ROUND STYLE

Has eight departments. Weight (about) 140 lbs.

Cast Iron Felloe Oilers.

A money saver to users of vehicles. By filling the pores of the wood with oil, you expand the felloe, preserve the wheel and save the expense of setting tires. If wheels are treated in this way, tires will remain tight for an indefinite long time.

MADE IN TWO SIZES.

Width	Length	Height	Weight
4¼-inch	30 inches	4 inches	23 lbs.
3¾-inch	27¼-inches	3½ inches	20 lbs.

Manufactured By The Lehr Agricultural Co., Fremont, Ohio.
