Blast Damages

Soul Village

NEW YORK, N.Y. — A score of black separatists, named as members of the Black Panthers, a gun-bearing militant group that has drawn notice in the past three years, have been indicted by District Attorney Hogan's office and charged with conspiracy to blow up at least five major stores in midtown Manhattan.

According to a spokesman for Hogan's office, the plot was supposed to be pulled off on Thursday of this week — at the height of pre-Easter shopping — to "destroy elements of the white power structure."

Twelve of the alleged conspirators, including two women, have been taken into custody in New York City, two are being held in New Jersey and seven are still being sought.

One of those arrested is Robert Collier who served two years on a conviction of conspiracy to dynamite American national shrines including the Statue of Liberty, the Washington Monument and the Liberty Bell. Last year following his release he was given a post with a lower East Side community planning board over opposition.

Stores Listed

The alleged plot for this Thursday was to have included the bombing of Macy's, Bloomingdale's, Alexander's, E. J. Korvette's and Abercrombie and Fitch.

Other targets specified for Thursday's coup included six locations on the New Haven branch of the Penn-Central Railroad, and the 42nd police precinct station house at Third Ave. and 160th St.

The arrests were made by city detectives and special investigators of the DA's office in a lightning series of dawn raids Wednesday.

A Manhattan Grand Jury that had been hearing evidence since Monday, handed up the indictments to Supreme Court Justice Charles Marks at 1 a.m. Wednesday and the arrests followed.

The 12-count indictment included conspiracy to commit murder and arson, reckless endangerment and possession of dangerous weapons. All of the counts are felonies which entail penalties of from 4 years for second degree conspiracy to 25 years for attempted murder and attempted arson.

Blast Damages
Soul Village

Scores of Des Moines citizens were shaken by a blast which tore away a portion of Soul Village, a recreation center at 1407 Forest Avenue.

Several sticks of dynamite were found later by the police at the north end of the building where the explosion occurred. Damage was estimated at about \$20,000.

No arrests have been made so far although police say they have two men under surveillance. The blast occurred a few minutes following a meeting at the center at which Judge Luther T. Glanton presided.

Monthly Census

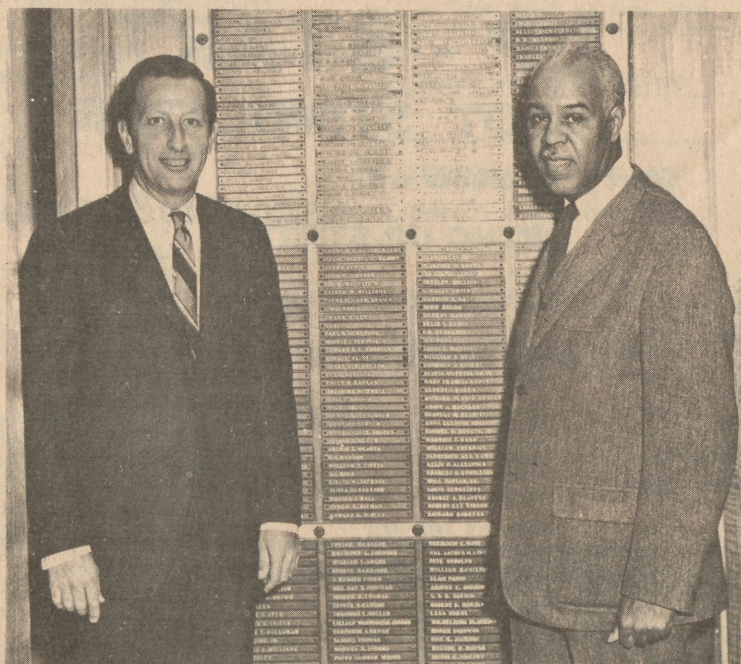

DES MOINES — A number of residents in this area will be visited by Bureau of the Census interviewers during the week of April 13 as part of the monthly survey on employment and unemployment conducted in cooperation with the U.S. Department of Labor, according to Director Guy A. Lutz of the Bureau's regional office in St. Paul.

The arrests are thought also to have solved the series of bombing and shooting attacks that plagued police stations late last year and earlier this year. One of the alleged plotters' bombs exploded in the East 125th St. station in November and another was discovered before it went off in the West 100th Street station.

Assassinations

Two of the alleged conspirators, are also charged with having plotted the assassination of police officers of the 4th Pct. at 1278 Sedgewick Ave., Bronx. Their plan supposedly was to plant a bomb whose explosion would bring the cops rushing from the station where they could be picked off from the Manhattan side of Harlem.

A spokesman for District Attorney Hogan said the alleged conspiracy was part of an over-all plan to harass and destroy elements of the power structure, including the assassination of police officers by bomb and gun.

Davis Accepts
Springarn Medal

NEW YORK — Sammy Davis, Jr., the film, stage and television star, put his humanist creed on record in quietly eloquent remarks accepting the 53rd Springarn Medal before 600 guests attending a Palm Sunday luncheon in the Grand Ballroom of the Plaza Hotel here, March 30.

The coveted medal, awarded annually to a Negro American for distinguished achievement, was presented to Mr. Davis by an earlier winner of the honor, Roy Wilkins, executive director of the National Association for the Advancement of Colored People. Mr. Wilkins substituted for Senator Edward W. Brooke (R., Mass.) who was unable to remain for the luncheon because of rites in Washington for the late President Dwight D. Eisenhower.

HEW Cuts
Funds from
Schools
and Hospitals

Following a strong policy of compliance with Health, Education and Welfare regulations requiring the schools and hospitals to comply with the desegregation laws a cutoff of federal funds for three school districts and three hospitals in the South was announced Monday by the Department of Health, Education and Welfare (HEW).

The school districts are Bleckley County Schools and Washington County Schools in Georgia and the Pascagoula Municipal Separate School District, Miss.

The hospitals, all in Mississippi, are Kuhn Memorial Hospital, Vicksburg; Matty Hersee Hospital, Meridian; and Natchez Charity Hospital in Natchez. All are administered by the state.

President Seeks
Employment
Policy.

President Richard Nixon has emphasized his official and personal endorsement of a strong policy of equal employment opportunity within the Federal Government.

Text in part of the President's memo to heads of departments and agencies follows:

"The concept of nondiscrimination is inherent in the Civil Service Act of 1883, which calls for a Federal service based on merit and fitness alone. 'Non-discrimination' was broadened by President Eisenhower to 'equal employment opportunity' with his issuance of Executive Order 10590 in 1955. In the years that followed, other Executive Orders designed to insure equal opportunity in the employment, development, advancement and treatment of employees of the Federal Government have been issued. This series of Presidential directives reflects continuing support for this program at the highest levels of Government."

