Dear Sir:--

I just learned of your recent visit to the bird collection of H. J. Giddings, of near this city, and as I am going to give this collection a story in my next issue if possible, I would appreciate if you would write me some of your impressions or comments on the Giddings collection.

Are there any larger private collections in Iowa than that of Mr. Giddings? Would appreciate anything you might prepare for me regarding your visit here.

Very truly yours

Wade Guenther
