

**NO ROAD
TOO HARD**

A COUNTY TERROR

**NO POWER
TOO GREAT**

For heavy Railroad or Township work, the RAILROADER and BULL DOG plows are the best of the class.

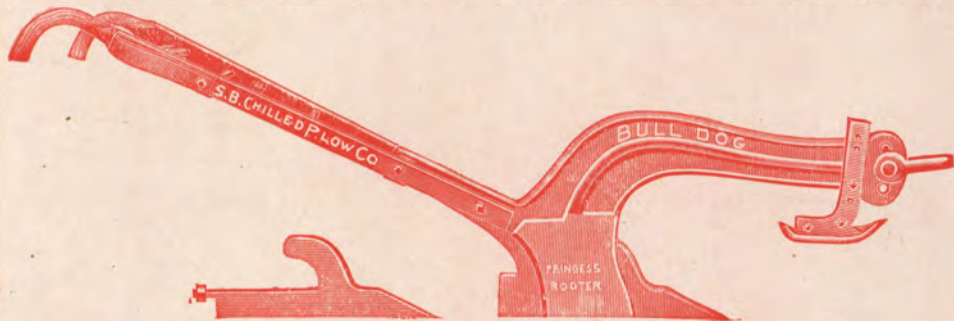

The "**RAILROADER**" has steel mold, steel share, and cast steel landside; steel coulter and adjustable gauge shoe; a very heavy iron beam, with handles of second growth white oak. Ironed and braced, the plow is hand-made throughout, and a tool for the work intended that **cannot be beat**. Its weight is 180 pounds.

Put on ten horses, if you break it, send to us and we will forward a new one.

SOUTH BEND CHILLED PLOW CO., South Bend, Ind.

A Veritable Samson!

PULL IT TO PIECES AND THEN SEND TO US AND GET A NEW ONE FREE.

The "**BULL DOG**" goes anywhere, so it's in the ground. It will rip, tear, split and dig—do anything. Plow for old turnpikes, cobblestone, and the hardest of hard-pan work. This tool is a wonder. The nose is adjustable; it is fitted with gauge shoe, oak handles, iron-bound and braced for the work intended. We warrant satisfaction. Price includes one extra share.