"Meanwhile, I want every reasonable effort made to insure that the Federal Government is an equal opportunity employer. I further urge you, if you have not already done so, to communicate your personal support for this program to all officials and employees of your agency."

Ford Winners
For Doctoral
Fellowship

NEW YORK, April 6 — The first winners of the Ford Foundation Doctoral Fellowships for Negro Students, which are designed to enable more young Negro men and women enter the field of college teaching, were announced today.

Forty-five college seniors and recent graduates were selected to receive the awards from approximately 600 applicants. They will embark this fall on full-time graduate study leading to doctorates in the humanities, social sciences, or natural sciences at graduate schools of their choice.

The fellowship program seeks to increase the number of Negro students in graduate schools who intend to make college teaching a career.

Williamstown Prexy
Refuses to Bow

WILLIAMSTOWN, MASS. (AP) — College officials have canceled classes Monday and Tuesday at Williams College as a sit-in continues by a Negro student group which seized the administration building two days ago.

Dr. John E. Sawyer, Williams' president, said the all-Negro housing proposal would be "contrary to the educational philosophy of the college," would foster segregation and would violate civil rights laws.

Praises Eisenhower's
Little Rock Move

NEW YORK — Dwight David Eisenhower's action as President in sending troops to Little Rock to enforce court decreed school desegregation established him as "one of the saviors of our country," NAACP Executive Director Roy Wilkins said here following the death of the nation's 34th president, March 28.

The late President's "services to his country as a military commander will be noted by every school child in generations to come," Mr. Wilkins' statement said.

"What must not be forgotten," he continued, "is that in 1957, as President of the United States, he called upon the American Army to enforce a decree issued by a United States court."

"If the court order had been successfully defied by a state, we would have ceased to be a nation and would have become a group of independent fiefdoms."

"In a very real sense, Dwight D. Eisenhower was one of the saviors of his country."

NEWS In A Nutshell

DAYTON — The NAACP Region III Leadership Training Conference paid an unscheduled tribute to Roy Wilkins here last night when nearly 500 Freedom Fund dinner guests waited 3½ hours to hear him deliver the main address of the conference. Due to speak at 7:00 p.m., the NAACP Executive Director arrived at 10:45 because his plane had had engine trouble before leaving New York.

Current, director of branches and field work, called upon President Nixon to disavow recent criticism of Clifford L. Alexander, Jr., chairman of the federal Equal Employment Opportunity commission, by Sen. Everett M. Dirksen who cited Alexander for "punitive harassment" of employers.

Atlanta, Georgia — Dr. Thomas D. Jarrett, president, Atlanta University, was appointed a member of the Georgia Science and Technology Commission by Governor Madox in January. Dr. Jarrett was appointed to serve until April 1, 1971.

NEW ORLEANS — The New Orleans Branch of the National Association for the Advancement of Colored People has called upon the Federal Bureau of Investigation and Joseph I. Giarrusso, New Orleans superintendent of police, to make thorough investigation of the brutal beating of a 27-year-old Negro law student by two white police officers.

NEW YORK — A protest by the American Jewish Congress against anti-Semitism and anti-Negro rhymes in the Xerox Corporation's facsimile edition of "Mother Goose's Nursery Rhymes and Fairy Tales" has resulted in an apology for the book's publication and its withdrawal, it was disclosed Wednesday, April 2.

MOUNT VERNON, IA. — The brusque frisking of a Negro college administrator has brought a letter of apology from the Mount Vernon City Council.

Mayor Dale Larson said he thought a "mistake had been made" when Charles Holmes, director of development at Rust College, Holly Springs, Miss., and five members of the Rust College Singers, were frisked for suspected "blackjacks" that turned out to be hair combs.

NEW YORK, April 9 — The Ford Foundation today announced a series of actions aimed "at exploring how schools can better prepare youth to function in a democratic society beset by unprecedented demands and complexity."

For Easy Maintenance

Your cedar closet is almost self-maintaining. First, it requires no finish, as that would seal in the pleasant aroma which repels moths.

The only regular maintenance required is a semi-annual dusting with a dry cloth.

If a slight film of cedar oil appears on the wood after several years, remove it with a light sanding.

The Des Moines City Council voted Monday night to submit the five-year \$40 million Model Cities program to the U.S. Department of Housing and Urban Development (HUD).

This comes just prior to an announcement by the White House Tuesday indicating that the Nixon administration may modify the Model Cities program but support it financially on about the same \$750 million level the Johnson administration proposed for the next fiscal year, beginning July 1.

Press Secretary Ronald L. Ziegler said reports along this line were generally accurate in reflecting discussions of the program Monday by President Nixon and his Urban Affairs Council.

Some reports said proposals worked out by Secretary of Housing and Urban Development George Romney, and a subcommittee of other Cabinet members, envisioned more authority for cities and states in the process of qualifying communities for Model Cities programs.

The move puts the council on record as supporting the program. It does not commit the city to help carry out any of the projects, however.

Vote Again
If HUD approved the program, the council will have to vote again on its commitment.

The program for revitalizing the Model Cities area, northwest of the loop, would cost \$7.5 million the first year and as much as \$40 million over five years.

HUD has already set aside

\$2 million for the Des Moines project, pending final approval. The rest of the money would come from a combination of federal, state and local agencies plus private organizations.

Councilman Robert Scott, who abstained from the voting because he owns property in the area, said he had pledged that there would be such a referendum.

"You may have given that pledge," declared Mayor Thomas Urban. "But I didn't."

Councilman Charles VanderLinden, whose First Ward includes the Model Cities area, said he had given the same pledge, but had changed his mind "after watching this program for 15 months."

Said VanderLinden, of the Model Cities Planning Board: "They have done an outstanding job of putting together a conservative program, if such a thing is possible in this."

"I'm sold"

"There will be certain things that I don't like. But I'm so sold on it after watching these people. These people have worked very hard to solve their own problems. They've gotten more done than any other project in the city."

VanderLinden said the Model Cities program has become a symbol of hope for the residents in the community.

Urban said that getting whatever money is needed for the city share "will be a real problem. In the first year we'll do the best we can. In the second year, we'll see."

James Farmer To Speak In Des Moines

James Farmer, former head of the Congress for Racial Equality (CORE) and recently appointed by President Nixon as Assistant Secretary of Health, Education and Welfare, will speak in Des Moines on Saturday, April 19th.

The occasion of Farmer's appearance is the spring board meeting of the execu-

Moines in 1926 by the late George H. Woodson. At that time Negro lawyers were not admitted freely to the state and national bar associations. It has not been active here for many years. The program will feature a luncheon at the Holiday Inn North following the morning session. About twenty visiting lawyers and their wives are expected.

