Subject: Plutonium-239 in Soil

To: Donald W. Hendricks, Assistant Director
for Radiation Operations, ~~NERC-LV~~

Enclosed is a figure showing preliminary results of ^{239}Pu -in-soil
for samples collected in Utah by the Radiation Monitoring Branch.

As previously discussed with Wayne Bliss, NERC-LV, and Bruce Church,
AEC, this information is provided for your use in communicating with
the EPA Region 8 and the Utah State Health Department.

Charles F. Costa, Chief
Radiation Monitoring Branch
