Local Torch Clubs are the heart and soul of the International Association of Torch Clubs, Inc. They are the place where ideas flow together, sometimes clash, and often explode into new patterns of thought. They are a meeting ground where members of different professions share their individual perspectives in an atmosphere of free thought and expression. The local Torch club provides an opportunity for persons of disparate backgrounds and varied disciplines to meet face-to-face and share social and intellectual adventure in a relaxed atmosphere. In short, Torch offers its members in a place where active minds become more active and where personal growth emerges for those who participate.
