Powell Deafeated in N. Y. Primary

After 25 Years as U. S. Congressman

New York—For the first time in 25 years Representative Adam Clayton Powell failed to win a re-election in Tuesday's Democratic primary, based on unofficial returns.

Powell, widely known as the "king of Harlem," recently won a bout with cancer. But he followed his usual pattern of not campaigning very much. He told one of his few pre-primary news conferences his chances of defeat were "none whatsoever."

He was defeated Tuesday by State Assemblyman Charles Rangel, 40, in a six-man race. Rangel has Republican backing too. Powell polled 7,599 votes to Rangel's 7,804, a difference of 205 votes.

Angela Davis Dumped as UCLA Prof.

Los Angeles, Calif.—Angela Davis, black philosophy teacher, was not rehired by the University of California regents because of "extreme" speeches off campus. The six dissenting regents said she was not rehired for a second year solely because she is a Communist. They called the action a violation of academic freedom and of the freedom of speech guarantee of the First Amendment.

Miss Davis, 26, a slender, attractive acting assistant professor of philosophy at UCLA, hit the headlines last September when she disclosed after she was hired that she is a Communist and Black Panther party member.

Ask Ruling to Reinstate Order For Integration in the South

Washington, D.C.—Civil Rights lawyers asked the Supreme Court last Thursday to reinstate a desegregation order to quicken the integration of all-black schools in Charlotte, N.C.

At the same time they asked the justices to reverse the "rule of reasonableness" laid down by the U.S. Circuit Court in Richmond, Va., in the case.

There was no immediate indication whether the justices would act on the petition-filed by the National Association for the Advancement of Colored People's Legal Defense and Education fund—before recessing for the summer.

The appeal suggested the case was so important that the justices could reassemble after recess if they cannot reach a decision by the end of this month.

The circuit court, in a ruling May 27, set aside a desegregation plan for Charlotte-Mecklenburg County that included the additional busing of thousands of school children.

The plan had been ordered by U.S. District Judge James B. McMillan of Charlotte.

The fund's petition said: "The 4th Circuit's decision reversing the plan for elementary school desegregation

blots out the rays of hope that complete desegregation will be accomplished in urban schools."

The appeal said the circuit court decision "clearly signals to every district judge and school board that a cautious 'go-slow' approach to using busing to eliminate all-black schools is in order."

The core of the circuit court's 4-2 ruling was that school boards must use all "reasonable means to integrate the schools," but not every school in a desegregated system must be integrated.

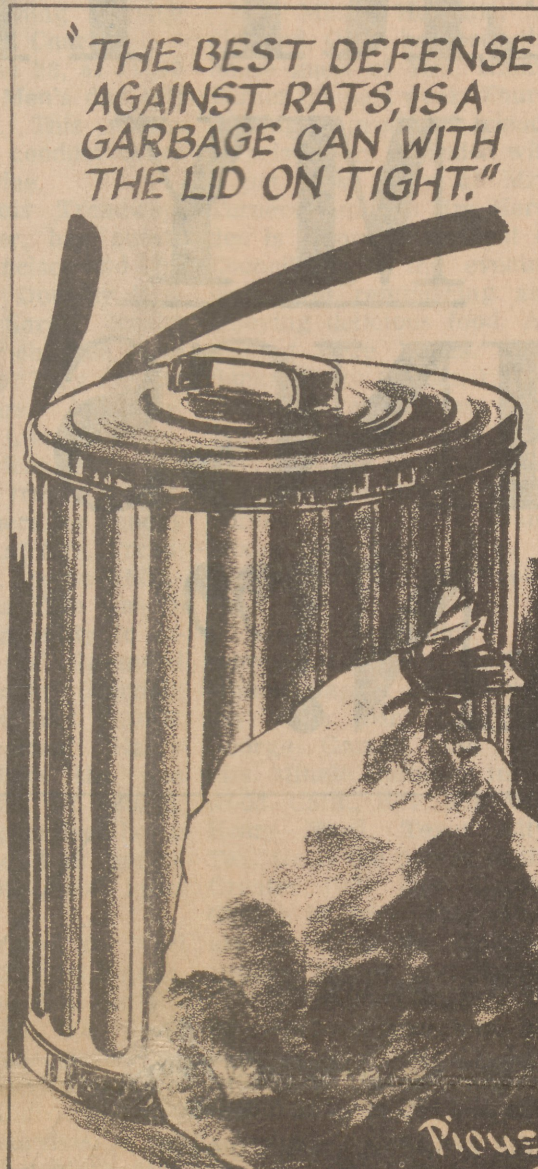

Bandits Rob A&P Store of \$300

Two armed men, described as blacks in their early 20's, walked into the A & P Food Store, 920 E. 21st street, about 7:30 p.m. last Thursday and took an estimated \$300 to \$400 in cash, store officials said.

There were about five customers in the store at the time. They were ordered to lie face down on the floor by the robbers. One man took

the billfolds of two of the customers while the other man took the money from two cash registers and a cashbox in the office.

NEWS In A Nutshell

Greensboro, N.C.—The first black-owned national bank in the city was opened here last week by six A&T graduates and two others who are now prominent citizens here.

New York—Chuck Stone, the talented and outspoken TV personality who just resigned from NBC's "Today" show, has accused NBC of harboring racism. Although he said the people on the Today show were "beautiful" he revealed that the higher-ups at NBC were "upset" at the emphasis on Black militancy in his remarks. "I'm a Black autonomist, and I believe in Black liberation on all levels," he said.

Chicago, Ill.—Collegescholarships totaling \$1,000 each have been awarded by the Amalgamated Meat Cutters and Butcher Workmen to two young women for "outstanding contribution" in the field of civil rights.

Pasadena, Calif.—One of the country's foremost black actors, Frank Silvera, died at his home here on June 11. A native of Jamaica, he would have been 56 years old yesterday.

Houston, Tex.—On the white side of the tracks, Houston is a boom town, with new office buildings going up to complement others recently built to give downtown area a very spic and span gleam. But the chain is broken when one crosses into the black and brown sections of the town. In this section is the other Houston of the Bottoms, Pearl Harbor, Sunnyside, Third Ward and Acres Homes—pockets of poverty in a city of wealth.

Vote \$25,000 Reward In Bombings

A \$25,000 reward for information leading to the arrest and conviction of persons connected with recent bombings and attempted bombings in the city was voted unanimously Monday by the Des Moines City Council.

Councilman Richard Olson, who proposed the city reward, said he also will seek donations from private sources for the reward fund in an effort to apprehend persons responsible for two bombings and one attempted bombing in the city in the last six weeks.

Slaying of Escaped Convict Triggers Rock Throwing; 14 Injured

BY STAFF WRITER All had returned to the usual surface quiet in Des Moines after a night of ram-paging violence sparked by the shooting of an escaped convict by law officers last Thursday afternoon.

But while it lasted it was a full-scale riot, miniature only in size and destruction, but reflective of the Los Angeles Watts and Detroit violence.

It left 14 persons injured, six of them in the hospital, including a 2-year-old boy who was on the critical list for a time with head wounds, as unsuspecting whites ran a gauntlet of lying missiles—bricks, rocks, bottles, and other debris.

