

Farmer on Piazza—"I cut my grass with the Wide-Cut Eureka Mower, and finished a week ago."
 Deluded farmer in the field—"I am trying to cut mine with a side-cut. I'll use the Eureka hereafter."

THE EUREKA MOWER

MANUFACTURED BY THE

EUREKA MOWER CO.

UTICA, N.Y.

Eureka Mower Co.

UTICA, N. Y.

HAVE YOU SEEN THE

Broad-Cut, Centre-Draft Eureka Mower?

THE LIGHTEST DRAFT MOWER IN THE WORLD!

5, 6, and 7-ft. Sizes.

It will do as much work as two side-cut machines.

With the EUREKA you can save one-half in labor, secure quicker drying and a better quality of hay. No Tedder needed.

The Wide-cut EUREKA will do good work on all kinds of ground when properly operated.

Every Machine Warranted.

Give the EUREKA a Trial.

Do not credit the wise sayings of those interested in other machines, but examine and test for yourself.

A TRIAL IS ALL WE ASK.

There are Thousands now in use, and its superiority over all Side-cuts is acknowledged.

See what they say of the "Eureka."

"I consider the EUREKA the best mowing machine I ever used."

GEN. N. M. CURTIS,
Ogdensburg, N. Y.

"The EUREKA Mower's value to the farmer is equal to the price of two side-cut mowers and a hay tedder."

JOS. HARVEY, Prest.
ALLEN BROWN, Sec'y.

Thorn Hill Farmers' Club,
N. Y.

And many others.

"I have this day tried three side-cut mowers and a 6-ft. EUREKA. I consider the EUREKA worth any two of the side-cuts."

J. C. CARTER,
Monroe, Wis.

"The small side-cut machines are too slow for the large farmer, who conducts his operations on business principles, and figures time as money."

I. P. ROBERTS,
Prof. of Agricul., Cornell University

THE ABOVE ARE SAMPLES OF TESTIMONIALS WE ARE DAILY RECEIVING.

Send for Illustrated Catalogue.
