Prof. Geo. W. Carver,
Tuskegee Institute,
Alabama.

Dear Prof. Carver:

I have your letter of the 8th. The following
are professors of Plant Pathology at Cornell
University, Ithaca, New York: H. H. Whetzel,
Donald Reddick, L. M. Massey, and M. F. Barrus.
However, none of these people have ever been
students of mine.

Yours truly,

P/H
