Middlebreaker	8½"

SHIPPING WEIGHTS

2-Horse Stock	55 lbs.
Turn Plow	94 lbs.
Middlebreaker	85 lbs.

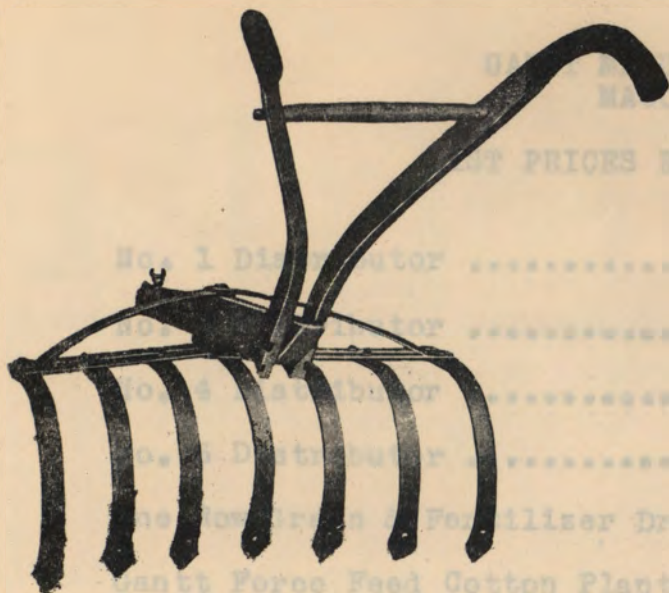

The advantage of the Gantt Plow is that the beam can be used as a plow stock with any type cultivating steel, and can be used either as a turn plow or middle burster. For the complete outfit you simply order a turnplow with middle burster attachment or vice versa. This gives you all three tools.

One and two-horse turner and middlebreaker attachments

**SHIPPING WEIGHTS
of
ATTACHMENTS**
