Mr. Dwight Ink
Assistant General Manager
U. S. Atomic Energy Commission
1717 H St., N. W.
Washington, D. C.

Dear Mr. Ink:

Enclosed is a copy of our Professional Paper 542-A "Effects of the earthquake of March 27, 1964 at Anchorage, Alaska" which has just been delivered from the Government Printing Office. This is the first of the forty or more reports on the results of our investigations of the earthquake that we expect to publish in a series of Professional Papers. Several more are in press and others will follow during the next several months.

I hope you will find the report of interest.

Sincerely yours,

Director
