

CHILDS & JONES,

General Agents for Central and Northern New York,
Utica, N. Y.

This machine leaves the grass in the best possible shape for curing.

The machine being reversible, is adapted to cutting on side hills, and also lodged grass.

It will mow a

SIX-FOET SWATH,

with no more labor for the team than is required to cut a four-feet swath with the best side-cut mower in use.

For light draft, and rapid cutting, this celebrated Mower is the end of the law.

**THE ONLY DIRECT DRAFT MOWER
MANUFACTURED,**

SIZES, 5, 6 AND 7 FEET CUT.

Improvements in the Eureka, have finally perfected a Mower that has no successful rival in the world.

Send for testimonial and descriptive circulars.

EUREKA MOWER CO.,

UTICA, N. Y.