It also left windows of stores broken-out in the area of 19th and Carpenter. Plate glass windows on the north side of Katz Drug Store, 1910 Carpenter were broken out and all the windows of the Hinky Dinky store across from it, were also knocked out. Lambert's Dairy and Smitty's Donut shop also came in for its share of the violence.

The whole chain of events started when word reached Polk County sheriff's office

that one of two escaped convicts had been seen hiding in the bushes near 1155 Enos. When law officers arrived on the scene, the first of two gun battles took place between the escaped convict, later identified as Lewis S. Wheeler, and Polk County Deputy Sheriff Robert K. Slycord, who was wounded twice. Slycord underwent surgery at Iowa Lutheran Hospital, and is reported in good condition.

In Basement

Two hours later Wheeler was found hiding in the basement of a home at 1314 11th street about 2 1/2 blocks north of where Slycord had first found him.

As Des Moines police surrounded the house, to search for Wheeler several hundred blacks milled around the area, shouting insults and profanities at police and sheriff deputies.

Law officers said Wheeler was wounded in the arm by a shot from one officer and when Wheeler was told to drop his gun, he refused and there were several more

President Nixon Signs Bill Extending Voting Right Act, Lowering Age

Washington D.C.—The 1965 Voting Rights Act was extended five more years Monday when President Nixon signed a bill which also contained a provision that lowered the voting age to 18 years.

Mr. Nixon, however, asked for a quick court test of the constitutionality of the new voting age provision. And in case it is knocked down he asked Congress to go ahead simultaneously with the process of submitting to the states an amendment to make the ballot for 18-year-olds constitutional.

With respect to a court ruling, Mr. Nixon said in a statement:

"An early test is essential because of the confusion and uncertainty sur-

rounding an act of doubtful constitutionality that purports to extend the franchise. Until this uncertainty is resolved, any elections—including primary elections, and even local referenda on such questions as school bond issues—could have their results clouded by legal doubt."

The rights section could still stand if the 18-year-old section were declared unconstitutional.

"Because the basic provisions of this act are of great importance," the President said, "I am giving it my approval and leaving the decision on the disputed provision to what I hope will be a swift resolution by the courts."

Man Runs into Bldg.; He Shoots at Former Wife; Held in Jail Now

It was the usual crowded morning breakfast hour in a downtown restaurant when a man burst into the room about 8 a.m. and started shooting a pistol at his former wife.

Wounded in the right arm and right hip was Mrs. Jeannetta Clark, 36, of 1510 13th street as she ran to escape her assailant. She was reported in fair condition at Mercy Hospital.

Charged in the shooting was her former husband, Roy R. Clark, Jr., 44, of 916 9th street. He pleaded innocent to a charge of assault with intent to commit murder. Municipal Judge Howard W. Brooks set Clark's bond at \$10,000 and scheduled a preliminary hearing for July 6 at 1:30 p.m. Judge Brooks also ordered Clark to pay a \$75 fine on a charge of shoplifting. Clark had pleaded guilty to the charge May 22 but had failed to

appear for sentencing June 10.

Summer Aides Join Postal Work Force

By Peter Hawthorne In a move focused to bring economically disadvantaged youths into the employment picture Postmaster John McNerney swore in 20 summer aides into the postal service here last week under the departments Summer Aid Program.

The youngsters, age 16-21, will augment the regular force of mail handlers and custodians during the summer months while many regular employees are on vacation. They will be paid \$2.38 an hour and will work through Sept. 18.

The young people were recruited from Willkie House, and Road Side Settlement House areas, the Greater Des Moines Education Center and through counselors at Tech High School.

Stanley Proctor, superintendent of employment and Service said the Des Moines program is part of a nationwide effort to recruit 7,000 youth from low-income families into postal jobs this summer.

He said, Des Moines is happy to participate in summer employment as fully as possible. Proctor set up the program and hired the youths.

Chief Personnel Officer told the youth that by helping us now they will gain experience that will help them in the future.

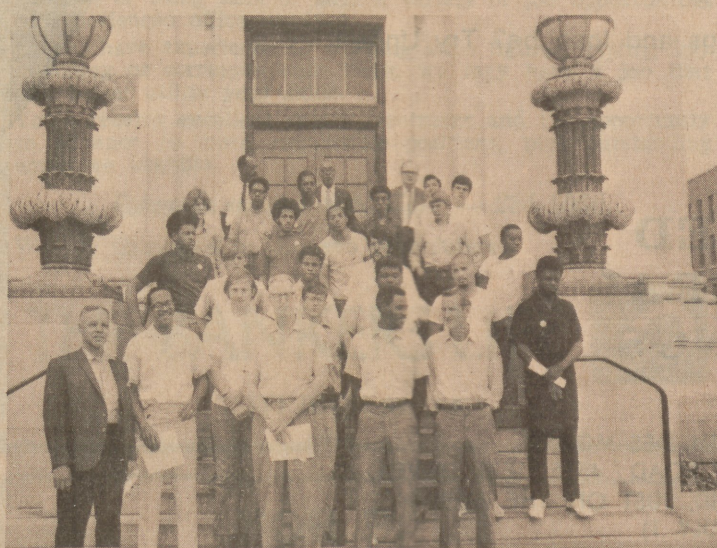

At the swearing in ceremony Postmaster McNerney told the aides that "the Post Office needs you...you help us to move the mail and we will help you." He told them to work diligently and at summer's end to go back to school and get that diploma because if they want a good job they must get a good education.

Five long-time employees of the mail handling and custodial crafts will serve

Grants to A&T Univ. Top \$2 Million in 1-Year

GREENSBORO, N.C.—A \$377,000 federal grant approved for A&T State University last Wednesday pushed to more than \$2,000,000 the amount the University has received the past school year for new programs and curriculum improvement.

The latest grant was awarded by the U. S. Department of Health, Education and Welfare, under the Higher Education Act of 1965.

Dr. Lewis C. Dowdy, president of A&T, said the funds will be used for curriculum development, student services, faculty improvement

and the employment of National Teaching Fellows.

According to Dr. Frederick A. Williams, director of planning and development, the federal government has been the University's biggest benefactor, although increases have also been noted in donations by private foundations and industry.

In all, said Williams, A&T received a total of \$2,193,811 during the year from the three sources. This is in addition to the approximately \$8 million received for operating expenses from state funds.

D. M. Schools Will Get \$747,897 in U. S. Aid

A \$747,897 annual package of special federal funded anti-poverty programs for 21 Des Moines schools was approved by the School Board last week.

The programs financed by the federal Elementary and Secondary Education Act, makes up the district's largest anti-poverty effort. James Bowman, director of special projects, said the budget for the 1970-71 school year will include several new programs.

One of them will be a \$25,000 educational program for 3-year-olds in the Model City area, at either Moulton, Nash or Sabin School.

Arts Team

Another new program calls for a three-teacher "creative arts" team to work at Casady School. This will include art and music specialists who will develop a combined educational program in addition to the usual art and music instruction in the elementary school.

Cost of the creative arts program will be \$28,759.

The anti-poverty package also includes six grants to individual teachers or small groups of teachers for the first time.

These grants, ranging from \$418 to \$1,000, will enable teachers to develop special programs to suit the interest and needs of their students.

African Band

One of the individual grants will go to Mrs. Eleanor Verwers, a music teacher at Moulton School who has proposed creating an African rhythm band.

