NAACP Hails Banning Of Anti-Busing Law

NEW YORK — A unanimous decision of a three-judge Federal court banning the New York State anti-busing law as a violation of the Fourteenth Amendment was hailed by John A. Morrell, assistant executive director of the National Association for the Advancement of Colored People, in a statement issued here, Oct. 1, within hours after the decision had been handed down.

The suit against the law was filed in Buffalo earlier this year by Donald R. Lee, president of the New York State NAACP, and five parents, representing both races. They charged that the law was "nothing less than official preferment of segregation as opposed to meaningful efforts towards its elimination."

The court ruling sustained the NAACP position. In passing this measure the State Legislature "acted to make it more difficult for racial minorities to achieve goals that are in their interests," the court said. "The statute thus operates to disadvantage a minority in the political process. There can be no sufficient justification supporting the necessity of such a course of action."

The law was enacted by the New York State Legislature in May, 1969, and has been widely copied by southern states seeking to evade desegregation. The decision of the three-judge court is subject to appeal to the United States Supreme Court if the State of New York so decides.

Open Letter By Gentry, School Board Candidate

I am a candidate for the Des Moines School Board because I urgently feel that every pupil in the Des Moines system deserves and has the right to expect an equal opportunity to learn ... that where a youngster lives should not control the quality of education he receives.

I also believe strongly that where a School Board member lives should not govern his or her approach to the educational problems that face our system today. In my case, at least, I am certain that my background and my qualifications equip me to bring a sympathetic approach to the needs of each and every student in the community.

What are these needs, as I see them? To name just a few:

1. A concerted attack on the under-achievement of an alarming number of our elementary students, especially in those schools where testing has indicated pupils are behind those in other areas of the city.

2. A concentration of efforts to assist teachers in grappling with the problems in those areas where children appear below city averages in achievement. Perhaps, a Teacher Development Center could help our teachers better understand and solve these problems.

3. The development of educational alternatives for children with special emotional and physical problems. Also, the establishment of pre-vocational training at the junior high level as alternatives to college prep and general education courses.

4. The completion — as rapidly as possible

Gentry

— of the two inner city "magnet" schools to replace Nash/Kirkwood and Bird/Grant. The School Board has a mandate from the voters, who approved the bonds for these "magnet" schools in the last election, to see that they are in operation as soon as possible.

Involvement of Parents Finally, we need a greater involvement of parents and of business and industry in assisting our schools to tackle the problems of the day.

There is a growing hunger for education within the inner city ... those sections of the community as a whole where youngsters generally perform poorly on the National Achievement Tests. It is up to us to provide a better, more meaningful response to this hunger.

As we seek solutions to the problems of educating these "under-achievers" — be they from minority groups, from low-income families, or from specific sec-

Begin Trial of Soldier for Murder

FT. HOOD, TEX. — The military judge at the court-martial of My Lai defendant S/Sgt. David Mitchell began Tuesday.

Mitchell, 30, of St. Francisville, La., is the first My Lai defendant to reach the trial stage.

The defense asked for a change on the ground that four of the judge's recommendations for selection of a new court-martial panel were ignored by Maj. Gen. William Desobry, commander of the 1st Armored Division.

Mitchell is charged with assault with intent to commit murder by shooting at 30 civilians during the My Lai incident Mar. 16, 1968.

Jubilee Session for United Nations

The newly convened Silver Jubilee session of the United Nations General Assembly promises to be the most politically star-studded production in history.

Heads of state of government — ranging from President Nixon to Ethiopian Emperor Haile Selassie and Archbishop Makarios of Cyprus — are expected to attend during the 10 days (October 14-24) set aside to salute the world organization on its 25th birthday. Indications are that as many as 60 chief executives plus more than 75 foreign ministers will have checked in at U.N. Headquarters in New York before the Assembly ends in mid-December.

During its 13 weeks of debate, the Assembly is tackling an agenda of 100-plus items ranging from the Mideast conflict, peace-keeping and nuclear disarmament to economic development, the seabed and pollution control.

The Des Moines City council voted Monday night to go ahead with the public housing program in southeast Des Moines. The area is bounded on the east by 30th Street, south by the river, west by the river and north by Elm Street and the railroad.

