18, at Loew's State 2 Theatre, Broadway at 45th Street, as a Benefit for the Boy's Club of Queens and children represented by the Mayor's Task Force.

New York — Excerpts from Vinie Burrows' one-woman show, "Walk Together Children," a chronicle in poetry, prose and song of the Negro in America, will be presented on "Camera Three" Sunday, Dec. 15th (11:00-11:30 a.m., EST) in color on the CBS Television Network.

Kansas City, Mo. — Since Tuesday of last week, seven murders have been committed in the Metropolitan Kansas City area, bringing the total number of homicides for this year to 102.

Out of the seven murder victims, five were Negro and two were White.

fine" in the municipal and circuit courts.

Both courts denied his request. LDF attorneys then took the case to the Supreme Court of Arkansas which issued an order halting the sentence pending consideration of the Winters petition and releasing him on \$100.00 bond.

Appearing in the U. S. Appeals Court today for the LDF was attorney Michael Meltsner of New York City.

Eligible survivors of servicemen whose remains were lost at sea after May 27, 1941, may receive a memorial flag by applying to the Veterans Administration.

Rep. H. R. Gross of Iowa Opposed; A.D.A. and Rep. Franklin Group in Favor

Iowans are on both sides of the controversy over the seating Adam Clayton Powell in the next session of Congress. Rep. H. R. Gross of Iowa, a congressional opponent says

★★★
The opponent, Representative H. R. Gross (Rep., Ia.) said Tuesday that it is outrageous to disband the grand jury without taking a vote. Gross said he will recommend to the new administration that a new grand jury be impaneled to consider the Powell case.

"The Congress and the American people have a right to know the reasons for this strange and unusual action, this whitewash . . ." he said.

"There will be a number of others opposed to him," Gross said. He declined, however, to estimate opposition or to name any of those who opposed.

Different Approach

The Justice Department said Monday night it had let the grand jury expire without recommending that it indict Powell, a Harlem Democrat, on charges of misusing some \$40,000 in public funds. It said "available evidence did not warrant prosecution."

It added, however, that it was studying the possibility of a civil action to recover the funds.

Powell was excluded from the Ninetieth Congress Mar. 1, 1967. The House, in a 278-to-176 vote, went farther than the recommendation by a select nine-man committee that he be censured.

The grand jury investigation had been going on for 18 months. The length of the investigation had prompted some congressmen to say privately that failure to hand up an indictment would clear the way for Powell to take his seat in the next Congress.

The exclusion did not carry over and Powell won his usual landslide re-election Nov. 5.

The Americans for Democratic Action and a group including Polk County Rep. A. June Franklin are working diligently to seat Powell.

he will continue to seek to bar Adam Clayton Powell from reclaiming his House seat, even though a grand jury investigation of Powell has been dropped.

★★★
On Sunday, December 8, a resolution was unanimously adopted by the National Board of Americans for Democratic Action reaffirming their position that Adam Clayton Powell should be seated on January 3 as a member of Congress; that he meets all the constitutional requirements of age, citizenship and inhabitancy, and that the people of the 18th District of New York have the constitutional right to be represented by the man of their choice; that he has won reelection by overwhelming majorities three times in two years and that Mr. Powell's continued exclusion is due to racial bias in Congress and this resolution calls upon the leadership of both parties — both in and out of Congress — to take immediate steps that Mr. Powell will be seated on January 3 when Congress convenes. This resolution was presented by Representative A. June Franklin to the Board at its quarterly meeting. She states: "Since H. R. Gross of Iowa has announced that he intends to challenge the seating of Mr. Powell, I am calling upon all the Negro people in Iowa to write to all the six other congressmen in Iowa urging that they ignore Mr. Gross and vote to seat Mr. Powell."

REPRESENTATIVE A. JUNE FRANKLIN appeared on national television December 8 in Washington, D.C. at a press conference with Professor John Kenneth Galbreath and Joe Rauh, Director of ADA to release the story on her resolution for the seating of Adam Clayton Powell. You will recall Rauh, a constitutional lawyer, lead the fight to seat the Freedom Party at the 1964 Democratic National Convention and lead the fight to seat all the challenged delegations to the 1968 Democratic Convention.