Mr. Farmer will speak at 3:00 P.M. at the Holiday Inn and the public is invited. This will be followed by a press conference and later an invitational cocktail party at the home of Mr. and Mrs. W. Lawrence Oliver.

Wilkins on Draft

Study Panel

NEW YORK — Roy Wilkins, executive director of the National Association for the Advancement of Colored People, is one of three Negroes appointed by President Richard M. Nixon to a 15-member advisory commission to map plans for the elimination of the draft and the development of all-volunteer armed forces.

Also appointed were Dr. Jeanne L. Nobel, New York University professor of education and the only woman member of the panel, and Dr. Jerome Holland, president, Hampton Institute, Hampton, Va. Former Secretary of Defense Thomas S. Gates, Jr., was named chairman of the commission.

National Federation Sponsors Eisenhower Memorial

WASHINGTON, D.C. — Mrs. Gladys O'Donnell, President of the National Federation of Republican Women, announced Thursday, April 3, that the National Federation is sponsoring a lasting memorial to former President Dwight David Eisenhower in Washington, D.C.

In making the announcement, Mrs. O'Donnell said, "This should be a tangible tribute to the late General. It will be established in Washington, D.C. as a constant symbol of American integrity, leadership, and generosity of thought so exemplified by General Eisenhower."

The character of the memorial will be determined by

a Committee consulting with Mrs. Eisenhower as to suitability and conforming to her wishes.

"The 4,600 Federated Women's Clubs throughout the United States, which make up our half-million member organization, will all have a part in paying tribute to a great American," Mrs. O'Donnell said.

"We ask the women of America to join us in commemorating the authentic American hero of our time who held the affection and trust of people everywhere," the Federation President concluded.

The names of committee members and a trustee of national stature will be released shortly.

Red Cross Supports Relief For Biafra

WASHINGTON, D.C., Mar. 28 — Another \$50,000 has been sent by the American Red Cross to Geneva, Switzerland, to support the relief program of the International Committee of the Red Cross (ICRC) in Biafra and Nigeria, it was announced today.

William Winters of Atlanta, assistant director of disaster services for the Red Cross Southeastern Area, left this week for his second tour of duty as director of logistics for the ICRC in Lagos, the Nigerian capital. He succeeds Charles Estill of Alexandria, Va., who is returning to resume his duties as assistant regional manager in the Red Cross Eastern area. Mr. Winters will be joined about April 15 by Don C. Northey as assistant director of logistics. Mr. Northey is manager of the Central Florida Red Cross Chapter at Orlando.

Gene Nunley of Atlanta, now area coordinator responsible for distribution of food supplies for some 250,000 residents of the Enugu district, will be replaced about April 10 by Alan S. Platt of the Greater Kansas City (Mo.) Red Cross Chapter. Also in Nigeria now is Wilton G. Gaele, Atlanta, manager of transportation in charge of port activities and intra-Nigerian shipments.

Since its inception the ICRC airlift operation into Biafra has faced many difficulties. Hampering its effort to ease Biafra's struggle to feed a starving populace have been circumstances forcing aircraft to fly only at night, hazardous flying conditions, aircraft maintenance problems, and military operations. Flights now go from Cotonou in Dahomey as well as from newly reopened

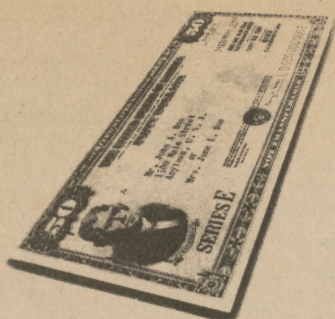

Fernando Po in Equatorial Guinea.

The only airstrip operational in Biafra is one at Uli which is no wider than a two-lane highway. Kerosene lamps, lighted for a few minutes at take-off and landing are its only illumination.

The ICRC plan to step up aid in both federal territory and Biafra calls for an increase in rations, in medical and surgical help, and in the number of refugees being reached.

In Nigerian federal territory, 950,000 are now receiving rations from the Red Cross, and about a million in Biafra. The March-August schedule mapped in Geneva recently calls for an increase to 1,500,000 recipients. Food distribution is made by rail, trucks, air, and coastal freighters.

Your Tax Questions

Q - If a tax expert prepares your tax return isn't he responsible for mistakes?

A - No. You are legally responsible for the accuracy of your return. For this reason, check it over before sending it in to make certain there are no errors.

To help avoid delays in processing your return, have your tax expert fill out the pre-addressed tax form you received in the mail. This form contains your name, address and social security number just as they appear in IRS files. If any of this information is wrong, correct it and send it back with your return.

Q - It's been more than six weeks since I sent in my return. Shouldn't I have my refund by now?

A - Yes, most refund claims filed early can be processed in five to six weeks. However, if there is a mistake on the return,

the refund will be delayed until it is corrected.

Practically all taxpayers have either received their refund or a letter about it within 10 weeks from the time they filed their return. Therefore, taxpayers should wait at least 10 weeks before inquiring about their refund.

Q - When I took my present job I was reimbursed for my moving expenses. Is that considered income?

A - Whether the reimbursement is taxable depends on the nature of the moving expenses you were reimbursed for. Certain distance and length of employment tests also have to be met. Page 6 of the 1040 instructions explains this in greater detail.

Q - Do you have to be 65 to claim the retirement income credit? I retired at 62 and the credit would help me.

A - If you received a

pension or annuity under a public retirement system (one established by the Federal Government, a state, county, city, etc.) you may be entitled to a retirement income credit even though you are not 65. This credit, which is computed on Schedule B (Form 1040), is discussed on page B-3 of the instructions.

Q - Do I have to send in the statement on bank interest I received?

A - This statement on interest earned does not have to be attached to tax returns. Report this income on your return as it is taxable.

Q - I lost the envelope that came with my tax forms. Where should I send my return?

A - Look on page 9 of the 1040 tax instructions for the address to use.

Q - I was divorced last month and my ex-husband wants me to file a joint return with him so he can save on his taxes. Is that alright?

A - If you were married on the last day of 1968 then you can legally file a joint return with your husband for that year.

Whether filing a joint return will be to your advantage is something you should consider. Keep in mind that if you file a joint return with your ex-husband you will be legally responsible as he is for any tax that may be due on the return.

SPRING CLEANUP

Spring cleanup time is here. Dr. Julius S. Conner, city - county health director, reminds us the health department will be inspecting premises for health violations; they will be looking for loose garbage and rubbish in yards, which attracts rats and insects.

