Kraus...

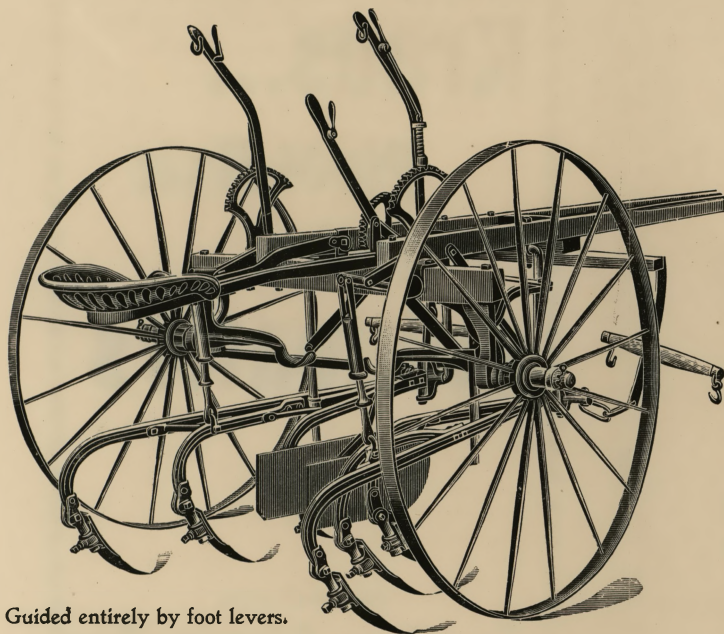

Pivot-Axle Sulky Cultivators

Manufactured only by

The Akron Cultivator Co.
Akron, Ohio.

Kraus Pivot-Axle Sulky Cultivator

Guided entirely by foot levers.

Wheels and shovels move at the same time.

Plants or obstructions dodged instantly.

Any boy can work it.

Gangs set any distance apart while machine is in motion. The center lever does it.

A perfect hillside worker.

Adjustable from 4 ft. 4 in. to 3 ft. 11 in. Four, six or eight beams. Pin or spring break or spring tooth.

Kraus Junior

For narrow row crops, potatoes, beans, tobacco, cabbage or general truck farming.

Same principle as the Kraus.

Adjustable from 4 ft. to 3 ft. 6 in.

Perfectly Balanced.

Simplest, Easiest Working,

**Handsomest and Most Complete
Riding Cultivator Made.**

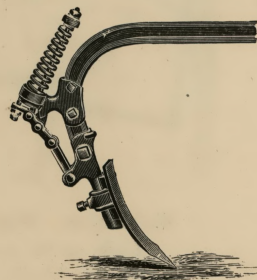

GARDS POINT, ILLS.

The Kraus is the best riding cultivator I ever saw. It is very easy to guide, and any boy that can drive a team can handle it. It does perfect work.

ADAM DEISHER.

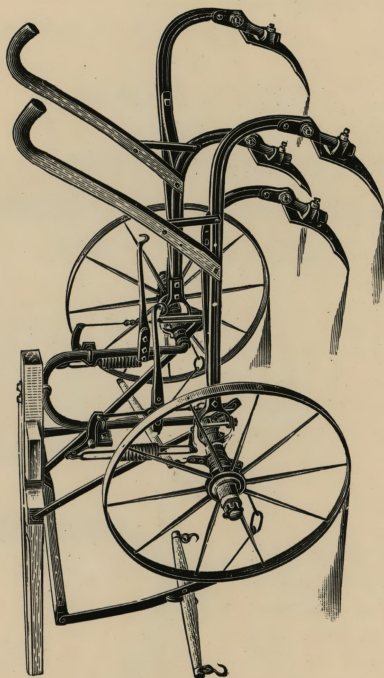

Our spring break is positive and effective. Adjusted by set screw and secured by lock nut. Can be attached to all our Cultivators.

The Carpo Walking Cultivator

Four or six beams. 
Pin or spring break or spring tooth.

ADJUSTABLE IN WIDTH.

RIGID OR ADJUSTABLE ARCH.

Well braced. Well balanced.
Light on the operator.
Easy to handle. 

A walking cultivator that acknowledges no equal.
