Dr. F. L. R. Roberts,

Dear Doctor Roberts:

The Biological Survey is attempting to bring up to date its records of the distribution of the European Starling in North America. We are, therefore, writing to ask if you will let us know what you can of its occurrence in Iowa, with the dates, if possible, of its first occurrence and first breeding.

Any assistance that you can give us will be greatly appreciated.

Very truly yours,

W. B. Bell,  
In Charge, Division of  
Biological Investigations.