The health department urges residents to check their garbage cans to make sure they are clean and in good condition, not exceeding 20 gallon capacity, with tight fitting lids. Rats and flies feed on garbage; if you keep lids on your cans and keep your homes and yards cleaned up, you will prevent rats and flies from feeding and breeding in your area.

Garbage must be drained and wrapped in paper before being placed in your garbage can. Bottles and cans that have contained food or drink will be collected if they are also drained, put into paper bags or wrapped in newspaper and placed in your garbage can.

tended from 5 years to 7 years.

In addition, interest ceilings have been raised slightly to induce lenders to make more loans of this type. The loans can be obtained for central air-conditioning, built-in appliances, and landscaping, as well as structural improvements or additions.

Red Cross Plans For Christmas

WASHINGTON, D.C., Apr. 1969 — There are still more than 200 shopping days left until Christmas, but American Red Cross volunteers are beginning "Operation Shop Early" through which

gift packets will be provided for U. S. servicemen and women stationed in Vietnam at Christmastime.

Participating in the program with ARC volunteers will be many community service organizations, religious groups, business firms, and local industries. They will help make the brightly colored draw-string bags and provide many of the gift items to fill them.

DAVENPORT

BY CECILE COOPER
225 W. 14th Street

More than 200 persons jammed the Bethel A.M.E. Church, Davenport, Friday at noon to hear the Rev. Charles Smith eulogize slain civil rights leader Dr. Martin Luther King Jr.

The memorial service followed a more than mile-long march through Davenport's central city by a singing, placard - carrying line that stretched nearly two blocks.

The march began shortly after 11 A.M. at the Bethel A.M.E. church, Eleventh and Ripley Streets. It moved up Harrison Street to Twelfth Street, down Main Street to Fourth Street, along Fourth Street in front of City Hall and back up Main Street to the Church.

The marchers were escorted by motorcycles and scout cars of the Davenport police. Hundreds viewed the parade from sidewalks and buildings.

To Church Reporters and Pastors

Please see that only one person reports the news as it is confusing to have material coming from more than one source.

Do not list meetings of the choir, clubs and organizations unless some special feature is reported.

Don't run advertising as news, and additions to the church or visitors unless from out of town. The slick should include only those in hospitals, which should be separate from the church news.

Dead-line for news is Tuesday at twelve noon and dead-line for advertising is Tuesday at 5 o'clock.

This is Mrs. Brewer's first individual recital but she is no stranger in this field. Mrs. Brewer has traveled throughout the middle west singing with the Joy Singers in Wisconsin, Illinois, and many other states. She has helped every Church and auxiliary in Des Moines that has asked her on their many, many programs. Friends are asked to represent in some way in this program.

"Sunny Banana Chiffon Pie"

Picture pretty and oh, so delicious! It's a new feather-light dessert for spring called "Sunny Banana Chiffon Pie"—a fluffy banana chiffon mixture in an interesting new crust made of finely crushed Krispy crackers lightly spiced with cinnamon. It's easy to make and sure to delight family and friends alike. Here's how to please in an interesting new way:

"Sunny Banana Chiffon Pie"

1 1/4 cups fine Krispy cracker crumbs
1 teaspoon cinnamon
3 tablespoons sugar
6 tablespoons melted butter
1 envelope plain unflavored gelatin
3 tablespoons cold water

3/4 cup milk
2 eggs, separated
6 tablespoons sugar
1/2 teaspoon lemon extract
2 medium size ripe bananas, mashed or sieved
1 cup heavy cream, whipped until stiff

Between sheets of waxed paper, crush crackers into crumbs; combine with cinnamon and 3 tablespoons sugar. Stir in melted butter until thoroughly mixed. Press mixture into bottom and sides of 9-inch pie plate. Chill. Soften gelatin in cold water. Scald milk in top of double boiler. Beat egg yolks lightly, stir in 4 tablespoons sugar and the scalded milk. Return mixture to top of double boiler; cook over hot water, stirring constantly until mixture coats metal spoon. Remove from heat, add softened gelatin and stir until dissolved; add lemon extract and cool thoroughly. While mixture is cooling, mash or sieve bananas (there should be about 1 cup). Fold banana pulp and whipped cream into cooled mixture. Beat egg whites until they hold soft peaks, then gradually add remaining 2 tablespoons sugar while beating whites into stiff peaks. Fold into banana mixture and pile into chilled shell. Chill until firm. If desired, before serving, garnish with sliced bananas, grated or shaved unsweetened chocolate, candy shingles or silver dragees. Yield: 6 to 8 servings.

TAKE YOUR MEDICINE

After a trip to New York City, my uncle reports that what the man in the street is thinking about these days is how to get across it in one piece.

There's no point in knowing all the answers if you can't get anyone to ask the questions.

Old postmen never die. They just lose their zip.

Inflation has one point in its favor. It's impossible for the kids to get sick on a five-cent candy bar.

There is some medical evidence that wrinkles are hereditary, and it may be that parents inherit them from their children.

And you get your drugs from Williams Pharmacy, 1103 University Avenue, Phone 243-1253 with complete satisfaction.

UNITARIAN

This Unitarian Church binds no one by a rigid dogma or creed. Members associate together for the study and practice of religions as interpreted by the growing thought and noblest lives of humanity, hoping thereby to prove helpful one to another and to promote righteousness and love in the world.

You can get acquainted with this liberal religion by attending the service at 11 o'clock any Sunday morning. You are invited to come Sunday when the sermon by Mr. Isom, the minister, will be:

KATHERINE PRUITT, strolling along the drive encircling the VA Hospital, was easily identifiable last Friday evening as the daughter of our VA Center Director and Mrs. Alton L. Pruitt. Seeing her, completed my picture of the Pruitts, another of our community's 'First Families'. Very soon after their arrival Mr. and Mrs. Pruitt were presented at a reception held in the VAH Auditorium open to attendance by employees on or off duty.

The couple's young family members are Robert F., who will graduate from Hoover High School 22nd in a class of 374. He plans entering the University of Iowa Law School next September. Soon after his arrival, Robert served as an alternate in a State Swimming meet. Alton E., a Junior at Hoover, was a first string quarterback on his New York high school football team and hopes to make Hoover's team. He made the Hoover's junior varsity basketball team. Like many young people Alton has parttime employment. He works at King's Dairy Host on weekends. Fifteen year old Katherine J. attends Meredith Junior High and very recently enrolled in modeling school at Sears Store at Merle Hay Plaza. Ann Leslie, now teaching at Flint, Michigan, earned her Master's Degree in Speech Pathology at 21 years of age. She finished Michigan State two years ago. Away from the business world, their father enjoys tournament bridge. Their mother, a bowling enthusiast, has enjoyed top women's score of a 220 game, and is a regular with the VA bowlers.