Bowman said this project, which will cost \$418, will attempt to reach children with behavior problems and to channel hostile behavior toward creative expression.

Another of the individual grants will go to Mrs. Pearl Drain, a fourth-grade teacher at Nash School. Mrs. Drain has suggested an expanded science program to attempt to interest children in science.

She will receive \$985 primarily to purchase items not normally included in school science materials. These will include an ant farm, an aquarium and small animals and cages.

For Reading

The largest segment of the federal anti-poverty funds will continue to be aimed at reading improvement. This includes reading specialists and special equipment, all at a cost of \$251,679 for children in all 21 of the schools.

New Horizons, a program aimed at keeping potential junior and senior high school dropouts in school through a combination employment and class schedule, also will take a large part of the federal funds — \$171,797.

The total budget, which must now be submitted to the State Department of Public Instruction, does not include an estimated \$80,000 to \$90,000 which is being reserved for summer school programs in 1971.

Schools, in addition to those already mentioned, that will benefit from the special programs are Bird, Dunlap, Grant, Logan, Lucan, Scott, Slinker, Smouse, Wallace, Willard, Callanan Junior High, Hiatt Junior High, Irving Junior High, Wilson Junior High, East High, North High and Technical High.

Meharry Gets \$1 Million Grant

New York — A grant of \$1 million has been made to Meharry Medical College for faculty expansion by the Alfred P. Sloan Foundation of New York.

The 3-year grant will be

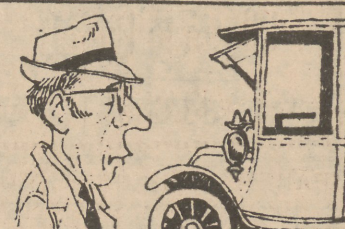

applied toward increasing Meharry's 250 full-time faculty members over the next decade — in which period the college hopes to triple its student enrollment for a total of 1500 students.

"UFS HAS EVERYTHING. IT'S MY SAVINGS AND LOAN!"

You hear it more and more: "UFS . . . that's my savings and loan." United Federal Savings continues to grow, so it's obvious that more and more people are making UFS their savings and loan. Fact: UFS led all Iowa savings and loans during 1969 in growth of savings, growth of assets, growth of mortgages, and growth of reserves.

And earnings at UFS were never higher: 5 % on passbook savings, up to 7.50% on some certificates.

Save time while you are saving money! UFS promises . . . and delivers . . . more convenient locations and hours than any other savings and loan in Iowa.

With eight convenient locations (more than any other savings and loan in Iowa) UFS goes where the people are . . . in Des Moines, Ottumwa, Jefferson, Osceola, and Winterset. Plenty of free parking at all eight locations plus the added convenience of evening and Saturday hours.

Right now, while many savers are getting semi-annual interest payments, is a good time to join the chorus of savers and borrowers who say: "UFS . . . that's my savings and loan!"

How convenient can a savings and loan be? Try United and see!

One of the largest conventions scheduled for the Council Bluffs area is the National Sunday School and Baptist Training Union Congress June 22 - 28.

Although it will be held in Omaha, many people will be staying in Council Bluffs. Members of the Beulah and Tabernacle Baptist Churches in Council Bluffs will also be attending.

Mrs. Minnie Herndon, Inglewood, Calif. has been the house guest of Mrs. Emma Turner the past week. Thurs. evening a group of friends surprised Mrs. Herndon with a pot luck party at Mrs. Turner's home. As Mrs. Herndon is a former resident of Council Bluffs the evening was spent reminiscing and enjoying delicious food. Attending were Mmes. Jean Banks, Betty Corbin, Lillian Haynes, Evelyn Snipes, Mary Teague, Evelyn and Tiny Akers, Alice Linton, Daisy Dunn, Sylvia Brown, Stella Turner, Jane Austin, Dana Mixon and Inez Ware. It was a very enjoyable evening.

Visitors attending the morning worship at the Tabernacle Baptist Church Sunday were: Mr. and Mrs. George Garrett and son, Mrs. Minnie Herndon, Inglewood, Calif., Rev. and Mrs. Henry Ford, Texas City, Tex. He is the pastor of the Greater Bell Zion Baptist Church in Texas City. They are attending the National Sunday School and Baptist Training Union Congress and Mrs. Vane Gibson and sons Steven and Dwight. Mrs. Gibson is the daughter of Mr. and Mrs. Obie Jones, a former resident and member of Tabernacle.

A special Father's Day tribute was presented by Mrs. A. Page, Sunday morning before the regular services. Each father present was presented a boutonniere.

LOCAL BOY MAKES GOOD

George Garrett, Jr. native of Council Bluffs has shown what can be accomplished if one tries. He attended

elementary and Thomas Jefferson High School in the city. While attending high school he was an outstanding athlete, winning many honors in wrestling. George graduated this month from Westmar College, Lamars, Iowa with a B.S. degree. This fall he will teach at Edison Junior High School in the city. One of the largest conventions scheduled for the Council Bluffs area is the National Sunday School and Baptist Training Union Congress June 22 - 28.

Although it will be held in Omaha, many people will be staying in Council Bluffs. Members of the Beulah and Tabernacle Baptist Churches in Council Bluffs will also be attending.

Mrs. Minnie Herndon, Inglewood, Calif. has been the house guest of Mrs. Emma Turner the past week. Thurs. evening a group of friends surprised Mrs. Herndon with a pot luck party at Mrs. Turner's home. As Mrs. Herndon is a former resident of Council Bluffs the evening was spent reminiscing and enjoying delicious food. Attending were Mmes. Jean Banks, Betty Corbin, Lillian Haynes, Evelyn Snipes, Mary Teague, Evelyn and Tiny Akers, Alice Linton, Daisy Dunn, Sylvia Brown, Stella Turner, Jane Austin, Dana Mixon and Inez Ware. It was a very enjoyable evening.

Visitors attending the morning worship at the Tabernacle Baptist Church Sunday were: Mr. and Mrs. George Garrett and son, Mrs. Minnie Herndon, Inglewood, Calif., Rev. and Mrs. Henry Ford, Texas City, Tex. He is the pastor of the Greater Bell Zion Baptist Church in Texas City. They are attending the National Sunday School and Baptist Training Union Congress and Mrs. Vane Gibson and sons Steven and Dwight. Mrs. Gibson is the daughter of Mr. and Mrs. Obie Jones, a former resident and member of Tabernacle.

A special Father's Day tribute was presented by Mrs. A. Page, Sunday morning before the regular services. Each father present was presented a boutonniere.

Retreat Fenced Next to House

In landscaping, a surprise can be easily achieved. It's the little things that count: a little bit of screening and a bench; a little bit of raised decking and some planters; more ambitiously, a gazebo tucked into some shrubbery.

For a simple outdoor retreat, build a lacy-patterned red cedar fence, extending a few feet out from the corner of the house.

Add a baffle parallel to the house wall, or plant a shrub that will grow to the same height as the fence.

Add some cedar benches and perhaps a table, and you have a delightful hide-away that also complements the house.

If this won't look right next to the house, try placing the nook at the corner of the lot, enclosed on two sides by fencing and screened and shaded by plantings.

