30	\$12 00	\$13 50 12.50	\$15 00 13.50	\$16 00 14.50
29	11 00	12 50 11.50	14 00 12.00	15 00 12.50
27	8 00	9 00 8.50	10 00 9.00	

STEEL MOLDBOARDS furnished for No. 29 at an advance of \$1.25 on the above prices.

The Arlington Plow,

WITH JOINTER.

The new Jointer Attachment shown above is a great improvement over all other styles yet invented. **It obviates all clogging**, both above and below the jointer arm. It can be adjusted to any desired depth as readily as Jointers on Landside Plows. The shank above the arm holds the Jointer firmly in place. When desired, the arm and blade can be removed by taking out one bolt, and the same bolt can be used to attach a Cutter to the beam shank, making a cheap Cutter as well as Jointer Attachment.

We believe this to be the best device yet offered, and one that cannot fail to be exceedingly popular among all users of Jointer Plows.

PRICES.

No. 30.	Large Two Horse, Complete, with Wheel and Jointer,	- - - - -	\$15.50
No. 29.	Medium Two Horse, Complete, with Wheel and Jointer,	- - - - -	14.50

Coulter Blades furnished for the above sizes at 75 cents extra.

CAUTION!—When fitting the Coulters to the above Plows care should be taken to see that the Coulter hangs in the center of the beam; also on No. 29 that the shank is moved forward about two inches. They will then do their work properly.