Mr. Pruitt is best described as one of the "new breed" type executives. Youthful and dynamic he occupies the post of Center Director, the fourth in line of succession. His predecessors were C. G. Beck, who admitted the Des Moines VA Hospital's first patient in 1934 and remained in office until 1939; W.B. Nugent's term began at this time and continued to 1961. E. W. Christensen entered office and held the directorship until January 1969, when Mr. Pruitt assumed the position. This writer's reactions to date are: "Mr. Pruitt's demonstrated sureness, awareness, and interest in personnel as well as program, has generated on all sides a corresponding interest in the program. One rests assured that personal problems will in time be resolved by the general straight forward day to day processing of all business."

VETERANS ADMINISTRATION HASN'T BEEN TAKEN OVER BY YOUTHS, it just appears that way! Young people found in and about the establishment exploring new horizons -- to name a few -- are Des Moines Technical High School students, Ora Austin, Junior in clerical training; Keith Jackson, Senior in aviation; and Claude Heard, Jr., Sophomore. Other Tech High students are Billie Tay-

lor, employed in Admitting and to quote her: "I admit patients, too! I get to do that! And all sorts of clerical things." Cheryl McGee, a Junior, is employed in the Administrative Division. Debbie Lowery is in the Medical Administration Division. She "likes her job, is furthering her schooling, and enjoys being a bachelor girl with an apartment shared by girl friend, Nobel Tucker." There are any others!

THELMA FAY DUNCAN WAS HOLDER OF TICKET NO. 219 at Sunday's Twasi Fashion show. Her prize was a man's leather bill-fold.

MET FOUR LOVELY EASTER BUNNIES ALL NAMED MCKAY dining at Hardy's. They were Ramona, key punch operator at Employers' Mutual; Angela, file clerk at Bankers' Life; Christine, State Office Public Safety Department clerk; and Connie, State House Drivers' License Bureau clerk. Seated nearby were their parents, Mr. and Mrs. Geo. C. McKay. Replying to my query "whether their father was a minister?" One daughter stated "We are all ministers!" The family are Jehovah Witness members and the young lady's assertion quite correct!

SOUL VILLAGE WITHOUT A DOUBT WAS THE WEEK'S largest topic. Personally, I am extremely grateful that the United Black Federation met and closed its meeting without incident, AMEN! HOTEL KIRKWOOD WITH ARCHIE MOORE as dinner speaker at the United Black Federation's Membership Kick-Off Dinner will be the setting to look forward to if you're on hand on the evening of April 28. See this week's ad giving details!

JAMES PIGGEE'S PRODUCTION OF THE TWASI FASHION SHOW was unquestionably the most artistic achievement of this or any year. When I can capture a bit of that young man's time, I'll share my findings with you. He is master of his chosen field of art! Behind every successful man is a woman. Behind Piggie is Karen, who proves her talent as well as beautiful! And a model, too!

Onanas Club Plans Theatre Party

The members of the Onanas Club met for their regular business at the home of Mrs. Elaine Williams on Sunday, March 30, 1969. The club plans to make reservations for April 25th at the Des Moines Community Play House to see "Raisin In The Sun" due to the fact that a member, Mrs. Muriel Boggs, has a leading part in the play. Details were arranged for the club bake sale on April 12, 1969, at the 19th Street Hinky Dinky Store. The next regular meeting will be held at 3:00 p.m. on Sunday, April 20, 1969, at the home of Mrs. Beverly Wallace, 1700 Allison.

New Children's Program at Willkie House

Another new service at Willkie House, this time for children of grade school age, begins on Saturday, April 12 to continue for five weeks.

An organized group program, under qualified leadership is offered to the children of the Willkie House neighborhood. Roller skating with instruction and supervision from 1 to 2 p.m. will be followed by classes and interest groups introducing new skills in the areas of arts and crafts, cooking and sewing, dramatics and sports and games. Each child will have an opportunity to participate in two activities following the skating period. Special programs of new experiences are planned for kindergartners and first graders; two tennis classes are being enrolled for fifth and sixth graders and a guitar and singing group for beginners is also being organized.

The Willkie House Library will be available for reading and for help with home work or study problems.

Willkie House membership is required, plus a small fee for the use of roller skates. Parents are asked to register their children for this new program on Thursday or Friday, April 10 and 11. For additional information call 243-4159.

John F. Kennedy Club Meets

The second annual program dedicated to the late Dr. Martin Luther King, Jr. will be held at the regular meeting of the Kennedy Club Monday April 14th at Willkie House. Attend Central Area Meeting

Mrs. Bonnie Herndon, Mary Ritchie and Willie Glanton have returned from the Seventeenth Central Area Conference of Links, Inc. held in Indianapolis, Indiana on March 28-29 at Stouffer's Inn. Link Ritchie was the delegate, Link Herndon the alternate, with Link Glanton serving as Assistant Area Director.

This was a good and informative meeting with 29 delegates and 20 alternates present. Area Director Link Evelyn Harper chaired the meeting. Much emphasis was put on the theme of the conference, "Personal Involvement and Commitment Now." Much work is being done throughout the nation in the chapters in services to youth, freedom and the fine arts and international trends and services. Under this heading is the national pledge made in 1968 to give \$100,000 to the National Urban League for grant in aid. It was reported that at the half way mark with 75 Chapters having contributed out of 115 as to date has been reached.

At the noon luncheon meeting, the Mayor of Indianapolis, the Honorable Richard Lugar, was the speaker. In the afternoon meeting, Sam Jones of the Indianapolis Urban League spoke on "The New Thrust of the Urban League." For the dinner meeting, the speaker was the famous Dr. Cleo W. Blackburn, founder and executive director of the Board of Fundamental Education. All three speakers put emphasis on personal involvement and commitment now.

Connecting Link Glanton joined his wife for the meeting.

Given Flying Cross At Lakeland

Word has been received by Mr. and Mrs. Murray Wolder, 1144 18th St. that their son-in-law, Staff Sergeant James R. Florance, has been awarded a distinguished flying cross, in ceremonies recently held at Lackland A.F.B. San Antonio, Texas. The medal was awarded for meritorious achievement while participating in aerial flight as an EC-47 Airborne Morse Intercept Specialist near Khe Sanh, Viet Nam. While flying a combat support mission against unfriendly ground forces, Sgt. Florance was instrumental in the fulfillment of complex and urgent aerial reconnaissance requirements. In Feb. 1968 he was also awarded an air medal for meritorious achievement also while stationed in Pleiku, Viet Nam.