The new units will be built on vacant lots purchased from individuals many of which are already available. The project will be financed by the sale of bonds which will be retired by income from rental. These will be individual units renting for 25% of the tenants income. However, if a tenants income later exceeds the minimum amount, a person may earn to live in the project, he may purchase it outright.

The proposal for 250 public housing units on the southeast side will be submitted to the voters Nov. 3, with a total cost figure of \$4,225,000, the council decided unanimously.

A week ago councilmen set the figure at \$4,875,000 for the 250 units. Whatever figure appears on the November ballot is the figure the

project must follow. Charles Hansen, director of the Southeast Area Planning Council, asked for the reduction this week because he believes the lowest possible figure should be used in order to win voter approval for the project.

Last week councilmen expressed doubt that any houses could be built for less than about \$19,000 each. The figure then used was based on a projected cost of \$19,500 for each unit.

Hansen said Monday night, however, that he's had solid offers from builders to supply factory-built homes for \$9,000 to \$14,000 each. With the added costs of land, inflation and other things, Hansen said, an average cost of \$16,900 for each house is realistic.

Hansen said that some houses — with four and five bedrooms — will cost much more than the average and others will cost a good deal less.

Ground work for the construction of sewers, sidewalk, and water facilities will begin soon for construction of units but actual construction will begin about the fall of 1970.

Model City Senior Citizens in Kansas City Tour

Forty-four happy travelers boarded and left via Continental Trailways Bus at 8:40 a.m. and were off to Kansas City, Kansas, on September 28.

The purpose in making the trip was to visit and look carefully at the building, and to understand the details surrounding the Senior Citizens Apartments of Kansas City, Kansas, in order to help our Des Moines group decide whether or not they would like a high-rise, and to examine and determine what features of the Kansas City building they would like to retain or add in a Des Moines facility for the elderly.

It was a pleasant ride down to Kansas City with passengers engaging in conversation and enjoying beautiful country scenery, etc.

About 12:30 the bus arrived in Kansas City and the Senior Citizens had dinner at the Holiday Inn whose restaurant was expecting them.

Senior Citizen Apartment
After dinner the tourist reclaimed their seats to continue towards the apartments. A ride down Washington Boulevard, and then unexpectedly the bus turned into a drive before a marvellous, beautiful, imposing structure! The bus stopped and there they were — at the Senior Citizen's Apartments! The Des Moines could hardly believe their eyes at the very beginning!

They were met and greet-

ed by the staff in the lobby. The lobby itself looked like a plush hotel in a great city, with its mirror-like floors, spotlessly clean. It was a joy to begin the building tour.

The visitors were ushered into the auditorium of the building, where the director, his staff, and the Kansas City Housing Authority Chief were all introduced. The director, Mr. Fred Sellers, explained the history, hardships, problems, and accomplishments in the development of the Senior Citizen's Center.

He emphasized that this center, called Wyandotte Towers, was the tangible result of "finding out from elderly citizens what they wanted," and then putting their desires into effect where at all feasible. The principle of letting the people — elderly citizens — talk over what they would like and decide what features they would like to have built in their new quarters was basic.

There are 302 apartments. "No problems because the residents, themselves, say and agree on what they want," the Director pointed out. They have an interest in keeping it nice and liveable. Thus there's nothing to create problems. Of course, sometimes there are mechanical breakdowns that cause temporary problems, but those are quickly and easily solved by the Kansas City Housing Authority under whose jurisdiction this Center is operated.

Wyandotte Towers, is not a nursing home. Everyone must be able to get about on their own. If anyone becomes suddenly ill, or temporarily bedfast, he is attended to as a resident at home, but occupants are not accepted into the building as patients, as they are at nursing homes.

The elderly are pleased because of the security offered for their apartments. Doors are always locked on the outside, and the main

entrance is always guarded. Desk attendants are present 24 hours a day. They also like the high-rise.

Tenant income is less than \$5,000 in almost all cases and most of them are under \$3,400. Maximum assets must not exceed \$10,000 for one to live in the Center. The rentals are not more than 25% of income — whatever it is. The average rental payments are \$40.00 for efficiency (studio), \$45.00 for one bedroom, and \$50.00 for two bedrooms. (Only under circumstances as directed by physicians can single tenants obtain two bedroom apartments.)

