

✦ MORRISON BROWNE SULKY PLOW. ✦

WOOD BEAM PLOW.

STEEL BEAM PLOW.

MORRISON ROAD SCRAPER.

We make these three sizes: 30, 32 and 34-inch, and use the best of material. They are in general use throughout the country, being the *Standard Scraper*.

FARGO BREAKER.

These Breakers are great favorites in territories.

We also make the

ANTELOPE BREAKER,

for use in Western Iowa, Kansas, Nebraska; and

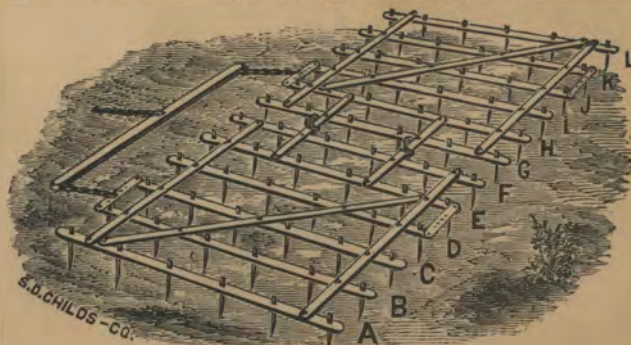

ROD BREAKERS,

all of superior quality, and of the best model.

MORRISON-BROWNE GANG PLOW,

made with Breaker Attachments, as desired. All iron and steel; very strong and durable, and the favorite everywhere.

DAKOTA RUSSLER HARROW.

For use on sod ground, or where a strong, reliable harrow is needed for either smoothing or clod crushing; has diamond steel teeth, and is reversible.
