Shovels instantly set to any desired depth or any distance apart while the machine is in motion.

SIMPLEST IN CONSTRUCTION.

NOTHING TO GET OUT OF ORDER.

EASIEST TO ADJUST AND OPERATE.

Must be worked in the field to be fully appreciated.

Adjustable in width.

Four, six or eight beams.

Pin or spring break or spring tooth.

WITH Umbrella EQUIPMENT

FOR RAIN OR SHINE.

A good, strong, 40-inch umbrella.
Different castings to attach it to wagon, cultivator,
mower, binder or other farm implements.

EASY TO PUT ON.

INDISPENSABLE FOR COMFORT.

Will earn many times its cost in one season.
No farmer can afford to be without it.

THE **Kraus** EQUIPPED WITH
OUR
Umbrella

Will make a pleasure out of what is otherwise the
most laborious work on the farm.