Following these explanations and the questions and answer periods, several tour groups formed to inspect several apartments made available by their proud residents. Outside units of the one-story type dotted the premises, and were shown the inquisitive visitors from Des Moines.

Laundry rooms on each floor, recreation areas, sewing and handcraft rooms in addition to the auditorium for movies and programs, kitchens for serving groups or parties for the residents were features of this ultra-modern 16-story structure for the elderly. It's hard to believe that a waiting list could number nearly 300 yet. When everybody seems contented to stay, and nobody is willing to leave such a convenient, inexpensive, clean and inviting home-life, the waiting list cannot be accommodated any time soon.

Mrs. Birdie Lewis is president of the Model City Senior Citizens and Mrs. Betty Jackson was Tour Director with Tom Knight, Assistant Planner assisting.

W. C. Buice, is Chairman of the Program Committee. He gave the preceding review of high spots during Monday's meeting of the Senior Citizens' Organization after which the Secretary, Mrs. Ella Cooper

From the first "hallelujah" to the last "amen" they are different. In 1969 they gave Negro history a bouncy new look by combining music and narration to recount the struggles of the black American from days of slavery in 1619 to the present civil rights struggle. They appeared in ghetto schools, on concert stages and off-Broadway receiving rave reviews.

They are "The Voices, Inc." — a talented group of eight singers who appear on "The Black Frontier" beginning Thursday October 8 at 9 p.m. and run four consecutive weeks on Channel 11. "The Black Frontier" is the first national TV series to authentically tell the black man's role in settling the Great Plains.

"The Voices" appear in "Exodusters," the final episode of the four-program series. The program recounts the westward movement begun in 1870 by Benjamin "Pap" Singleton. Organizing thousands of former slaves, Singleton led the group to a new land and a new life in Kansas founding the town of Nicodemus.

In addition to singing, "The Voices, Inc." also play dramatic roles in "Exodusters" re-enacting the hardships and courage of the early black pioneer. They also bring an exceptional amount of musical talent and vitality to the program performing authentic spirituals popular during the late 1800's. In several instances only the lyrics remained extant. In order to recreate this music, Benjamin Carter, one of the "Voices, Inc." performers, composed new music to which the lyrics were set for performance in the film.

"The Black Frontier" is a production of KUON-TV University of Neb-

The BLACK Frontier

A Historical Series On TV

Probably Blackmen first set foot in the New World in 1502, coming with Spanish seafaring explorers. In fact, Blackmen participated in exploration and occupation of nearly all of the Southwestern United States as well as Central America. They were with both Balboa and Cortez. Of all the Blacks who accompanied explorers no one played as conspicuous a role as Estevan, an Arabian Blackman from Azamor, Morocco.

Estevan and three Spanish officers were the sole survivors of a disastrous expedition to

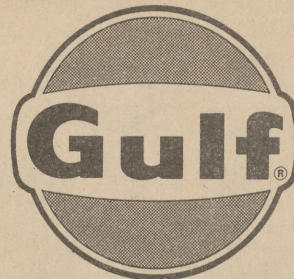

Florida in 1527. After being held captive by Indians for seven years, they were able to make their escape. The small party wandered along the Gulf Coast of Texas, turning into the central wilderness before eventually heading south to Mexico City.

As Estevan traveled among the Indians he became a legend. His reputation spread, and his knowledge of sign language was responsible for his being chosen to guide an expedition which led to the discovery and mapping of New Mexico, and ultimately to his death at the hands of the Zuni Pueblos.

BURGESS P. SHIELDS' selection as an official delegate to the World Convention of Churches of Christ is perfect casting if for no better reason than he loves to travel and is always on the go! October is springtime in Adelaide, Australia with temperatures a maximum 73°F and a minimum 52°F; the average number of rainy days is eleven with an average of 7.5 hours of sunshine. The dates: October 20-25.

LOOKING BACK, THELMA CLARK, viewing the Helen Lemme Elementary School dedication recalled the years of their youth together - memories of school days in Grinnell and Newton. There were so few black people in either town that Thelma and Brother John's weekend trip to Grinnell to visit the Renfrow family was an outstanding event! Thus, she became well acquainted with Rudolph, Alice, Paul, Evanell, Edith and the late Helen Lemme. Sunday's historical occasion was also one at which these old friends enjoyed a brief renewing of old ties. All five of Mrs. Lemme's family members were present. Rudolph came from Connecticut; Alice and Paul from Washington, D.C.; Evanell from Thunderbolt, Georgia; and Edith from Chicago. Alice Renfrow accompanied Thelma to Barbadoes, West Indies, last November. She is employed in the Library of Congress.