Sgt. Florance is the husband of the former Donna C. Wolder, of this city. He and his family are presently stationed at Medina Annex, Lackland A.F.B. where he is connected with the 6933rd Sec. Sq.

Atelier Guild Meets April 24

THE ATELIER GUILD club celebrated another anniversary by treating itself to an evening of good food by candlelight, soothing organ music of yesterday melodies, and swinging, rhythmic music with fabulous sound and talent of "The Collegiates." Members present were: Dorothy Wallace, Pres., Dorris Wilson, Vice Pres., Alberta Bates, Sec'y., Bertha Wolders, Dorothy Simms, Venita Wells, Alice Holbert, Dorothy Hammitt. Unable to attend because of illness in the family, was Mrs. Juanita Winters. The latest project has been making flowers of bread mixture and this has proven to be one of the most interesting of projects through the years. The next meeting will be with Mrs. Dorothy Simms, Thursday, April 24th.

Marimba's Origin

Music experts say that the Marimba is neither of American Indian nor of Spanish origin. Because it resembles the native African limba in tone and name the accepted theory is that a Negro slave from Africa made the first one, using gourds as sounding boxes.

Your professional beautician knows the answer...

Can your hair be damaged from brushing, alone?

All hair becomes damaged from exposure to sun and natural elements. Certain greasy compounds and many chemicals, improperly used, also take their toll...not to mention simple attempts at beautifying the hair with any brush not made of natural bristles. The results are brittleness, breakage, dry and dull looking hair.

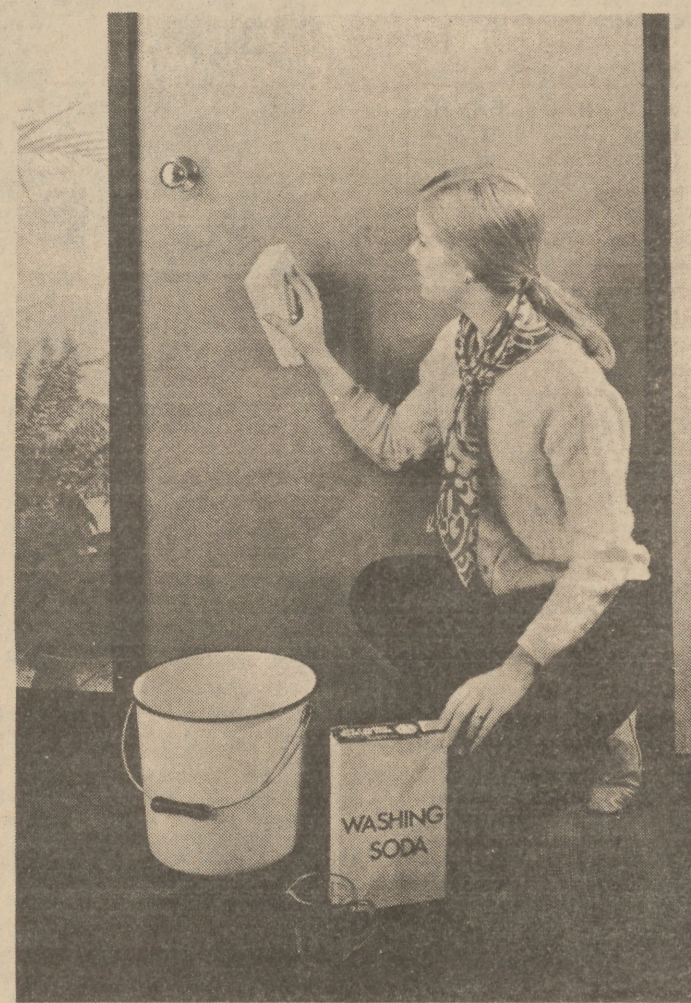

Your professional beautician knows how artificial bristles actually brush away a great deal of the "lubricants" of the hair that give it body, lustre and protection. And trained beauticians claim that nothing beats Clairol® condition® Beauty Pack Treatment for overcoming brittleness, dryness and breakage... leaving hair lively and easy to manage. condition® is an easy-to-work-with creme which can even be applied during a chemical straightening retouch to prevent drying of hair that has been previously relaxed. condition® is the ultimate in repairing deep-down damage. And, when time is a factor for their customers, hairdressers turn to new Clairol® Hair Dew®—the lotion conditioner that penetrates so fast many think of it as an instant conditioner. When applied regularly by your beautician, Clairol Hair Dew adds body, softens and gives a glowing new look to your hair that many friends will notice and admire.

Damage can come from using brushes with artificial bristles. But damage to every woman's hair comes from so many other causes that all human hair (including wigs) needs to be revitalized periodically. Visit your professional beautician and ask this expert to check the condition of your hair.

Only your professional beautician knows the answer for sure.

TOO MANY NEGROES
ARE NOT READING
NEGRO HISTORY

Visiting with a group a few days ago, we were surprised to know what little Negro history, occurring in this decade, they know about. And yet the news media, and particularly the Negro Press, has been recording it pretty well over the years.

A discussion occurred over what the late President Eisenhower had done for the Negro. They were reminded that it was his Attorney General, Brownell, who broke up segregation in the District of Columbia. It was Eisenhower who invoked his official power by using the United States Army to enforce a court order in Little Rock, Arkansas which admitted Negroes to a previously segregated school. It was Eisenhower who named Earl Warren Chief Justice of the United States Supreme Court who has led that body in a trail of unprecedented favorable decisions on civil rights. Some did not remember this at all.

These three actions will go down in history as milestones in the progress of Negroes and youngsters should be taught it; seniors should know it because the news media has published it. The same situation prevails with regard to other contemporary history. Thus, as we clamor for teaching Negro history in schools, we must learn what is around us and published in our everyday newspapers and periodicals.

THE PUBLIC
RECOGNIZES A MAN
OF WORTH

April 4th marked the first anniversary of the assassination of Dr. Martin Luther King, Jr. Observances of his death were noted in all parts of the country.

His life was unique; his approach different from any public figure America has produced and it was this unique life which brought untold prayers from the poor and the rich, from the high and the low.

The people of this country demonstrated that in spite of the shaky road we are traveling at present that a man of Dr. King's greatness should be given almost unlimited recognition for his achievements and while his life was short, he did much as did Jesus Christ during his few years on earth.

DOES THIS EVER WORK?
EXPERIENCE
QUESTIONS IT.

The national and local teachers' organizations are pressing for legislation which would authorize them to bargain with school boards in matters of salaries, curriculums and general operation of schools.

As an incentive for securing such legislation, they have encouraged the inclusion of a no-strike clause in the legislation.