Nixon Names Brown to White House Position

New York, N.Y.—Richard M. Nixon on Monday appointed a Negro to his White House staff, and asked William McChesney Martin to remain in his post as chairman of the Federal Reserve Board.

Mr. Nixon appointed Robert J. Brown of High Point, N.C., to become a special assistant to the President.

Brown was assigned particular responsibility for the program Nixon

calls black capitalism, an effort to promote Negro business ownership and management.

"We're not making any grandiose promises, but we're going to have action," said Brown, 33, a public relations man who worked in the Nixon campaign. Brown is a member of the Southern Christian Leadership Conference and the National Association for the Advancement of Colored People.

ASK U.S. SUPREME COURT TO SET ASIDE DEATH PENALTY

Washington, D. C. — The U. S. Supreme Court was asked today to set aside the Alabama death penalty against Edward Boykin, Jr., a Negro charged with committing five robberies.

The execution of a man for robbery is cruel and unusual punishment, argued attorneys of the NAACP Legal Defense and Educational Fund, Inc. (LDF), because: 1) it involves brutal and unnecessary physical and psychological cruelty, 2) is abhorrent to civilized standards, 3) is justified

by no rational standards, 4) is a rare and unusual penalty which is 5) applied by juries which are given absolute discretion and 6) insufficient information about the offender.

Few Since 1930

The LDF brief notes that there have been only 25 executions for robbery in the United States between 1930 and 1965.

Twenty-three of these cases took place in southern states, and 19 of the victims were Negro. In Alabama, the LDF points out, all five persons

Three Minneapolis Men To Exclusive White Club

The exclusive all-white Minneapolis Club approved for membership the application of three Negroes, the head of the club's governing committee Russell M. Bennett, announced Monday, Dec. 2.

The members are Cecil E. Newman, publisher of the Minneapolis Spokesman and the St. Paul Recorder newspapers and chairman of the TCOC board of directors; Luther T. Prince, Jr., president of Ault Co., an electronics firm, president of the Minneapolis Urban League, and John Warder, vice president Litho Supply Depot, Inc. and a member of the Minneapolis School Board.

Approved by Governing Board

The three Minneapolitans were approved for membership at a meeting of the club's 18 member governing board Nov. 19.

The 900 member Minneapolis Club, incorporated in 1885 was previously limited to white Christians but opened to a number of Jews during the last decade.

Newman, Warder and Prince and their wives were among the new members welcomed to the club at a dinner Wednesday evening, December 4, at the pioneer club.

Require All To Speak Good English

Baltimore — College and university English teachers were urged to help all their students "Master standard English" since "if the black job applicant wishes to compete on a nearly equal basis with the white applicant he had better be able to use standard English as well as his competitor."

Dr. Nick A. Ford, professor and chairman of the Department of English at Morgan State College, told the 58th annual convention of the National Council of Teachers of English that "Although Stokely Carmichael, Rap Brown and LeRoy Jones peddle their dialectal nonsense, in

their own speech and writing they use impeccable standard English." PARTRIDGES AND PEAR TREES Christmas for twelve days? Why not — as the folksong suggests — lengthen the season of giving and joy?

Post Office Union Head Successful in Discrimination Cases

The story depicting the Federal Government as a racist employer with a sorry record and the appeals board of the Civil Service Commission as a rubber stamp is analogous to the situation in the Des Moines Post Office which was described in a story on May 22, 1968 in the Des Moines Tribune where the Postmaster had been charged with discrimination by three colored employees after they had received letters of proposed adverse action in which Postmaster John P. McNerney proposed to remove them from the service for alleged breach of postal regulations.

Three Appeals

The last of these three appeals to the Civil Service Commission made by mail handler James P. Mitchell, Jr. was resolved on Dec. 5, 1968 when Postmaster McNerney threw in the towel and agreed to reinstate Mr. Mitchell to his former position as mail handler, from which he was fired on April 12, 1968, with back pay retroactive to the date of his removal from the service. The Regional Director of the Post Office Department in St. Louis, Mo. sent Mr. Jack Lewis, Special Assistant for Employee Relations, to Des Moines to contact Mr. Mitchell and make the offer of reinstatement which was made with a provision that the charge of discrimination against the Postmaster would be dropped.