WHAT GREATER LOVE OF A FRIEND than that displayed by Quentin Mease in attending Cliff and Clara Bayles' wedding anniversary! He flew from Houston, Texas, for the sole purpose of participating in the anniversary of the wedding which he had attended twenty-five years ago. Quentin is former Executive Secretary of the Crocker YMCA and now Executive Secretary of the UMCA in Houston.

CLARA BAYLES AND HER CLIFF lead the 'abundant life'. They invest their all in making this so! Saturday night's party for her Twenty-fifth Wedding Anniversary hostesses and their husbands was Clara's and Cliff's special thank you to this small group of friends. The hostesses enjoyed being "guests." Actually guests, because Clara had saved for their pleasure and entire tier from her anniversary cake! Still on display were her literal mountains of beautiful and varied gifts. This last a most thoughtful gesture!

MOST OUTSTANDING AMONG THE BAYLES' GIFTS, if I may be permitted to make such a choice, would be the brass bust of Dr. Martin Luther King! Memories returned of that not too long ago evening on which Dr. King appeared at the University Church of Christ. My then small son, John E., left us and seated himself near the platform - as near as possible to this great man! Dr. King was honored that evening in the Clifford Bayles' home where ever so many of us gathered for this rare opportunity of meeting him. Small John E. again drew near to Dr. King's chair and stood beside him. I was grateful that the young child could meet a black leader, this black leader! The chair on which King sat remains in the exact spot. I suspect it will always remain there during Clara's and Cliff's lifetimes. She indicated as much!

ADA JACKSON AND I consumed our slices of anniversary cake and shared the extra frosting accompanying Charlotte Neumann's portion! That extra frosting will look good on Ada's lovely figure. And

me? I must have been plumb out of my mind! And what's more! Maude Esther White and I snared the chance to take Marjorie E. W. Smith home. Marjorie is good company on any occasion and at any hour! Unfortunately for me, she had given a party for Maggie Eckhardt the evening before, and so had the makings for still another party. We three partied on! To the extra cake frosting was added olives, cold cuts, cheeses, crackers and dips!

The Clifford Bayles Celebrate Twenty-Fifth Wedding Anniversary

Most of us will agree that of the many things Clara and Clifford Bayles have in common, cherishing friends top the list. And Saturday evening, September 12, from Half-after Seven O'clock until - the Bayles' gathered around them friends and relatives who spent, not only a delightful evening, but a truly nostalgic one.

FORMAL RECEIVING LINE

Both Mr. and Mrs. Bayles were formally attired for the occasion; she chose a gown made of softly-clinging georgette, in a soft rose color, with a beaded yoke - trimmed at the neckline and sleeves with tiny silver beading. Other members in the Line were also formally attired and included as near as possible all members of the Wedding which took place twenty-five years ago in the Blue Triangle YWCA. They included: the best man, Mr. G.B. Tucker; matron of honor, Mrs. Edith Webb; flower girl, Mrs. Valerie Weaver; the soloist, Mrs. G.B. Tucker (nee Sara Steele); and mother of the host, Mrs. Maude P. Bayles. Also included in the Line were several out-of-town guests: Mr. and Mrs. Elbert Webb, New York City; Mrs. Grace Bayles, Jamaica, Long Island, N.Y.; Mrs. Helen Louise Pruitt, Chicago (a niece); Mr. and Mrs. Edward Bayles, Jr., Detroit, (nephew); Professor Clarence Turpin, Kansas City, Kansas (cousin); and Mrs. Estelle Yates, Kansas City, Kansas (cousin). It was regretted by the Bayles that Mrs. Charles (Louise) Dockery of New York who had served as a flower girl during the wedding, was unable to attend.

