

THE DEERING FACTORY
COVERS 40 ACRES

2-
H. 74

Any Farmer

needing a Self-Binder, a Reaper, or a Mower, will actually make money by writing to William Deering & Co., Chicago, U.S.A., asking for special circulars about **THE DEERING ALL-STEEL BINDER, THE NEW DEERING MOWER, THE DEERING FRONT-CUT GIANT, or THE DEERING LIGHT REAPER.**

The Deering All-Steel Binder has proved to be the strongest, simplest, and most perfect Binder ever built.

It is the first steel binder invented and only all-steel binder now in use. Don't fail to learn all about this wonderful machine before giving your order for any other kind.

For Sale by **R. Hoffheins,**

York, Pa.