Closet Holds Home Office

If you need office space in the house, consider converting a clothes closet to meet the need. Any six-foot-long closet will work if it has full-width bifold doors or standard hinged doors.

The desk is run the length and width of the closet and can be made of a plank of edge-glued lumber laid over a pair of drawer units. One can be a two-drawer file cabinet, the other a small chest with shallow pencil and paper drawers. Position the drawer units far enough away from side walls to allow the drawers to open past the closet's door frame.

Hang the reference library on the side walls above the desk top to leave a wide, uncluttered work surface in the center. For shelves, use 1x10 or 1x12-inch Douglas fir boards supported on metal wall standards and shelf brackets. As many as five two-foot-long shelves can be built on each side wall providing 20 feet of book shelving.

Finish the desk top and shelves with clear polyurethane to get a hard-wearing surface. Stain may be applied first if desired.

Dedication Held for Homes of Oakridge

Dedication ceremonies for the \$4-million Homes of Oakridge were held Sunday afternoon with Bishop James S. Thomas of the United Methodist Church in Iowa, as principal speaker.

Homes of Oakridge, a 300-unit low-rent housing project was built with federal funds under the auspices of the Des Moines Area Council of Churches. The project has 150 units for which tenants pay \$26 a month for an efficiency apartment to \$95 a month for a three bedroom apartment, and federal rent subsidies are provided.

The other 150 units rent to moderate-income families.

Others on hand for the dedication Sunday were from left, the Rev. William L. Jacobs, president of the Des Moines Area Council of Churches; Mayor Thomas Urban, former Mayor George Whitmer; the Rev. John E. Donovan, executive minister of the Des Moines Area Council of Churches; and Nate Ruben, Iowa director of the Federal Housing Administration.

Bishop Thomas hailed the Oakridge project as "a prime example of positive effort

to correct housing shortage. The Oakridge project has a significance much greater than the co-operation it represents—it is a cycle-greater. It will eliminate situations that breed despair and loss of hope. Photo courtesy of Des Moines Register.

NWB Reports Telephone Rate Changes by July 24

Northwestern Bell today filed with the Iowa State Commerce Commission a number of changes in telephone services rates to become effective July 24. The proposal will extend considerably the times when lowest rates apply for making station long distance calls within Iowa, and eliminate the present \$4.50 charge for telephones in color.

R. A. Reed, Northwestern Bell's district manager here, said the changes are being made to bring rate periods for calls within Iowa more nearly in line with those for out-of-state calls.

The Company plans to add six and one-half hours to the periods each weekday when the lowest night rates are in effect. Night rates will begin at 5 p.m. instead of 8 p.m. on week days and continue to 8 a.m. instead of 4:30 a.m. Under the present schedule, slightly higher evening rates are in effect between 6 p.m. and 8 p.m. weekdays. Also, the lowest night rates will apply all day Saturday as well as Sunday and on two additional holidays, July 4th and Labor Day.

Black Leaders Support Honor America Day

WASHINGTON, D.C. — Far-ranging support from Black Americans for "Honor America Day," the massive Fourth of July celebration planned for Washington and throughout the nation, was announced today by the sponsoring committee.

J. Willard Marriott, chairman of the executive committee for Honor America Day, said: "The broad support we are receiving from distinguished representatives of various ethnic groups underscores the nonpartisan, nonpolitical nature of our program. It has been our intention from the outset to stage a huge old-fashioned Fourth of July celebration here in Washington and to encourage others to follow suit in large and small communities throughout America. We want this to be a celebration for all Americans, regardless of race or political philosophy."

Roy J. Wilkins, president of the National Association for the Advancement of Colored People, is a member of the executive committee for Honor America Day. Other Black Americans on the sponsoring committee as of June 17, 1970 include:

Bankers Class Graduates Congratulated

WESLEY H. QUEEN of Baltimore, Md., president of the graduating class, is being congratulated by Dr. Edward D. Irons, Executive Director of the National Bankers Association, following the graduation ceremony for 21 graduates of the first Management Training Program sponsored jointly by the National Bankers Association and the American Bankers Association. Other participants were: Clifford C. Sommer (center), Vice President of A.B.A. and Donald E. Sneed, President, Unity Bank & Trust Company of Roxbury, Mass. Mr. Queen trained at the Continental Illinois National Bank in Chicago.

This year the 21 A.B.A. participating banks each sponsored one trainee, providing a salary of \$7,000 to \$9,000 and a year of instruction including on-the-job training focused on those areas of banking relevant to black banks. Trainees worked in various departments such as bank operations, consumer credit, mortgage lending and commercial credit.

Of the 21 trainees, 17 already have been located in financial institutions and one has chosen to go to law school. The remaining three trainees still are negotiating with banks about employment opportunities. Ten trainees joined black banks, three have remained with their participating banks, and three have been placed in other non-N.B.A. banks. One has joined a predominantly black savings and loan association.

The trainees, selected from various areas of the country, left jobs in accounting, life insurance and teaching to pursue training for management positions.

Fatal Beating of Youth in Jail, Seen As Cause of Augusta Riots, Spurs Fund Damage Suit

AUGUSTA, GA. — In the absence of criminal prosecution, attorneys of the NAACP Legal Defense and Educational Fund, Inc. (LDF) filed suit in U. S. District Court here this week on behalf of the mother of a 16-year-old mentally retarded youth who died in jail after a series of savage beatings by fellow inmates.

The death is believed to have sparked the recent protests in Augusta during which six men were killed.

Representing Mrs. Cornelia Oatman in her suit for the recovery of over \$1 million in damages, the LDF maintains that her son Charles had been confined illegally to Richmond County Jail on April 8, 1970 and was subjected to repeated assaults, "with the knowledge and approval of the sheriff and jailer," which resulted in the boy's death on May 9.

According to LDF attorneys, the victim's incarceration in the county jail was illegal since he was a minor, already under the jurisdiction of the Richmond County Juvenile Court, and should have been sent to a youth detention center.

The complaint charges that Sheriff E. R. Atkins and Jailer James R. Powell took no action to prevent the continued physical abuse of the victim or to provide medical treatment for the bruises, lacerations, and cigarette burns which he bore from numerous attacks.

LDF attorneys assert that this neglect was motivated by racial discrimination and that the jail officials as a matter of practice failed to prevent injury to black prisoners, although they did protect white prisoners from harm.

Sammy Lee Parks and Lloyd Brown, both minors and inmates in Oatman's jail cell, are charged with participating in the fatal assault, which "took place over a period of several hours, during which the decedent cried out in pain and for help on many occasions."

16 Negroes Win City Council Posts

RICHMOND, VA. — As of June 12, John M. Brooks, director of NAACP Voter Registration, has verified that 16 Negroes were elected to city and town councils across this state. "In spite of very little funds," Mr. Brooks said that Negroes "made a showing against candidates backed by city power structures with unlimited funds and the cooperation of local news media."

Some of the new officials became the first Negroes to hold elected posts in their respective municipalities. These included: C. W. Seay, Lynchburg; the Rev. Noel Taylor, Roanoke; Charles L. Barbour, Charlottesville; Joseph P. Bond, Emporia; Stacy Tutt, Culpeper; Ira Robinson, Alexandria; Robert G. Davis, Jr., Clifton Forge; Mrs. Jesse Ratley, Newport News; Miss Alma Gibbs, Dendron; and Rudolph Harman, Burkeville.

