Geo. W. Carver,
Director Department of Agriculture
And Experiment Station.

TUSKEGEE, ALA., Apr. 5, 1902

Dr. L. H. Pammel,
Ames, Iowa.

My Dear Doctor Pammel:

I have your favor of March 29th and note with pleasure that you have received the *Gymnosporangium* in good condition. I shall be on the alert for the other three you mention although as yet I have not been able to collect them. I am glad to know that the *Gymnosporangium Clavipes* has germinated. I trust the others have done so by this time.

I am sending you under separate cover a copy of The Tuskegee Student and my little Nature Study which has been revised. I shall be glad to have your opinion of the Nature Study. With best wishes to yourself and family, I beg to remain,

Yours most sincerely,

G. W. Carver