We operate on the theory that people will be bound by the law but experience shows that this is not always the case. New York has a law against strikes by public employees and yet in recent policemen, garbage collectors and teacher strikes, enough members called in claiming they were ill to cripple operations.

As we have said before, the United States has too much group organization. Experience has shown that most issues have gone to extremes in order to have demands met and these extremists have often disobeyed the law.

There should be little intelligent objection to paying teachers adequate salaries based on education, experience and ability to teach the subject properly and conduct the classes intelligently based in part on the economic status of a community. And this goes for policemen and firemen also. On the other hand, these public and semi-public employees have an obligation to keep the "state" operating. When they fail,

With Allen Ashby

Baseball

At last baseball season is really upon us. Here in Des Moines we are going to have triple A ball and maybe the people will support the club. We talked to a fellow who goes to all the sports events around here and he thought if the games were close and exciting the team would not have to be a pennant winner to get support. But they will not support a loan or a poor team.

Time was when we just drifted from one athletic season into another. You know baseball regularly started about the middle of April and ended early in October for the winning teams. The last of September for the rest of them. Football opened around Labor Day and usually ended on Thanksgiving day. Then came basketball which generally ended early in March, and indoor track and wrestling took over until baseball was ready.

Interlocking Seasons

But now football begins preparations around July, the college all star game is about the first week end in August. Then come the exhibition games and the play offs. So your season for a player on a winning team can see just about seven months and that is a lot of head knocking. Basketball is even funnier. The pro teams play a pennant saying they are the champions. They, the first four teams in each division have a seven game play off with the two winners meeting for the right to play the other division winner who are also playing off. That could make another seven games. Then comes the final play off which could go another seven games and you have a hundred games played and maybe the final winner finished fourth in his division over the eighty game haul.

Baseball

And now baseball gets in to the act. This season will likely run until the middle of October and collide head on with football both college and pro.

And in the meantime, the track guys haven't ever stopped running all year. And some of them are just about burned out, but still they run. Now can you see why a fellow playing today just about has to pick one sport and stick with it? There just aren't any true sports men unless they are twins. Maybe some day they will lengthen the calendar year so we can squeeze in more sports watching time.

It tends to shake the confidence of the public knowing these people have assumed an obligation which they have failed to keep.

The country has come to a place where every segment of the population is "organized" to get theirs and in the final analysis, do much like the radical black groups do only they have a milder way to strangle the public.

Somewhat like the communists say, they hope to destroy us within rather than without and these divisions of the population are doing just that.

Saving for a rainy day once meant more than getting together the price of an umbrella.

Iowa Oaks
Baseball

By Larry Scarpino

The Iowa Oaks open their American Association baseball season against Oklahoma City on April 21 under the lights at Sec Taylor Stadium.

Actually the Oaks will open the official season on the road against Indianapolis starting April 18 for a three game series in the Speedway city.

Stadium advance preparations are in full swing. Office help and paint crews and carpenters are burning the midnight oil getting the Oaks' house in order.

General Manager Bob Morris and office manager Susan Speridon and Mr. Mac Roberts are sorting tickets and stamping envelopes. The whole scene is one of organized bedlam. But, it is hoped that all will finish their respective tasks before they play ball on April 21. However, it is quite an undertaking.

QUESTION: Is it possible for me to begin monthly benefits on social security work I did myself before my husband retires? I will soon be 62 and he is 64.

ANSWER: Yes. As long as you had enough work on your own and are now retired or earning \$1680 per year or less. When your husband retires we would consider your eligibility on his social security record.

QUESTION: I am a 53 year old widow and, because of a severe heart condition, my doctor refuses to let me work. Is there anyway I can start my social security widow's benefit before I get to age 60?

ANSWER: Yes. Widows who are severely disabled may qualify for widow's benefits as early as age 50. Get in touch with your social security representative for further details and file your claim.

QUESTION: My husband died very unexpectedly three weeks ago. People say

Health for All

LET (DR.) GEORGE DO IT

Except in a few backwoods areas, the days of self-doctoring with herbs and roots prescribed by old Aunt Sairay, or with snake oil obtained from the medicine show man, are gone.

But rural remedies aren't the only form of do-it-yourself medicine that causes more illness than it cures. Some people have a way of peering into that shallow chamber of ancient drug relics, the medicine cabinet; selecting something with an appealing color, shape or odor; and downing a dose. That can put an end not only to the illness but to the patient. Old medicines should go the way of old illnesses - into the limbo of the past.

Another way of doing something wrong about medical treatment is to confuse the local druggist with your doctor. The druggist has a large variety of patent medicines that can momentar-

ily soothe your cough, your ache, or whatever. But he hasn't the medical knowledge that would enable him to prescribe. A patent remedy can alleviate your symptoms without really affecting your ailment. Bona fide treatment calls for the services of a physician.

Still another self-treatment habit, unfortunately prevalent nowadays, is the taking of handy pills for "nerves." Millions of people beset by anxiety tension, insomnia, depression or other woes of the nervous system are taking unprescribed drugs that can do them serious harm. This pill-taking often leads to gradually increased doses up to and beyond the danger point.

Self-medication whether with drugs or snake oil is no laughing matter. It's bad for the health and can endanger life. Your Christmas Seal association suggests: for safety's sake and for better health, let a doctor do the doctoring.

I have to file a claim for my social security benefits within one month or lose part of it. I just do not feel like doing this yet but do not want to lose out either. Is what they say true?

ANSWER: All social security claims for survivors benefits can go back as far as 12 months so if you wait over a year to file you would lose, but not otherwise.

QUESTION: Some three years ago I lost my first husband. I became 62 a year ago and started widow's benefits on his account. I now plan to marry again. What happens to the widow's benefit?

ANSWER: You can continue to draw benefits on your deceased husband; however, the amount would be decreased to 50 percent of his primary insurance amount rather than the 82½ percent you have been

A GOOD THOUGHT

To The Editor:

I am wondering if our Des Moines residents are really taking the time to notice the many changes and rapid rate of growth our city has made just since last summer.

Mrs. HESSIE STEVENSON and Mrs. OLLIE CORNELIUS of Chicago, Illinois, were visitors in our city several weeks ago at the home of Mr. and Mrs. William Jefferson.

The Sunday before they left they were guests at the home of Mr. and Mrs. Ed Daniels for dessert and coffee.

Afterwards they were driven through the city and then to Altoona to the Townsend Industries there.

