f. Biology and Medicine

Dr. Dunham reported on the genetics conference held on September 19 and 20 at Harwell and on the circumstances surrounding a claim for compensation for livestock injured allegedly by radiation from fall-out in the Black Lake area of New Mexico. (See AEC 604/10, subsequently circulated.)

Mr. Strauss asked whether Dr. Dunham felt that the AEC should continue to be represented on the National Research Council. Dr. Dunham said he believed AEC representation on the Council to be extremely important.
