

31-24

April 21, 1924.

Mr. Geo. W. Carver,
Tuskegee Institute, Ala.

Dear Professor Carver:

I have your letter of March 31. The pictures brochure, etc., have just come and I wish to thank you for the contributions. I am looking anxiously for the paint products.

I am busy getting my presidential address ready for the Ia. Acad. of Science. This is the 35th year of my service here. Mrs. Pammel is much better. With kind regards, I am,

Yours truly,

P/T.