So the appeal is settled eight months after it was filed although postal regulations provide a decision within 60 days if no hearing is held and 90 days in cases where the hearing is requested. Furthermore the decision to reinstate Mr. Mitchell comes from the Regional office rather than the Civil Service Commission who is charged with making a decision, not on the merits of the removal ruling by the Regional office, but on the question as to whether the employee was removed from the service because of discrimination because of color. Regional Director, Mr. John F. Dee, who apparently made the decision to reinstate Mr. Mitchell had to overrule his previous decision of Apr. 9, 1968 which reads as follows, "I find, after careful consideration of the matter that the seriousness of the sustained charges warrant your removal in the best interest of the service." "The Post-

United Black Group Secures Scholarships

The United Black Federation met Monday noon at the New National Motel. Newly formed in early January and organized by Judge Luther T. Glanton, and John Estes, Jr. the group is for the purpose of bringing blacks together both economically and socially.

The Federation has been able to secure scholarships for students at Iowa State University, University of Iowa, and Drake University. Scholarships are available for next fall. The committee set about its business of assisting students by interviewing every 1968 high school graduate in

the city of Des Moines. In this way their needs and goals were ascertained and plans made to meet them. This plan will be carried out annually. Mrs. A. June Franklin represented the Scholarship Committee in the ab-

sence of its chairman, Mrs. Cynthia Turner, who is now enrolled at the University of Iowa.

Plans are in progress for acquiring land for a black shopping center to be located in the Oakridge Urban Re-

newal Area. The organization's goal is to sell shares for the purpose of acquiring the land. Mrs. Franklin is chairman of the Black Shopping Center Committee and, on her last week's trip to the East, made the

initial contacts for securing financial backing for the federation. She contacted a Washington, D. C. architect who will meet with the board of directors on December 19, in the United Black Federation's meeting to be

held at the New National Motel. The architect will give the initial facts needed for setting up the mechanics to sell shares. He will further direct the group in its financing of the center.

Social Security

Health, Education
Welfare

Leo W. Smith, social security district manager in Des Moines, issued a reminder today to anyone who is thinking about employment during the Christmas season. There are important social security facts that the job seeking individual should know.

First, you should apply for a social security card if you do not already have one. If you have changed your name or if you had a card but lost it, you should get a card showing your new name or a duplicate of the one you lost.

Secondly, when you begin your employment be sure that your employer records your name and social security number exactly as shown on the card.

Remember that your social security card is the key to your social security protection. The number shown on your card will be used to keep a record of your earnings and will identify any benefits to which you and your dependents may become entitled. For your future good, make sure you have a social security number. You can get an application form at your local post office or the social security office located in Room 293 f the new Federal Building, 210 Walnut Street, Des Moines. The office is open on Monday evenings until 8:00 p.m. for the convenience of those who are unable to visit the office during regular daytime hours.

master's decision to remove you is, therefore, upheld and he is being directed to proceed with your immediate removal."

Asks Vigorous Enforcement of Anti-Discriminating Clauses

Washington — "Vigorous enforcement of the anti-discrimination clause in U.S. Government contracts would have more direct impact in eliminating racial discrimination in employment than all of the law suits and complaints by Negro workers against employers and labor unions," Herbert Hill, NAACP labor director, told an ad hoc Congressional committee in testimony here, Dec. 5.

No Contract Cancelled

The Government's power to cancel contracts for violation of the anti-discrimination provision, Mr. Hill said, "is undoubtedly the most powerful single weapon to eliminate nationwide patterns of racial discrim-

ination." Yet not one contract has been terminated for this cause even though some major government contractors "have been found guilty of discrimination," he added.

This failure to act, he charged, "provides a classic example of the administrative nullification of civil rights laws and executive orders."

Six Recommendations

Mr. Hill submitted six recommendations to strengthen compliance procedures. He also called for shifting of the Office of Federal Contract Compliance from the Department of Labor to the Department of Justice, the primary function of which is law enforcement."