Incumbents re-elected were: Henry L. Marsh, III, Richmond; Lawrence A. Davies, Winchester; Herman E. Fauntleroy, Petersburg; Dr. Hugo A. Owens, Chesapeake; and W. P. Clarke, Chesapeake.

Mrs. Ruth Harvey Charity joins Charles H. Harris as the second Negro member of the Danville City Council.

NEW YORK — For the first time in its history, the Spingarn Medal will be awarded to an artist. Jacob Lawrence, noted painter and art teacher, will receive the coveted award at the 61st annual convention of the National Association for the Advancement of Colored People in Cincinnati, June 30, NAACP Executive Director

Roy Wilkins announced here this week.

Mr. Lawrence, the 55th recipient of the medal, will be recognized for "the single success with which he has turned his artistic gifts and values to the portrayal of Negro life and history on the American scene." The citation also pays tribute "to the compelling power of his work, which has opened to the world beyond these shores a window on the Negro's condition in the United States."

Special mention is made of Mr. Lawrence's "un-

swerving commitment, not only to his art, but to his black brother within the context of hope for a single society."

Woman's Day Recital At St. Johns

Darlene Sayles will present Mr. Glenn Sayles and Mr. Toomston at a Women's Day recital at St. John's Baptist Church on Sunday, June 28th at 3:00 p.m.

Grand Jury To Probe Jackson State College Shooting Deaths

Washington, D.C.—A special federal grand jury will convene June 29 to investigate the shooting deaths of two young Negroes on the campus of Jackson State College in Mississippi.

During the shooting a force of about 70 officers—highway patrolmen and local police, was at the scene.

The call for a grand jury marked the failure by a

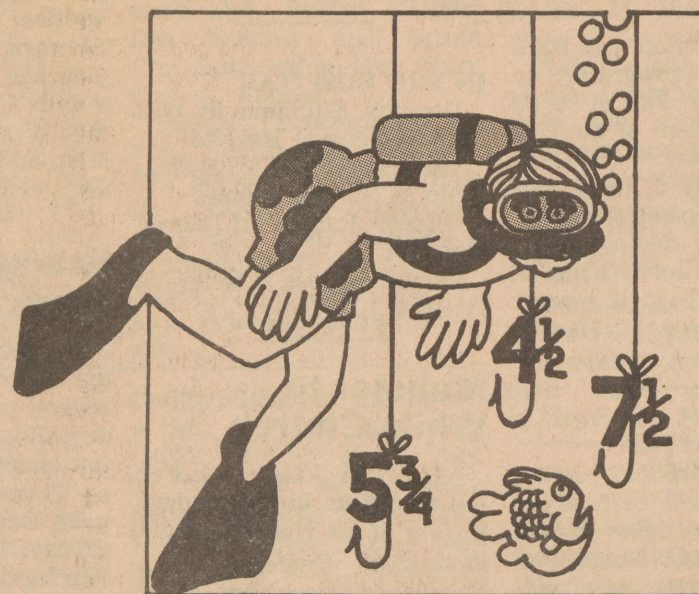

special government team headed by Asst. Atty. Gen. Jerris Leonard to talk state officials into allowing the FBI to interrogate patrolmen who were at the scene of the shooting during a disorder on the campus last May 15.

"This federal grand jury is expected to make a complete investigation of all aspects surrounding the inci-

dent which occurred at Jackson State College on May 15 to determine whether or not any federal laws were violated," Mitchell said.

The grand jury would have the power to subpoena both the weapons and the officers who were there. Without the grand jury, the federal government could not force the highway patrol to cooperate.

The new savings rates explained in plain English for bankers and other persons who find them hard to fathom.

Recent changes in federal regulations have allowed banks and other financial institutions to offer you maximum flexibility and interest. But there are so many different kinds of accounts and interest rates it tends to be a bit confusing. As a public service, here is a relatively clear, concise explanation of what The Big "C" has to offer. Rates are based pretty much on two factors: 1. how much money you want to save, and 2. how long you want to save it. Depending on these factors, Central National Bank can offer you from 4½% to 7½% annual interest on your savings. Here's how that breaks down: 4½%—Our regular passbook account pays 4½% annual interest. Start with any amount, add any amount

anytime. It's the most flexible account we offer. 5%—That's the Golden Passbook. Interest is compounded daily for an effective annual rate of 5.13%. You must open the account with a \$500 minimum, add \$100 or more anytime. Interest is paid every calendar quarter. After being on deposit 90 days your funds can be withdrawn at the end of any calendar quarter or anytime with 90 days written notice. 5½%—If you've got \$1,000 but can't tie it up for a year or two there's the At-Least-30-Days-But-Less-Than-One-Year-Certificate of Deposit. It pays interest at the annual rate of 5%.

5½%—The new Diamond Passbook Account. Start with \$1,000 or more, add \$100 or more anytime. Interest is compounded daily for an effective annual rate of 5.65%. One catch: you have to leave it with us for at least one year. No withdrawals permitted before maturity date. Interest is paid or com-

pounded quarterly. Your choice. 5¾%—Another Diamond Passbook Account. Same regulations and stipulations as one above except you must leave it on deposit for at least two years. Daily interest compounding makes an effective annual rate of 5.92%! 6¼% to 7½%—Now we get to high finance. These are \$100,000 certificates. Interest is determined by length of deposit. For complete details on these accounts you or your representative should call (243-8181) or see Mr. Ivan Johnson at the bank. Well, there it is. As straight and tell-it-like-it-is as we can say it. Now all you have to do is decide which account or accounts best suit your situation and then bring your money to The Big "C". Then sit back and listen to it grow.

You don't need us. We need you!

What Is Going On In Model Cities

Decline Pickett Dismissal

Herman B. Lewis, Sr., Model City Citizens Board in a letter has declined to ask the board to consider dismissal of one of its members unless the Des Moines City Council provides specific charges.

The Council on June 4 voted to ask the board to investigate activities of David F. Pickett, to determine if he should be removed from the board.

Pickett, who lives at 1120 14th place, holds an at-large elective post on the board.

Work-Study Expansion Sought

At its last meeting the Des Moines Model City Citizens board recommended that the Des Moines City Council approve a contract for expanding

the New Horizons Work-Study program. The Model City agency would contribute \$28,000 and the Des Moines School District \$27,000 to operate the program in the 11th grade.

Marsh S. Houston, liaison officer between the school district and Model City agency, told the Citizens board many of the students enrolled in New Horizons must work or they would have no way of buying school clothing and incidentals.

He said 39 Model City students will be enrolled in the 11th grade program. New Horizons is operated at Ames, Hiatt and Washington Irving Junior High schools. Last year, youngsters were retained in the program at Tech, North and East high schools.

Median sales price for new homes hit an all-time high of \$27,000 at the end of 1969.

For the past several weeks we have been down in Missouri visiting my mother whose convalescing from illness after being hospitalized for nearly three weeks. Since she lives on a farm about three miles from the nearest town, it was almost like moving to another planet, after all the noise and hustle and bustle of a normal summer in the city. Needless to say, it was refreshing as one could soak in the joyous quiet and again commune with nature.

