

Gretchen Fall 79

November 13, 1979

Dear Dr. Kent,

Thank you for your nice letter of October 8th - and for the enclosed form. I will not use it this time as I have little to report, but will use it in the future if I do have a lot. I will try to follow it, however.

W.R. Lays
1 common loon seen 11/12 on a borrow pit we can see from our house; this "lake" is along I-29

pelicans 1st seen 8/10
(100-200 ---- on 9/6, 9/22 & 9/24 migrating past our home)

geese, by the 1000s since 1st of October over our house; 1st small
snows & blues flock I saw was the first part of September
around

1 imm. Swainson's hawk 8/16 ~~in~~ our yard for three days

1 short-eared owl 8/11 flying across Hiway 275, just north of Hamburg

1 barn owl 9/22 at 11:00 p.m. in Hamburg

bluebirds 10/24 Flying so high I couldn't see them, but by
also - few this
morning their calls seemed to be a large flock mi-
grating

1 Cape May warbler 10/4 Couldn't believe my eyes when I identified
in in the tree in our yard

Regards
Jane
