Expert judges pronounce it the best ever seen,
While from practical experience the same facts
are gleaned;
And the farmers and dealers are spreading the
cry,
That the New Eddy 4 S is the Plow to buy.
And why they are so popular is easy to explain;
All who use them, say it is a great gain,
In both labor for man and the dumb beast,
Who handles them, and don't complain in the
least.
No dealer, if wise, will allow it to pass,
For no other Plow will sell half as fast,