Even my daughters, Venita, (15 years next month) and Valerie, (10 next month) enjoyed it too. Valerie, along with several cousins, had lots of fun catching butterflies, and fireflies, seeing the first star and wishing on it, and watching beautiful sunsets, when they were not obscured by clouds. She also got to watch storm clouds scud across the skies driven by high winds at an amazing speed. And of course, she enjoyed the sounds of birds, especially the whippewills, who cried ceaselessly and loudly from nightfall onward.

Since my oldest daughter is past these simple enjoyments, having indulged in them in earlier years, she found her delight in a fancy tape recorder set owned by my youngest brother, who returned from Viet Nam last fall.

Naturally while we were gone there were several things we missed. For instance, we returned too late to attend one of the loveliest weddings of the season, that of Charmayne Wright to Robert Price. We understand it was covered by a representative of the Bystander, and the story and pictures will be published in a week or so. So watch for it, won't you?

Furthermore, we returned to learn that a 19-year-old Negro girl, Cheryl Adrienne Browne had been crowned "Miss Iowa." What wonderful news! We are a little puzzled though. Is she really the first of her race to participate in the Miss America pageant? Or was Corinne Huff, the Ebony fashion fair model, from Ohio, a contestant in a rival beauty contest?

The Miss America pageant has been criticized by several groups including the National Association for the Advancement of Colored People, because no Negro has competed in Atlantic City, since the contest began in 1921. For the first time, last year, a Negro, Dr. Zelma George of Cleveland, Ohio, was one of the 10 judges on the panel.

Miss Brown said the subject of her color was a delicate one for some Iowans at first.

"Now let's see," someone asked, "your father is from the West Indies and your mother is half-American Indian. How do you consider yourself?" she recalled.

"I say I'm either Negro or black," she grinned.

Scouting With the Scouts In the Capital District Cubs

SATURDAY, June 27, is the day of the OLYMPICS for all Cub Scouts. The place is UNION PARK (across the parking lot from the wading pool). The TIME is 3-5 p.m. Boys ages 8-10 years old who attend Sabin, Moulton, Cassidy, Nash, Lucas, Dunlap, Bird, Grant, Kirkwood, Scott or St. John's schools are eligible to participate.

COME try for the Championship in such events — pitching accuracy, softball-throw, obstacle course, sack race, 50 and 30 yard dashes, standing and running broad-jump, discus throw and extra

Miss Browne, who will be a junior at Luther College in Decorah this fall, hopes to become a psychologist specializing in the treatment of schizophrenic children. Her selection for the Miss Iowa talent competition was an original dance sequence depicting a child's dream.

If you are around teenagers very much, or are the parents of a couple of these 'unique creatures,' you are amazed at how you can seldom get set with them especially when it comes to hair and dress styles. For many months now natural hair styles have been the vogue. However, several Des Moines youngsters went to the other extreme last month and shaved their heads bald, days before graduation ceremonies. One young man, a North High graduate, doffed his mortarboard and bowed sedately to the crowd, to the delight of his graduating teammates, who gave him a round of applause for his — daring audacity?

Speaking of children. Summer vacations are hardly underway before the kids start complaining of nothing to do. Here's a suggestion from Home and Garden News Notes:

When the days start to drag, provide them with one or two galvanized steel garbage pails, a can of any exterior cement base or latex paint, and decals, stencils, and design cutouts in contrasting colors. Then turn the budding artists loose to decorate the trash pails.

You try to involve the whole neighborhood by offering prizes for the most elaborate, funniest, most original or most colorful designs.

The Rufus Spates' Return from Indiana

Your professional beautician knows the answer...

Why does some hair break off when combing?

Your hair is precious and delicate... and none of us like to see it break off for any reason. Scientists tell us that excessive use of hot combs and over-processing of hair with chemicals often are major causes of brittleness resulting in hair breakage. But hair that is naturally curly and tangles easily frequently breaks off in everyday combing. Notice how irritated your scalp becomes when you comb in contrast to the way your beautician does?

Your professional beautician knows that curly hair mats and tangles so easily that it should be softened before combing. Otherwise, unnecessary irritation to the scalp and damage to the shaft and ends of the hair occurs. To achieve this needed softening and a temporary relaxing effect that prevents breakage on all human hair (including wigs), most beauticians rely on Clairol® Hair-So-New® spray-on creme rinse. For combing ease and for beautifying your hair in many other ways, trained beauticians stock a complete family of fine Clairol products for your specific needs.

Visit your expert hairdresser, who cares about your hair care and your comfort. Whatever the nature of your hair problems, only your professional beautician knows the answer for sure.

The Picnic Hamper

In the Spring, a family's fancy lightly turns to thoughts of picnicking. Years ago, picnicking used to be a very romantic and elaborate outing.

Invitations were sent out and buggies shined for the occasion. Girls wore hooped summer dresses.

Today, the family just piles into the automobile and drives until they get to the specially designated area where rows of wooden tables, trash bins and refreshment stands meet the gaze. All convenient, but lacking somewhat in real rustic charm.

Why not try to re-create the old-time picnic scene for your family. Select an out-of-the-way site on the banks of a lake or in a wood. Then pack a real picnic hamper the way they used to.

Bake a large ham or roast beef the day before, make or buy a batch of potato salad or cole slaw, and take a loaf of sweet New England sliced brown bread. Tuck in bags of nuts and corn

ALL EFFORTS DIRECTED
TOWARD MATERIAL
THINGS

The United Methodist conference, meeting in Des Moines last week, appropriated \$50,000 for minority causes with particular help for scholarships and Negro business. The effort is noble but only a drop in the ocean.

Government, business and philanthropy are doing a lot providing scholarships, promoting Negro business, housing and other upgrading the material things minorities need.

Records emphasize that crime is still on the increase in America. Deportment, good manners and even just common decency among youngsters and grownups are at a low ebb, coupled with delinquency and a lack of responsibility on the rise.

These are moral matters in which the church should take the lead and follow through even to the home. Today, our schools are beginning youngsters at the age of 3 and 4 years preparatory to entering kindergarten and they have found that valuable help is being given. They have found that to wait until later years to begin makes the chance of development in schools less successful.

As a matter of fact, no organized body is placing emphasis on moral responsibility, which is the foundation for adequate growth for a youngster and doing a creditable job about it. To simply talk about it on Sunday is not enough. The church should carry this responsibility, beginning at 3 and 4 and do more toward teaching people how to live and grow as responsible citizens.

WATCH THIS MOVE
TOWARD SEGREGATION

When Negroes and their friends were working for the employment of Negro teachers in Des Moines, some short-sighted people suggested that in order to expedite the program, Logan School should be made an all-Negro school and Negro teachers hired to supply it.

The NAACP, the Interracial Commission and other groups opposed the idea as a crack in the door for segregated schools. The school board listened and agreed so that the first Negro teacher was assigned to Perkins School, clearly outside the Negro area. Today they are teaching in most schools in the city.

Up until last week, Des Moines had two Negro firemen, after a lapse of 40 years without any. Last week another Negro fireman was added to the force. All are assigned to the station at 10th and University Avenue. Questioned about his ambitions, the new fireman stated that he hoped to become a captain eventually, and the tone sounded as if this is the plan for starting a 10th and University all-Negro station.