Hostesses & Attendants

To greet and ensure the comfort and enjoyment of her guests, Mrs. Bayles chose for her hostesses friends of long standing. They include: Mrs. Kathryn Stewart who was in charge of the Gift Table and was assisted by: Mrs. Marjorie Brown, Miss Betty Jean Jones, and Miss Robby Lynn Hawkins. Other hostesses were: Mesdames Catherine Williams, Alta Herndon, Julia Proctor, Beatrice Robinson, Ada Jackson, Charlotte Neumann, Mitzie Quick, Garoldine Webb, Vicki Jo Whiteside, Luella Swinnie, Leona Webb, Loretta Wendt, Alcyonetta Miller, Marguerite Platter, Hazel Oliver (who was the first to greet us and made sure we signed the Register); Alice Herbert, and Miss Marjorie Smith.

Lending assistance to the hostesses and guests were also members of the opposite sex: Messrs. Reggar Webb, Robert Webb II, and Robert Webb III, Mr. Don Neumann (who busied himself throughout the evening taking choice pictures for Clara's collection), Gordon Brown, Bonnie Herndon, Joseph Ruppert, Charles Holmes, Edward Bayles, Sr., Steven Bayles, and Tom Quick. Soft Organ Music

Throughout the evening soft music was furnished by the well known musician, Mr. Robert Davis, who included in his repertoire the songs that were sung during the wedding by Sarah Steele Tucker. Oh Promise Me and Ava Maria were included in the nuptial selections.

Highlight of the Affair

The Bayles were pleasantly surprised when Mr. Quentin Mease, the Executive Secretary of the YMCA, Houston, Texas, and a life long friend of Mrs. Bayles, showed up for the occasion. He stated that although business had dictated otherwise, he "would not have missed it for the world." They were equally delighted as they greeted each of their 400 guests,

many of whom came from other parts of the state. Seen from Ottumwa were Mr. and Mrs. L. Crayton; from Bloomfield, Mr. and Mrs. Paul Junkin; and from Albia, Mr. and Mrs. D. Grayson. Friends and relatives from Des Moines and its suburbs were in attendance, each bearing a gift in the traditional style of celebrating anniversaries.

A Maitre d'Hotel Affair

Younkers Tea Room, Fifth Floor, Younkers Building was chosen for the setting. The room was replete with lighting and settings which illuminated the decor and created an atmosphere of warmth and congeniality.

A table, resplendent with silver services and other decorations in tones of pink and silver, immediately centered a four tiered cake baked especially for the occasion. Thin sliced delicacies and other edibles adorned the table on well-laden trays.

The top tier of the cake is to be served to special friends and guests one year from the date of the affair; the second tier was used (SEE STORY ELSEWHERE) to entertain family and friends recently.

After Affair

The Anniversary was continued in the Ft. Des Moines Hotel Granada and Seville Rooms until the wee hours of the morning, guests included intimate friends and family who reminisced over cocktails and brandys.

Standards of Behavior

The entire occasion was indicative of a certain Way of Life for it embodied remnants of a period twenty-five years ago. To recall it we are reminded of the Blue Triangle YWCA where the wedding took place, and the late Rev. G.W. Robinson, who officiated at the ceremony, as well as Corinthian Church, BYPU, Christian Endeavor, and other activities reminiscent of the period.

Clara, herself, has played a key role through the years in standardizing the pattern of behavior to which others in Des Moines have attempted to follow - and it to such persons as she and Cliff along with the Morris, the Estes, Newcombs, Mitchells, McGuire's, Glasers, Edmundsons, Pattons and others that the community is indebted for they established a way of life for adolescents & children, which, regrettably, is not available to many of our youth today.

Surprise Birthday Party for Mrs. Pinson

Mrs. Frankie Pinson celebrated her 87th birthday Sunday, Oct. 4, at a surprise dinner given in her honor by Mr. and Mrs. Scott Rowland of 1408 Huton. Mrs. Pinson attended her church, Maple St. Baptist and sang in the choir. After services she was taken to the Rowland home by Mrs. Myrtle Powell and Mrs. Nancy Matthews. She enjoyed a delicious dinner and was the recipient of many lovely gifts and cards from friends and relatives.

Those attending along with Mrs. Powell and Mrs. Matthews were Thomas Rowland and son Terrance, Miss Vickie Rowland, Miss Nellie Frye, Mrs. Audrey Sanders. A delightful afternoon was enjoyed by all.

