[Get My Report](#)

To view submitted comments, hover your mouse over the word "Comments". You may also hover over the observer initials to get the full name. Click on the "Use" checkbox if this a record you will want to use in your summary. (It may be easier to use the "Check All" button and then uncheck any you don't want to use. For insignificant or erroneous records, you may delete them from the database by clicking in the "Del" checkbox. Note that unusual records are in red and early/late dates are in blue. Each species name is a link to a form which will allow editing of number, dates, and comments.