HEALTH FOR ALL

The incredibly popular Yuletide song, of course, celebrates long-ago customs—when the great midwinter festival really did last for twelve days. The song honors the days from Christmas to Epiphany—January 6—the day the Three Wise Kings, laden with precious gifts, came from the East to visit the Child.

Partridges and pear trees are not very common Christmas gifts these days—if indeed they ever were. But giving and gifts are still cherished holiday customs. Christmas Seals are one of those customs. And the design of this year's Christmas Seal is a plump partridge in a tree of golden pears, the gift—in the folksong—for the first day of Christmas.

The attorneys also argue against "the unfettered discretion of a jury," which was empowered by Alabama law to choose between the penalties of death and imprisonment "arbitrarily, capriciously, for any reason, or no reason" and without instruction by a trial judge, thereby violating due process of law.

Three days after the first appointment of a lawyer by the court, Boykin, an indigent, was arraigned on five separate capital charges.

Using Christmas Seals lengthens the holiday spirit of giving—far beyond twelve days. It lengthens those days into a relentless year-round struggle to combat emphysema, tuberculosis, and air pollution. The year-round program of your local TB RD association helps make life livable for a great many people with respiratory problems.

Partridges and pear trees are a symbol of generosity, good will, and joy. That is why they are this year's Christmas Seal.

Use Christmas Seals. It's a matter of life and breath. "Your Christmas Seal Organization" Polk County Tuberculosis and Health Assn., 208 Flynn Building, Des Moines 9, Iowa.

Aiding 400 in Death Row

The LDF is presently representing, or assisting private attorneys who are representing, more than half of the 400 men on the death rows of America.

The LDF involvement grew from years of experience with death cases in the South where Negroes had received the death penalty for the rape of white women. Of the 400 persons executed for the crime of rape since 1930, 90 per cent have been Negroes; yet this figure alone was not considered proof of racial discrimination in the courts.

The LDF sponsored an extensive sociological survey during the summer of 1965 of 2,500 rape cases in the 11 southern states, involving both white and Negro defendants, to determine objectively and scientifically where any factors other than racial discrimination could account for the high rate of death sentences for the Negroes convicted of raping white women.

IMPORTANT! Film, stage, and TV actor Andy Griffith knows the importance of Christmas Seals. They're more than a holiday custom—they are a vital weapon in the fight against tuberculosis, emphysema, and air pollution.

Morris of NAACP Speaks to NMA

New York — William B. Morris, NAACP director of housing programs, has told the National Association of Manufacturers that black businesses must be equipped to operate and survive in a total community environment if we do not wish "to hasten the advent of separate societies."

"Black communities are rapidly becoming larger, more separate and less equal," Mr. Morris said. "A polarization of the races is destroying basic democratic values. These black ghettos spawn frustrations, despair and bitterness." He said that they require "no less than an immediate all-out national effort by both the Federal Government and private enterprise."

The NAACP housing director challenged the NAM members to give massive attention to the elimination of ghettos and the problems which stem from them. He called for "a rejection of paternalistic programs" and asked the NAM to assist the ghetto people in developing "a greater measure of self-determination and the development of pride and dignity."

"The prompt elimination of dual standards in municipal services, law enforcement, economic opportunities, and the right to secure good housing in good neighborhoods at a price they can afford to pay" are additional requirements.

Mr. Morris, in addressing the NAM housing session here at the Waldorf-Astoria, Dec. 5, announced that "the NAACP is about to embark upon a massive program to sponsor and produce housing for lower-income families." He urged support and co-operation from the National Association of Manufacturers.

Veterans Affairs

Q—I read recently that veterans in service after the Korean Conflict (after Jan. 31, 1955) have had their education entitlement under the G.I. Bill increased. My brother was in service from June 1963 to June 1965 and received two years of college training under the G.I. Bill.

Does he now have additional entitlement? If so, what must he do to receive it?

A—Your brother is being notified by the VA of his entitlement to additional educational assistance. This results from a new law which went into effect Dec. 1 granting Post-Korean veterans 36 months of educational assistance upon completion of 18 or more months of active duty and fulfillment of their military obligation.

