BUFFORD

DO NOT FAIL TO SEE THE

Farmers' Favorite Grain Drills.

THE WIZARD SPEED GEAR DRILLS

Have Established a Splendid Reputation wherever
used and speak for themselves.

THE DIAMOND FERTILIZER DRILL

Is the latest success. A POSITIVE FORCE
FEED with Double Distributers for the
DISTRIBUTION OF FERTILIZERS; with a central
discharge free from all obstructions,
securing the most uniform flow of fer-
tilizers. Less liable to paste or clog than
any fertilizer device known. Distribut-
ers easily removed and replaced. We
still lead the market with the simplest,
lightest running, most durable drills
made.
