Mr. Rufus E. Miles, Jr.
Assistant Secretary for Administration
Department of Health, Education
and Welfare
Washington 25, D.C.

Dear Rufus:

I should like to thank you for your help, support and guidance to the White House Task Force on Education during the past two months.

We very much enjoyed working with you and your staff, and I am hopeful that our suggestions will prove to be of tangible assistance in the very considerable work of the Department and the Office of Education in gearing up to meet the new education responsibilities brought on by recent legislation.

If you would like to volunteer to undertake a look at the Atomic Energy Commission, please let me know because I have a standing list of problems which need resolution.

Sincerely yours,

Dwight A. Ink, Chairman
White House Task Force
on Education