CADET CANDIDATE OLLIE W. ALLEN spent a part of his Thanksgiving Holidays with his mother, Mrs. Charlie Mae Allen. He is now West Point Prep School at Fort Belvoir, Virginia Cadet Candidate Allen made the Dean's List recently at that school. He returned to school after visiting in Texas and in Chicago, Illinois.

MET JOSEPH MILLER, former Electronic Computer Institute Regional Faculty Director, who resigned that post on November 1, 1968, and is now employed as Computer Systems Science Assistant, IBM Corporation, Des Moines, Iowa. He and his wife, Helen, and their 10 year old daughter, Sylvia, reside at 1819 Clark Street.

MET JIM GUS GUYDON, Drake University Assistant Basketball Coach and undergraduate in Drake's Physical Education Department. His graduate work was done at Indiana University, Bloomington, Indiana. Guydon, his wife, Helen, a speech clinician in the Des Moines Independent School System, and "Doby", their Doberman Pinscher, reside at 1401 31st Street.

COACH GUYDON PROVIDES THIS EXCITING DATA on our Drake University basketball players: Willie McCarter is a 6'3" All-American candidate with a 23.3 average from a year ago. Willie Wise, 6'5" of San Francisco is a "Do It All". One of the top rebounders in the Country, he is a tremendous competitor! Al Williams, 6'6", Peoria, Illinois, is a real leaper, starting center; needs to improve some of his fundamen-

mentals, but still a fine player. Ron Gwin, 6'2", of Maywood, Illinois, is a real steady substitute. Very quick and deceptive! Ron Carkum, from Emerson High School is a freshman starter. Dolph Pulliam and Willie McCarter have been Drake starters for three seasons. This year Drake is slated to have the finest team in its history. Pulliam is one of the best defensive forwards in the country. He, too, is a tremendous competitor.

The team defeated the highly successful Marquette University team with a dazzling defensive play by Dolph Pulliam on All American candidate George Thompson who was limited to 11 points. Kay Henderson is a Drake cheerleader!

LILLIE ANN'S at 2701 16 Street, San Francisco, California, offers the girls who love to design and make their own garments the nearest bargain to be had. Every Saturday morning leftovers measuring like 3 yards of 60" wide fabrics can be had for say \$6.00. Cool? But yes! (A tidbit passed on by a friend who recently made a fabulous purchase there!)

MAE WAGNER'S BARGAIN CORNER, 217 Locust Street, offers those special little literary finds — the paper back editions for which one continually searches! Just park yourself on the corner of a table or, if business is rushing, just lean against the wall and thumb-away. My problem is getting there between 8:00 a.m. and 5:00 p.m. — just can't make it by 5 o'clock. She's promised to be there until 5:30 on Thursday and Fridays so there's our chance!

Mary Wood, Former Des Moines Resident, Moves to Higher YWCA Executive Position

Mary E. Wood, has become the Executive Director's post in the YWCA of Buffalo and Erie County.

Miss Wood has already visited all the branches, sees need for better need for redistricting in some cases. She will be introduced to staff and volunteers formally at the annual membership meeting this evening. And she's working hard with other members to set up a series of six seminars on "Woman and Hidden Racism."

The first is set at 10 a.m. today. It will feature David Owens and Dr. Arthur Tuden talking on "The History of Racism."

Buffalo's was one of the first Y's to affiliate with the Job Corps program, provided housing and a guided social program for trainees for two to six months after they started new jobs. Twenty new centers were opened while Miss Wood was in Erie County.

"You can't" is a statement that can always prod Mary Wood into doing just what's supposed to be impossible. They told her she wouldn't be accepted in college, couldn't make the Dean's List, couldn't get a job, because of her color. She made the dean's list, got her bachelor of arts degree at Drake University in Des Moines, Iowa, earned a masters degree at New York University, did graduate work in Denver and Pennsylvania. In 1961 Drake gave her their National Alumni Award.

Miss Wood has worked with YWCA's in Tulsa, Oklahoma; Denver, Colo.; Newark, New Jersey, and Philadelphia, where she has had plenty of experience with "inner city" problems.

