1883.

ILION

SELF-DUMP

SULKY RAKE

MANUFACTURED BY

**Remington Agricultural Co.,
ILION, N. Y.**

The Rake is Self-Discharging, Automatic, and can
be thrown in or out of Gear at any
height, or worked by hand
without changes.

For sale by

The Still Hand Lever

Does not Fly Back and Forth

When the automatic or Foot Dump is used, as
is the case of other self-discharging Rakes
when the force of the lever often in-
flicts serious injury to an unskilled
operator.

Effectual and Easy Foot Rest,

To give teeth stronger tension when desirable
in bunching or heavy raking.

The Ratchets are Housed

AND INDEPENDENT,

clutching to, but, forming no part in construc-
tion of wheel.

These may be Replaced at a Trifling Expense.

THE PAWLS ARE OF

CAST STEEL TEMPERED

And are SPRINGS WITHIN THEMSELVES with-
out extra pieces, being INTERCHANGEABLE
from RIGHT to LEFT, making

DOUBLE THE WEAR.

A NEW FEATURE.

By a simple and reliable device, and while the Rake is in motion, the teeth or head may be caught automatically after discharging and held up to transport or dropped at will of operator, *leaving the driver's hands at all times entirely at liberty.*

This "NEW FEATURE," with "*no exposed ratchets or gears*" and "*Still Hand Lever*," and the effectual "*Self Dump*" make it both *safe and easy* for Misses who consider it a healthful pleasure to operate our Rake. Any girl or boy large enough to drive can *operate* the "ILION" successfully.

EASE,

EFFICIENCY,

SIMPLICITY,

DURABILITY, SAFETY.

"ILION" SELF-DUMP SULKY RAKE.