Jack Spencers Enjoy Fishing Trip

Mr. and Mrs. Jack Spencer, Guy Polard and family and Mrs. Margaret Sorrell were Labor Day weekend guests of the Spencer's son and family, Mr. and Mrs. George Spencer, of Minneapolis, Minnesota. The fishing was good, the weather was beautiful and a house party was enjoyed by all.

MORE FUNDS FOR
NEGRO COLLEGES

The Department of Health, Education and Welfare has authorized a \$30 million dollar increase in aid to 35 predominantly Negro Colleges. This increase came about following a meeting of presidents of 10 of the colleges where President Nixon was accused of not being sensitive to the needs of black colleges.

In answer to this challenge, Mr. Nixon compiled a record of contributions to Negro colleges during his 20 months in office which are higher than in any other comparable period.

Speaking for the schools, a president of one of the colleges said the increase was too low but encouraging. This, of course, was expected because no school officials feel that they have adequate funds to operate their institutions.

Many Roman Catholic schools are closing up for lack of funds and the growing cost of education. Small private colleges are bordering on the same situation as is evidenced by closing Midwest College in Denison, Iowa, last week.

EQUAL OPPORTUNITY
IN PROMOTION

Give a man something to do that he likes well and with the capacity to improve and he turns out to be good at it.

This is well illustrated in the extensive share Negroes are being given in athletics and the excellent job many are doing.

The management of the St. Louis Cardinals has signed a contract with Bob Gibson, their ace pitcher, for \$150,000 per year — the largest salary ever paid a baseball player.

Gibson has been a 20 game winner for the Cardinals for several years, this year 24. Twenty games is a mark to shoot at during a season and more and more pitchers are hitting the mark.

Cardinal management is to be congratulated in that it finds a man who can produce what is wanted and they are able and willing to pay him what he is worth.

Industry needs to take a leaf from sports and not only say they are "an equal opportunity employer" but let it mean both in hiring and promotion. In other words, recognize a man's worth.

IMPROVEMENT VOTED
IN SOUTHEAST

Monday night, the Des Moines city council gave the go-ahead to a housing program in the southeast part of the city. The proposal will be submitted to the voters at the general election on November 3.

The proposal calls for the construction of 250 public housing units at a final figure of \$4,255,000. The average unit cost, upon completion, would be \$16,900., the price of which makes the final success of the plan problematical.

While the area has been neglected and in most cases, the property run down, the area needs some improvement in the surroundings which will offer modern living.

There is little paving, curbing, sidewalks, while septic tanks and outside toilets prevail in many instances. This should be changed.

But we fear the cost per unit is far beyond the income of most families unless they are subsidized. And few families will be moving back in the area. It will take years to complete the project. Anyway, we believe a more realistic approach should be made to the proposed improvement. Anyone who chances to visit the area will agree that the proposal needs changing.

WILLKIE HOUSE NEWS

WILLKIE HOUSE FRIENDS AND NEIGHBORS held their first meeting of the season on Wednesday, Sept. 30. Following a one o'clock pot-luck luncheon, the group enjoyed Miss Alice Davis's presentation of South American Life as she found it during four years of living in Colombia. Plans for future meetings were tentatively made to include Book Reviews, Exhibits, Speakers, Special Observances of Thanksgiving, Christmas and Negro History Week. This leisure group invites men, women and couples to join them—EVERY WEDNESDAY AT 1 p.m.

CHILDREN'S PICNIC

The Douglas Avenue Presbyterian Church treated fourteen nine to eleven year old Willkie House members to a picnic at KNOX KNOLLS CAMP near Guthrie Center last Sunday afternoon. The children played new and interesting games, ate around an open campfire and hiked through the woods. During one of the hikes, a doe and fawn jumped from the tree directly in front of the children. Excited yells frightened them away but this was an experience to be long remembered.

SATURDAY PROGRAM

FOR CHILDREN - will offer a broad choice of activities, beginning this Saturday, October 10th at 10 a.m. Roller Skating and Crafts, Music and Recreation (both outdoor and gym) will fill four one-hour sessions, 10 to 11 a.m. - 11 to 12 a.m. - 1 to 2 p.m. and 2 to 3 p.m. Parents are urged to register their children for preferred activities and, to arrange for TUTORING, either individual or group.