Other awards she's won; the Freedom Foundation and Recreation Association Awards in Philadelphia; A Good Neighbor Award from the Board of Community Relations, an Urban League Award, in Buffalo.

In 1949, she was one of five delegates from the U.S. YWCA to the World Leadership Conference in Geneva, Switzerland.

Your professional beautician knows the answer...

Why does some hair break off when combing?

Your hair is precious and delicate... and none of us like to see it break off for any reason. Scientists tell us that excessive use of hot combs and over-processing of hair with chemicals often are major causes of brittleness resulting in hair breakage. But hair that is naturally curly and tangles easily frequently breaks off in everyday combing. Notice how irritated your scalp becomes when you comb in contrast to the way your beautician does?

Your professional beautician knows that curly hair mats and tangles so easily that it should be softened before combing. Otherwise, unnecessary irritation to the scalp and damage to the shaft and ends of the hair occurs. To achieve this needed softening and a temporary relaxing effect that prevents breakage on all human hair (including wigs), most beauticians rely on Clairol® Hair-So-New® spray-on creme rinse. For combing ease and for beautifying your hair in many other ways, trained beauticians stock a complete family of fine Clairol products for your specific needs.

Visit your expert hairdresser, who cares about your hair care and your comfort. Whatever the nature of your hair problems, only your professional beautician knows the answer for sure.

Apple Pie

Cool weather calls for hearty desserts—such as this tender, juicy Apple Pie—served warm.

Serve the all-time favorite, Apple Pie, for dessert tonight when hungry children trip in from school. It doesn't take long to make—and how pleased your family will be.

The recipe for the crust makes golden color and tenderness as easy... well, as easy as pie. The pretty design is no trick at all. Make one like it or draw upon your imagination plus a cookie cutter for your own version. Be sure, though, that there are openings in the top of the crust to let out flavor-laden steam from the baking apples. Press the top and bottom layers of pastry together and there'll be no spilling over of savory juices.

If you are hurried, order a baker's pie and pop it in a low-heat oven just before dinner is called. Everyone is convinced that Apple Pie is good eating. Ever consider, though, that it has important nutrient contributions? The enriched flour in the crust contributes extra B-vitamins, food iron and protein. The apples add more vitamins and minerals.

Feature Apple Pie at your next dessert party. Trim the pie with wedges of sharp Cheddar cheese and serve along with a bowl of grapes and a dish of salted mixed nuts.

APPLE PIE

2 cups sifted enriched flour
1 teaspoon salt
3/4 cup shortening
3 to 5 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening. Sprinkle with water, mixing lightly until dough begins to stick together. Divide dough in half and let stand while preparing Apple Filling. Roll out half of pastry to circle 1/4 inch thick and line pie pan with it. Fill with Apple Filling.

Apple Filling

1 1/2 quarts apples
3 tablespoons melted butter or margarine
1 cup sugar (about)
1 teaspoon cinnamon

Peel and slice apples. Mix lightly with butter or margarine and lemon juice. Combine sugar, flour and cinnamon and mix well.

with apples. Arrange evenly in pie shell.

Makes 1 9-inch apple pie.

WHY OF THE CRIME
RATE INCREASE

Des Moines has been plagued with an unusually large number of robberies and hold ups. All kinds of reasons are advanced for such a rise in crime most of which are reasonable.

Winter brings long, dark, cold nights which provide cover for criminals and coupled with the large area Des Moines covers with an inadequate police force, are some reasons for this crime rate.

Then, too, Christmas is near. money to spend. These criminals would prefer to get the money in this way rather than by putting in an honest day's work.

And there are those who are silly enough to explain the increase by blaming the supreme court for tying the hands of the police. There is nothing too far from the truth and the sensible officer knows it.

What the robbers may do to the victims is generally worse than the loot they take.

Naturally this crime wave cannot be stopped entirely but as time goes on more will be apprehended and the courts can do a lot by dealing with offenders with a strong hand.

