

so as to sit down a few minutes, & I
will compare these few minutes by writing to
you. I have been out this morning & picked a
crop of spinach, & you take such vast quantities
I'm sure. I of course eatishes is all the part. I
"step" we have had yet. Guess we will have more
this week around. Sunday morning it was cold & rainy
with some drizzle but toward Walsley it partially
cleared off & we went down to fields. Grand & them
all as well as some of the youngsters as far as figs.
I took down three eleven patterns for each, also
one of the little ones. I was very busy there,
then thought it was very pretty. I was as like
that before that is to be compared with treatment
although the best of way that she has there. (She says)
she is going to make herself a black with it, & so
& also she thinks she shall make the leaves
into that pattern. I also saw that I said you
would make a new one. I saw it, she said