NAACP LAUNCHES
CAMPAIGN FOR
MEMBERSHIP RENEWALS

NEW YORK. — Bishop Stephen G. Spottswood, chairman of the Board of Directors of the National Association for the Advancement of Colored People, has called upon local units of the Association to mount a massive year-end nationwide campaign to assure enrollment of at least 450,000 NAACP members by December 15.

The campaign concentrates on getting persons whose annual memberships have lapsed to rejoin the organization before the end of the year. A two-month fall renewal campaign, Oct. 15 to Dec. 15, seeks a 1970 enrollment approximating that of 1969 despite a 100 per cent increase in the minimum annual membership from \$2.00 to \$4.00.

New York City...Amalgamated Publishers, Inc., Advertising Representatives for Black newspapers, has appointed S & L CONSULTANTS of 1555 Lakeside Drive, Oakland, California, as West Coast Representative.

Norman W. Powell, API General Sales Manager, in making the announcement, said the new office will establish an important West Coast base for sale and more efficient servicing of clients in that area. API now has General Offices in New York City with Branches in Chicago, Detroit and Cleveland.

OFF ON PREDICTING

As predictors, we aren't exactly setting the world on fire. We thought this would be a good year for Tech High and they ain't won one yet. We argued that Iowa would win at least five games, and they better hurry if they want to make it. In fact, if they win five now, the Hawks will be pretty well up in the Big Ten race. We felt sure they would win one of the pre-conference games, and we thought they should have won the Arizona battle. They seemed to have had plenty of chances, but just couldn't come up with the play when it really counted. But even then it took a kickoff return to beat them. How many times will that happen?

Bright Spot

The one bright spot seems to be that the team has finally found a passer who might make a difference the rest of the way. When we consider that Wisconsin seems to think that they can beat anybody, now, it would seem that the Hawks have a job for next Saturday. We would give them a chance against Purdue, Illinois, Minnesota, and Wisconsin, with an outside chance of upsetting Michigan State. And if they do that, in spite of the Nagel haters, the man might keep his job.

Drake's Loss

We had tabbed Drake for an unbeaten season, so they really got the tar whopped out of them last weekend. Some of the fellows who were in the Bulldogs' corner are saying that they spent too much time reading their clippings and believing them. If that is true, they may be especially tough the rest of the year.

Iowa State

Iowa State, who wasn't supposed to win a game, has won three. But with the Big Eight race starting, the boys are to have to hustle to three more. They don't re to beat Colorado, 1-2, Kansas State or Nebraska. They could squeeze by Oklahoma, maybe.

High School Race

Here at home, our high school race is finally back to normal. Everybody has lost one game but Dowling, and our Dowling watcher says they will lose two. With the Maroon schedule getting

Health for All

Dirty air, like war, is not healthy for children and other living things. And Cleaner Air Week comes the last week in October.

Thousands of people — spurred on by their tuberculosis and respiratory disease associations as well as other groups — will put the pollution plague center-stage that week. They will organize meetings, see their Congressmen, fly balloons, have dirty pictures (polluted air) contests, and create some ingenious spectacles.

Researchers have clearly established the relationship between air pollution and increased death rates, particularly among men aged 50 to 69 who have lung disease. But new evidence shows that pollution also has damaging effect on the very young.

shorter, they better go into a slump soon. Our football expert may be right when he says that North's Kelly Evans is the best quarterback in the state. Certainly, he is the best in the city by a long shot.

Lincoln Game

We listened to the Lincoln game last week. Trying to keep the ball, with second and one, they came up with one of those plays where forty guys handle the ball, and wouldn't you know it, the thirty ninth fellow fumbled, and the other team came up with it. But the Rainsplitters won anyhow. A fellow said that he thought that the reason why Tech was having trouble was that the fellows worked instead of going out for football. Those who didn't work were interested in what they were learning there, and just didn't have time for the game. Sounds like the best explanation we have heard yet.

Little League

As we listened to a couple of fellows talking about their little league football teams and heard some of the things they pull in order to win, we wondered how much fun the kids are having. It would seem that most of the team coaches use their experience and pull to come up with a winning team. Oh, well, maybe they are having fun.

We were asked why we didn't coach one of the teams. Well, we have never been asked to, and we wouldn't have the time if we're asked.