Mrs. STEVENSON, Grandmother, and Mrs. CORNELIUS, aunt of Mrs. Daniels, were amazed at the many changes and rapid rate of growth Des Moines has made since their trip here last summer. Always keep the door of your cedar closet closed to keep in the fragrant smell and keep moths out. Moth-repellent cedar closets may be used for daily or seasonal storage. All clothes and fabrics should be cleaned before storing.

though the Jeffersons, aunt and uncle of Mrs. Daniels, are residents of this city, they haven't had such an opportunity to view the changing sites either.

Mrs. STEVENSON was also able to get in touch with friends while here and she and her sister returned to Chicago two weeks ago last Friday.

IOWA HISTORICAL
MEETING

Members of seven Iowa historical societies have been invited by the Polk County Historical Society to attend a meeting at which plans for the Living History Farms will be heard.

The meeting will be at 2:30 p.m. Sunday (April 13) at the Iowa Power & Light

Co. auditorium, Ninth and Walnut streets.

The speaker will be Dr. William G. Murray of Ames, Iowa, director of the project, which is intended to depict the history of American agriculture as Williamsburg, Va., does the colonial era and Dearborn Village American industry.

Keep Cedar Odor In!

Always keep the door of your cedar closet closed to keep in the fragrant smell and keep moths out. Moth-repellent cedar closets may be used for daily or seasonal storage. All clothes and fabrics should be cleaned before storing.

When lining a closet with moth-proof aromatic red cedar, cover the ceiling, floor and inside of door, too.

Does it hurt
to chill beer twice?

Not that you'd want to. Sometimes it just happens . . . like after a picnic, or when you bring home a couple of cold 6-paks and forget to put 'em in the refrigerator. Does re-chilling goof up the taste or flatten the flavor?

Relax. You don't have to worry.

A really good beer like Budweiser is just

as good when you chill it twice. We're mighty glad about that. We'd hate to think of all our effort going down the drain

just because the temperature has its ups and downs.

You can understand why when you consider all the extra trouble and extra expense that go into brewing Bud®. For instance, Budweiser is the only beer in America that's Beech-

wood Aged.

So . . . it's absolutely okay

to chill beer twice.

Enough said. (Of

course, we have

a lot more to say

about Budweiser. But we'll

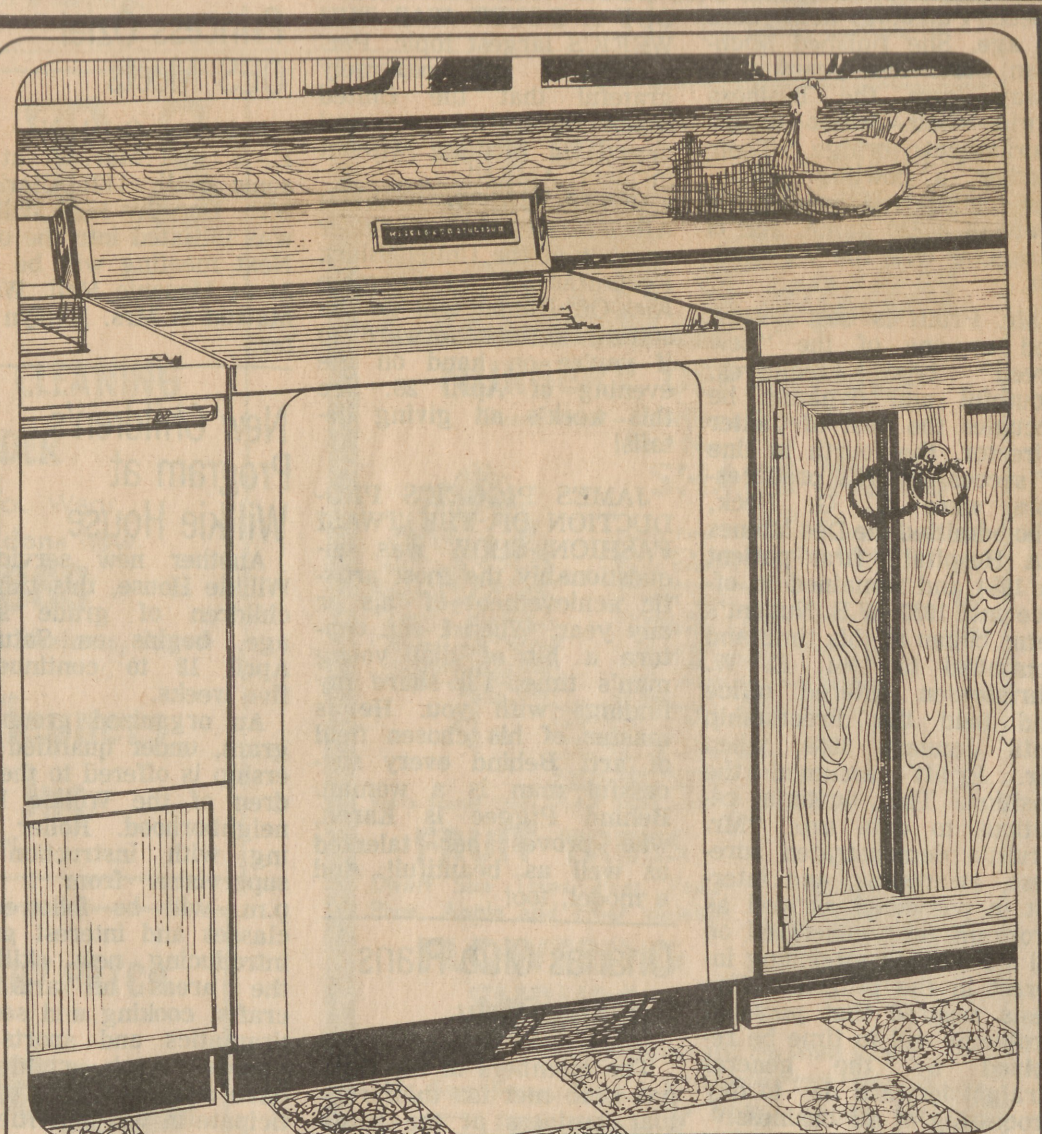

keep it on ice for now.)

Budweiser is the King of Beers.

(But you know that.)

This
is a water heater?

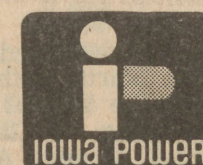

Yes! As only electricity can provide.

No vent. Put the heater where you want it. So beautifully compact, so usefully counter-high, that you can install it in a kitchen.

. . . and fast! Newest electric water heaters furnish plenty of hot water, even on load-after-load wash days. And at thrifty, low electrical rates.

(If you prefer conventional tank-type electric water heaters, of course you can get them!)

Wonderful hot, hot water . . . plentifully, electrically yours from . . .