As much as promotions are desirable, they should not come as a reward for separate fire stations for Negroes. Firemen, like men in the defense set-up, should learn to work and live together, not on the basis of race but the overall good of the community. Negroes must remember that men are in competition for jobs and must keep in mind that they must compete in the open Market and not on the basis of the Negro market.

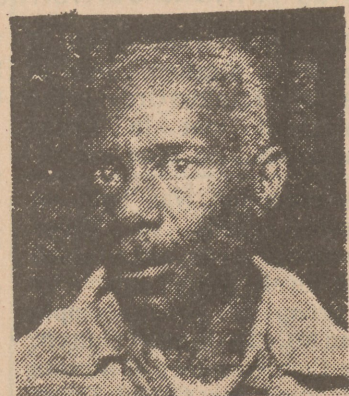

No Negro fire stations are needed in Des Moines, nor are they desirable.

STILL, CRIME
DOES NOT PAY

Sometimes we do something that turns out a useless undertaking, often doing far more harm than good.

We had a miserable example here last week when two Polk County prisoners were sent to Fort Madison accompanied by a deputy sheriff and a trusty. Both prisoners were dangerous men. It was foolish to be sure. They escaped without a lot of effort only to return to the troubled area in Des Moines like a rabbit

SPORTS

With Allen Ashby

The NCAA track meet last weekend was unique in several ways, at least to us. First, it was the only track meet that one could watch awhile, and then go home and have dinner and come back to watch the rest of the thing. We don't think we ever saw a more leisurely meet. Everything was spaced so there was plenty of time between events, and that gave lots of time for arguing over what happened. But, even so, the meet wasn't very far behind schedule, probably about 15 minutes or so.

Then, we have never seen so much speed out there on that Drake track in all our years of watching the Drake Relays and other track meets; Those cookies could run! Even the fellows who ran last were flying, just weren't flying quite fast enough. We had quite an argument when Mel Gray of Missouri came second in the 220 after leading just about all the way. Grey put his hands behind him and leaned into the tape. The winner just kept on driving for the tape. Some fellows around us argued that Grey might have won had he struck for the tape, and ran into it.

This reminded us of the flying leap at the tape that Charley Paddock used to finish his races with. People thought that made him just a little bit faster at the finish line. But, later, it was proved that a runner could dig for the tape and make better time than one could by flying through the air. It was probably less than one tenth of a second, but it is still quicker than leaving the ground. So, we went along with the guys who argued that leaning into the tape may have cost the big Missourian the 220. Then there was that 440 hurdle race. We thought Collette had the thing, but we didn't like the way Mann kept fooling around within striking distance. And then the fellow struck. Both of them beat the listed world's record. And we all had to admit that we had seen one helluva race.

A few hardy souls stayed out in the rain to watch the quarter mile relay, but we were not among them until the finish. We got in behind big Sy Forrester, returns to his base.

One surrendered later while the other remained in hiding, only to be located behind a bush. In the course of his capture, he shot a deputy sheriff, intimidated the whole neighborhood with the help of the law, and later engaged in a shoot-out with the law resulting in his being mortally wounded.

Nothing beneficial could possibly have been accomplished by all this commotion. This futile effort demonstrated to the bullies, the shortsighted, how foolish it is to buck the law single-handed, and that the public continues to point the finger at the neighborhood as dangerous and undesirable.

It is understandable that these men returned to their old hunting ground which is infested with a number of operations that degrade any community, intimidate citizens and advertise it as any easy place for criminals to operate.

and had a really good wind and rain break. We could peak out around the big fellow enough to see what was happening.

Of course, in this meet you knew from the preliminaries Thursday that there had to be some records set in the finals. When a fellow runs a hundred in nine six, and doesn't qualify for the finals, he is the fast company.

The other events were just about the same. A lot of runners did what used to be worlds records not long ago, and were numbered among the runs.

While we think about it, we have to tender our regrets to Mrs. Lewis. She had a guy for us to interview, but being only a small town weekly editor, we never got close to the guy. It wasn't one bit like the Drake Relays, where we could roam around at will, but we were lucky to get into the meet at all. We didn't feel bad about that because a meet this big had just about all the coverage that it could handle from the daily press and television and radio.

And we thought the crowds were good. We recall seeing other big meets with less than 5000 people for the finals. The counters said there were 12,000 people out there in the rain Saturday. We estimated the crowd at about 10,000. We heard people talking about people awards for those who stayed out in the water. Some of us got down in the runway where normally we would have been safe from the rain, but the wind blew the water right into the things and on us.

If one wanted to put the thing on a black and white basis, just say that everything from 100 yards through the 440 was black, and after that it was all white. But it was some meet, and we would not have missed it for the world.

And we wouldn't dare stop without telling this. In the 440 yard relay, a baton slipped from the hand of a runner and flew ten feet down the track. The poor devil chased after it, but never did catch the thing. We wonder if the meet results in those two races in the rain might have been different on a good day. The Mills brothers from Texas A&M had tough going. We guessed that they had been in too many meets and just were not ready for this one. Yet, Curtis made a fine try at defending his quarter mile title. Had the lead nearly all the way until the finish. Their relay teams never were at full strength and were never close. Too bad this meet couldn't have been held in May.

8 Blacks Enter
U.S. Open in Minn.

Minneapolis-- It is reported that eight black golfers have entered the annual U.S. Open Golf Tournament at the Hazeltine golf course.

Known to have signed up are Charles Sifford, perennial visitor to the Twin Cities, Pete Brown, Lee Elder and a young golfer named Dent. The names of the other four entrants had not been secured by press time.

While overloading or faulty appliances account for most blown-fuse trouble, there may be problems with the house wiring itself. If a fuse keeps blowing on a circuit that is not overloaded, the problem may be one for your power company or an electrician.

Activities of the Iowa
Civil Rights Commission

The Iowa Civil Rights Commission held the first session of its Conference for local human rights commissions in Ames, Iowa. Also invited to this conference were representatives from various groups such as the League of Women Voters, N.A.A.C.P. groups, Model Cities Directors, and various other agencies involved in helping minorities and poor people.

2nd Session

The second session of this Conference will be held in Iowa City on June 27, 1970. The first session was held at Ames, Iowa on June 13, 1970. The theme for these conferences is "Strategy for the Seventies."

Four hundred persons have been extended invitations to attend these sessions. The first at Ames was attended by only forty-two (42) persons. While the conference was a success, the low number attending was discouraging, to say the least.

Workshops

Four workshops were presented on: employment, education, housing, and community relations. The purpose of these sessions is to involve the local human rights commissions with one another; also, to exchange problems, experiences and ideas on how to eliminate discrimination.

The low attendance was not surprising, since it points out the lack of communication between the various local and state agencies.

Health for All

consider the nonsmoker

Eating a hamburger enveloped in somebody else's cloud of cigarette smoke is no fun for anyone.

A little consideration for the nonsmoker is a trend starting to take shape. Smokers are getting the message that their smoke pollutes the atmosphere of those around them. Especially in crowded places.

Social Pressure

The social pressure on smokers is building fast. Some airlines are sensing the trend and flying with it. Action on Smoking and Health (ASH) has filed petitions with appropriate government agencies to require airlines to establish no-smoking areas in planes. John Banzhaf, the prime mover at ASH, also plans to push for curbs on smoking in restaurants, meeting rooms and elevators, plus enforcement of violated no-smoking rules in sections of trains.

