AGENTS FOR THE SALE OF

Coe's Improved Super-Phosphate of Lime.

The sale of this valuable Fertilizer has increased from year to year, and during the past season upwards of 3000 tons have been sold in this market. Its superior fertilizing effects, and its adaptedness for the advancement of crops (particularly Corn, Potatoes, and Garden Vegetables), render to it the merit of being the best and most economical manure used. It is also highly beneficial for Grass and Grain Crops. Also useful in destroying Bugs and Worms, which are hidden in the ground, and which so often prove destructive to crops. It is put up in strong bags, of 125 pounds each.

Circulars containing numerous testimonials from practical and reliable parties, with full directions for use, furnished on application to