ATHLETES MAKE FINE
CONTRIBUTION
TO RACIAL EQUALITY

The 1968 All American football team includes four Negroes—three in the backfield and one a tight end. They are O. J. Simpson of California, Roy Keyes of Purdue, Ron Johnson of Michigan and Jerry Levis of Southern Methodist University.

All came from top rated teams and contributed materially to their success.

These young men made a great contribution to the game, to their schools and to themselves. Undoubtedly, they have no time to go out on the foolish student strikes preferring, like the hundreds of others, to get from the schools what they came for.

Now, these young men are in a position to command and receive handsome salaries for their work and to save for future careers which don't take too long in football.

They are entitled to great credit for the fine contribution they have made so early in life.

STUDENT STRIKES
SET BAD EXAMPLE

There seems no end to the troubles going on in the schools over the country today. It appears that some dissenters are simply demanding just because some others are doing so, reasoning that no substantial effort is being made to get the job done without rioting and destroying property.

One complaint often made is that the students want more to say about how the schools should be run particularly the selection of curriculums. Undoubtedly they might well give their suggestions all of which should be considered and some adopted.

But students are, like all other citizens, subject to laws of the land. As such they should obey them or take the consequences.

Had school officials dealt with these situations swiftly and with a stern hand; had this been done earlier, the student bodies or those to come would not have assumed that they could violate the law and not account for their actions.

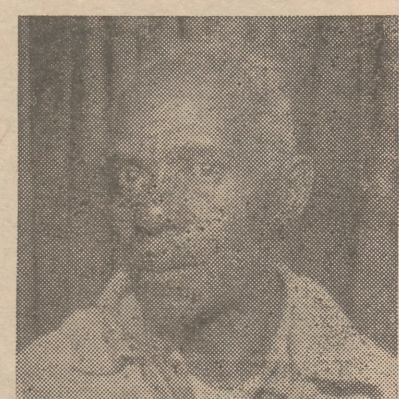

Of course, the same type of conduct and settlements have prevailed during some of our labor troubles. Maybe, the students are taking a leaf out of the books of labor settlements which always wind up by dismissing cases against those who violated laws during strikes.

A lot of this new liberalism has gotten us in a lot of trouble.

With Allen Ashby

While everybody is getting excited about the Drake, Iowa State and Iowa U Basketball teams, we shall adopt a wait and see attitude. Iowa State doesn't have the size to maintain their terrific game pace over a whole season. So we think they will do well for a while until the pressure catches up with them.

Drake and Iowa have what could be top line teams in their respective leagues. Last year the pool hall coaches said Drakes best five were the five Negroes on the floor at the same time. But that never happened unless the ball game was out of reach one way or the other. We shall await the reaction of those coaches later. Iowa is most fortunate to find a capable replacement for Sam Williams, and to get a fine player returning in Ben McGilmer. The meeting between Drake and Iowa U and Drake and Iowa State could be the biggest games around the state. Now who told us that?

Football

And now back to football which has six more weeks to go. If you watched the program on CBS last Sunday, you saw what had to be the greatest goof of all times. Six officials took away a fourth down from the losing team which had a very slim chance to win the game with 15 seconds left. That is another difference between today's football and that of former years. The quarter back had to know the downs and yardage so he could call his plays and you can bet these would have been a conference between the quarterback, the team captain and the head official when the man said fourth down. But then as we always say, the pros make the same mistakes as the amateurs. They just don't make them as often.

If O. J. Simpson and LeRoy Keyes hadn't been on just about everybody's All American team, that would have been news. Too, bad they both don't play in the Shrine game. But then Simpson will be looking forward to a January first date in Pasadena.

A fellow who read our stuff last week about the differences between football as we played it and on it is today called our attention to another very important change. In our day platooning defensive and offense units would have been impossible. Once a player left game he had to set out the rest of that quarter. Quite a few games were won or lost because the coach took out his regulars too soon and they had to sit on the bench and watch a beaten team rally against the subs and win. Of course, when the teams wanted to rest a player or players or talk to a quarterback, they pulled the fellows just before the quarter ended, maybe a couple of minutes or more. Then he went back in at the start of the next quarter. The fellow was right—we remember that now.