Lawsuits

One tactic Banzhaf may encourage is lawsuits on behalf of persons claiming their privacy or health is affected by smoke.

National legislation to restrict smoking aboard public transportation has already been introduced. Similar proposals are pending in some state legislatures. And three professional hockey teams have even banned smoking during games at their home rinks. The District of Columbia Medical Society has asked its 3,000 members to ban smoking in their offices.

United Effort

This month Christmas Seal association across the country are making a united effort to urge smokers to kick the habit. Kicking the habit is the ultimate expression of consideration for the nonsmokers. And for the smoker's own lungs and health.

If you still smoke, ask your local Christmas Seal association for two leaflets, ME QUIT SMOKING, WHY? and ME QUIT SMOKING, HOW? Get in touch with your local Tuberculosis and Respiratory Disease Association.

Employer in Ottumwa Named
In Federal Wage-Hour Suit

Violation of the Overtime pay requirements of the Fair Labor Standards Act by an Ottumwa, Iowa, employer was alleged in a civil injunction suit on file today in U.S. District Court at Des Moines.

The complaint by Secretary of Labor George P. Shultz named Luther C. Krusemark, Rural Route #6, Ottumwa, operator of the Luther C. Krusemark Construction Co. It alleged that he failed to pay some of his employees the required one-and-a-half times their regular rate of

pay for hours worked after 40 per workweek.

Paul A. Lynn, area director of the Labor Department's Wage-Hour division in Des Moines, said the injunction sought would require future compliance with the statute, and the payment of back wages to underpaid

Also, apparent at this conference was the need for training of commissioners on how to file a charge and follow through with a complaint to its completion.

Training Sessions

In the near future, the Iowa Civil Rights Commission plans to hold a training session to help local commissions and directors establish uniform procedures to follow in handling complaints they receive.

We hope that every commissioner will be able to attend this conference to take advantage of this experience.

Why Appointed

We have found that persons appointed to local commissions too often are appointed more for their political views or influence in the community than their concern for equality of rights.

To this end, the Civil Rights Commission's efforts must be extended to inform all that civil rights and discrimination are only extensions of man's inhumanity to man.

To those who have never experienced discrimination, we must teach them to feel the pain and suffering that those who have experienced it feel.

They must stand in the shoes of those who have experienced and feel the determination that they feel from that experience. Yes, and to even feel the bitterness that goes with discrimination.

THEY TWO

They are left alone in the dear old home, After so many years When the house was full of frolic and fun Of childish laughter and tears. They are left alone, they two—one more, Beginning life over again, Just as they did in the days of yore, Before they were nine or ten.

And the table is set for two these days; The children went one by one, Away from home, on their separate ways, When their childhood days were done. How healthily hungry they used to be, What romping they used to do; And mother through weeping—can hardly see To set the table for two.

They used to gather around the fire While someone would read aloud, But whether at study, or work, or play, 'Twas a loving and merry crowd. And now they are two that gather there At evening to read or sew, And it seems almost too much to bear When they think of the long ago.

Ah, well—ah, well—'tis the way of the world Children stay but a little while, And then into other scenes are whirled, Where other homes beguile. But it matters not how far they roam, Their hearts are fond and true, And there's never a home like the dear old home, Where the table is set for two.

—Mrs. Frank A. Beck.

RIOTING
Cont. from Page 1

Angry Shouts

Most admitted there were at least six shots. Some reports said Wheeler was shot more than a dozen times. There were shouts of "Why six shots had to be fired?" and "Why didn't they use tear gas?" from the crowd who began to mill angrily.

It took officers 30 minutes to remove Wheeler from the basement. He was pronounced dead on arrival at Broadlawn Polk County hospital. After Wheeler was taken away by ambulance, the crowd advanced on several of the 25 police in the area, yelling at them in a belligerent mood, "This is just the start. Wait until we get the molotov cocktails going."

Photographer

Warren Taylor, 25, a Register and Tribune photographer, was beaten by a half-dozen black youths as he walked to his car. His camera was either lost or destroyed in the incident.

The white siding of the E. P. Jackson home was punctured by several bullet holes and showed two distinct powder marks.

At the height of the rock throwing, whites who drove into the area unaware of any trouble accelerated recklessly to escape the bricks that were hurled at them.

Children Hurt

One car went past 6th and University avenue with its windshield and side windows smashed. Witnesses said two women and five children in the car were covered with blood from glass cuts. They were taken to Broadlawn.

Four of the five children of Mr. and Mrs. Frank Jahnke 1640 S.E. Diehl avenue, were cut by flying glass when bricks were thrown through employees, in amounts to be determined by the Court.

the windows of the family car as it traveled on University avenue.

The four children were treated for cuts. The youngest, Randy, 2, required 35 stitches for cuts on the face and arms and was listed in satisfactory condition in the hospital's intensive care unit.

Area Sealed Off

The area along University was sealed off Thursday night, but no policemen were sent in in force, because Police Chief Dwight Nichols said he had been told that a resident of the neighborhood that it would be dangerous for large numbers of policemen to enter the area because some young blacks were armed and ready to shoot.

There was some looting of merchandise at Katz and Hinky Dinky stores and Nichols issued an order that looters would be shot if they ran when told to surrender.

Wills Calls
Marichal Clemente
'Underated'

NEW YORK, June 16--Veteran Los Angeles Dodger shortstop Maury Wills calls S.F. Giant pitcher Juan Marichal and Pittsburgh Pirate rightfielder Roberto Clemente two of the most underrated players in baseball. Writing in the current issue of SPORT Magazine, Wills lists Marichal and Clemente among the National League's nine most underrated players despite their outstanding statistical credentials.

According to Wills, Marichal and Clemente have not been accorded the recognition due to them because of their abrasive personalities. Marichal, with the best won-lost percentage in the history of baseball, beats the hitters with a wide assortment of pitches that keeps them off-balance

and humiliates them rather than overpowers them. Coupled with his cocky attitude, this makes Marichal less popular amongst the hitters and less likely to be praised in any but begrudging terms.

As for Clemente, Wills says: "Roberto doesn't get the recognition he deserves as a four-time batting champion partly because he plays in Pittsburgh, hidden away from the national publicity, and partly because he is moody and often unresponsive to the writers."

You can't say our plant Johnny-come-lately isn't conscientious. He always takes a 10-minute work break before going out to lunch.

It's coffee time any time in our part of the country. Every housewife has her own brand and way of making coffee. Here are a couple of hints that prove most successful:

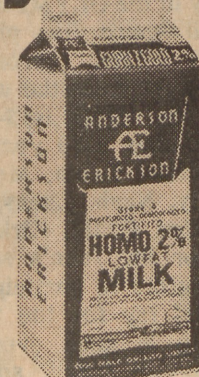

1. Use a clean coffee pot. Coffee has a tiny film of oil, so add detergent to the hot water when you wash the pot. Be sure to rinse well.
2. Determine the measure you like and stick to it. Most people use one tablespoon of coffee for each cup.
3. Watch your timing when you percolate coffee. Six to eight minutes is about right.
4. Use only fresh water and fresh coffee.

Follow these ideas and you'll be the best maker of coffee in your area.
